3rd Grade News

Calling on all world-wide travelers. Have you ever been to Greece, Italy, or Western Africa? We are looking for travelers who would like to share their experiences with our 3rd graders as we learn about these ancient civilizations. Your contributions will enhance our students' understanding. Having you come and share with us will make us WILD about our learning!

4th Grade News

Fourth grade is excited to learn about the American Revolution. After Christmas, we will be learning about Virginia's important role as the United States became a new nation. In math, we will continue working on multiplication and division. Please make sure you are practicing these facts with your child on a daily basis. In reading the students will be working on drawing conclusions from fiction and nonfiction texts. Students will read passages to make inferences about what is happening in the text. The students will also make predictions about what will happen next, and then check their accuracy.

We hope that everyone has a wonderful holiday season, and we are excited to continue working hard in 2015!

5th Grade News

We can't believe that our 1st semester is already coming to a close!! Where does the time go? As we reflect on our time together we want to remind parents about some things your children may need to have some assistance with. Ask to see their binder and make sure they have dividers for each subject with some notebook paper in the back for daily use as needed. Their planner should have already been seen by you with their daily homework for each subject. Ask your child if he/she has all the supplies needed for class. AR Reading should be taking place each night. AR for the 2nd nine weeks will end on Wednesday, December 17th!! The more you read the better reader you become!

<u>Tis the Season—How to Keep Learning Alive Throughout the Holidays (excerpt from Annie Fox, M.Ed.)</u>

**Call a family meeting—discuss what things are working and what things need improvement for the family to be ready for the holidays—make a list of jobs for each person

**Be creative-arts & crafts—make gifts for Christmas using school pictures or drawings

**Have an adventure—get out of the house and hike, bike, explore our nearby natural environments

**Borrow great books from the public library and /or tapes to help along the way

**Watch classic films together

**Celebrate family history by starting a family tree project—especially while generations are together for the holidays

<u>Book Fair Comes to AES</u>

Maybe we will thaw out from winter cold by March; our Scholastic book fair will open on March 16 and run through the 20th. A sign-up clip board will be located in the library during the PTO program December 2. Come by and sign up if you would like to work in book fair this year. Helpers assist children as they shop for books and receive a nice discount for their own shopping as well. We love having parents in library, so plan to get involved in book fair during March by volunteering.

Physical Education News

On Thursday, November 13th AES Physical Education classes took part in the "World's Largest Sport Stacking Event!" During the course of the Guinness World Records Day, sport stackers from all around the world were up-stacking and down-stacking pyramids in prescribed patterns combined with a variety of fitness activities. This year our students helped break that record again! There is now a new Guinness World Record for "Most People Sport Stacking at Multiple Locations in One Day." The classes that participated from AES include: Mrs. Driskill, Mrs. Hogan, Mrs. Nolen, and Mrs. Perkins. To learn more about this event you can visit www.thewssa.com/stackup

We welcome Ms. Rachel Baldwin from Lynchburg College, she will be student teaching in Physical Education classes through March. We look forward to having her join us for P.E. resource!

Jump Rope for Heart will be coming up in February...mark your calendars for Friday, February 13th!!! Look for more information to come home with your child in January.

Otis Lennon Testing:

The Otis Lennon School Abilities test is a standardized assessment which will be given to all 2nd and 4th graders in Appomattox County Public Schools. Students do not need to study in order to prepare for this type of test. We encourage a good night's sleep prior to the day of testing, and an adequate breakfast. These are done on scan-tron answer documents, so a #2 pencil should be used.

These tests are used only as an additional piece of data to help our schools determine students' learning strengths and needs. Unlike the SOL test, the Otis Lennon is a timed test, and students will take about one hour to complete.

Otis Lennon testing for 4th graders will take place during the week of January 26, 2015, according to the schedule below. If you have any questions, please contact Mrs. Ranson at 352-7463 ext.4365 or mmranson@appomattox.k12.va.us.

Date	Teacher	Time
Monday, January 26	Mrs. Atkins Mrs. Frady Mrs. Peck	10:30 a.m. 10:30 a.m. 2:00 p.m.
Tuesday, January 27	Mrs. Lankford Mrs. Driskill Mr. Williams Mrs. Trent	8:30 a.m. 10:30 a.m. 10:30 a.m. 2:00 p.m.

Science Fair Opportunity

Do you love science experiments? Would you like to design your own test and share your work with an audience? Now is your chance!

A.E.S. students are invited to participate in the annual 4-H Science Fair, which will be held in February or March, during school hours. An exact date will be determined soon. We are communicating this event early in hopes that students will go ahead and start on a project. It's not too early to start thinking of your plan. Also, some tests do take a long time. For example, if you're testing plant growth rates in varying conditions, you'll need time for the plants to grow.

Students will decide on a project themselves, and complete the experiment at home. They will need to display all the information about what they did on a tri-fold presentation board. Students will bring their tri-fold board to school on the day of the Science Fair to be judged. **Please see Mrs. Ranson by January 15, 2015 for a more detailed information packet if you plan to participate.**

Science Fair Project ideas:

- How does the weight of different model cars affect the distance they travel when released from a ramp?
- How does the height of the ramp affect the distance my model car travels?
- What is the best way to keep an ice cube from melting?
- Which homemade airplane design flies best?
- Which brand of paper towel is strongest?
- Which brand of baby diaper is most absorbent?
- Does music affect plant growth?
- How much sunlight is best for plant growth?
- Which plant fertilizer works best?
- What type of food allows mold to grow the fastest?
- What brand of bubble gum produces the biggest bubbles?
- Which brand of glue works best on wood?
- Which soda turns flat fastest?
- Which brand of battery lasts longer?
- In which liquid will salt dissolve fastest?
- Which liquid will evaporate fastest?

If you have any questions, please contact Mrs. Ranson at 352-7463 ext. 4365 or mmranson@appomattox.k12.va.us.

Spelling Bee

Keep Your Kids Reading Over the Holidays

by Education.com
Updated on Dec 14, 2007

As the holiday season moves into full swing and kids are home from school, it's easy to get lost in the preparation and forget to keep children on a regular reading schedule.

One of the things kids look forward to in December is the academic downtime, but there's no reason why they can't keep their minds sharp during the holidays. And, believe it or not, they can have fun while doing it.

"Reading doesn't have to mean sitting at a table with a boring school book for a set amount of time each day," says Kathy Doyle Thomas, executive vice president of the bookstore chain, Half Price Books. "You can easily 'sneak' reading into daily activities." Here are her tips for sneaking learning into holidays at home:

- Have your children read holiday cards when they are received in the mail, and let them write a message in outgoing cards.
- Let children read ingredients from holiday recipes while you bake together. It's a great way for them to learn measurements and temperatures.
- Set aside time for kids to "show off" their new reading skills to visiting relatives. Children love being the focus of attention, and grandparents are usually more than willing to see their progress.
- Make special holiday readings a tradition. Find a special book for Hanukkah or Christmas, and have each member of the family read from it at the same time each year.
- Even if no books make your child's wish list, make sure you give at least one as a gift, and encourage them to read it.
- Find books that focus on an interest your child has. For example if they ask for a bike, find a book on Lance Armstrong, or a children's book that includes a bicycle adventure. There are books out there to suit every interest.

ACPS Meal Charging Policy

- Students at all schools can charge a full meal of their choice up to $15.00 in the cafeteria.

- After $15.00, students at APS, AES and AMS will be charged for an alternate meal at regular price of a sandwich, fruit and milk.
    - Before this takes place:
        - APS cafeteria manager will call the parent to let them know if the student doesn't bring lunch money or a lunch from home tomorrow the student will be charged an alternate meal. If the parent can't be reached, a letter will be sent home with the student explaining the process.
        - AES and AMS café managers will bring the child to their office and call the parent, telling both the parent and the student if the student doesn't bring lunch money or a lunch from home tomorrow the student will be charged an alternate meal if they go through the serving line. If the parent is unreachable, a letter will be sent home with the student explaining the process.
    - There is no charging above $15.00 at ACHS.

- Once a student owes $30.00 on their cafeteria account, the food service department will contact parents directly with a letter or call.

- A monthly report will be provided to the school office showing students who owe money in the cafeteria.

- Those students who owe more than $5.00 will be unable to attend certain reward activities. A report will be provided to the school office upon request. The office will let students/parents know that unless the cafeteria balance is paid, the student will not be able to take part in reward/incentive activities.

- A weekly call will go out via the app telling parents when their child owes money.

From our principal Michele West:

On behalf of Appomattox Primary School, we send our heartfelt wishes for a wonderful holiday season. May your celebrations be safe, peaceful, and joyous and best wishes for a happy, healthy, and hope-filled new year. We're preparing for a new year and we have accomplished much, with much still ahead. We sponsored another Canned Food Drive, APS Christmas school store, and provided gifts for families whose names was submitted and placed on the APS Angel Tree. Most importantly, we support families who are less fortunate than us. My heartfelt thanks to everyone who facilitated games, worked behind the scenes, and joined us for the "Chillin" with Santa event. We had over 150 students/families join us for the event. Our PTO worked with us and helped make this event possible.

Ms. Morrison has been working hard in making our Sing-A-Long a success. Having a talented music teacher is a rarity and in this seasonal time of being thankful, I would like to acknowledge my gratitude for her continued success. We know that none of these accomplishments are possible without support from home. Thank you for your involvement in all these projects.

January Calendar:

- Jan. 5 – Professional Day- No School
- Jan. 6 – Students Return to School after Winter Break
- Jan. 8 – Report Cards go home
- Jan. 19 – No School Martin Luther King Holiday
- Jan. 20 – Professional Development Day – No School

PLEASE NOTE:

When you are coming for lunch or to visit the classroom, you must present your valid driver's license or photo identification to the secretaries in the main office.

December and January is a time of year when we continue to determine if your child is making satisfactory progress. We'll be starting up for mid-year benchmark tests in core subject areas. Also, we'll be administering mid-year PALS and QRI testing in Reading. Please support the teacher by making sure appointments are made outside of the school day. We want the very best from our students so that we can get a true indication of the progress of each child at Appomattox Primary. These results help us to determine the best instructional strategies needed for the latter part of the school year.

As we embark upon a new year, I encourage you to stay engaged with your child's education. I will continue to encourage students each day to work hard and take pride in their

grades. We will continue to teach students to respect each other as the unique individuals we all are. To me, that is how we all continue to learn and grow each day at Appomattox Primary. Wishing you and your family a blessed holiday season!

Sincerely,

Michele West

From our Assistant Principal Tom Yarber.....

On Friday, December 5, 2014, Mr. Mark Daniel brought, "The Readasaurus Project" to all our APS readers. We stretched, we smiled, we read, we saw dinosaurs, and we celebrated our gigantic love for reading! The Cat in the Hat, Curious George, and our new friend, Steggie, helped APS readers to see the big world of reading. We saw the biggest dinosaur tooth of all time and we learned how flashlights can help us read books at bedtime. In addition, the best fun of all was the pop-up encyclopedia where reading jumped out at us! Please see the suggested book list for readers of all ages of readers!

Speaking of reading, did you know that we have 63 official volunteers here at APS who love to read and listen to children reading? Happy holidays to our volunteers and thank you for sharing your gifts with us at APS!

APS Pre-K- Flying High in a Sleigh for Learning!

Teachers: Charla Curtis, Amy Vaughan, and teacher assistant, Debbie Barksdale.

APS Celebrating Christmas –"Chillin with Santa"

Appomattox Primary School hosted a "*Chillin with Santa*" event on Tuesday evening, December 9th. We provided cookies and milk, games, Christmas music, and a movie. Santa Claus also made a stop here at APS to see the children. It was a fun time and we had over 150 parents and children attend. Please see our attached pictures from the event.

Waiting for Santa!

Santa listening to Miss Gracie Covington's Christmas wishes....

Relay for Life Update

Everyone did a great job bringing in dimes for our Relay for Life Dime Drive! We raised a total of $1250 in just one week! Congratulations to Mrs. Wells, Mrs. J. Davis, Mrs. Donnigan, Mrs. Rasey, Mrs. S. Harris, and Mrs. Royal's classes for filling their bottles with dimes!

Also, congratulations to Mrs. J. Davis' class for filling two bottles! As our grand prize winners, they got to have milk and cookies with Santa! He just so happens to be part of our volunteer program here at APS. Santa read them a story and let them see his magic key that allows him to get into the homes of good boys and girls.

Thank you for supporting Relay for Life!

Principal's Corner

As we wrap up the first semester and 2014, I want to wish all of our AMS families happy holidays and all the promise of a new year. As we return in January, remember our school year will be half over which means it is time to remind students and parents that spring testing is not that far away. When we return from the holiday break, teachers will be moving along at full steam to get everything covered.

It is absolutely vital that students are at school to stay up to speed. Classes and learning are made more difficult when students are in a battle to get caught up from being absent.

My advice to students at the half way point is to stay motivated and to believe in yourself. No level of failure is ever permanent, and how you perceive your failures is what determines how successful you can be. Do you view failure as temporary, something that is a temporary setback on your way to success, or do you see failure as final and permanent? Although no one enjoys failing at anything, failure is often a necessary step on the journey to success. I challenge every student at AMS to see their failures not as permanent, but as a bump on the road to achievement. When you fail at something understand that this failure is only permanent if you give up and stop trying. Effective effort equals success.

Sincerely,

Todd Reichert,

Principal AMS

Attention 8th Grade Students

ACHS will be hosting an informational session regarding class registration for 2015-2016 for you on Tuesday, January 13, 2015 at 6:00pm in the school auditorium. Please make plans now to attend with a parent or guardian. Counselors and staff will be available to answer your questions related to high programs.

Scholastic Book Fair

Reading is the most important skill you can teach a child. Of all the skills children learn, it is the one you can influence the most. We invite you to visit our Scholastic Book Fair and experience a celebration of reading that provides families the opportunity to get involved in a universal mission: *encouraging kids to read every day so they can lead better lives*.

The Scholastic Book Fair will run from December 5th and December 10th. What better way to promote reading to our students than by supporting this important literary event. Your support of this literary fundraiser is key in helping us to continue purchasing new books and resources for our library. Also, check out the book fair online at http://bookfairs.scholastic.com/homepage/appomattoxmiddleschool.

FROM YOUR AMS GUIDANCE COUNSELOR

Academic Career Plans

Mrs. Cooter has met with all 7th grade students through the Language Arts classes to begin to develop an Academic Career Plan. The purpose of the ACP is to allow each student to have a personal learning plan that aligns academic and career goals with the student's course of study. The ACP is designed to be a working document that maximizes student achievement by having the student accomplish goals in middle and high school that lead to postsecondary and career readiness. The Plan will be reviewed as the student progresses towards high school graduation.

The students in Ms. Rigney's and Ms. Gray's classes participated in a variety of activities and the signed ACP will become a part of each student's ACP portfolio.

What's Your Learning Style?

Your brain has tremendous potential, yet the average human being only uses between five and ten percent of this capacity. One of the ways to realize this potential is to discover the best way in which you learn.

Four decades of psychological research have shown us that each person has a distinct way of learning, known as his or her **personal learning style**. This may come as a surprise because many of us have been taught that there is only one right way to learn and think. However, research on the brain and learning has proven that, in fact, individuals vary greatly in the ways that they input, organize, assimilate and output information.

When learning something new, what do you prefer?

to listen to someone talk about a concept?

to read about the concept?

to watch or experience a demonstration of the concept?

All of us approach learning tasks in different ways. Each of us has a unique collection of individual skills and preferences that help us to process and understand new information and experiences. We use all of our senses to learn, but most of us are strongest in one area.

This natural preference or dominant style is known as your **learning style**. It defines the best way for you to learn new information by suggesting study methods that enable you to learn more easily and quickly. In fact, *your learning style may be the single most important key to improving learning potential* in your personal, academic, or professional life.

Taken from: http://www.studyingstyle.com/

Take this Inventory to find out more about your own personal learning style and contact Mrs. Cooter in the Counseling Office if you have questions!

Please feel free to contact any of your child's teachers if you have concerns about their education this school year. We encourage parents to communicate with us via email, as it is a very fast and efficient means of communication. If you would like to set up a conference, please feel free to contact me at:

dwcooter@appomattox.k12.va.us or 434-352-2135.

Learning Styles Inventory

1. If I have to learn how to do something, I learn best when I:
(V) Watch someone show me how.
(A) Hear someone tell me how.
(K) Try to do it myself.

2. When I read, I often find that I:
(V) Visualize what I am reading in my mind's eye.
(A) Read out loud or hear the words inside my head.
(K) Fidget and try to "feel" the content.

3. When asked to give directions, I:
(V) See the actual places in my mind as I say them or prefer to draw them.
(A) Have no difficulty in giving them verbally.
(K) Have to point or move my body as I give them.

4. If I am unsure how to spell a word, I:
(V) Write it in order to determine if it looks right.
(A) Spell it out loud in order to determine if it sounds right.
(K) Write it in order to determine if it feels right.

5. When I write, I:
(V) Am concerned how neat and well spaced my letters and words appear.
(A) Often say the letters and words to myself.
(K) Push hard on my pen or pencil and can feel the flow of the words or letters as I form them.

6. If I had to remember a list of items, I would remember it best if I:
(V) Wrote them down.
(A) Said them over and over to myself.
(K) Moved around and used my fingers to name each item.

7. I prefer teachers who:
(V) Use the board or overhead projector while they lecture.
(A) Talk with a lot of expression.
(K) Use hands-on activities.

8. When trying to concentrate, I have a difficult time when:
(V) There is a lot of clutter or movement in the room.
(A) There is a lot of noise in the room.
(K) I have to sit still for any length of time.

9. When solving a problem, I:
(V) Write or draw diagrams to see it.
(A) Talk myself through it.
(K) Use my entire body or move objects to help me think.

10. When given written instructions on how to build something, I:
(V) Read them silently and try to visualize how the parts will fit together.
(A) Read them out loud and talk to myself as I put the parts together.
(K) Try to put the parts together first and read later.

11. To keep occupied while waiting, I:
(V) Look around, stare, or read..
(A) Talk or listen to others.
(K) Walk around, manipulate things with my hands, or move/shake my feet as I sit.

12. If I had to verbally describe something to another person, I would:
(V) Be brief because I do not like to talk at length.
(A) Go into great detail because I like to talk.
(K) Gesture and move around while talking.

13. If someone were verbally describing something to me, I would:
(V) Try to visualize what she was saying.
(A) Enjoy listening but want to interrupt and talk myself.
(K) Become bored if her description got too long and detailed.

14. When trying to recall names, I remember:
(V) Faces but forget names.
(A) Names, but forget faces.
(K) The situation that I met the person other than the person's name or face.

Scoring Instructions: Add the number of responses for each letter and enter the total below. The area with the highest number of responses is probably your primary mode of learning. Because most people learn through a mixture of all three styles, read all of the learning suggestions given and select those you feel will work best for you.

Is It Safe to Play Outdoors in Winter? Health & Safety Notes

Fresh air is healthy

Studies have shown that contrary to the common belief that "exposure to cold air causes a cold," fresh air is good and healthy. When children and adults spend a long time together in indoor spaces that are small, overheated and poorly ventilated, germs and illnesses pass easily from one person to another. In fresh, outdoor air, children do not have to re-breathe the germs of the group, and the chance for spreading infection is reduced.

Outdoor play is healthy even in winter

Children of all ages enjoy and benefit from playing outdoors in all except the most extreme weather. Daily outdoor play is healthy and burns energy. It gives children an opportunity for a change of environment, a balance in play and routine, and large muscle activities (gross-motor development). Even children who are mildly ill but active should go outside if the weather is not severe. Staff and children alike will feel refreshed when fresh air is part of the daily routine. Taking children outdoors daily, even in winter, can be a healthy part of their schedule, and is safe when clothing is appropriate. Active outdoor play at all times of the year is also an important part of obesity prevention and helps to establish life-long patterns of healthy physical exercise.

Avoid cold-related injuries

The way we feel about cold, wet or snowy weather and indoor temperatures may be affected by where we live and what we are used to. Practices that help to ensure safe outdoor play in cold weather include:

- Make sure that children are dressed appropriately for the weather; use layers of clothing that can be put on and taken off easily. The air between the layers helps to keep the child warm.
- Establish a policy for shoes and outerwear for the children in your program.
- Assess outdoor play spaces for safety in cold weather. Outdoor play spaces and equipment that are safe for young children during warmer weather may be totally inappropriate when the ground is frozen and equipment is slippery from ice and/or snow. For example, sand and composition rubber surfacing materials, often used under climbing equipment and swings, freeze in the winter months and become very hard, losing their shock-absorbing quality and their ability to lessen the impact if a child falls. These surfaces not only lose their effectiveness when frozen, they can be dangerous. Certain equipment may have to be off limits when the ground is frozen.
- Instead of using unsafe play equipment, plan activities that take advantage of cold weather
  - Use snow to build snow people.
  - Use colored water in spray bottles to paint snow.
  - Pile snow for climbing and sliding activities.
- Watch for signs of frost bite, especially in the face, ears, fingers or toes:
  - Look for skin that is whiter than the surrounding area.
  - Ask the child about feelings of pain or stinging, followed by numbness.
- If you suspect a child has frostbite
  - rub frostbitten areas.
  - warm the area in your hands or an armpit.
  - for more severe frostbite, place the area in warm (not hot) water until color returns.
  - serve a warm snack like soup.
- Watch for signs of hypothermia (when your body loses heat faster than you can produce it and your body temperature gets very low):

■ Cold feet and hands
■ Puffy or swollen face
■ Pale skin
■ Shivering (in some cases the person with hypothermia does not shiver)

• Keep children moving in cold weather to prevent frostbite and hypothermia. When you prepare for active play in outdoor winter weather, everyone can enjoy the health and mental health benefits of being outside and active in winter. Monitor outdoor air quality index (AQI) and follow health advisories from local health authorities. Limit prolonged active play outdoors for children with asthma as advised. Improving indoor air quality is also important Germs causing disease multiply in warm, dark, damp environments, so it is important to keep the environment clean and dry. Adequate ventilation, humidity and temperature control help us resist illness and increase our ability to get well after sickness.

Mrs. Brenda Jarret and her AMS Chorus entertain Appomattox County Retired Teachers Association with a melody of Christmas selections

Mrs. Ware's homeroom were AMS school winners for the National Junior Honor Society's can drive. AMS students collect over 500 items for a local food bank. The NJHS would like to thank all of those who helped with the community service project.

Have you ever had a memorable field trip? Would you like the chance to choose the field trip for your whole grade? Sixth graders at AMS are getting the chance to do this! Students have been working in their Language Arts class to research and design a field trip for their classmates. Together, classes have been investigating the SOL's and locating nearby field trips to enhance their learning. The whole grade is working together to create persuasive writing that will convince their teachers and principals to support this field trip. Want to get involved? A panel will be held in January where students will put their persuasive skills to work. We would love to have you attend! Please contact Miss Stokes or Mrs. Haley for more information.

REGISTRATION MEETING SCHEDULED AT AMS

Parents of current 5th, 6th and 7th grade students are invited to attend an informational session scheduled for Wednesday, December 17th at 6:00 p.m. in the AMS Cafeteria. This year's meeting will include distribution of a sample class registration/information form and feature a presentation by Mrs. Betty Jo Smith. Mrs. Smith is with Central Virginia Community College and will provide information regarding programs of study offered by CVCC. A question and answer session will follow!!

Please join us for this informative meeting.

School Closing and Inclement Weather Information

In bad weather and other emergencies, Appomattox County Public Schools (ACPS) notify parents and staff about the status of school schedules in several ways. We utilize the following TV and radio stations:

WDBJ TV Channel 7	K92 FM	WDRJ/WLDJ 104.9 Spirit	103.7 FM
WSLS TV Channel 10	JOY 107 FM	WSLC 610 AM	WFLO 95.7 FM
WWBT TV Channel 12	WGMN 1240 AM	WSLQ 99.1 FM	WFLO 870 AM
WSET TV Channel 13	WYYD	WRVL 88.3 FM	WKDE 105.5 FM
FOX 21/27	WJLM J-93.5	WROV 96.3	WKDE 1000 AM
Appomattox Cable 21	WJJS 106.1	WVTF	WODI 1230 AM
WBNN 105.3			

We also use an automated calling system to deliver phone calls and text messages to staff regarding the status of school delays and closings.

On days that we have advertised a two hour delay and the road conditions do not improve significantly before buses must leave for their route, we may have to move from a two hour delay to a closed status. We will put out all notifications as soon as possible when this situation occurs.

Should frozen precipitation begin to fall once school has begun, we will close schools as quickly as possible if that precipitation and freezing temperatures are scheduled to continue.

VSBA Capital Conference

January 26-27, 2015

Richmond Marriott
500 East Broad Street
Richmond, VA

The 2015 General Assembly promises to be another challenging session for supporters of public education because of the difficult fiscal climate and the ever-increasing role and expectations of our public schools. Advocacy by local school board members is a year-round job and even more important during the General Assembly.

We will kick-off the two day conference with greetings from Virginia Secretary of Education Anne Holton (invited) and commentary on the "big picture" political scene with Dr. Bob Holsworth, frequent political media analyst. You'll receive an overview of the governor's budget amendments and VSBA's legislative priorities to help prepare you for your legislative meetings on day two. The end of the day will feature a reception that will provide you with an opportunity to mix and mingle with your legislators and top administration officials. Jump start day two with the VSBA breakfast buffet and Dr. Steve Staples, superintendent of public instruction (invited), before walking to the Capitol for personal visits with your legislators.

The VSBA Capital Conference offers you an opportunity before crossover to be seen and heard by your legislators. This "can't miss" conference allows your voice to be heard and continues VSBA's efforts for year-round advocacy. We hope to see you in January!

Jay Patel
Anna Myers
Michael Sullivan, Teacher and Coach

On behalf of the School Board, the Chairman presented Certificates of Special Recognition to the individuals listed above for their outstanding accomplishments.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the November 30, 2014 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,171 students. This compares to a budgeted ADM of 2,215. (See Attachment # 13)

VSBA and NSBA Activities

The 2014 VSBA Annual Convention was held in Williamsburg, November 19 - 21, 2014. Mr. Waddell and Rev. Jones attended. Mr. Waddell served as Delegate and Rev. Jones as Alternate Delegate representing the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention. Mr. Waddell stated this was an excellent conference which featured outstanding workshops. He noted the opening speaker addressed teamwork and delivered one of the most inspirational speeches he had ever heard. Mr. Waddell also reported fifteen resolutions were passed as presented. Rev. Jones agreed with the Chairman's report and stated the workshop concerning equity was outstanding.

The VSBA Capital Conference will be held in Richmond, January 26 – 27, 2015. The registration fee is $170.00 and the deadline is January 6, 2015. Mr. Waddell and Dr. Grasty stated they would like to be registered to attend this conference.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. Governor's Proposed Budget – The Governor presented his proposed budget on December 17, 2014 which included the following: a) no new cuts for education, b) additions to the budget were limited, and c) statewide, $150 million was included to replenish the Virginia Retirement System. The budget calculation spreadsheet released by the Virginia Department of Education indicated funding formulas remained the same. Mr. McMillan noted our issue will be declining student enrollment as state funding is based on our Average Daily Membership (ADM).

2. Health Insurance Update – A meeting was held with Piedmont Community Health Plan (PCHP) and our consultants with Willis earlier in the day. It was reported claims for our group for the past two months were running as expected. The Wellness Coordinator for PCHP also attended the meeting and

discussed a voluntary, optional wellness program that could be offered at no additional cost beginning with the next plan year. Mr. McMillan stated, initially, he and the Appomattox County Administrator were in favor of offering the program. He noted he would keep the Board apprised as additional information is received.

Report from LAUREL Board Meeting

Rev. Williams reported the LAUREL School Board meets quarterly concerning this regional program for students with significant disabilities and is located in Lynchburg, Virginia. He stated during the past few years the turnover of directors has been high with Dr. Donna Lewis assuming this position in the fall of 2014. Rev. Williams noted this position requires tremendous skills in budgeting and the Board is exploring the possibility of providing Dr. Lewis assistance in this area. He also stated during a recent meeting of the LAUREL Board, it was reported a fund balance exists and distribution of the assets was discussed.

Update on 2015-2016 Calendar

Mrs. Annette Bennett, Director of Curriculum and Instruction, shared five different calendars for the 2015-2016 school year that were developed by the Calendar Committee. She stated the committee consists of two representatives from each school. She reviewed each version in detail and stated the calendar information would be shared with staff who will be polled concerning their preference. The next meeting of the Calendar Committee is scheduled on January 15, 2015 at which time they will develop a recommendation that will be presented to the School Board for consideration. Mr. Smith stated he was in favor of the current calendar which concludes first semester and fall SOL testing prior to Winter Break.

AMS 2015-2016 Schedule Presentation

Mrs. Bennett provided a comprehensive power point presentation concerning proposed middle school schedule changes that could begin with the 2015-2016 school year. (See Attachment # 14) She stated the changes are being proposed in an effort to increase instructional time for Math and English and provide a remedial program that does not negatively impact Encore opportunities and class sizes. Mrs. Bennett emphasized there is much work to be done before implementation of the proposed changes as information sessions will need to be held with parents and students and professional development must be provided for our teachers. She requested Board Members contact her with their input and stated she would return to the Board at a later meeting with a follow-up report. Mr. Smith requested consideration be given to lengthening the 28 minute lunch

shifts. Rev. Williams applauded the efforts being made to implement the proposed schedule changes.

Overview of Restructured CTE Programs

Mr. Brette Arbogast, Director of Technology and CTE, provided an overview of plans that are being developed to restructure the CTE (Career and Technical Education) Programs in order to make our students job-ready upon graduation from Appomattox County High School. He reviewed revisions to the CTE website that will be released to the public on December 19, 2014.

Band Presentation of Brick Capital Band Competition

Mr. Bryan Allgood, Band Director, provided a presentation concerning the band's successful participation in the Brick Capital Band Competition in North Carolina on November 1, 2014. (See Attachment # 15) They placed as follows:

- 2nd Place Percussion
- 2nd Place Music
- Superior Rating (Highest Possible Rating)
- 2nd Place Out of A and AA Schools (15 bands)
- Runner-up Grand Champion

Mr. Allgood thanked the Board for their financial support which allowed the band to attend this event.

Registered Trademarks for Logos

The superintendent reported Registered Trademarks have been issued by the Commonwealth of Virginia State Corporation Commission for the new school division A logo and Raider Pirate with the A logo. (See Attachment # 16)

Request from ACHS After Prom Party Committee

Dr. Grasty shared a request from the ACHS After Prom Party Committee for support from the Board for this year's event that is scheduled for April 25, 2015. She stated for a number of years the Board has donated $1,000.00 annually for this event for our students. The superintendent stated this would be presented to the Board in January as an action item. Rev. Williams asked the time schedule for the prom and party. Dr. Martha Eagle, Principal of Appomattox County High School, stated the prom will be held from 8:00 p.m. to 11:00 p.m. and the party from 11:00 p.m. to 2:00 a.m. Rev. Williams shared his concern with ending the party at 2:00 a.m. and noted he would have a difficult time supporting

the funding request because our students would be traveling in the early morning hours.

FY 2016 Budget Goals

The superintendent stated the FY 2016 Budget Calendar calls for the Board to develop budget goals at the December meeting with adoption at the January meeting. She shared the following budget goals that were suggested by Board Members at the November 13, 2014 meeting:

- Reinstate Horticulture Teaching Position
- Assume Funding for Swim Team
- Implement Pay Step Increases for Employees
- Provide Funding for Students to Attend National Conventions
- Restructure the CTE Programs

Mr. Smith noted restructuring the CTE Program may not be needed as it is being addressed this school year.

Mr. Waddell suggested adding the consideration of a full-time assistant principal at the primary school. Dr. Grasty was in agreement.

The superintendent stated employees are requesting pay increases be implemented. She further stated she advocated for our employees that this goal be retained. Mr. Smith emphasized fixing the pay steps should be the number one priority.

Mr. Torrence asked if pay step increases would impact Virginia Retirement System (VRS) contributions. Mr. McMillan noted VRS contributions would increase if pay is increased.

Review of Updated of 2015 School Board Meeting Calendar

Dr. Grasty presented an updated 2015 School Board Meeting Calendar which changed the Regular Monthly Business Meeting from Thursday, January 22, 2015 to Thursday, January 29, 2015 due to a conflict which had occurred for one Board Member. She asked if this change would be agreeable with the remaining Board Members and they noted it would. The 2015 School Board Meeting Calendar will be adopted at the January 8, 2015 Interim and Organizational Meeting.

January 2015 Organizational Meeting

The superintendent recommended the Board take action on the following items at the January 2015 Interim and Organizational Meeting:

1. Elect Chairman and Vice-Chairman
2. Appoint Clerk and Deputy Clerk
3. Appoint Designee to Attend School Board Meetings in the Absence of the Superintendent
4. Appoint Purchasing Agent
5. Appoint Records Officer
6. Appoint Representative to the LAUREL Regional Program Board
7. Appoint Representative to the Central Virginia Governor's School Board
8. Appoint Representative to the XLR8 STEM Academy School Board
9. Appoint Representative to the Appomattox County Education Scholarship Committee
10. Appoint Representatives to the ACHS Master Plan Committee
11. Establish the 2015 School Board Meeting Schedule
12. Adopt Roberts Rules of Order
13. Adopt VSBA Code of Conduct for School Board Members

Board Members were in agreement with all of the above agenda items.

ACTION ITEMS

Principal's News

February reminds us of those we love, as well as things we love. Our hearts are full of how we want to show we care. There is much to love about caring and learning at Appomattox Elementary School, and we are wild about all our students are doing! Let me share a few highlights! Our SCA is currently leading our school in a fundraiser for one of our local faith-based community outreach programs, The Jesus Center, which provides after school programs for many of our students, including homework assistance, tutoring, fun and games, mentoring, and a hot meal. The beautiful part is that our students are raising the money by sending warm, friendly messages with candy Hugs to their fellow students and favorite teachers. It's a "win-win" process! Our students are also going to "Jump for the Heart" while raising money for the American Heart Association. They will be participating in heart-healthy activities while helping to support this great cause. Again, another "win-win!" Over 400 of our students recently had the opportunity to travel to ACHS on a cold winter day to enjoy the Citizenship Reward movie, "Popper's Penguins." Being an excellent role model and choice-maker deserves a pat on the back! As we begin a third nine weeks with rigorous lessons, our students are proving success, as recent benchmark testing shows. Our voluntary school-wide science fair takes place during February, and we will warm up the Common's areas with our young scientists' creativity. I don't know about you, but when I think of our students as leaders who are responsible, eager to learn, and willing to give a helping hand to their community, my heart feels quite full in anticipation of a promising future!

THE RAIDER REPORT

3rd Grade News

Do you like to use a recipe and cook with your child? Do you like to play a game together with directions? How about reading an advertisement together? In third grade, we are looking at different types of text. What "features" do they have? As you enjoy these activities with your child, please take time to talk about the way the information is presented. Try to think of questions together that can be answered from the text. Some questions have answers "right there" in the text. Some questions we need to "think about" by rereading and thinking through what the answer would be because it is NOT right there in the story. Can your child ask you a question about what you both have read?

4th Grade News

MATH

Our fourth graders are currently tackling fractions in math classes. They have been learning how to find equivalent fractions, reduce fractions, turn improper fractions into mixed numbers, and will soon be adding and subtracting with fractions. Their skills with multiplication and division facts are being put to the test in this unit.

"How Can I Help?

Try helping your student with some elapsed time questions. For example, if you place a pizza in the oven at 4:50 and it needs to cook for 33 minutes, what time will the pizza be ready?

Students will benefit from being able to tell time on an analog clock (5:40 = twenty till 6 or 3:20 = twenty after 3.). Some have never seen a clock with "hands".

VIRGINIA HISTORY

Our students are learning about the causes leading up to the Civil War as well as some key events and battles that happened right here in Virginia. Students will also be learning about the Reconstruction Era. What an exciting topic for the students to be learning about due to where we live, especially with the upcoming sesquicentennial celebration. Later in the year, there are plans for a field trip to the Surrender Grounds and the Museum of the Confederacy.

5th Grade News

3, 6, 8, 1—How many ways can YOU make 24? Through the month of January the game 24 has been a focus throughout our school, and has also been an area of study with our fifth graders learning the order of operations. Keep the game alive at home by accepting a 24 challenge from your fifth grader! As we move into the measurement unit this month, think about what you see and use around your house that may relate to this topic.

A friendly reminder: please continue to check planners for homework. Notes are placed in each section of binders that can be reviewed each night with your child. We appreciate your help!

Library

Book fair will begin in the library March 16th. Third grade parents will receive letters asking if they would like to volunteer for book fair. Volunteers help students shop, locate books, add up totals, and remind students to allow for sales tax. They circulate throughout the sales area in the library, helping to make book fair a positive experience for every shopper.

If you would like to volunteer for a morning or an afternoon during the week of March 16-20, please either respond to the letter your third grader brings home, or email me the library (nbwilliams@appomattox.k12.va.us) and tell me what day is good for you. I will need to know if you prefer morning shift or afternoon, and I will need a phone number where I can reach you closer to book fair dates (to verify your service time). We depend on volunteers to make book fair work; we could not operate such an event without support from parents. Parents or grandparents who work in book fair receive a nice discount on their own purchases as well as the satisfaction of helping students. Proceeds from book fair help us purchase equipment, lamps for projectors, and library supplies, as well as newspapers and student magazines.

Thank you for helping with book fair!

Box Tops for Education

MAKE OUR SCHOOL A CUT ABOVE!

Welcome back to school, parents! I hope everyone enjoyed winter break. We received our December check from the Box Tops for Education™ program and earned $1200.00. Way to go! We still need your help clipping and turning in Box Tops for us to reach this year's goal of $1800.00. Please send your Box Tops in by February 14th to give us time to count and get them ready to mail. The next submission deadline is March 1. We will receive our last check of the school year in April. Let's finish the school year strong!

Future Planning for a Child with Disabilities

It is not possible for parents to imagine all the stops and detours that they will make as their unexpected journey with a child with disabilities takes them into the future. But you will probably be thinking at different times about what the future holds for your child. Advocates believe it is important for parents to have expectations about what their child with disabilities can achieve in the future and to encourage their child to develop as much independence as possible, given the nature and severity of the disability (Dickman, 1993).

Therefore, when you contemplate the future of your son or daughter with disabilities and develop goals for that child, it may be helpful to consider the following suggestions:

- Ensure that your child has the opportunity to acquire skills now that will make him or her as independent as possible in the future.
- Ensure that your child has opportunities to develop social skills that can be used in a variety of settings (regular classroom settings and exposure to many different environments are useful in this regard).
- Teach your child to be responsible for his or her own personal needs (e.g., self-care, household chores).
- Work with the school and other agencies to ensure that transition planning for your son or daughter takes place and addresses training for future employment, coordination with adult service providers, investigating postsecondary education or training, and participation in community activities.

MARCH IS MATH MADNESS MONTH!

Math competitions will be held during the month of March. Students will compete in grade level 24 game tournaments. They will be introduced to the game in homeroom classes, where they will eventually compete to be one of the top three from their class. Those three students will go on to compete in grade level competitions. An example of a 24 game card is shown below with directions.

If you are interested in purchasing this game, Little Dickens on Lakeside Drive carries it locally. It is also available online through vendors such as Amazon. Be sure to get the original, single digit version. There is also a 24 game app available on iTunes for $0.99.

Directions: You can add, subtract, multiply and divide. Use all four numbers on the card, but use each number only once. You do not have to use all four operations.
Example: One solution to the card shown is:
4 x 3 = 12, 12 x 2 = 24, 24 ÷ 1 = 24

Reading is Oh So Sweet!

- Find time to daily read with your child. Have your child read out loud to you!
- Books are amazing Valentine's gifts! Find ones that focus on your child's interests.
- Reading and writing are the perfect match. ☺
  - Write valentine notes to each other (parent to child/child to parent)

Parents, please make a point to...

support & Compliment

Word-Solving

When an error is made **WAIT** to give your child a chance to work on it **independently**. When you are certain they are going to keep going, stop them saying something like, "Try that again," or "Make it match."

Comprehension

Ask questions that invite recall AND thinking, such as, "Why do you think __ happened?" or "What do you think __ means?" Urge re-reading to build comprehension as needed.

Fluency

Model expressive reading & have your child echo read. Encourage just-right pacing (not too fast, not too slow). Demonstrate how to attend to the punctuation (pausing at the end of sentences, adding expression based on the punctuation mark).

Word-Solving

- You used the first letter & checked the picture!!
- You tried more than one strategy on your own!!
- Nice job trying a different vowel sound!!
- Super work making your eyes go through the beginning, middle & end of that word!
- Lovely job sticking with it to work on solving!

Comprehension

- You are self-monitoring & working on it when it does not make sense!
- Your expression is showing that you understand what you're reading.
- Wonderful job stopping to think about the text instead of reading to just get to the next page!
- You remember the details beautifully!

Fluency

- You sounded just like the character would sound!
- I could hear you take a break after the punctuation marks!
- You are reading in phrases, not word-by-word!
- Your speed is just right! Not too fast or too slow!

Science Fair Opportunity

All A.E.S. students are invited to participate in the annual 4-H Science Fair, which will be held on February 26, 2015 during school hours. (Students need to be 9 years old by Oct. 1, 2015 to compete through 4-H.)

Students will decide on a project themselves, and complete the experiment at home. They will need to display all the information about what they did on a tri-fold presentation board. Students will bring their tri-fold board to school on the day of the Science Fair to be judged. **Please send back the form below to Mrs. Ranson by January 30, 2015 for a more detailed information packet, if you plan to participate.**

Science Fair Project ideas:

- How does the weight of different model cars affect the distance they travel when released from a ramp?
- How does the height of the ramp affect the distance my model car travels?
- What is the best way to keep an ice cube from melting?
- Which homemade airplane design flies best?
- Which brand of paper towel is strongest?
- Which brand of baby diaper is most absorbent?
- Does music affect plant growth?
- How much sunlight is best for plant growth?
- Which plant fertilizer works best?
- What type of food allows mold to grow the fastest?
- What brand of bubble gum produces the biggest bubbles?
- Which brand of glue works best on wood?

If you have any questions, please contact Mrs. Ranson at 352-7463 ext. 4365 or mmranson@appomattox.k12.va.us.

If you would like an information packet regarding the Science Fair, please send this form back to school, and give it to your homeroom teacher. Your teacher will put it in Mrs. Ranson's box, and she will get the information packet to you. This does not mean you have committed to participate. There will be another form in your packet if you decide to be a part of the 2015 A.E.S./4-H Science Fair.

WHAT NASCAR AND SCHOOL BOARDS HAVE IN COMMON
C. Ed Massey, Past President, National School Boards Association

NASCAR is one of America's most popular sports. Victory in a NASCAR race is often decided by thousandths of seconds. A commitment to excellence and teamwork is necessary to propel a team to victory lane. This session will evaluate the concepts and principles within NASCAR that are analogous to school district operations. Teamwork is only successful if each participant knows their role and executes that role to perfection. Each participant in NASCAR is comparable to participants in the educational process. From team owners to fans and vendors, all have a place just as in education. Administrators, teachers, board members, students and parents all play specific roles. This session will break down these responsibilities with the ultimate goal of putting your district in "victory lane"!

RESHAPING CONTENT, ENGAGING STUDENTS: WHAT BOARD MEMBERS NEED TO KNOW
Apple Inc.

For a generation of paper-centric school leaders, the rapid acceleration from print to digital content raises lots of questions. How do students take notes? Is the online textbook the same as the print? What is the advantage of using digital content? How do school systems manage the shift? In addition, take a hands-on tour with Apple to learn how the iPad is changing the learning experience, making it more engaging, interactive, and completely mobile.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty reported Mr. Reed Berkley, retired custodian for our school division, passed away January 10, 2015. Mr. Berkley was a dedicated employee for 25 years, working at Pamplin Elementary School and Appomattox Middle School. On behalf of the School Board, a contribution had been made to the Appomattox County Education Foundation in his memory and a card was sent to his family. The superintendent acknowledged Mr. Berkley's service to our school system and extended deepest sympathy to his family.

Communication Items from Board Members

There were no communication items from Members of the Board.

PUBLIC HEARING ON PROPOSED 2015-2016 SCHOOL BUDGET

Mr. Waddell opened the floor for a Public Hearing regarding the proposed 2015-2016 School Budget. The following speakers addressed the Board:

1. **Rhoda Allen** of P. O. Box 806; Appomattox, Virginia 24522, Teacher Assistant for Appomattox County Public Schools, spoke on behalf of all Teacher Assistants in the school division. Ms. Allen requested the Board look at increasing the pay for Teacher Assistants and extending the Teacher Assistant Pay Scale beyond the current cap of 22 years.

2. **Bob Bruhnsen** of 2039 Double Bridges Road; Spout Spring, Virginia 24593 spoke as an individual on behalf of the Band Program. Mr. Bruhnsen was very complimentary of the instruction provided by Mr. Bryan Allgood, Band Director, and thanked the Board for their support of the program. He requested the Board continue their support and increase funding for the band program.

3. **Clara Jo Cunningham** of 136 Hardwood Circle, Appomattox, Virginia, Science Teacher at Appomattox County High School and President of the Appomattox County Education Association (ACEA), spoke on behalf of the local education association. She stated members of the ACEA were recently polled regarding compensation and a study was conducted concerning teacher pay comparisons among surrounding school divisions. She referred to the next speaker, Fred Glover, to report on the findings of the study.

4. **Fred Glover**, UniServ Director for the Virginia Education Association located at 4849 Fort Avenue; Lynchburg, Virginia 24502, provided a

power point presentation entitled “What Are Our Teachers Worth”. (See Attachment # 9) Mr. Glover stated the education association was requesting the Board develop a plan to restore pay steps commensurate to an employee’s years of experience.

Mr. Waddell thanked the speakers for their comments and declared the Public Hearing closed.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the December 31, 2014 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,174 students. This compares to a budgeted ADM of 2,215. (See Attachment # 10)

VSBA and NSBA Activities

The VSBA Capital Conference was held in Richmond, January 26 – 27, 2015. Rev. Jones and Dr. Grasty attended and provided a report. Rev. Jones noted revenues appear to be short for the 2015-2016 budget which will be difficult for growth in school funding. However, he was optimistic that K-12 funding would not be cut. The superintendent shared a handout from the conference entitled "The Outlook for Additional State Aid for K-12 Public Education". (See Attachment # 11)

A VSBA Hot Topic Conference will be held in Wytheville on March 27, 2015. The registration fee is $140.00 and the deadline for registration is March 6, 2015.

School Showcase: Appomattox Elementary School

Mrs. Karen Cyrus, Principal, and Mr. Jason Bowyer, Assistant Principal of Appomattox Elementary School, were pleased to present the following outstanding fifth grade students who shared what they are learning by using IPads in the One-To-One Pilot Program: **Mannix Wilhoit, Summer O'Brien, Alex Busa, Hunter Garrett, Corinthia Jones, Blake Hamlett, Maddie Hall, Samantha Hammond, Carmen Revely,** and **Olivia Hudson**. Their demonstrations presented a delightful learning experience for Board Members and all of those in attendance.

Mr. Waddell thanked the students for their presentation and thanked the fifth grade teachers for participating in the iniative.

Maintenance Needs

Mr. Timmy Garrett, Maintenance Supervisor, presented a power point presentation which addressed the following immediate needs in our school division:

➢ AMS Main Building – carpet replacement	-	$ 55,000.00
➢ AMS Ag. Building Classroom – carpet replacement	-	$ 15,000.00
➢ AMS Main Building – flat roof replacement	-	$145,000.00
➢ AMS Main Building – plaster wall repairs	-	$ 56,254.00
➢ AMS Band Room and Library – carpet replacement	-	$ 58,000.00
➢ ACHS Parking Lot – resurface	-	$165,000.00
➢ ACHS – sidewalk repairs	-	$ 65,000.00
➢ ACHS Auditorium – curtains replacement	-	$ 45,000.00
TOTAL	-	$569,254.00

Mr. Garrett noted these needs should be addressed during the next twelve months as most have created safety issues. (See Attachment # 12)

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the quarterly financial report for the quarter ending December 31, 2014. (See Attachment # 13) He stated the school division was in good financial shape for the current fiscal year as only forty percent of the budget has been expended during the first half of the year. He noted we continue to be as frugal as possible and monitor expenditures carefully.

Discussion of Out of Division Tuition Charges for 2015-2016

Dr. Grasty stated last February the Board approved the tuition rate for out-of-county students for the 2014-2015 school year at $1,000.00 per student and to allow students enrolled in grades eight through twelve, as of February 27, 2014, to remain at the $750.00 charge per student. The rate of $750.00 began with the 2011-2012 school year and replaced the long established rate of $500.00 per student. The superintendent also provided a listing of out-of-county tuition charges for surrounding school divisions. (See Attachment # 14) Following discussion, it was the consensus of the Board to retain the existing tuition charges for the 2015-2016 school year.

State Budget for 2015-2016 and Division Budget Needs for 2015-2016

Mr. McMillan presented information concerning the current state revenue for 2014-2015 and the projected revenue for 2015-2016 based on the Governor's

Budget that was released in December 2014. (See Attachment # 15) The report indicated a projected decrease in state funds for the upcoming school year for our school division in the amount of $192,419.00. Mr. McMillan noted several unknown factors that will impact the FY2016 Budget: 1) VRS rates are projected to decrease which could result in an approximate $3,000.00 monthly savings, and 2) fuel costs have decreased.

Dr. Grasty provided the following budget needs for the 2015-2016 school year:

- Employee compensation and reinstate employee pay steps are a priority
- Purchase three buses and a van
- Provide for health insurance premiums increase for employees
- Capital and maintenance needs
- Software for possible online registration
- Student travel to national conventions
- Assume funding for Swim Team
- Reinstate full-time horticulture teacher at the high school
- Reinstate full-time assistant principal at the primary school

The superintendent stated by including these needs in the upcoming budget the local funding request for 2015-2016 would total $6,845,240.00 which would be $1,403,545.00 more than the local support provided for the current school year.

2015-2016 Budget Goals and Budget Work Session

The Board reviewed the previously suggested FY2016 Budget Goals as follow:

- Reinstate Full-Time Horticulture Teaching Position
- Assume Funding for Swim Team
- Implement Pay Step Increases for Employees
- Provide Funding for Students to Attend National Conventions
- Restructure CTE Programs
- Reinstate Full-Time Assistant Principal Position at APS

Mr. Smith voiced his support of the pay step increases and maintenance needs as the two top priority budget goals. He also noted his opposition to percentage raises.

Rev. Jones was also in favor of making pay step increases the number one budget priority. He asked how capital improvement items impact our budget. Dr. Grasty stated budgeted capital improvement needs would decrease the funding in another category and noted we could request separate capital improvement funds

from the county. Mr. McMillan indicated capital improvement funds have not been included in the budget during his time as Finance Director. He pointed out funds are transferred into the Capital Improvement Fund and Textbook Fund at the end of the fiscal year when unspent monies are available. Mr. McMillan communicated he and Mrs. Tracy Johnson were working to determine the precise cost for a one step pay increase for all employees as well as an increase of two pay steps. He hoped to present this information to the Board at the February 26, 2015 meeting.

Rev. Williams thanked the Budget Public Hearing speakers for their budget requests. He also reminded the Board of the individuals who spoke at the November 13, 2014 Budget Public Comment Session and their requests for the following budget considerations: reinstate horticulture teaching position, assume swim team funding, support of the band, and financial assistance for students traveling to national conventions and competitions.

Mr. Torrence requested Mrs. Clara Jo Cunningham and Mr. Fred Glover speak at a Board of Supervisors Meeting and share the same information they presented during the Budget Public Hearing. He also requested teachers attend Board of Supervisors Meetings and make their voice heard.

Rev. Williams stated it will make a difference if great numbers of parents attend the Board of Supervisors Meetings, with their children, and request school funding.

From our principal Michele West:

January was a meaningful month for our school community and especially me. We recognized and celebrated the life of Dr. Martin Luther King Jr. It's personal for me because Dr. Martin Luther King Jr. and my deceased Dad shared the same birthday. Dr. Martin Luther King Jr. and my Dad were a lot alike. They never met a stranger and worked to offer a hand to help everyone. Most importantly, both men made an impact on lives of those they met and displayed a strong work ethic. I strive to help our children in valuing hard work at school, home and in future careers.

January was also Anti-Bullying month. Bullying can happen anywhere and to anyone. We talk to our children about the importance of reporting and responding to a bully. In order to learn, we must provide a safe and comfortable environment for learning. We have no tolerance for bullying and by working together, we can make a difference. On January 30, 2015, APS and AES hosted an Anti-Bullying Program. This program was held at APS at 9:15 a.m. and at AES at 2:00 p.m.

February each year is typically a time that we focus on the contributions of African Americans whose mission paved the way of legacy, and respect, and acceptance each and every day. "The most important and lasting legacy of one's life is the positive impact and influence we have in the lives of others whether they know it or not." I share information regarding Black History Month because I feel that it is important to promote diversity, cultural understanding, and respect for each other. While we're reading, writing, and discussing history, we're still working the VA Standards of Learning into our curriculum.

In helping others, we will be supporting Jump Rope for Heart, which begins this month. We have already raised $790 online. Students will be talking and participating in P.E. activities that promote being healthy.

Our very own PTO is supportive and sends a clear message about the value of learning. Our PTO joined in with APS in purchasing a 2-way communication radio. Our radios are used to promote safety. We work with our PTO in a combination of events held here at APS. The APS PTO is purchasing a swing for students with disabilities to be added to our playground. We celebrate and appreciate all children here at APS. We do whatever it takes to earn money and make sure our children and teachers have the resources they need. We are in need of PTO officers because many of our officers will be joining our students at the elementary school. I would like to thank them in advance for all their hard work and dedication in putting children first. Don't miss your opportunity in joining our APS PTO! You make a dramatic difference in children's academic success!

This year, our faculty and staff are being intentional in everything we do for our children. We have been unpacking and digging deeper into our Standards of Learning, creating lesson plans that target daily objectives and assessments. We are fortunate to have such talented and experienced staff who collaborate and go above and beyond in helping students meet their learning goals.

For you, our parents, we also desire to form positive relationships and make you feel welcome in our school. We desire to hear your opinions and encourage you to partner with us as we guide your child's academic development. On February 2, 2015, please expect a letter regarding 2015-16 classroom placement. There are many factors that go into the decision of where to place our students. One of these factors is parental input. Although parental input is only one of the factors that we can consider in deciding placement, it is an important one. Our ultimate goal is to do what is best for all students.

We continually strive to improve our school environment and culture for all children. A School Environment and Culture Survey will be sent home for you to complete in the near future.

Thank you so much for making every effort to have your children here each day on time and ready to learn. We appreciate your support. Keep warm!

Respected educator, James Comer (1995) put it well: "No significant learning occurs without a significant relationship." I firmly believe in building positive, respectful relationships where parents, teachers and administrators work together to insist on high-quality student work and offer support for each other as a team.

As we journey throughout this school year, remember that: Together, Everyone Achieves More. Let's work as a TEAM so everyone can be successful!

From our Assistant Principal Tom Yarber.....

Warm Up With Volunteering at APS!

Parents and community members are welcome and encouraged to complete a volunteer registration form located on the table in the main office at APS! We have 64 formally registered volunteers to help our children learn and to be part of a positive learning environment at APS. Even though we might not use all 64 volunteers on one day, we want you to know that **we appreciate all of our volunteers**! Our Volunteers of the month for the month of December are the Christmas store volunteers who worked with our students in selecting gifts for their families. Our volunteers created an organized and meaningful opportunity for our children! Thank you!

The following is a suggested procedure for volunteering to read with our students at APS. Our teacher might want to provide other suggestions for helping our students, so please communicate with the teacher before beginning the volunteer session.

1. Ask for the child's thoughts about the title and the cover of the book.
2. Let the child look at the pictures and words and ask questions that they might have.
3. Let the child choose to listen or to read aloud with moving and imitating the voices in the book.
4. Use patience and flexibility if the children do not want to talk.

5. Focus on reading and engaging the child in relating to and reading the book.

Our F.A.S.T team is looking for 2 volunteers each Thursday evening beginning on February 5th. Please call the main office to volunteer.

Thank you for volunteering at APS! We welcome you to warm up with volunteering!

The APS Book Fair is coming…….

We are excited about the upcoming Scholastic Book Fair in March! At the Book Fair you will find the newest titles for children, as well as books of interest to parents. **Preview Week is March 16-20th** during regular library time. Our **Family Night Event** for everyone will be Monday, March 23rd, which is also the First Grade PTO night. More information will be coming at a later time closer to the Book Fair.

Jump Rope for Heart 2015:

Jump Rope for Heart Information should have been sent home with your child sometime in January. I talked with students in P.E. class about Jump Rope for Heart to get them excited about it. Any donations to the American Heart Association will greatly benefit our school and our Jump Rope for Heart event. Our goal for this year is $2,500. All students K-2 will be participating in our Jump Rope for Heart event during the week of **February 9-13,** in P.E. class. The lifesaving ducks are an incentive for students to raise more money both online and in person from people they know. They are other prizes listed on the information that was sent home. As a school, the class that has the most participation in donations will receive a Wii Dance Party following Jump Rope for Heart. You can begin sending your child's completed envelopes in once you are finished collecting donations. ***Please note that all cash donations need to be converted to checks made out to the American Heart Association.*** **The last day for donations** to be turned in is **February 20th**. Please have everything turned in by that day. If you have any questions or concerns, you may contact me at clcrews@appomattox.k12.va.us. Thank you, Miss Crews.

Family Fun Nights – F.A.S.T

Appomattox Primary School will be offering an eight-week Family Fun Night Series this spring. The events will take place weekly on **Thursday nights** from 5:00-7:30 p.m., beginning **February 5th**. Families who sign up to participate will enjoy family-oriented fun and games while making friends, communicating, and having a great time at **APS.** Each family in attendance will be eligible for the weekly prize drawing. Gifts will be awarded to the families that successfully complete the eight-week series. **For more information, Contact Mrs. Haskins, 2nd grade teacher, Room C-109, 352-5766. Ext. 4464.**

"There is a Turkey in the Backseat of My Car"

A real Author Visits APS! –In late January, APS second graders were treated to a visit from a professional author, Mrs. Peggy Agee. In fact, Mrs. Agee taught at APS! Mrs. Agee read her book, "**Run, Turkey, Run**" and talked about her experience in writing a book. As an author, she likes to turn her ideas into books. She encouraged the students to write down their ideas and, perhaps, they will be an author one day too. Mrs. Agee communicated her excitement when she talked about the day the publisher called her and told her the book was ready. She was so proud of seeing her name on the cover a real book. She helped the children make predictions about the book, pointed out important vocabulary, and allowed the children to ask questions. The students were particularly interested in the illustrations, which Mrs. Agee explained supported the words in the book. At the end of her visit, Mrs. Agee had a grand reunion with other teachers from APS who had taught with her and she donated 2 copies of her book to the APS library.

ACPS Comprehensive Plan

Achieving Creative Prepared Students

Student Achievement

- **ACPS** staff will engage every student in meaningful, authentic, and rigorous work with high expectations through the use of innovative instructional practices, a guaranteed curriculum, and supportive technologies that will motivate students to be self-directed and hard-working in a professional learning community.

Faculty & Staff Qualifications & Performance

- **ACPS** will attract, retain, develop, and support highly qualified teachers, administrators, and staff through systematic professional development which is aligned with division goals.
- Reinstate employee pay steps

Finances

- **ACPS** will manage financial resources responsibly, efficiently, and effectively in order to position the school district as an increasingly viable economic development partner.

Communication & School Climate

- **ACPS** will assess and enhance the relevance, timeliness, and effectiveness of internal and external communication with staff, parents, and the community to fulfill their essential roles as actively engaged partners in supporting student achievement and positive outcomes for student success.

Facilities & Safety

- **ACPS** will maintain and update existing buildings and grounds, while planning for future facilities to assure safe and secure conditions for all school-sponsored activities.
- Buildings conducive to learning

Essential Questions

1. What are our responsibilities, priorities and guiding principles in developing the FY 2016 budget?
2. What are the primary drivers of expenditure growth for the FY 2016 budget?
3. What are the key revenue considerations and the resulting local funding request for FY 2016?

Our Statutory Responsibility

- Virginia Code §22.1-92
- It shall be the duty of each division superintendent to prepare, with the approval of the school board, and submit to the governing body or bodies appropriating funds for the school division…the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division.

FY 2016 Budget Priorities

Transportation Data & Needs

- 52 buses with a fleet mileage average of 112,655.
- Pupil Transportation recommends a 15 year replacement cycle.
- Currently we have 23 buses over 15 years in age.
- We currently have 11 buses in excess of 150,000 miles.
- One bus has in excess of 200,000 miles.
- With each bus averaging 10,559 miles per year, we will have at least three more buses that will reach the 150,000 mile mark this school year.

- If we add 1 bus per year it will take us 52 years to cycle our fleet.
- Two buses per year would take 26 years.
- Three buses per year would take 17.3 years.
- Four buses per year would take 10.4 years.
- **We need to replace at least 3 buses every year.**
- Over the last 10 years we have averaged 2.5 buses per year.
- Over the last 5 years we have averaged 2 buses per year.
- We are falling behind in our bus replacement schedule!

WHAT NASCAR AND SCHOOL BOARDS HAVE IN COMMON
C. Ed Massey, Past President, National School Boards Association

NASCAR is one of America's most popular sports. Victory in a NASCAR race is often decided by thousandths of seconds. A commitment to excellence and teamwork is necessary to propel a team to victory lane. This session will evaluate the concepts and principles within NASCAR that are analogous to school district operations. Teamwork is only successful if each participant knows their role and executes that role to perfection. Each participant in NASCAR is comparable to participants in the educational process. From team owners to fans and vendors, all have a place just as in education. Administrators, teachers, board members, students and parents all play specific roles. This session will break down these responsibilities with the ultimate goal of putting your district in "victory lane"!

RESHAPING CONTENT, ENGAGING STUDENTS: WHAT BOARD MEMBERS NEED TO KNOW
Apple Inc.

For a generation of paper-centric school leaders, the rapid acceleration from print to digital content raises lots of questions. How do students take notes? Is the online textbook the same as the print? What is the advantage of using digital content? How do school systems manage the shift? In addition, take a hands-on tour with Apple to learn how the iPad is changing the learning experience, making it more engaging, interactive, and completely mobile.

2015 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2015 VSBA Southern Region Spring Network Forum on April 9, 2015 at the Institute for Advanced Learning and Research. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Upon request of the board, certificates can be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

Agenda

ACPS Comprehensive Plan 2012-2018

Achieving Creative Prepared Students

Student Achievement

- **ACPS** staff will engage every student in meaningful, authentic, and rigorous work with high expectations through the use of innovative instructional practices, a guaranteed curriculum, and supportive technologies that will motivate students to be self-directed and hard-working in a professional learning community.

Faculty & Staff Qualifications & Performance

- **ACPS** will attract, retain, develop, and support highly qualified teachers, administrators, and staff through systematic professional development which is aligned with division goals.

Finances

- **ACPS** will manage financial resources responsibly, efficiently, and effectively in order to position the school district as an increasingly viable economic development partner.

Communication & School Climate

- **ACPS** will assess and enhance the relevance, timeliness, and effectiveness of internal and external communication with staff, parents, and the community to fulfill their essential roles as actively engaged partners in supporting student achievement and positive outcomes for student success.

Facilities & Safety

- **ACPS** will maintain and update existing buildings and grounds, while planning for future facilities to assure safe and secure conditions for all school-sponsored activities.
- Buildings conducive to learning

Essential Questions

1. What are our responsibilities, priorities and guiding principles in developing the FY 2016 budget?
2. What are the primary drivers of expenditure growth for the FY 2016 budget?
3. What are the key revenue considerations and the resulting local funding request for FY 2016?

Our Statutory Responsibility

- Virginia Code §22.1-92
- It shall be the duty of each division superintendent to prepare, with the approval of the school board, and submit to the governing body or bodies appropriating funds for the school division…the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division.

FY 2016 Budget Priorities

Reinstate Employee Pay Steps
Address Capital and Maintenance Needs
Provide for Health Insurance Premium Increase
Reinstate Full-time Assistant Principal Position at APS
Provide Funding for Students to Attend Competitions and National Award Conventions
Reinstate full-time Horticulture Teaching Position
Purchase 3 Buses and 1 Van
Purchase Software for Online Registration
Provide Financial Support for Band Program
Assume Funding for Swim Team

Maintenance & Capital Needs

- AMS Main Building – carpet replacement - $ 55,000.00
- AMS Ag. Building Classroom – carpet replacement - $ 15,000.00
- AMS Main Building – flat roof replacement - $145,000.00
- AMS Main Building – plaster wall repairs - $ 56,000.00
- AMS Band Room and Library – carpet replacement - $ 58,000.00
- ACHS Parking Lot – resurface - $165,000.00
- ACHS – sidewalk repairs - $ 65,000.00
- ACHS Auditorium – curtains replacement - $ 45,000.00
- TOTAL $569,000.00

Transportation Data & Needs

- 52 buses with a fleet mileage average of 112,655.
- Pupil Transportation recommends a 15 year replacement cycle.
- Currently we have 23 buses over 15 years in age.
- We currently have 11 buses in excess of 150,000 miles.
- One bus has in excess of 200,000 miles.
- With each bus averaging 10,559 miles per year, we will have at least three more buses that will reach the 150,000 mile mark this school year.

- If we add 1 bus per year it will take us 52 years to cycle our fleet.
- Two buses per year would take 26 years.
- Three buses per year would take 17.3 years.
- Four buses per year would take 10.4 years.
- **We need to replace at least 3 buses every year.**
- Over the last 10 years we have averaged 2.5 buses per year.
- Over the last 5 years we have averaged 2 buses per year.
- We are falling behind in our bus replacement schedule!

- Our most vital asset is our personnel. The success of our students depends on our ability to attract, maintain, and develop high-quality employees in all areas of our school division.

What Does Exemplary Performance Look Like?

- Employees who:
- Positively impact student learning and school climate
- Empower students and colleagues
- Sustain high performance throughout their careers
- Value professional development & learning
- Serve as strong and optimistic role models, mentors, and leaders

Great Teachers Create Great Value

- A recent study conducted by economists from Harvard & Columbia Universities shows that students in classrooms of excellent teachers are more likely to:
- *Participate in post-secondary education*
- *Earn higher salaries*
- *Attain higher-quality of life opportunities, and*
- *Save more for retirement*

➢ Budget for 2015-2016
➢ Local Funding Request = $6,993,915.00
And $569,000.00 Capital Needs/Maintenance

Dr. Grasty noted our budget request from the locality is more than the amount we have received previously and stressed our students, teachers, and staff deserve more. Mr. Waddell stated the 2015-2016 budget is a bold budget that is based on our needs and directed the superintendent to send it to the Board of Supervisors.

Membership Report

The superintendent provided the January 31, 2015 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,185 students. This compares to a budgeted ADM of 2,215. (See Attachment # 10)

VSBA and NSBA Activities

A VSBA Hot Topic Conference will be held in Wytheville on March 27, 2015. The registration fee is $140.00 and the deadline for registration is March 6, 2015.

The 2015 VSBA Southern Region Spring Network Forum will be held in Danville on April 9, 2015. The registration Fee is $35.00 and the deadline is March 13, 2015. Mr. Waddell requested to be registered.

VSBA will be conducting an additional Hot Topic Conference in Charlottesville on April 15, 2015 concerning School Design and Construction. The registration fee is $140.00 and the deadline is March 24, 2015.

School Showcase: Appomattox County High School

Appomattox County High School was featured in this month's School Showcase. Dr. Martha Eagle, Principal, and Dr. Poldi Moreno, Assistant Principal, provided an excellent power point presentation depicting how ACHS students give back to the community. Dr. Moreno stated ACHS Clubs have

completed over twenty different community service projects during the past year. (See Attachment # 11)

XLR8 STEM Academy Presentation

Mrs. Susan Cash, Director of the XLR8 Lynchburg Regional Governor's STEM (Science, Technology, Engineering and Mathematics) Academy presented information to the Board concerning this additional accelerated learning program that is available to our students. The program is offered to high school juniors and seniors in Virginia's Region 2000/Lynchburg area and is located on the campus of Central Virginia Community College in Lynchburg. Bansari Patel, ACHS and XLR8 student, shared her experiences at the STEM Academy and the invaluable opportunities that have helped her in determining her career goals. (See Attachment # 12)

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided information on the proposed 2015-2016 budgets from the Senate, House, and Governor. Mr. McMillan stated the three versions are troubling as each results in a deficit for our school division as compared to the state funding we are receiving for the current fiscal year. (See Attachment # 13) He noted a final budget has not been received from the state at this time.

Fiscal Year 2014 Actual Local Expenditures Above Required Local Effort for Standards of Quality, Rankings as of January 2015

Dr. Grasty reviewed the Fiscal Year 2014 Actual Local Expenditures Above the Required Local Effort (RLE) for Standards of Quality and Rankings as of January 2015. The information revealed Appomattox County Public Schools (ACPS) is funded at 15.34 percent of FY 2014 actual local expenditures for operations above RLE. The information also indicated ACPS was at 7.79 percent of FY 2014 actual local expenditures for operations above RLE and RLM (Required Local Match). (See Attachment # 14) Mr. McMillan reported the average of neighboring school divisions is roughly 50 percent above the Required Local Effort, which was his aspiration for our school system. Mr. Waddell noted one of the members of the Board of Supervisors from the Planning Commission had expressed the desire of moving us to 50 percent above the RLE over the next three years.

Transportation Report

Mr. Matt Lair, Transportation Supervisor, provided a detailed and informative presentation concerning Appomattox County Public Schools Bus/

Transportation Department. He noted the statistical data used was based on the 2013-2014 Annual Transportation Report. (See Attachment # 15) Rev. Jones asked about the morale of bus drivers. Mr. Lair noted our drivers are like all other school employees as they would like to earn more money. He also stated they expect firm consequences for students who misbehave on the bus and are disappointed with less.

Review of 2015-2016 School Calendar and Survey Results

Mrs. Annette Bennett, Director of Curriculum and Instruction, reviewed information concerning the 2015-2016 School Calendar and the results of a recent teacher survey. (See Attachment # 16) Based on this information, Mrs. Bennett reported the Calendar Committee recommended the Board approve the 2015-2016 School Calendar with a student start date of August 10, 2015. She noted the recommended calendar is very similar to the 2014-2015 School Calendar. Mrs. Bennett expressed her appreciation to the following members of the School Calendar Committee: Charla Curtis, Amy Vaughan, Rhonda Kane, Janet Barricks, Brian Hofmann, Lea Gray, Brittany McLean, and Stephanie Tyree.

Review of Preliminary Fall SOL Testing Data

Mrs. Bennett reported fall SOL tests were only administered at Appomattox County High School as she shared the results of the preliminary scores. (See Attachment # 17)

Review of Latest Drop-Out Report

Mrs. Bennett was pleased to report the number of students dropping out of school in our division continues to decrease. This year, six students will be counted as drop-outs. Last year the number was eight and during the prior year we had eighteen drop-outs. Mrs. Bennett commended Dr. Eagle and the high school staff for their relentless efforts in seeing that all students are supported in a goal to graduate.

Update on Staff Development: January 5 & 20 and February 16

Mrs. Bennett provided a detailed report on the staff development activities that took place in our school division on January 5, January 20, and February 16, 2015. (See Attachment # 18)

Update on AMS 2015-2016 Schedule

Mrs. Bennett reviewed the work that had been accomplished since she addressed the Board on November 13, 2014 concerning a possible change in the middle school schedule for the 2015-2016 school year. She also highlighted the tasks that must be completed should the Board approve the implementation of the AMS schedule change. (See Attachment # 19)

Mr. Torrence shared his concern regarding Science and noted should a Block Schedule be used, Science would be a one semester course. He asked what would be done should our Science SOL scores drop? Mrs. Bennett indicated should that occur, Science would then be addressed. Currently, our AMS School Improvement Plan requires Math and English be our priority areas. She pointed out Discovery enrichment could address Science concerns.

Mr. Torrence also noted over the past five years the middle school schedule had changed periodically and he believed it might be more beneficial to keep a schedule for two or three years. Mrs. Bennett agreed with Mr. Torrence and noted as soon as a successful middle school schedule is determined his suggested plan would be followed.

Mr. Smith thanked Mrs. Bennett for her outstanding presentation at a recent meeting of middle school parents. He stated he had received very positive comments from parents who were in attendance. Mr. Smith mentioned should the Semester Block schedule be implemented rather than the A/B Schedule, it could be a year before a particular subject is taken and perhaps that should be remedied as scheduling plans are finalized.

Discussion of Make-Up Time for Lost Instructional Days and Hours

Dr. Grasty stated, to date, students have missed eight full instructional days plus ten additional hours for delayed openings due to inclement weather. This equates to nearly ten days of lost instruction. The Sesquicentennial will be held during our Spring Break and the school division had been asked to refrain from conducting school that week due to the large number of tourists predicted to be in the town and county.

Mrs. Bennett pointed out adding days at the end of the school year is not feasible due to the established SOL testing window. She noted some of the schools will not complete the pacing guides if we do not add time to the end of the school day. She recommended adding thirty minutes to the end of each school day for five weeks beginning March 9, 2015 and continuing through April 17, 2015. This would allow for twelve and one-half of the fifty-eight lost hours to be made-up. Mrs. Bennett reported students are required to attend school 180 days

for 990 instructional hours and we would meet the hour requirement by adding 30 minutes to each school day for five weeks. She also stated should the Board approve the request to add the thirty additional minutes, the end of the third nine weeks would move from March 13 to March 20 and report cards would go home March 26 rather than March 19.

The superintendent noted Mrs. Bennett and the Instructional Data Coaches had developed plans for partial recoupment of the instructional time. These plans had been shared with the principals and tailored to meet the academic needs of each school.

Presentation from Instructional Data Coaches

The Instructional Data Coaches, Lynne Lindsay, Allison Maxwell, and Stephanie Totty, provided their second presentation to the Board concerning the following work they are doing in our school division:

- Support of Written Curriculum
  - Unpacking had almost been completed in all schools
- Support of Taught Curriculum
  - Training
  - Analyzing data to support instruction
- Support of Tested Curriculum
  - Aligning assessments to SOLs
- Schools in School Improvement
  - Supporting AMS – Reading and Writing
    - Assessments
    - Remediation plan
  - Supporting ACHS – Math
    - Assessments
    - Aligning curriculum
- Our Other Schools
  - Supporting APS and AES
    - Creating and aligning assessments
    - Creating vertical planning
    - Analyzing data for assessments
    - Creating remediation plans

Principal's News

As March begins, spring is looking warmly inviting as we consider the cold and snowy days we have experienced in February. March also reminds us that we are two-thirds of the way through this year. Wow! We have much work to do, so, parents, we need your partnership in helping our students stay on pace and on track, as we head toward the finish line for this school year. We all desire that they finish well, and finish as champions. We have much to celebrate already. Please check out our calendar for upcoming events. We'd like to make you aware of several special events for this month. On the night of March 17, we will hold a Math/Literacy Family Night. This will be different from our event of the fall, and will provide families some tips for the upcoming Standards of Learning assessments. Our Scholastic Book Fair will be open to families this night as well. On Sunday, March 22, at 3:00 p.m., we will hold a dedication service for our AES Friendship Memorial, created in memory of Jada Baker and Lisa Price, as well as others who have passed away as students or staff of Appomattox Elementary. Our memorial has been the result of the combined efforts of students, division staff, and PTO. On March 31, we will hold our final PTO program for the year, rescheduled due to weather interruptions to our music classes. Our fifth graders will perform a variety of selections, and showcase what they have learned this year through the recorder program. As you can see, we are busy in a multitude of ways, and at the top of the list EVERY day is helping our students learn all they can to become the successful young scholars and citizens we desire them to be. Thank you for being invaluable members of our wildly, wonderful team!

THE RAIDER REPORT

3rd Grade News

Our 3rd graders are working hard here at AES! When at home, please help them with their 20 minutes of nightly reading. Ask them questions about what they have read. Have fun making Math connections this month by measuring objects around the house, using both customary and metric. "Doing" always increases understanding. We are a team at work together!

4th Grade News

In Math, students are learning about decimals and the place values that follow a decimal. They will be comparing, adding, subtracting, and converting decimals to fractions. For example .25 = ¼ and .50 = ½. In History, we will finish learning about the Civil War and begin the Reconstruction Period. We have even scheduled a field trip to visit the Museum of the Confederacy and the Surrender Grounds.

In Language Arts, students are writing 2 paragraph stories and some have entered the Young Authors' Contest. We are excitedly awaiting to find out the AES winner of the "I Love My Family" essay contest that is sponsored by the Family Alliance.

5th Grade News

In Math class, we are starting our unit on Geometry. A fun activity could be to have your child look around the house and see what geometric shapes can be found or created! The Fifth grade Math teachers are also very excited to see their students present their completed number projects.

In writing class, students are in the final stages of completing their Student Treasure books. Soon, students will begin their Fifth Grade research project on a topic that interests them most.

Our next reading skill will be to compare and contrast, specifically using various pieces of literature. Students should reach their goal of 25 AR points by Thursday, March 12th. Please encourage your child to read at least 20 minutes each night and complete the weekly reading logs.

In Science class, we are having fun watching our meal worms go through some stages of their life cycles. Students are preparing to present their Science Fair projects and their final Fifth Grade class projects.

March begins our countdown to the SOLs with review packets and games. At home review using fun strategies would help your child prepare for class sessions.

How do I keep my kid safe on the Internet?

Internet safety goes way beyond protecting kids from strangers or blocking inappropriate content. It's about helping your kids use the Internet productively and practice safe, responsible online behavior -- especially when you're not there to answer their questions or check in on where they've ventured. Keep in mind that what may seem like basic knowledge to parents is new to kids just getting started in the digital world. Having a conversation before your kid embarks online helps set expectations and establish ground rules. Here are the basic guidelines to share with your kid:

- Follow your family's rules about when and where to use the Internet.
- Be polite, kind, and respectful.
- Understand a website's rules, and know how to flag other users for misbehavior.
- Recognize "red flags," including someone asking you personal questions such as your name and address.
- Never share your name, your school's name, your age, your phone number, or your email or home address with strangers.
- Never send pictures to strangers.
- Keep passwords private (except from parents).
- Never open a message from a stranger; it may contain a virus that can harm a computer.
- Immediately tell an adult if something mean or creepy happens.

Book Fair News

Thank you to the volunteers who have already returned green forms (third grade parents) to volunteer in book fair March 16-20. On Tuesday evening of that week, book fair will be open during the Math-Literacy Evening, so that you can come with your entire family and shop in book fair during the evening. Of course, I will need volunteers for that night as well. For **all parents**, not just the third graders who are having their first AES book fair, who would like to help out with book fair and enjoy the discount when you shop- send a note with your child, directed to me in library. When I receive your note about volunteering, I will call you back and set up a time convenient for you. Thanks so much for your willingness to make book fair and reading priorities for your children.

-Nancy Williams, Media Specialist

Physical Education News

We are pleased to have with us, Miss Rachel Baldwin, from Lynchburg College. Miss Baldwin is a native of New Kent and also a former softball player for the Hornets. She has been at AES as a student teacher since January and will be with us in our P.E. classes until March 6th before moving on to Appomattox Middle School.

Our Jump Rope for Heart event was a success again this year, as of February 20th students of AES raised almost $3,000 for the American Heart Association! We had great participation and lots of students earned the American Heart Association's duck incentive. We will report a final total of our fundraising efforts in our next newsletter. Thanks to the parents for your support in this worthwhile cause to help children and adults fight heart disease and stroke. We also appreciate you encouraging your child to give back to his/her community by actively participating in this event. Congratulations AES on a job well done!

AES Friendship Memorial in Progress

Plans are underway for the Friendship Memorial to be dedicated on March 22, at 3:00 p.m. at Appomattox Elementary School. The idea began last year, when AES third grader, Jada Baker, and school nurse, Lisa Price both passed away due to health complications. With the support of the AES PTO, memorial benches were purchased and a tree planted in their memory. In addition, all students at AES were part of a creation of a mural that hangs in the school commons area, dedicated to our friends. Pictures display this work in progress, and our maintenance team at work supporting the effort. Paving stones will be added to the memorial dedicated to all those who passed away while students or staff at Appomattox Elementary School, which has been the official name of this school since the 1974-75 school year. It is our hope that this memorial will be an inviting addition to our school campus, and a reminder of how much those we have lost loved life and added to ours.

MATH ROCKS

Congratulations to the following students for completing Mrs. Cyrus' Cupcake Problem in our January newsletter:

Blake Newcomb, Avery Roark, Keith Collier, Quamea Grey, Randy Branch, and MaKenna Robertson

Here is a puzzle for March from Mr. Bowyer and Mrs. Cyrus----

If each letter of the alphabet is given the following values:

A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R	S	T	U	V	W	X	Y	Z
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26

Then what is the value of each word below?

L + U + C + K = _____%

K + N + O + W + L + E + D + G + E = _____%

H + A + R + D + W + O + R + K = _____%

A + T + T + I + T + U + D + E = _____%

Our ATTITUDE toward all we do will help us meet our goals _____% of the time!

2015 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2015 VSBA Southern Region Spring Network Forum on April 9, 2015 at the Institute for Advanced Learning and Research. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Upon request of the board, certificates can be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

Agenda

Minutes of
Appomattox County School Board
Joint Meeting
With
Appomattox County Board of Supervisors
And
Interim School Board Meeting

The Appomattox County School Board met on Thursday, March 12, 2015 at 4:30 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia. This was a joint meeting between the members of the Appomattox County School Board and Appomattox County Board of Supervisors and well as an Interim School Board Meeting. Present were School Board Members: Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, and Division Superintendent Dr. Dorinda G. Grasty. Rev. J. Wesley Williams was ill and not in attendance. Also present for the joint meeting were Supervisors: Mr. Samuel E. Carter, Mrs. Sara E. Carter, Mr. William H. Craft, Mr. Ronald C. Spiggle, Mr. Gary W. Tanner, and County Administrator Mrs. Aileen T. Ferguson.

The following Central Office Staff Members were also in attendance for the joint meeting: Mr. Brette Arbogast, Director of Technology and CTE; Mrs. Elizabeth R. Haught, Director of Remedial and Special Education; Mr. Bruce R. McMillan, Director of Finance and Human Resources; Mr. Timmy Garrett, Maintenance Supervisor; and Mr. Matt Lair, Transportation Supervisor. Mrs. Annette A. Bennett, Director of Curriculum and Instruction, was not in attendance due to a scheduling conflict.

CALL TO ORDER, PLEDGE OF ALLEGIANCE, AND MOMENT OF SILENCE

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and thanked the members of the Appomattox County Board of Supervisors for the opportunity to conduct a joint meeting. The Chairman also led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF THE AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

PRESENTATION BY SOUTHLAND ENERGY REPRESENTATIVE

Mr. Spencer Morgenthau, with Southland Energy, provided a Power Point Presentation regarding the recent energy study conducted by his company concerning Appomattox County and Appomattox County Public Schools as requested by the county. (See Attachment # 1)

Mr. Morgenthau stated an extensive study of electricity usage in all buildings indicated consumption was 20% to 40% higher than typical because of the age of the equipment. He proposed a $2.5 million capital expense project to include electrical upgrades concerning HVAC, boilers, chillers, insulation, windows, solar hot water, and etc. Mr. Morgenthau stated the project would not create a tax increase as it would pay for itself. He concluded by proposing a PPEA Proposal be written for facility upgrades for Appomattox County and Appomattox County Public Schools.

Following the presentation, Board Members asked the following questions:

1. Mr. Tanner - Is there a guarantee the project would break even?
   Mr. Morgenthau - Yes, there is a guarantee and if it fell short his company would cut a check.

2. Mr. Craft - Would the county be required to put money up front?
   Mr. Morgenthau - No, no money is required up front.

3. Mr. Waddell - Does the project include lighting?
   Mr. Morgenthau - Yes, lighting would be included.

4. Mr. Smith - Will our maintenance personnel be included in the process?
   Mr. Morgenthau - Yes, Southland's approach is collaborative because no one knows your buildings like your local operation and maintenance staff.

5. Mr. Tanner - Are electrical upgrades included?
   Mr. Morgenthau - Yes, electrical upgrades are included but seldom fully pay for themselves. He also indicated HVAC does pay for itself almost every time.

- Discussion Questions

Following the superintendent's presentation, a lively discussion ensued as Dr. Grasty presented the following questions for the group to address as members from both Board paired off to share their ideas and suggestions:

1. How can ACPS assist with the county vision and goals in the next five years?
2. How do you see educational systems interconnected to economic development?
3. How can ACPS assist the county with further discussion of the ACHS renovation need?
4. What other information can we provide?

DISCUSSION BY BOARD MEMBERS

The following questions were addressed during the presentation:

1. Mr. Carter – What caused the reduction in Lottery funds?
   Mr. McMillan – The state changed the formula.

2. Mr. Tanner – Have local lottery sales dropped causing the Lottery funding to the schools to decrease?
   Mr. McMillan – That is certainly a good question and we can inquire.
   Dr. Grasty – Perhaps it is connected to the salary supplement figure and since we are receiving funding in that category for the first time in a number of years, that causes the Lottery funding to decrease.

3. Mr. Carter – What is the Lottery figure in Charlotte County?
   Dr. Grasty – We don't have it, but we can get it for you.
   Mr. McMillan – You need to know their ADM in order to calculate their report and see their Lottery amount.
   Mrs. Torrence – We have a contact in Charlotte County and we can get that figure.

4. Mr. Carter – The Swim Team was organized three years ago through private contributions with no expense to the county and school division. Now the Swim Team has been placed in the school budget and that is troubling.
   Mr. Torrence – The School Board agreed to allow the Swim Team to organize, operate under private funding, and follow their progress for three years before we would consider funding. The Board wanted to see if the program would prosper and grow. The Swim Team has been successful and grown over this three year period of time. Additional new sports will most likely be coming to Appomattox such as Lacrosse. The process we have used for the Swim Team has been a good way to test the waters for possible new sports programs.

5. Mr. Tanner – Where are the swim meets conducted?
   Mr. Torrence – The meets are held in Lynchburg.

6. Mr. Tanner – What is the charge for meets?
   Dr. Grasty – There is a charge for practice time at the pool but I will need to check about a charge for the meets.

7. Mr. Carter – In your presentation concerning local funding vs. state funding you indicated in Appomattox County the locality pays 30 cents on the dollar and the state pays 70 cents. Charlotte County pays 20 cents on the dollar which is less than our figure, but their starting teacher salary is $44,000.00.
   Mr. Waddell – The local dollars would certainly go further since they are required to contribute only 20 cents as compared to our 30 cents. With their local dollars, they've apparently made teacher salaries a strong emphasis. The report indicated Charlotte County Schools are funded 39.9% above the required local effort.

8. Mrs. Carter – What would the figure be if next year we pay 30% above the required local effort instead of the current 25%? What is the total per pupil expenditure? How much are we spending? It would be good to have that figure for a couple of years. Where are we in the region?
   Dr. Grasty – We will get those figures for you.

In conclusion, the superintendent thanked the members of the Appomattox County Board of Supervisors for attending the meeting and for their support of our school division.

RECESS

At the conclusion of the Joint Board Meeting, the Chairman called for a brief recess.

RECONVENE

The Chairman reconvened the meeting to begin the Interim Meeting portion of the agenda.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented information on the proposed 2015-2016 school budget by providing the following three possible budget scenarios: (See Attachment # 9)

1. Original Request – This request included budget goals for the following current needs: increase in health insurance, reinstate two pay scale steps for all employees, purchase of three school buses, one van, and online student registration software, textbook adoptions, support for students to attend national conventions and competitions, funding for the Swim Team, reinstate full-time horticulture teacher, and reinstate full-time assistant principal at the primary school. The total of these items was $1,359,000.00 with a total budget of $21,551,885.00. This included a local request of $6,933,915.00 plus an additional $569,000.00 for capital improvement and maintenance needs. Mr. McMillan did not expect the county to provide additional funding of $1,359,000.00 for the current needs items listed.

Rev. Williams stated during his eight years on the School Board it has been the desire of the Board to reinstate pay steps; however, this has not happened because of inadequate funding.

2. Level Funding of the Current 2014-2015 School Budget – This is one possibility that we are hearing from the Appomattox County Board of Supervisors. Should this be the case, we will have a deficit in the amount of $1,491,975.00 which includes the current needs items listed above. Should all of the current needs items be eliminated we would still have a deficit of $132,975.00 as our projected student membership for 2015-2016 is expected to be less than the current school year.

Mr. McMillan noted the State Budget includes funding for a 1.5% pay increase for SOQ employees. If every employee in our school division received a 1.5% pay increase it would cost $180,000.00. The amount coming from the state and the required local match would total approximately $145,000.00. If our employees receive a 1.5% pay raise, we would need $312,976.00 in other cuts. This amount equates to 6.25 teaching positions. Mr. McMillan emphasized should it become necessary to make cuts, it would not be limited to teaching positions as all employment categories would be included.

3. One Percent Above the Minimum Required Local Effort – The County Administrator requested we calculate the budget at one percent above the minimum Required Local Effort. Should this be the direction of the locality, the deficit would amount to $1,043,799.00 which is the equivalent of 21 teaching positions. It was again emphasized any needed cuts would be across the board and not limited to teaching positions.

Mr. McMillan shared a Statement of Revenues, Expenditures and Changes to Fund Balances for the Year Ended June 30, 2014 that was posted on the Appomattox County website. (See Attachment # 10) From this information, he had compiled a pie chart which indicated 23% of the county funds was dedicated to education compared to 77% designated for all other departments. (See Attachment # 11)

Mr. McMillan stated the Appomattox County Board of Supervisors will be conducting a public hearing on the budget on April 22, 2015 at 6:00 p.m. at their meeting room at CVCC.

Mr. Smith requested the costs per year for substitute teachers and sports. Mr. McMillan noted these are areas for possible cuts as well as additional areas that are not related to contracted employees. Mr. Smith requested citizens contact the Board of Supervisors asking for their financial support of our school division.

Mr. Torrence pointed out the 9 cents tax rate increase advertised by the county is not guaranteed. At a recent Board of Supervisors Meeting, two members stated they would not vote for an increase greater than 3 cents. Mr. Torrence encouraged attendance of school personnel and parents at the April 22, 2015 Appomattox County Budget Public Hearing.

Rev. Williams encouraged pro-school candidates to run for election for the Appomattox County Board of Supervisors. He stated until these members are more sensitive to school issues we will continue to face budget woes.

Dr. Grasty emphasized she and the School Board have strongly advocated for our staff year after year. She noted our students and instruction will suffer without adequate funding.

School Showcase: Appomattox Middle School

Appomattox Middle School was featured in this month's School Showcase. Mr. Todd Reichert, AMS Principal, was pleased to share information concerning the many opportunities that are available for middle school students to explore through: Academics, Sports, Chorus, Band, Girls on Track, SCA, Yearbook, STARS, MathCounts, Medford League, and the National Junior Honor Society. Mr. Reichert stated reading instruction has been an area of emphasis this school year and introduced Ms. Julia Haley, AMS Teacher, who presented "Appomattox Middle School Raiders Are Reading". (See Attachment # 12) Students, Julianna Southall and Faith Mays, assisted Ms. Haley by presenting book talks.

ACPS Capital Improvements Update

Mr. Timmy Garrett, Maintenance Supervisor, provided an update concerning the school division capital improvement needs. (See Attachment # 13) He also shared a copy of the Appomattox County Capital Improvements/Maintenance Needs that incorporates the school division listing. (See Attachment # 14)

Follow-Up from Southland Energy

Mr. Spencer Morgenthau, with Southland Energy, presented a follow-up of his earlier presentation at the March 12, 2015 Joint Board Meeting. (See Attachment # 15) Mr. Morgenthau requested direction from the county and School Board regarding the energy saving program presented.

Report on 2014-2015 Swim Team

Mr. Chris Dodge, Athletic Director and Assistant Principal at Appomattox County High School, provided a report on the success of the 2014-2015 Swim Team. (See Attachment # 16) The superintendent stated this annual report to the Board was required by the Memorandum of Agreement between Appomattox County Schools and The Friends of the Appomattox Swim Team. She also noted the Swim Team is funded by private donations and no expenses are currently incurred by the school division.

Mr. Torrence stated the funding of the Swim Team was discussed at the March 12, 2015 Joint Board Meeting. At that meeting, he reported it was the intent of the School Board to assume funding after three years, if the sport proved successful. He stated this was a trial method for the Board to introduce new sports. Mr. Torrence noted the Swim Team has become a major sport for our school division as it has 18 members compared to the following teams: Golf = 9, Boys Tennis = 9, Girls Tennis = 9, and Varsity Baseball = 16.

Report on 2015 Tornado Drill, School Safety Walk-Throughs, and Annual School Online Safety Audit

Dr. Michael Jones, School Psychologist and School Safety Coordinator, presented the following information: 1) The 2015 Tornado Drill was conducted on March 17, 2015 in all schools, the alternative education center, and the central office. 2) School Safety Walk-Throughs were completed on January 20, 2015 with the assistance of the Appomattox Sherriff's Office and the Virginia State Police. 3) The Annual School Online Safety Audits, required by Virginia Department of Criminal Justice Services, have also been completed.

Spot and Dot Buses for ALIP Summer Reading Program

Dr. Grasty reported a number of years ago, the Spot and Dot Book Buses were utilized by the Appomattox Literacy Intervention Program (ALIP) to provide a summer reading program for children throughout the county. The superintendent presented a letter from Mrs. Lara Peterson, ALIP Co-Chair, stating their organization had regained tax exempt status and is making plans to have the Spot and Dot Book Buses back in operation for the 2015 Summer Reading Program. The Board was requested to cover fuel and maintenance expenses for the buses as they did during previous ALIP Spot and Dot Summer Reading Programs. (See Attachment # 17)

Mr. Waddell noted the ALIP Summer Reading Program provides a great service to the county. Rev. Williams was in agreement; however, he noted it was a bad time to request additional funding support from the Board.

Mr. Smith shared his concern regarding the additional expenses that would be incurred when buses breakdown and towing is required. He suggested Mrs. Peterson contact the County Library to determine if that agency could assist with funding for the program. Dr. Grasty stated she would follow-up with Mrs. Peterson concerning possible support from the County Library.

Discussion of April 30, 2015 Tour of School Facilities

Dr. Grasty stated the spring tour of school facilities will be conducted on April 30, 2015 between 9:00 a.m. and 3:00 p.m. The Board will be visiting all four schools, the School Bus Shop, and enjoy lunch at the primary school. Dr. Grasty requested Board Members notify her of specific programs or areas they would like to visit during the day. Mr. Smith requested to visit the Auto Mechanics Program at the high school.

Date of Board Self-Evaluation

It was the consensus of the Board to conduct their annual Self-Evaluation during the June 11, 2015 Regular Monthly Business Meeting. Board Members were requested to complete the School Board Self-Assessment form and return it to the Clerk of the Board by May 30, 2015. The Clerk will then prepare a compiled report for the Board to utilize during their June 11th self-evaluation.

Principal's News

"Good Friends are hard to find, harder to leave, and impossible to forget." These are the words on the wall in our Commons area, voted on by our students, and beautifully captured in art by our own Mrs. Cole. It is how we feel about every child and every adult who graces our halls. As we draw this school year to its conclusion over the next nine weeks, please know that we take very seriously the trust you place in us to teach and safeguard your children. They are OUR children, too, and we love them, and we never forget them.

Over the next few weeks, we will begin our end of the year Standards of Learning assessments. These tests are NOT the sum total of what we are here for; however, they DO hold us all accountable. Our staff here at school is charged with teaching your children what every child in Virginia is expected to know. We have many students who move into or move out from our county during the school year. We want our students ready for the expectations all students have, no matter where they live. We want them ready for the next grade level, as well, and not behind where they need to be.

The SOL assessments hold the students accountable, too. What we teach at each grade level is what all children at that grade level should be able to do. Sometimes it may seem hard, and a child may want to choose the easier route. With all of our support, we encourage each of them to strive for their best, knowing they can do it, even when it is hard. They live in a competitive world, and we want them ready.

Parents are accountable, also. When you send your child to us, you pledge to be part of the team that supports the instruction, communicates concerns, and establishes the family value that learning is important. The bottom line is that SOL testing is <u>one</u> way that we can evaluate how we as a team together—schools, students, and parent—are successfully supporting our children's future. As we enter into testing at the end of April, we know our team will shine!

It has been a "Wildly Wonderful" year so far, and we eagerly look forward to the rest. We are on a roll, and we are not finished yet

THE RAIDER REPORT

3rd Grade News

Our third graders are busy learning this last 9 weeks! Some of our activities are writing short reports and drawing conclusions about what we are reading. We are working on measuring length, mass, volume in Math and telling time. As we look forward to the warmth of spring approaching, we are also looking forward to the chance to show what we have learned when we take our SOL tests. Please give your children a "pep talk," cheer them on, and give them encouragement that they will be successful on our SOL tests.

4th Grade News

It is so hard to believe that we are down to the last 2 months of the school year! In fourth grade math, we will be working on graphing and probability. In Virginia History, we will be finishing up Virginia in the 20th Century as well as discussing Virginia's government during that time period. While in reading we will be reviewing for our SOL test. SOL testing begins on Monday, April 27. It is extremely important to make sure that we are at school as much as possible as SOLs quickly approach.

Field Trips

During these last 2 months of school 4th grade has 2 exciting field trips planned! The first is to Red Hill, Patrick Henry's last home and burial place, located in Charlotte County. The second field trip is our Civil War inspired trip to the Surrender Grounds and Museum of the Confederacy located right in Appomattox. Both of these trips are free and a great way for the students to learn outside of the classroom while having fun!

Red Hill

Thursday, April 2: Downstairs (Trent, Lankford, Peck)

Friday, April 3: Upstairs (Williams, Driskill, Frady, Atkins)

Civil War Field Trip (Surrender Grounds and Museum of the Confederacy)

Thursday, April 23: The entire 4th grade will go on this date.

5th Grade News

In reading, we will continue working on active reading strategies for SOL success. Students will also be comparing and contrasting different books they have read in class this year. In writing, we will dive into a poetry unit and explore the many forms of poetry! Creativity is a must. ☺ We are excited to begin and know students will enjoy! In math, we are beginning the geometry unit, where they will learn about angles, triangles, and different types of quadrilaterals. We will be sending out study packets soon to help students succeed on their SOL test! In science, students will be involved in multiple mini-units including: Earth, Moon, and Sun, Weather, Electricity, and Planets. Students are also reviewing for their SOL test!

Library News

Book Fair Days at AES

Thank you, parents, for volunteering in book fair at AES during March. We had a profitable book fair week; proceeds from this fair provide student and faculty magazines, newspapers, books, and library supplies. Book fair helps us emphasize again that we are part of a book culture. We appreciate the parent volunteers who helped us provide the book fair experience for our students. Thank you to each one of you who came out to shop with your student, either during the school day or on Tuesday evening for the Math-Literacy Fair. It is always good to see parents in the library.

Physical Education News

Jump Rope for Heart: Our final total was $3,114.35 raised for the American Heart Association. We had 67 students participate in our fundraising efforts and they have received their "Thank-You" gifts from the American Heart Association. The following students raised over $100 each: Kayla Elliott, Ethan Walton, Annie Paulsen, Tyler Burton, Berkley Jamerson, Brianna Reynolds, Cayden Branham, Makenzie Lecco, Megan Drinkard, and Julia Hounsell. Ethan Walton was our top fundraiser with a total of $250.00. We want to say thanks to all the students that collected donations, you helped make this year another success! Your partnership enables the AHA to continue and strengthen its lifesaving research and education.

AES Field Day is scheduled for **Friday, May 15th**! We will need your help again this year to help make this day a success, please see the attached flyer. Mark your calendars now and plan on being a part of your child's Field Day experience!

Field Day 2015

AES Parents:

On Friday, May 15, 2015 AES is scheduled to have our annual Field Day festivities. We are very excited and know that the students, teachers, staff, and parents will have a great time. In order to help make this year's Field Day a success, we need your help. If you would be willing to volunteer for any portion of the day, please fill out the attached slip and send it back to your child's homeroom teacher by Friday, May 1st. After a list is compiled, a letter will be sent home by your child detailing the day's schedule and individual assignments. The majority of volunteer help will be needed during the morning game stations. I will do my best to split up the morning schedule, so volunteers will have some time to walk around and visit with your child as well. I appreciate your willingness to help!

We hope that you will consider being a part of this fun-filled day. Please complete all sections of the form below before returning it to your child's teacher. Without YOU this day would not be a possibility, so I would like to thank you in advance and I look forward to seeing you on May 15th!

VSBA Advocate for Education Award

The VSBA invites your board to nominate a board member for the inaugural *VSBA Advocate for Education Award*, to be presented at the VSBA Annual Convention in November. This award was created to recognize board members who have demonstrated significant and outstanding leadership, commitment, and contribution to public education that has had an impact on their region and the Commonwealth, and who have shown active involvement in local, state, and federal advocacy on behalf of their division, VSBA, and public education.

Each local school board may submit one name/nomination for consideration. The nomination must be the consensus of the school board, and the nominee must be a current school board member.

Nomination forms (see following page) are due **July 31, 2015**. The selection committee will review the nominations and select the award winner(s). The award may be conferred upon one or more school board members.

VSBA School Law Conference

June 5, 2015

Hilton Short Pump
12042 W. Broad Street
Richmond, VA 23233

Your school division needs **you**, **your superintendent,** and **your attorney** to be at the 2015 VSBA School Law Conference. Why? Because many of the decisions you make have legal implications that will impact your school division for years to come. Be informed and be prepared!

- Learn why the Federal Office of Civil Rights investigates public school divisions, how to prepare for these visits, and the latest trends in OCR compliance reviews.
- School board members are required by law to "ready and familiarize" themselves with the Freedom of Information Act. Hear the VSBA staff attorneys review portions of the Act that board members encounter most frequently.
- Hear an update on General Assembly bills and how they impact your local division.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, April 16, 2015 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Budget Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported the Board of Supervisors will conduct their Public Hearing on the 2015-2016 Budget on April 22, 2015 and will vote on the tax rate on May 4, 2015. He and Dr. Grasty provided budget presentations at each school and at the School Board Office for transportation employees the week prior to Spring Break. Employees were informed of the meetings and their attendance was optional. The information provided was similar to the budget information presented at the March 26, 2015 School Board Meeting and addressed the various budget scenarios. An estimated total of 75 to 80 employees attended the sessions. Mr. McMillan and Dr. Grasty also met with the Parent Advisory Committee on April 15, 2015 to make them aware of the possible budget outcomes for our school division.

Mr. McMillan reiterated the best case scenario of a nine cents tax increase to level fund is not good. Bus drivers and instructional assistants have stated a tax increase of this amount will more than consume a possible 1.5% salary increase. Mr. McMillan also reported the potential salary supplement that is proposed by the state requires a partial match from the locality but it will not be finalized until later in the summer. This late decision could create the need to issue two sets of contracts for the 2015-2016 school year; initially in May and then

later in the summer once we receive final salary supplement information from the state.

Mr. Waddell noted during the Board Chairs Meeting held April 14, 2015, Mrs. Aileen Ferguson, County Administrator, stated should the nine cents tax increase be approved, she had placed $180,000.00 in the budget for a two percent salary increase for school division employees.

Mr. McMillan noted if the final funding approval from the locality creates the need to reduce our number of employees, we have several options before utilizing our Reduction in Force Policy by not filling vacancies created due to retirement or resignation and the non-renewal of new employees who are hired on a probationary status. He pointed out a statement would be placed in the personnel file of non-renewed employees indicating this was due to a budget reduction and not a performance issue.

Mr. Waddell thanked Dr. Grasty and Mr. McMillan for their hard work on the budget.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #389, #263, #2014-2015-01, and #252; and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended and students #12286, #14211, #14231, and #51113, and 53006.

Mr. Torrence seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

Sheriff Barry Letterman addressed the Board concerning the School Resource Officer position at Appomattox Primary School that became vacant when that officer resigned to take a position in another locality. He noted he had

received a copy of the letter sent to Dr. Grasty from the County Administrator stating it was the consensus of the Board of Supervisors to allow the school system to determine if they preferred he fill the position or have the funding for the position added to the school allocation for the FY2106 budget. Sheriff Letterman communicated it was his preference to have a School Resource Officer in each school. While the SROs take on a different dynamic at each school, the position was important at the primary school to keep the students and staff safe and it builds a positive relationship between the students and law enforcement officers. The sheriff indicated should the position be lost, he was concerned it might not be reinstated in the future.

Mr. Smith thanked Sheriff Letterman for his comments and stated it was his opinion the SRO position needed to stay under the auspices of the Sheriff's Department. Mr. Smith also indicated he preferred Sheriff Letterman fill the position rather than the school division receive additional funding.

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier in the Day

Dr. Grasty stated the School Board began their annual spring tour of all of the schools at 8:45 a.m. and requested comments from Board Members.

Rev. Jones pointed out the tour revealed the wonderful job our students and teachers do and it gave him great hope for our future generations.

Mr. Smith enjoyed seeing the research being conducted by the middle school science class students who were using IPads. He was also complimentary of the classes at the high school that are outside the SOL realm such as computers and auto mechanics.

Mr. Torrence was impressed with the panel of students at the elementary school who asked and answered questions. He noted they were very mature in their thinking.

Rev. Williams was complimentary of the administration in all the schools who were so gracious to the Board while tremendously involved with SOL testing. He suggested the spring tour be conducted in March next year to avoid the testing conflict.

Mr. Waddell was in agreement with all of the comments shared by the other members of the Board. He stated it was wonderful to be in the schools and see what our students are doing. He expressed his appreciation to all of the teachers, school administrators, and Central Office personnel who are working

together as a team for the benefit of our students by challenging them to excel. He noted several Career and Tech students at the high school have taken the first step towards becoming computer technicians by completing National A+ Certification. He also pointed out the Auto Mechanics student who received the State Inspection License and was pleased with the many AP classes that are offered to our students.

Dr. Grasty thanked the students and staff for their hospitality in providing a great day in our schools.

Membership Report

The superintendent provided the March 31, 2015 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,191 students. This compares to a budgeted ADM of 2,215. (See Attachment # 12)

VSBA and NSBA Activities

VSBA will conduct a Policy Services Workshop on May 20, 2015 in Charlottesville. The registration fee is $125.00 and the deadline is May 12, 2015. Dr. Grasty will be attending.

The 2015 VSBA School Law Conference will be held June 5, 2015 in Richmond. The registration fee is $215.00 and the deadline is May 15, 2015.

VSBA has requested nominations for consideration for the inaugural VSBA Advocate for Education Award. This award was created to recognize Board Members who have demonstrated significant and outstanding leadership, commitment, and contribution to public education that has had an impact on their region and the Commonwealth, and who have shown active involvement in local, state, and federal advocacy on behalf of their division, VSBA, and public education. Each local School Board may submit one nomination which must be the consensus of the Board. Nomination forms are due by July 31, 2015.

School Showcase: Appomattox Primary School

Appomattox Primary School was featured in this month's School Showcase. Ms. Michele West, APS Principal, introduced the following students who read to the superintendent and Board Members the stories they had written concerning their favorite place: **Max Nitti, Jacob Shippee, Jay Harris, Gavin Womack, Brooke Goin, Miller Phelps, Savannah Jones, Chloe Kidd, Clay Hamilton, Courtnee Holland, Symoria Mosley, Peyton Evans,** and **Ellie Armstrong.** Ms. West stated all of the stories had been published in an E-Book that could be accessed on the school's website.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. March 31, 2015 Quarterly Financial Report for 2014-2015 – Expenditures were slightly higher than at the same time last year. This was expected as a number of positions were reinstated for the current school year. It was also noted revenues were down slightly as our enrollment had decreased. (See Attachment # 13)

2. 2015-2016 Budget – The Appomattox County Board of Supervisors will vote on the tax rate on May 4, 2015. The maximum amount for the tax increase is nine cents. Should this amount be approved and our school division is level funded we will still have a deficit of $130,000.00 due to the decline in enrollment. Should the approved tax rate be less than nine cents, we are uncertain at this time how it will impact our budget. Mr. McMillan reiterated the school division comprises 23 percent of the local budget and was in hopes this percentage would be taken into consideration should the county need to make budget cuts. He indicated the nine cents tax increase would include salary raises in the range of 1.5 to 2 percent; however, the state will not guarantee this money until their revenue reports are confirmed during the summer. It was Mr. McMillan's opinion that contracts including raises could not be released until specific information is received from the state; therefore, the need for two contracts appeared necessary. He indicated contracts would need to be generated prior to the end of the school year with new contracts issued during the summer if salary increases are confirmed by the state. A clause would be included in the initial contract stating this information.

Mr. Waddell reported the Board of Supervisors Public Hearing on the 2015-2016 Budget went well and was very positive. He expressed his appreciation to all of the individuals who spoke in support of funding for the school division.

Discussion of Cooperative Fuel Bid Process for 2015-2016

Dr. Grasty reported Mr. Matt Lair, Transportation Supervisor, and Mr. Timmy Garrett, Maintenance Supervisor, recommend our school division continues to participate in the Cooperative Fuel Bid Process for 2015-2016. They anticipate a meeting will be held in May or June to establish the fuel prices for the upcoming school year. The superintendent noted this had been placed on the agenda as an action item and requested the Board authorize Mr. Lair and Mr. Garrett to participate in the Cooperative Fuel Bid Process on behalf of our school division. Mr. McMillan noted fuel prices are currently lower than at this time last

year. He also stated we did not realize the full benefit of the lower prices this year but hoped for improvement next year.

Response to SRO Letter from County Administrator

Dr. Grasty referred to a letter from Mrs. Aileen Ferguson, County Administrator, which requested guidance from the School Board concerning the School Resource Officer position that had been vacated at the primary school due to a resignation. In the letter, the Board of Supervisors asked if the School Board wanted the position to be filled or have the funding for this one position added to the school allocation for 2015-2016. (See Attachment # 14) It was the consensus of the Appomattox County School Board to leave the School Resource Officer position in the Sheriff's budget and to request Sheriff Letterman fill the position at Appomattox Primary School with the funding for this one position not to be added to the school division budget, but remain in the Sheriff's budget. The Board directed the superintendent to inform Mrs. Ferguson of this decision by letter.

Southland Energy PPEA Presentation Response

Dr. Grasty referred to the presentation made at the March 12, 2015 Joint Board Meeting by Mr. Spencer Morgenthau with Southland Energy and the follow-up presentation to the School Board on March 26, 2015 regarding the recent energy study conducted by his company concerning Appomattox County and Appomattox County Public Schools that had been requested by the county. At the March 26th meeting, Mr. Morgenthau stated a request had been received from the county regarding the desire of the School Board to further investigate the proposed energy savings project and suggested a committee be established. The superintendent requested guidance from the Board.

Mr. Torrence noted Mr. Morgenthau left the Board with unanswered questions and did not specifically address how the savings are guaranteed. Rev. Williams compared the March 26th presentation to a confusing infomercial but was in favor of a joint committee. Rev. Jones stated he had no problems with continuing a discussion without making a commitment at this time. Mr. Smith was concerned with the concept of "something for nothing" and mentioned Charlotte County had a bad experience with this company and withdrew their project. Mr. Waddell was of the opinion any costs involved would ultimately be the county's responsibility but noted this fact needs to be verified.

Following the discussion, it was the consensus of the Appomattox County School Board to participate in a Joint Committee with the Appomattox County Board of Supervisors for the purpose of gathering information to determine if the PPEA presentations from Southland Energy should be pursued. It was determined the following individuals would represent the school division on the

Joint Committee: Greg Smith, Wyatt Torrence, and Timmy Garrett. Dr. Grasty stated she would send a letter to the County Administration with this information.

Report from the Gifted Advisory Committee

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, provided the 2014-2015 Gifted Advisory Committee Summary Report as compiled by Mrs. Melanie Ranson, Gifted Teacher and Chairman of the Gifted Advisory Committee. (See Attachment # 15) The report presented the future targeted improvements for the Gifted Program:

- Implement a "discovery period" at AMS to provide greater enrichment services for our advanced learners and high achievers.
- Continue to explore service delivery models we provide for gifted learners at all schools.
- Continue implementing staff development regarding differentiation for the gifted learner in the regular classroom.
- Improve the range of alternative assessments used to identify twice exceptional students, students from economically disadvantaged backgrounds, and culturally diverse students.
- Continue to consider how budget impacts the expansion of AP course offerings.

Employee Recognition Banquet

Mr. McMillan reported the 2015 Employee Recognition Banquet will be held Thursday, May 21, 2015 at 6:00 p.m. at the Appomattox Community Center and invitations would be issued.

Professional Biography

I am a second generation teacher. My father is a lifelong educator that is well respected, renowned in his community, and has found much success in his educational career. He is employed in the same teaching position that he accepted when he graduated from college, some 36 years ago. Growing up a "teacher's kid" has had a tremendous impact on shaping my views and opinions towards our educational system in Virginia. By title, my father is just an agricultural educator. However, to countless people, he was and is a father figure, motivator, mentor, shoulder to cry on, disciplinarian, coach and most importantly an agriculture teacher.

Due to the nature of his subject area, my father often refrained from letting me visit his classroom and laboratory before and after school or during his FFA chapter events when my siblings and I were young children. Instead of discouraging me, this only fueled my interest and created a burning desire to tag along with dad. Little did I know that as young observer, I'd soon become a participant in my father's lifelong mission as an educator. As I aged and matured, I spent more time with my father and his students. Before long, as an elementary aged child, I fell in love with the lifestyle of an agriculture teacher. I was captivated by the opportunities he provided for students to experience success. The long hours and constant focus towards selflessly helping others reach their goals and ambitions lured me towards the education profession. I had a behind the scenes seat and witnessed how he often helped his students find new heights and dreams that they never knew existed. It was inspiring to watch him carefully guide and craft experiences that shaped young teenagers into responsible and contributing citizens of the world community. Agricultural Education was his tool that he used to impact eternity for the good. I was eager to do the same and soon became addicted to being a teacher that has impact.

I would be remiss if I did not address another high school teacher whom I will never forget. The experience was not as positive, but nonetheless had a lasting impression on my future as an educator. As a student, most of my formal education came very easy to me. As many good teachers do, this particular teacher in high school challenged me and pushed me beyond my limits at the time. When the content became increasingly challenging and my efforts to learn were increasingly unsuccessful, I struggled academically and emotionally. Very quickly, I realized I was learning that I could <u>not</u> master the content instead of learning the subject matter. Even after I completed the course, I had insecurity about the subject material for years to follow. From my desk, the struggle seemed normal to the teacher and didn't change her actions towards me or other students in the same boat. The instructor's cold shoulder and lack of concern bothered me the most. At that moment, knowing my desire to become an educator, I resolved to

become a teacher that taught students that they can do amazingly more what seems possible as long as they maintain a positive work ethic, resolve and creativity. I wanted to commit to challenging students, but never leaving them behind. Success is a motivator that I would use to teach many students.

Most of my personal successes as a classroom educator have names. More than likely, Caleb wasn't going to graduate on time. He didn't like school and placed little value in his education. He joined my school's FFA chapter and realized that he enjoyed raising and showing livestock. He volunteered on the weekends to care for our school livestock. He began to compete in other FFA contests and started to find value in the reading, writing and arithmetic that his other teachers and I were trying to teach him. Caleb went on to serve as chapter president his senior year and graduated with numerous other accolades. He served on our district advisory committee and is an active member of our FFA Alumni Council. Caleb is one of my biggest successes as a teacher because he represents the many students I work with on a daily basis. The odds were against him, but he found a home in my classroom. His success in life is largely due to the efforts made in my classroom.

Dani was an all-star student, every teacher's dream. She excelled in everything she did. Even though agriculture classes dropped her weighted G.P.A., she continued in the agriculture program. Graduating with highest honors, a host of scholarships, and a number of colleges recruiting her, Dani put her life on hold up to run for a position in state FFA leadership because she believed in agricultural education and wanted other students to find the same opportunities for success that she experienced. Dani became the first female student from our school to serve as a state FFA officer. Dani was the first student in over 30 years from our school to even be elected! She went on to later finish a teacher preparation program and now works as the agriculture teacher at our feeder school, Appomattox Middle School. It is a privilege teach alongside and continue to mentor a former student. I humbly consider Dani to be one of my greatest accomplishments because I know my influence will spread exponentially through her teaching. I am honored to have had a direct impact on another educator by being her teacher.

I take pride that there are many more students who have found great success in the agriculture program at my school and in their respective careers after school. The sum of their positive experiences can be expressed best by two awards that my department and chapter recently received. My FFA chapter was recently selected as the top chapter in Virginia in the National Chapter Contest out of 186 chapters. My professional teaching organization, the NAAE, also recognized our agriculture program as one of the top six agriculture programs in the country.

Community Involvement

In order to create lifelong influence within the classroom and beyond, it is essential that teachers play an integral role in their community. I purposely choose to live, work and worship in the heart of my school's community so that I might maximize my effectiveness as a teacher and role model within my school environment. My community involvement is two-fold. As an advisor of my school's largest student organization, the FFA, I use my influence to guide students to become very involved in community service. I am also play an active role in many service oriented activities in my church, Liberty Baptist.

The last part of the FFA motto is, "Living to Serve". I consider it my responsibility to instill a service oriented mindset into each of my students. As an agriculturalist, a healthy environment is essential to our world community. Each year I work with state organizations to provide our school students and teachers with free tree seedlings to plant around their homes and around the county on Earth Day. Biennially, I help host a wildfire education workshop to teach students the dangers associated with burning brush and how to properly manage campfires. Under my leadership, my agriculture department students have adopted 1.4 miles of highway near our school. We collect litter several times during the school year.

Creating awareness and financial campaigning are a large part of service to our community. My agriculture classes host an annual school-wide cornhole tournament dubbed "Holes For Hope". Funds raised from the event provided Christmas gifts for area children associated the angel tree program. Since the program began, my students have collected over $1,600 and provided 21 underprivileged children with gifts. Food insecurity is a major issue that my community battles. During my tenure and leadership at ACHS, my students have sponsored community and school-wide food drives to benefit a local food bank. I helped to manage an annual "Big Buck" charity hunting contest for high school students. Participants were trained in hunter safety and all proceeds were donated to our local chapter of Hunters for the Hungry. While working with student leaders, I also oversee an annual field day for the division's first grade students called, "Little Farmers' Day". FFA members lead nine interactive and educational stations about our county's agricultural industries. They also partner with state and national industry-based organizations to provide each first grade student a take-home goody-bag filled with educational extension activities.

Team synergy is important when trying to positively impact the community. I instill a cooperative spirit in my students by encouraging them to partner with other organizations to tackle large events. I have helped my

students to partner with True Grit Rodeo to manage their local rodeos. They help direct traffic for visitors, assist in crowd management and collect trash. My students and I also regularly partner with the local Farm Bureau and Young Farmers chapters to conduct events for our community. My students and I helped to direct traffic and take tickets for over 1,500 visitors at the annual Farm Bureau tractor pull. During the woodworking unit that I cover, my students partner with the Farm Bureau Young Farmers to build and donate bookshelves that look like barns. The "book barns" are filled with age appropriate agricultural books and donated to area primary and elementary schools. My students and I manage a 25 acre farm adjacent to our school that is home to beef cattle, sheep, goats, pigs and chickens. On a regular basis, we lend our animals to churches for events like living nativity scenes and vacation bible schools programs. We regularly partner with the county Virginia Cooperative Extension service to offer educational workshops to our community. I have co-hosted a variety of workshops for area constituents including beginner's beekeeping, small ruminant management, beef cattle management and livestock showmanship. I continually try to involve all of my students in community service. My teaching is more effective because I serve alongside them in a variety of projects that benefit our local, state, and national communities.

It is important to me that students see me serving in aspects outside of a school setting. I am a member of Liberty Baptist Church in the town of Appomattox. I serve as a deacon and oversee the Ministry of Compassion, a ministry that focuses on meeting the needs of the underserved, widows, and orphans. I coordinate teams of volunteers to assist replacing roofs, moving families, snow removal, handicap ramp construction, and basic home repairs. I am the chairman of the Liberty Baptist Weekday Preschool Board. As chair, I assist the Preschool director in the daily operation of the 3 and 4 year old preschool classes. I volunteer with my church's youth program. Periodically, I serve as a team leader for my church's community events such as our Youth 5th Quarter, Egg-Glow Eggstravaganza Easter Celebration, Community Movie Night, and Back-To-School Day. Each of these events usually attract between 1,500-2,000 community members. The primary purpose of these events is to provide a free and entertaining family-friendly activity in a rural socioeconomically struggling community. During a typical event, I might be involved in directing traffic, serving food, manning a game station or helping clean up. I also co-teach my adult Sunday School class, serve on the church council and serve as an usher during worship services.

My Alma Mater's motto, "That I May Serve", has become an integral part of who I am. I use my position as an agricultural educator to instill the importance and value of service to each student I teach.

Philosophy of Teaching

Learning should be an enjoyable and natural experience. My lessons are designed in an orderly and structured, yet flexible manner that revolves around student interests and talents. I resolve to reach out to each student as an individual and ensure that everyone has a chance to swim in the sea of knowledge and learning. At the same time, I encourage a cooperative learning environment in which students will often work as a team. I model and promote lifelong learning. The fundamental aspects in my teaching career are based on solid educational principles that reflect effective teaching strategies and how people learn.

Collaboration, content application, engaging students, and fostering a positive learning environment comprise my core educational philosophies. Collaborative learning leads to increased comprehension. Students must be able to use a variety of human, digital, and text-based resources to accomplish their learning objectives. Applicable and relative learning engagements promote long term learning and development. The context of the agricultural sciences allow for the practical application of science, technology, engineering and math. Consistent reinforcement and the application of content is essential to make learning meaningful. Active engagement in the classroom prompts motivated self-discovery among students. Lessons must be designed so that every student is engaged in and beyond the classroom. A positive environment emphasizing strong character development promotes students' maturity and a healthy self-esteem. Student choices perpetuate responsibility in the classroom. Applying these student based philosophies in the classroom or laboratory helps to maximize learning potential in my students.

Great teachers are excellent leaders. Leadership is best defined as: *influence*. Great teachers carefully craft experiences for students that enable them to intuitively develop knowledge, skills, and understanding that is retained for life. Great teachers teach more than mere content. While they manage to help students exceed competencies and standards, they manage to incorporate soft skills and life lessons into every day's activities. Students and staff confidently look to great teachers as subject matter experts, foundational leaders in the school culture and stakeholders in the local community. They must be knowledgeable, yet approachable; firm, yet understanding; respectful, yet inquisitive and concerned for the student and the whole person. As evidenced by my student, school and professional achievements, I possess many of these qualities.

The best rewards in the teaching profession are difficult to measure. A sincere thank you card from the shy student in class, a high-five in the hallway, encouraging notes left on my board, or the student eagerly running to update me on their agricultural worked-based learning project are a few examples of the daily rewards that I enjoy.

When coaching FFA Career Development Event teams, I find joy when students meet their personal goals. It is equally as satisfying after a tough loss when team members make adjustments to their plan of action and try again to meet their goals. Helping students use failure as a building block for future success is a valuable teaching tool. In the classroom, I enjoy watching students review before a test; seeing them realize what they've learned. It is rewarding when students elaborate on course topics because they have chosen to interact with content outside of class.

I meet my students at the door each day. I often shake their hand and ask how their day has been. I call each person by name from the first day of class. I make efforts to learn their hobbies, favorite sports teams, and interests. I work with each class to develop expectations; what they expect to learn, the behavior I expect, and the curricula I am expected to cover. My desks are arranged in groups to better promote collaboration. I always write weekly lesson plans for each class, using my division's lesson plan format. Daily objectives are clearly listed on the board. Every minute of my class time is used for formal and informal instruction and assessments. I open each lesson with a creative picture, thoughtful question, personal story, or review activity to help students mentally transition to my content. Whenever possible, student choice is incorporated into my lessons. For instance, my Veterinary Science classes democratically pick a small animal species to study each week. When studying livestock production, students choose an aspect of production to research and present their findings. I utilize real-world scenarios to help students learn about agriculture. After introducing, facilitating, and teaching content, a review activity is essential to make learning permanent. I utilize classroom technologies such as a Promethean board and polling devices to help make interactive and formative assessments of student learning.

Success in the workplace, life, and in school is often a collaborative process. I constantly involve other adults in my lesson, modeling professional teamwork and collaboration for my students. I partner with faculty in other departments, extension agents, agricultural producers, or university professors to bring a diverse learning experience to my students. I work diligently to ensure our land laboratory mimics realistic farms. The land laboratory is a working farm that I oversee as part of my school responsibilities. I strive to involve students in all management decisions and in daily operations so that they are career ready upon graduation.

The learning process is a cycle that should never end. It is my sincerest hope that students realize and employ skills developed during our shared educational experiences. Upon completion of my courses, all students will be equipped with life knowledge and skills that are applicable in other classrooms, at work, home and in their community.

Educational Issues and Trends

It is hard to capture, keep, and maintain the excitement and enthusiasm that early career teachers possess. The energy and dedication that new and motivated teachers provide to their students, schools, and peer teachers is hard to replicate and irreplaceable. The value that this influence has on the teaching profession is essential to the long term success of our students and our schools. Albeit no one will contend the value of new and motivated staff in the school building, the increasing rate of teachers changing careers is easy to ignore, hard to measure, and difficult to source. The National Center for Educational Statistics estimates that 40-50% of teachers leave the profession within 5 years. All too often the pressures of the profession, heightened involvement and responsibilities within the school body, educational budget woes, over-commitment and personal obligations dull the brightness that radiates in every successful early career teacher. Teacher burnout and career switching is a major issue in the educational community today that must be addressed in order to close the rising achievement gap.

Teacher burnout is similar to "death from a thousand paper cuts". Every effort must be made to examine each factor that discourages motivated teachers and hampers their effectiveness. Unrealistic and unfunded educational reforms indirectly put unnecessary pressure on the classroom teacher. The emotional drive to provide the best for children has prompted political policies that are surrounded by great intentions and make great headlines, but create tension in the teachers' lounge. Instead of the children teachers signed up to serve, lobbyists, delegates and representatives become the masters we must keep satisfied. An environment in which one serves many masters but can't please any is not hospitable to any employee. Autonomy within the classroom empowers teachers. We ask and need teachers to be accountable. We must afford them the opportunity to earn and keep our trust.

It's been said that luck can be best defined as the moment when preparation meets opportunity. There are 18 opportunities that greet me each morning. Without proper training and preparation, good hearted teachers do not last long in the classroom. Classroom management is a difficult skill to master; a skill that is hard to teach to inexperienced teachers. It is impossible for most teachers to "leave work at work" when students misbehave, don't meet expectations, or struggle to achieve. The emotional burden is great and costly. As more school divisions hire alternatively certified educators to fill open positions, there must consequently be a professional development focus on classroom management strategies in order to develop and keep lifelong educators engaged in their career.

By their inherent nature and personality, good teachers regularly and quietly go out of their way to help every student, often at great personal cost. When the bar is "raised", they resourcefully find strategies to better meet

the needs in their classroom. Time away from family, dedicating personal finances for class supplies, late nights and weekends grading papers, and hours spent lesson planning contrasted with their non-teacher peers' regular promotions, full budgets and engaging and supportive work climate prompt many to consider switching careers. After a short time on the job, it is too easy for inspirational energy and motivation to secede to the drive to maintain the status quo, avoid negative press by "flying under the radar" and do just enough to get by. Once teachers reach this point, it is difficult to resurrect their passion and easy for them to switch careers. Not only does the educator and their family suffer, but students fail to reach their potential under the leadership of burnt out teachers.

Early intervention is key. Professional organizations must help open dialogue about burnout. It doesn't need to be the so-called "elephant in the room" that isn't addressed until it is too late. Completely resolving the problem of premature teacher burnout will require a multifaceted approach and an adjustment to much of society's philosophy regarding educators. Prevention is always a great medicine. Teacher preparation programs must continue to equip future professional educators with the tools necessary to handle the rigorous schedule of today's educator. Team teaching or extended planning and preparation time can be offered to early career teachers. Lowering educational standards to make the job more attractive is not an option. We must not diminish the value of genuine appreciation, understanding, and encouragement. These are FREE strategies that boost morale for all teachers and school staff. Efforts must be made across the board to increase the thoughtfulness and sincerity behind the implementation of programs like, "Teacher Appreciation Week" or "National Thank A Teacher Day".

Administrators must dedicate resources and thoughtful energy into developing relationships with parents, local industry leaders and school alumnae in hopes of providing partners for teachers outside of the classroom. A culture and network of support must be created in order for teachers to create an established, effective, and lifelong career in education. Proven educators, administrators and governmental officials have the ability to create a climate and a network of support that encourages new and experienced teachers alike. As an industry, we have to be careful not to burnout our best bulbs. Model teachers are also busy people with overflowing responsibilities and commitments. Involving retired educators, administrators, and a team of teachers to help one early career teacher might be more effective at preventing experienced teacher burnout and create a broader network of supporters for new educators than constantly giving standout teachers more responsibilities.

Educators make the school grounds a habitat suitable for creativity, collaboration, imagination and intuitive problem solving. It takes a village to raise a child and a team to teach one. Teacher burnout is a fixable concern.

To Whom It May Concern:

I have had the pleasure of working with and personally observing Mr. Edward McCann for the last four school years, during which I have been his evaluating administrator. During this time I have observed him to be of the highest character. During Ed's time here at Appomattox County High School, he has helped to grow our Agriculture program into one of our most dynamic CTE programs in the school. This school year, our Agriculture program was recognized as being one of the top programs in the United States. Ed's lessons almost always include some differentiation to ensure that each of his students is able to obtain the presented material. He also serves as a model for other teachers in presenting them with new ideas to differentiate their lessons.

The students, parents and staff have a great deal of respect for Ed. He works endless hours on creating new and exciting learning opportunities for his students. He also maintains our land lab year round that is home to various sheep, goats and hogs. In addition to all of this Ed is always preparing our students to attend both the State and National FFA Conferences, and thanks to his hard work most of our students are able to attend both with little or no out of pocket expense.

Mr. McCann has been employed at Appomattox County High School since the fall of 2008. During his time here, he has won numerous awards including being the 2015 Virginia Association of Agricultural Educators – Teacher of Teacher Award, and the 2015 Virginia Tech College of Agriculture and Life Science Department of Agricultural and Extension Education Recent Alumnae Award. Ed was also named the Eastern Regional Finalist for the National Association of Agricultural Educators Outstanding Young Member Award in 2012.

Mr. McCann is very dedicated to being a teacher and this is evidenced by the fact that he has been on the VDOE CTE Veterinary Science Curriculum Review Team in 2013. Ed was also asked to be a speaker at the 2015 VDOE CTE Work-Based Learning Cooperative Education Workshop, at the Virginia Tech Early Career Teachers Conference in 2014, and at the Virginia Young Agriculturalist Conference in 2011. Ed was also a presenter at the 2009 American Association of Agricultural Educators Southern Region Conference where his topic was "Cognitive Effect Indicators: The Impact of Student and Teacher Styles on Course Grades."

I highly recommend Edward McCann for the Virginia Teacher of the Year. His understanding and knowledge of helping his students achieve their personal academic goals will make him a valuable asset to the Virginia Teacher of the Year program. I also know that if Ed is selected, he will represent the school in a positive light.

Sincerely,

F. Poldi Moreno, Ed.D.

Dear Dr. Staples,

It is with great honor to recommend Edward McCann, Jr. for the Virginia Teacher of the Year Program. I have had the pleasure of working with Ed for the past six years at Appomattox County High School. In his seven years teaching, Ed has spearheaded the reinvigoration of the agricultural department at Appomattox County High School through his superior instruction, dedication to the students, and excellent rapport with co-workers and community members. His leadership in our agriculture department has led to our FFA chapter being recognized as the top chapter in Virginia and in 2014 the agriculture department was recognized as a winner of the National Association of Agricultural Educator's Outstanding Middle/Secondary Program Award.

Teaching comes very naturally to Ed. He strives to make his lessons engaging and purposeful while providing real world experiences through laboratory instruction. While teaching at Appomattox County High School, he implemented the addition of an agriculture course specifically for the students that are served through the self-contained classroom. These students love the course because it allows them to learn how to care for the livestock we raise on the Appomattox FFA Land Laboratory. Each year, roughly 10% of the students on the livestock show team are students from the self-contained classroom.

One of the qualities I admire most of Ed is his rapport with his students. His current students are always willing to stay after class or school to assist with projects. On a weekly basis, a graduate of the agriculture department will stop to visit or assist with a classroom activity or FFA project. For example, in preparation for the Central Virginia Livestock two weeks ago, former students assisted with the transportation of livestock to the show that is 30 minutes away from the school.

Ed plays an active role in our school and community through his involvement as a member of Liberty Baptist Church, serving as an advisor to the Appomattox Senior FFA Chapter, and also serving on the board for the Appomattox FFA Alumni Association. All three of these activities makes him very visible in the community and is known as someone that can be trusted. By serving as an advisor to the FFA he is committed to providing an intracurricular organization for students at Appomattox County High School. The successes of the FFA chapter have built a strong community support and an organization that is easily recognized within our community.

A quality of an outstanding agriculture teacher includes being able to possess the energy to withstand a taxing schedule. Ed's daily duties as an educator include teaching three blocks a day, managing a 25 acre land laboratory, coaching FFA Career Development Event (CDE) teams, and coaching the Appomattox FFA Livestock Show Team. He is able to balance the busy schedule of teaching along with his involvement in his church and his family.

Ed is an outstanding teacher who is dedicated to his profession. He is highly motivated and dedicated to his students succeeding in the classroom, FFA activities, and in their future careers. He is a role model to his peers and members of the Appomattox's community. Ed is an asset to the Appomattox community and a teacher I strive to be more like.

Sincerely,

Elizabeth Duncan

Dear Committee Member,

It is with great honor that I am able to recommend Mr. Ed McCann for the teacher of the year award. I have known Mr. McCann for eight years.

Mr. McCann is a respected man in our church and community. He has served our church in a variety of ways, which includes co-teaching one of our adult Sunday school classes, has worked with our youth in chaperoning and mentoring in both middle and high school, and has been involved in planning and organizing college and young adult's ministry. He is also a Deacon in our church. Mr. McCann is chairman of our Preschool committee. He is part of our Compassion Ministry which serves many people in our church and community.

Mr. McCann teaches a variety of classes and keeps up with the latest innovation, technology, and equipment. He demonstrates in many ways how he loves to teach and loves his students. He is a hard working teacher who shows great character in all he does. He is very knowledgeable and wants his students to excel. Mr. McCann inspires the students to do better in every aspect of their life. He is a great problem-solver, a patient teacher, and passionate about his work.

Based on all the qualifications and character traits Mr. McCann exhibits, I believe he is qualified and would handle the responsibility that comes with being Teacher of the Year.

Sincerely,

Rusty N. Small

SHOWCASES FOR SUCCESS

As a means of encouraging awareness and recognition of public schools, the Virginia School Boards Association invited Virginia's school divisions to recommend programs that would serve as "Showcases for Success" in public education. The VSBA has created an online database of these successful programs and will feature them on the VSBA web site for the entire year. In addition, this directory will be shared with journalists, school board members, superintendents, legislators, and top state officials.

This year, featured programs fit within one of two categories—Virtual/Blended Learning (V/B) and Career & Technical Education (CTE).

Readers are invited to visit the directory of programs, which is now available on the VSBA web site. We also would like to encourage an exchange of ideas and initiatives. The directory highlights division-wide programs, as well as those at elementary, middle, and high school levels. The quality and range of initiatives is vast and remarkable, and divisions are encouraged to use these "Showcases for Success" as a starting point to develop similar programs in their school division.

SHOWCASE DIRECTORY

With an open exchange of ideas and implementation of best practices, together we can work toward the ultimate goal of graduation and success for all students.

Carroll County High School STEM Lab for Agriculture

Carroll County High School's STEM Lab for Agriculture may be the first of its kind in the nation. The combination of a dedicated STEM lab equipped with the latest research tools and equipment and a dedicated 65 acre farm, both operated by the school's agriculture department, allows students to learn scientific protocols that will assist local producers in meeting higher food safety levels by providing lab services that will enhance their necessary documentation. The combination of agriculture classroom instruction, utilization of the STEM Lab for Agriculture, agriculture production on the school farm, and a partnership with both Virginia Tech and the Southwest Virginia Farmers' Market, is a unique combination that has equipped the Carroll County Public School System to be a national leader in the arena.

Community Based Instruction at Liberty High School

Liberty High School has partnered with local businesses to provide relevant and career-oriented opportunities for students with disabilities to gain experience and confidence in the workplace through their Community Based Instruction (CBI) Program. After two years of classroom and campus-based learning opportunities, students intern with local businesses, learning both employability and career-specific skills necessary for a successful post-secondary transition. Liberty High School staff utilizes transition-specific career readiness curriculum in special education classes to develop soft skills, as well as identify and prepare for specific areas of post-secondary interest. Students are accompanied in to the community by trained support staff, providing on-site instruction and accommodation for task completion and mastery. Over twenty students currently participate in the LHS CBI program, and local businesses that have partnered with Liberty High School include Food Lion, Super 8 Motel, Arthur's Jewelry, Bedford Country Store, Pizza Hut, Goodwill and the Bedford Library.

HYC3

Hybrid learning opportunities are available for George Mason students (HYC3). Hybrid learning provides online lessons and assessments adhering to Virginia standards in a teacher-supported classroom. Hybrid learning courses provided at George Mason may include, but not be limited to: English 9, 10, 11, 12; Algebra I, II; Geometry; Biology; Earth/Space Science; U.S. History I, II; U.S. Government, Financial Literacy. Additional courses may be offered through Virtual Virginia. Four teachers who are highly qualified to work with students from all ability levels staff the HYC3 classroom. The teachers are trained to support students in a virtual environment as well as face-to-face for individualized attention. This program has been very successful and is becoming a very popular choice for our students who want to graduate early or make room for more advanced coursework.

Virtual Tutor

When eighth-grade science students at L. Douglas Wilder Middle School have a big test looming, they can start to prepare at home by opening their laptops and consulting a tutor – Virtual Tutor. Virtual Tutor is test-preparation software designed to help students focus their study time where their knowledge is weakest. Virtual Tour operates within the Edgenuity online learning platform. Students begin by taking a diagnostic test. Virtual Tour takes a look at how the student performed and creates an individualized study plan. That way, the student can spend more time on the concepts where they're shaky, instead of wasting time reviewing things they already know. Henrico Schools tried the software for 2013-14 at Douglas Freeman High School (for several subjects) and Glen Allen High School (for English and math). Those students saw improvements in SOL scores, and other schools wanted in. In addition to Wilder, Brookland and John Rolfe middle schools and HCPS' Academy at Virginia Randolph are using the software for 2014-15.

Pulaski County High School News Show

Journalism is the intersection of art and science used to deliver the latest news in an accurate and engaging manner. Beginning last fall and continuing into this semester, several of the TV and Media Production students at Pulaski County High School have embarked on a journey to learn the basics of digital news production from the perspective of a field electronic news gathering team. The students are learning how to shoot stories, "B roll" (those cut away shots in every news story), get comfortable in front of the camera, and most of all have fun in the process. They are well on their way to partnering with New River Community College to broadcast a weekly news show that spotlights the incredible learning opportunities and the exceptional people at Pulaski County High School.

The NASA HUNCH Program

York County Public Schools students have partnered with NASA to participate in HUNCH (High School United with NASA to Create Hardware), an innovative program that involves students in fabricating real-world products for NASA as they apply their science, technology, engineering and mathematics skills, as well as learning to work in teams and think creatively. As a part of the Career and Technical Education program, Grafton High School Advanced Drawing students are collaborating with astronauts and engineers as a part of the HUNCH program to solve real-world problems including the development of a hand-held can crusher to be used by astronauts to reduce used food cans for disposal. Their solutions may be developed further by NASA and used on the International Space Station. NASA engineers and astronauts collaborated to analyze the students' sketched solutions to the given task. The resulting sets of drawings were used to create 3-D printed prototypes that were proposed for the final solution. Through the HUNCH program, students actively participate in STEM-related activities which increase student engagement and achievement while solving authentic problems.

JASON Learning is a non-profit organization that connects students, in the classroom and out, to real science and exploration to inspire and motivate them to study and pursue STEM-related careers. The program embeds exciting STEM professionals and cutting-edge research into award-winning, standards-aligned in and out-of-school curricula. Live webcasts connect students with inspirational STEM role models. Student materials include reading selections with read-to-me functionality, inquiry-based labs, videos, and online games. For teachers, JASON Learning provides lesson plans, assessments, and comprehensive professional development programs. Goochland has begun the creation of local, course-specific digital content that is customized to engage students in ways not possible with traditional textbooks and supplemental paper copy materials alone. Goochland's efforts will allow students to have ubiquitous access to the learning content. JASON Learning will be a cornerstone to our digital content project, specifically in the area of STEM.

World History Flipped Classroom

Utilizing a flipped classroom approach in the DE World History II class allows students to develop critical college level skills in both thinking and time management. Students use rewind and fast forward features to efficiently take notes; they are able to become familiar with aspects of an online classroom via Google drive (essential in the modern college environment); and they are able to utilize critical thinking skills by assessing and questioning throughout the lecture. The blend of online learning (lecture) and face-to-face class time (assessment, activities, and scaffolding) allow students to learn and question at their own pace but still be monitored for understanding and application. A flipped classroom offers the independence and self-pacing of an online class, but it also provides the guided reinforcement that is necessary to bridge the gap between high school and college.

Using http://www.edmodo.com, fourth graders at Hardin Reynolds Memorial School extend their learning experiences beyond the classroom and collaborate in a virtual venue. At the beginning of each week, Mrs. Jen Cox, fourth grade teacher, posts homework and instructional handouts for her students. In addition, she also posts website links to educational games and videos that correlate with the topic they are studying during the week. Extra credit activities including quizzes and writing assignments are posted to the Edmodo website for students to explore on days they are out of the regular classroom setting due to weather. Fourth grade students post questions or comments on the virtual site. “I feel like I have only scratched the surface of how the program can support virtual learning opportunities for my students. VSBA Board of Distinction

The VSBA seeks to identify school boards that will be designated as a *VSBA Board of Distinction*. Boards must apply for the designation and must meet specific requirements in planning, policy, communication, and board development. If eligible, the board will receive a plaque to hang on the wall of their boardroom designating the board as a *VSBA Board of Distinction*. Designation as a *VSBA Board of Distinction* may be accomplished by the chairman, with the approval of the board, completing and returning the checklist (see following page) and supporting materials by **July 24, 2015**. Once a school board has achieved this designation, it may reapply after two years for continued *VSBA Board of Distinction* status.

The announcement of the recipients and presentation of award plaques will be made during the VSBA Annual Convention in November.

IMPORTANT
The qualifications/checklist for the VSBA Board of Distinction has been updated. Please contact Peter Sengenberger, VSBA assistant executive director, should you have any questions.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, May 14, 2015 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty. Mr. Wyatt K. Torrence was absent due to illness.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

2015-2016 Budget Update

Dr. Grasty referred to the letter from the Appomattox County Administrator regarding the county's adoption of the total 2015-2016 School Budget and requested Mr. McMillan provide an update. (See Attachment # 1)

Mr. Bruce McMillan, Director of Finance and Human Resources, stated the letter from the county indicated the Board of Supervisors will be providing $180,000.00 more in funding for our school division in 2015-2016 than they provided in our current 2014-2015 budget. He noted the additional $180,000.00 is specified to provide a two percent salary increase for all school employees pending confirmation from the state later in the summer that the salary supplement funds will be provided. The supplement will cover a 1.5% pay increase for school employees. The county is providing their employees a 2% raise and giving the school division enough money to do the same for our employees. Mr. McMillan stated this will require two contracts be issued to employees. The first would be issued prior to the end of the school year and would not include a salary increase. The second contract would be issued following salary supplement confirmation from the state and would include a 2% salary increase. Mr. McMillan noted this process has been reviewed and endorsed by our School Board Attorney. He also provided the Board with the

letter that would be issued with the first contract explaining the situation to employees. (See Attachment # 2)

Mr. McMillan expressed his appreciation for the additional $180,000.00 from the locality as he noted our school division will be receiving $130,000.00 less from the state. He also noted it will cost $240,000.00 to provide a 2% salary increase to all of our employees. In order to do this we will need to reduce our 2015-2016 school budget by approximately $200,000.00 to $250,000.00. We anticipate this can be achieved by reducing staff through attrition. At this point we have identified five teaching positions that can be cut from the slots vacated due to retirements or resignations. Currently, secretarial and support staff cuts have not been addressed.

Mr. Waddell stated the information contained in the letter that will be sent with contracts was shared at the May 12, 2015 Joint Board Chairs Meeting to make the Board of Supervisors aware of the process we will be following.

Mr. McMillan noted once the confirmation of the salary supplement funding is received from the state, the School Board will be requested to approve revised Salary Scales for 2015-2016 that will reflect the 2% salary increase. This will be done prior to the release of the second employee contracts. Mr. McMillan noted the first eight steps on the pay scales have the same amount of pay as we have not been able to address step increases for a number of years. He pointed out this is very disheartening to beginning employees.

ACTION ITEMS

Consideration of Approval of Final 2015-2016 Budget

It was moved by Mr. Smith and seconded by Rev. Jones to approve the final 2015-2016 school budget in the amount of $21,840,453.00 (Local Funds: $5,621,695.00; Cafeteria Transfer In Funds: $1,075,000.00; Textbook Transfer In Funds: $350,000.00; Carry Forward Funds: $175,788.00; State Funds: $13,340,160.00; Federal Funds: $1,002,810.00 and Other Funds: $275,000.00) as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 3)

Consideration of Approval of 2015-2016 Salary Scales

It was moved by Mr. Smith seconded by Rev. Jones to approve the 2015-2016 Salary Scales as submitted and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 4)

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. 2014-2015 Budget Update – Mr. McMillan and Mrs. Enochs were working with supervisors to determine the expenditures that could be paid in May and June. Additional information will be provided at the June 11, 2015 and June 25, 2015 School Board Meetings.

2. 2015-2016 Budget Update – The following summary was reported: The county provided $180,000.00 additional funds in the 2015-2016 school budget than they provided in the 2014-2015 school budget. The state will furnish $130,000.00 less for the upcoming budget which was based on our decreased Average Daily Membership. The additional $180,000.00 in funding from the county minus the reduction of $130,000.00 from the state equals $50,000.00. The county stipulated the additional $180,000.00 should be used to provide school employees with a two percent pay increase. However, it will actually cost the school division $240,000.00 to provide all school employees with a two percent increase. Mr. McMillan noted we would like to continue funding a part-time assistant principal at the primary school and the division needs to purchase at least one bus. This brings the 2015-2016 school budget to a deficit of nearly $300,000.00 which equates to six teaching positions. He stated all positions and non-personnel items will be considered for reductions to the budget to cover this deficit. Currently, five teaching positions have been identified as slots that would not be filled next year. Four of the five positions were vacated by resignations or retirements: 1 = AES, 1 = ACHS, 1 = Technology Department, and 1 = Spanish Teacher. The fifth position was the reduction in the number of Data Coaches in our school division from three in 2014-2015 to two in 2015-2016. Mr. McMillan stated any future retirements and/or resignations would also be considered for additional positions that will not be filled.

Contracts have been issued for the 2015-2016 school year with no pay increases. A letter was included with the contracts stating revised contracts would be provided once the Virginia Department of Education releases additional revenue for the purpose of a salary increase.

3. Health Insurance Update – School and county representatives recently met with our health insurance consultant. Health insurance rates for next year will be based on claims history for the current year which are running higher than anticipated. The current projected estimate indicated a 26% increase in premiums for next year. Mr. McMillan noted estimates at this time of the year are generally higher than the actual rates. Currently, we have two health insurance

plans, a $500.00 deductible plan and a $200.00 deductible plan. The Board pays $475.93 per month for each employee who participates in either plan. Based on the early projection of a 26% premium increase, this equates to an increase of $123.00 for the employer only cost per month. However, any increase would be passed to the employee as our 2015-2016 budget does not include additional employer paid benefits for health insurance. Mr. McMillan stated we need to look at our plan options and make changes in an effort to reduce costs to employees. A $200.00 deductible plan is no longer customary. He noted some thought had been given to changing the plan deductibles to $500.00 and $750.00. Additional information concerning health insurance coverage for next year may not be available until July.

Mr. Smith asked how many employees are on the $200.00 deductible plan. Mr. McMillan noted the combined enrollment figures of the school division and county indicated 134 employees were enrolled in the $200.00 deductible plan and 231 were enrolled in the $500.00 deductible plan. Mr. Smith questioned removing the lower deductible plan as it could be problematic for some employees.

Rev. Williams pointed out the Board had strived diligently not to pass health insurance increases to employees. He stated it was a sad day as perhaps the largest increase in many years would now have to be paid by employees. He anticipated the increased health insurance cost, combined with a two percent salary increase, would actually result in less take-home pay for employees.

4. Dental Insurance Update – Our dental insurance is trending better than expected. Premium increases are not anticipated. It is possible premiums may be reduced by one to two percent.

Maintenance Update

Mr. Timmy Garrett, Maintenance Supervisor, presented an update concerning the current capital improvement projects that are being addressed in our school division: (See Attachment # 9)

Spot and Dot Follow-Up

Dr. Grasty referred to a discussion at the March 26, 2015 School Board Meeting concerning a letter received from Mrs. Lara Peterson, Appomattox Literacy Intervention Program (ALIP) Co-Chair, informing the Board their organization had regained tax exempt status and was making plans to have the Spot and Dot Book Buses back in operation for the 2015 Summer Reading Program. The Board was requested to cover fuel and maintenance expenses for the buses as they had done during previous ALIP Spot and Dot Summer Reading Programs. At that time, the Board did not take action on this request as the budget for the upcoming school year had not been finalized.

Since the March 26, 2015 School Board Meeting, Mrs. Peterson had provided the superintendent with a Certificate of Liability Insurance issued to ALIP. She also modified the original request from ALIP asking the School Board:

- Provide fuel for Spot and Dot, if possible. ALIP could contribute $500.00 toward fuel or perhaps pay the full cost, if needed.
- Allow Spot and Dot to be fueled at the Bus Shop.
- Allow Bus Shop personnel to provide maintenance for Spot and Dot with ALIP paying for parts, state inspections, etc.
- Process payment for bus drivers' salaries through the school division payroll department with reimbursement from ALIP.

Dr. Grasty stated this topic was also listed as an action item on the agenda.

Recommendations from the Special Education, Remedial, and Title I Advisory Committee

Mrs. Elizabeth Haught, Director of Remedial and Special Education, presented the recommendations from the Special Education, Remedial, and Title I Advisory Committee. (See Attachment # 10)

Recommendations from the Career and Technical Education General Advisory Council

Mr. Brette Arbogast, Director of Technology and CTE, presented the recommendations from the Career and Technical Education General Advisory Council. (See Attachment # 11)

Recommendations from the School Health and Wellness Advisory Committee

Ms. Niki Kempton, Food Services Coordinator, presented the recommendations from the School Health and Wellness Advisory Committee. (See Attachment # 12)

ACTION ITEMS

Consideration of Requests for Admission as Out-of-County Tuition Students for 2015-2016

It was moved by Mr. Smith and seconded by Mr. Torrence to approve admission of the out-of-county tuition students for the 2015-2016 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachments # 13)

Consideration of Approval of ACHS Application for VHSL Membership for 2015-2016

It was moved by Mr. Smith and seconded by Rev. Jones to approve the Virginia High School League (VHSL) Membership Application for the School Year 2015-2016 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachments # 14)

Consideration of Funding Request for Spot and Dot for Summer of 2015

It was moved by Mr. Smith and seconded by Mr. Torrence to fund the request for Spot and Dot for the summer of 2015 by providing required maintenance for the buses and development of a Memorandum of Agreement. By unanimous voice vote, the motion was approved. Dr. Grasty clarified the Appomattox Literacy Intervention Program (ALIP) will pay for fuel, bus drivers, and parts for buses with Board Members in agreement.

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETINGS

The next Regular Meeting of the Appomattox County School Board is scheduled to be held Thursday, June 11, 2015 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia. The Close-Out Meeting is scheduled for Thursday, June 25, 2015 at 8:00 a.m. at the same location.

Prior to adjourning to closed session, Rev. Williams requested permission to recognize Mr. Daniel Puckette who was attending the meeting for the first time as the new reporter for the Times Virginian. The Board extended a warm welcome to Mr. Puckette.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report and employees #91, #2014-2015-01, and #314; and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically the monthly school discipline reports and student #51312.

Mr. Torrence seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by Board Members, and recorded by roll call vote. (See Attachment # 15)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 16)

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. A unanimous voice vote of approval was recorded.

VSBA Regional School Board Member of the Year

(Previously named the "All Virginia School Board Award")

The VSBA seeks to recognize one outstanding school board member from each of the nine VSBA regions who exemplifies local involvement in promoting student achievement.

Nominees must be or have been a board member serving on a VSBA member school board within the preceding 12 months ending June 30, 2015. Local school boards may establish the process by which they identify candidates for nomination. The VSBA panel of judges will accept one nomination from each school board, and that nomination must be based on a discussion by and unanimous vote of the school board. The official nomination form (see following pages) and supporting materials must be received by **July 24, 2015**.

The announcement of the winners and presentation of award plaques will be made during the VSBA Annual Convention in November.

VSBA Advocate for Education Award

The VSBA invites your board to nominate a board member for the inaugural *VSBA Advocate for Education Award*, to be presented at the VSBA Annual Convention in November. This award was created to recognize board members who have demonstrated significant and outstanding leadership, commitment, and contribution to public education that has had an impact on their region and the Commonwealth, and who have shown active involvement in local, state, and federal advocacy on behalf of their division, VSBA, and public education.

Each local school board may submit one name/nomination for consideration. The nomination must be the consensus of the school board, and the nominee must be a current school board member.

Nomination forms (see following page) are due **July 31, 2015**. The selection committee will review the nominations and select the award winner(s). The award may be conferred upon one or more school board members.

VSBA Board of Distinction

The VSBA seeks to identify school boards that will be designated as a *VSBA Board of Distinction*. Boards must apply for the designation and must meet specific requirements in planning, policy, communication, and board development. If eligible, the board will receive a plaque to hang on the wall of their boardroom designating the board as a *VSBA Board of Distinction*. Designation as a *VSBA Board of Distinction* may be accomplished by the chairman, with the approval of the board, completing and returning the checklist (see following page) and supporting materials by **July 24, 2015**. Once a school board has achieved this designation, it may reapply after two years for continued *VSBA Board of Distinction* status.

The announcement of the recipients and presentation of award plaques will be made during the VSBA Annual Convention in November.

IMPORTANT
The qualifications/checklist for the VSBA Board of Distinction has been updated. Please contact Peter Sengenberger, VSBA assistant executive director, should you have any questions.

Minutes of
Appomattox County School Board
Regular Monthly Business Meeting

The Appomattox County School Board met in regular session on Thursday, June 11, 2015 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Regular Monthly Business Meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent. Rev. J. Wesley Williams was on vacation and not in attendance.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSENT AGENDA – APPROVAL

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the following consent agenda items:

1. Minutes of May 14, 2015 Interim Meeting
2. Minutes of May 28, 2015 Regular Monthly Business Meeting
3. Financial Report as of May 31, 2015 (See Attachment # 1)
4. Payment of Bills as of June 11, 2015:
   a) $ 394,805.98 – General Fund (See Attachment # 2)
   b) $ 246.99 – School Food Fund (See Attachment # 3)
   c) $ 413.05 – Swim Team Fund (See Attachment # 4)

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent stated the family of Mrs. Mary Frances Bryant, retired school bus driver with our school division, sent a note thanking the Board for their expression of sympathy and remembrance.

Communication Items from Board Members

There were no communication items from Members of the Board.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the May 31, 2015 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,182 students. This compares to a budgeted ADM of 2,215. (See Attachment # 5)

VSBA and NSBA Activities

The VSBA School Conference on Education will be held July 21, 2015 in Richmond. The registration fee is $225.00 and the deadline is July 8, 2015.

Board Members received information concerning the following VSBA awards that were open for nomination:

- VSBA Advocate for Education Award – The deadline for nominations is July 31, 2015.
- VSBA Regional School Board Member of the Year Award – The deadline for nominations is July 24, 2015.
- VSBA School Board of the Year Award – The deadline for nominations is July 24, 2015.
- VSBA Board of Distinction Award – The deadline for nominations is July 24, 2015.

Mr. Smith stated he would like to nominate Mr. Waddell for the VSBA Advocate for Education Award. It was the consensus of the Board to place this request on the June 25, 2015 Close-Out Meeting Agenda as an action item.

VSBA requested the names of the voting delegate and alternate delegate who will represent the Board at the VSBA Delegate Assembly and Regional Meeting at the 2015 VSBA Annual Convention that will be held in Williamsburg, November 18-20, 2015. VSBA must receive this information by August 5, 2015.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. 2014-2015 Budget Update – Mr. McMillan noted expenditures are running as anticipated but revenues are down due to our reduction in Average Daily Membership. He did not anticipate being able to purchase a school bus or transfer funds into the Capital Improvement or Textbook Funds. A final update will be provided at the June 25, 2015 Close-Out Meeting of the Board.

2. Liability and Worker's Compensation Insurance Package and Agreement with McNeary Consulting for 2015-2016 – Mr. McMillan stated he was very pleased with the services provided by VACorp for our Liability and Worker's Compensation insurance package as well as the services provided by McNeary Consulting. He noted our agreements with these companies will be continued for the 2015-2016 school year.

3. Health Insurance Update – No additional news has been received from Piedmont Community Health Plan (PCHP) at this time concerning premium increases for next year. We anticipate PCHP will provide us with quotes later in the summer for higher deductible plans that should lessen the initial projection of a 26% increase.

Preliminary SOL Testing Results

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, presented preliminary, unofficial SOL testing results that she emphasized are not final and not for public information at this point. She was cautiously optimistic that improvement was made in all but two testing areas which were Science and History at the high school. She noted school divisions were allowed to administer expedited retakes this spring that improved our scores greatly. Mrs. Bennett stated she was fairly sure we would be out of School Improvement at the middle and high school once the final testing results are received from the State Department of Education around August 15, 2015. Board Members and Dr. Grasty were excited to receive this news from Mrs. Bennett and offered their appreciation to her, the principals, and teachers for their tremendously hard work in achieving these accomplishments.

Follow-Up of ACHS and AMS Academic Reviews

Mrs. Bennett reported on the 2014-2015 academic review status of Appomattox County High School and Appomattox Middle School. The high

school was Accredited with Warning in Math – Year 1 and the middle school was Accredited with Warning in English – Year 2. Mrs. Bennett provided a thorough report of the essential actions and the evidence of how each area had been addressed. (See Attachment # 6) She noted the tremendous amount of work that had been accomplished at each of our schools during the past year as alignment of the curriculum was completed in all areas in all four schools. She stated this will be extremely beneficial going forward.

Appomattox Adult Learning Center Year End Report for 2014-2015

The Appomattox Adult Learning Center Year End Report for 2014-2015 was provided to the Board. The report was prepared by Mrs. Doriane Mills, Local Adult Education Coordinator, who was present to answer questions. (See Attachment # 7)

Appomattox Alternative Education Center Year End Report for 2014-2015

The Appomattox Alternative Education Center 2014-2015 End-Of-Year Report was presented to the Board as prepared by Mr. David Read, AAEC Administrator. (See Attachment # 8)

Discussion of Mileage Rate for 2015-2016

Dr. Grasty reported our school division has used the state mileage reimbursement rate for a number of years. According to the Virginia Department of Education website, the state is using the IRS rate which is $0.575. It is our understanding this rate is also used by Appomattox County. Currently, our reimbursement rate is $0.56 per mile. The superintendent requested guidance from the Board concerning the mileage reimbursement rate for 2015-2016 and noted this was included as an action item on the agenda.

Tentative Graduation Date and Location for Next Year

Dr. Grasty provided information from Dr. Poldi Moreno, Principal of Appomattox County High School, concerning graduation for 2016. Dr. Moreno requested graduation continue to be held at the Vines Center at Liberty University in Lynchburg, Virginia. The preferred date for graduation is Tuesday, May 17, 2016 with Thursday, May 19, 2016 as an alternate date. Dr. Moreno stated he had contacted Liberty University concerning the availability of these dates and was told they will not begin scheduling for next year until early August. The superintendent stated she and Dr. Moreno would follow-up with Liberty in early August and provide the Board with additional information at a later meeting.

Tentative Pre-Work Schedule for August 3-7, 2015, Student Registration, and Teacher Work Week

The superintendent stated a different approach will be used this year during the week prior to the arrival of students. Rather than a face to face convocation with everyone gathering in the same place, a video will be used and remotely viewed. This will allow employees to remain in their respective work places and allow teachers more time in their classrooms as they have requested. It is anticipated the video will run for approximately an hour and will most likely be broadcast the morning of Registration/Fee Day. Dr. Grasty provided a tentative plan for the week of August 3 – 7, 2015 as follows:

August 3 – Ten (10) Month Teachers First Day Back (8:00 a.m. - 3:30 p.m.)
August 4 – Teacher Work Day (8:00 a.m. - 3:30 p.m.)
August 5 – Teacher Work Day (8:00 a.m. - 3:30 p.m.) (Employee Student Registration 1:00 p.m. - 3:30 p.m.)
August 6 – Teacher Work Day (10:30 a.m. - 6:00 p.m.) with 11:00 a.m. - 12:00 Noon Remote Convocation at Each School, then 1:00 p.m. - 6:00 p.m. Registration/Fee Day
August 7 – Teacher Work Day (8:00 a.m. - 3:30 p.m.)

Dr. Grasty noted pre-registration for students would also be offered during the summer for the convenience of parents as follows:

1. Schools will mail their 2015-2016 Registration Information Packets to parents on or before July 8. These packets will be condensed as compared to last year, comprised of four to six basic sheets to save postage costs (welcome letters from principal and superintendent, registration form, medical form, and class placement/schedule information).

2. Schools will set aside each Wednesday (8:00 a.m. - 4:00 p.m.) during the summer to register new students.

3. Schools will set aside each Wednesday (8:00 a.m. - 4:00 p.m.) during the month of July to register and accept paperwork/payments from returning students (July 15, 22, 29).

4. The School Board Office will serve as a central location on Tuesday and Thursday (8:00 a.m. - 4:30 p.m.) for parents to drop off registration materials for returning students in July or for incoming new students to pick up and return registration packets during June and July.

5. Mr. Arbogast will have signs, with the designated dates and times, made for each school as well as one for the School Administration Building concerning student registration.

Close-Out Meeting

The Appomattox County School Board met on Thursday, June 25, 2015 at 8:00 a.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Close-Out Meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Business Report

Mr. Bruce R. McMillan, Director of Finance and Human Resources, presented the following information:

1. Health Insurance – Piedmont Community Health Plan (PCHP) had submitted their proposed renewal rates for the 2015-2016 plan year which reflected a 21% increase. This was lower than the 26% increase predicted earlier by our health insurance consultants Willis of Virginia, Inc. As our health insurance plan also includes county employees, Mr. McMillan stated he had spoken with the County Administrator and both of them were in agreement that our health insurance coverage should go out to bid in hopes of securing better prices for good coverage. He stated bid requests will be released in the near future by Willis. Mr. McMillan anticipated the bid package will include one plan with a higher deductible than those included in our current plan choices. He anticipated having the results of the bid process available to share with the Board in August. Our plan year for health insurance begins October 1.

2. End of Fiscal Year Financial Report – Mr. McMillan provided the following summary: (See Attachment # 1)

- $19,958,472.00 = Actual Revenues Received to Date
- $19,765,694.00 = Actual Expenditures To Date
- We were able to purchase a new small school bus, two used cars, and one used van for the transportation department to replace worn-out vehicles.
- We were also able to purchase three musical instruments for the Band Program.
- $55,156.00 was transferred to the School Textbook Fund.
- $35,000.00 will be held to process accrual items during the next two months.
- $102,622.00 = Final estimated amount of local money that may not be spent.

Discussion of Possible July 9, 2015 Special Called School Board Meeting

Dr. Grasty asked the Board to consider conducting a Special Called School Board Meeting on Thursday, July 9, 2015 for consideration of personnel matters only. Board Members were in agreement and suggested the meeting be conducted at 5:00 p.m.

ACTION ITEMS

Minutes of
Appomattox County School Board
Special Called Meeting

The Appomattox County School Board met on Thursday, July 9, 2015 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct a special called meeting concerning personnel matters. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

Mr. Smith requested to add Consideration of Approval of Revised 2015-2016 Pay Scales to the agenda as an action item. It was moved by Mr. Smith and seconded by Rev. Williams to approve the agenda as amended by adding the following action item: Consideration of Approval of Revised 2015-2016 Pay Scales. By unanimous voice vote, the motion was approved.

ACTION ITEM

Consideration of Approval of Revised 2015-2016 Pay Scales

Mr. Bruce R. McMillan, Director of Finance and Human Resources reviewed the Revised 2015-2016 Pay Scales which reflected a 2% increase. He stated the state will fund 1.5% of the increase and the county will provide the remaining .5% once the state announces adequate revenue is available. Dr. Grasty noted she had corresponded with Mr. Kent Dickey, Deputy Superintendent of Finance and Operations, with the Virginia Department of Education. Mr. Dickey indicated announcement of the revenue and authorization to proceed with the 2% salary increases should be released during the upcoming week. In anticipation of this forthcoming announcement, Mr. McMillan requested the Board approve the Revised 2015-2016 Pay Scales to ensure the proper calculations of the July paychecks for twelve month employees. He also noted new contracts would be issued to all employees upon receipt of the funding notification from the state.

It was moved by Mr. Smith and seconded by Rev. Jones to approve the revised 2015-2016 pay scales as presented pending receipt of an official announcement from the Virginia Department of Education concerning state revenue. By unanimous voice vote, the motion was approved. (See Attachment # 1)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report.

Mr. Torrence seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 2)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 3)

NEXT MEETING

The next Regular Monthly Business Meeting of the Appomattox County School Board will take place Thursday, July 23, 2015 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

VSBA and NSBA Activities

The VSBA Legislative Advocacy Conference will be held September 10, 2015 in Charlottesville. The registration fee is $150.00 and the deadline is August 27, 2015.

VSBA will conduct a Hot Topic Conference entitled *Technology Summit* on October 2, 2015 in Midlothian. The registration fee is $140.00 and the deadline is September 18, 2015.

The VSBA/ASFA Education Foundation Conference will be held November 17, 2015 in Williamsburg. The registration fee is $175.00 and the deadline is November 8, 2015.

Information was distributed concerning the process for the nomination and election of VSBA Regional Officers. It was noted all candidate information must be submitted to VSBA no later than two weeks prior to the fall regional meeting that will be held during the VSBA Annual Convention in Williamsburg, November 18 – 20, 2015.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. 2% Salary Increase for Employees / New Contracts – State revenue for the fiscal year ending June 30, 2015 surpassed the anticipated amount and allowed the state to provide funding for a 1.5% salary increase for employees. The county provided an additional .5% which resulted in a 2% salary increase for all school employees. New contracts, reflecting the 2% increase, have been issued to all twelve month employees. New contracts will also be issued to ten and eleven month employees during the first week of August, 2015.

2. Health Insurance – Willis of Virginia, Inc., our health insurance consultant, will meet with school and county personnel Monday, July 27, 2015 to review bids for health insurance for the upcoming plan year. Information from this meeting will be provided to the Board at the August 13, 2015 Interim Meeting.

3. Part-Time Bus Drivers and School Nutrition Employees Retirement Program – A number of years ago, the School Board established a savings bond retirement program for part-time bus drivers and food service employees as they were not covered by the Virginia Retirement System. Within the last few years, the purchase of savings bonds became very complex and this program was replaced with contributions to a 403b Retirement Program. Our part-time employees have voiced their concern regarding the 403b Program and have requested we consider other options. Once the school year begins and part-time employees have returned to work, a meeting will be held with them or a representative group to explore other possibilities. Information from this session will be presented to the Board at a later meeting.

Back to School Update

The superintendent stated much preparation has taken place to plan for students to report Monday, August 10, 2015 for the first day of school of the 2015-2016 school year. She noted the theme for the school year is *Striving for Excellence* and shared the following schedule for the August 3-7, 2015 Teacher Work Week: (See Attachment # 7)

- **July 30** – New Teachers Begin
- **July 31** – Luncheon for New Teachers – 12:00 noon in the ACHS Cafeteria – School Board Members were invited.
- **August 3, 4, 5, and 7** – Teacher Workdays – Teachers work 8:00 a.m. - 3:30 p.m.
- **August 5** – 1:00 p.m. - 3:30 p.m. – Open House/Registration for Students of ACPS Employees – All Schools.

- **August 6** – Open House/Registration for all Students 1:00 - 6:00 p.m. – Teachers work 10:30 a.m. - 6:00 p.m.

Dr. Grasty stated a day long convocation will not be held this year in an effort to address requests from teachers to allow them as much time as possible in their classrooms prior to the opening of school. The Technology Department is preparing a *2015-16 Welcome Video* that will be viewed at each school or work location at a time selected by the principal or supervisor.

Rev. Williams was very complimentary of the work week schedule and the additional time teachers would have in their classrooms. He expressed his appreciation to Dr. Grasty for the changes she had initiated.

Code of Conduct Update

Mr. Brette A. Arbogast, Director of Technology and CTE, reviewed the Code of Conduct and highlighted the updates implemented for the 2015-2016 school year. He was pleased to report the online version of the document had been completed and provides direct access to current policies. He also noted a limited number of paper copies are printed to accommodate families without Internet access.

THE RAIDER REPORT

Appomattox Elementary School
August/September 2015

Principal-Karen Cyrus
Assistant Principal-Jason Bowyer

"RIDING THE WAVE OF SUCCESS AT AES!"

Principal's News

Have you been catching some rays at the beach this summer? Have you been swimming in the surf? Appomattox Elementary School invites our students and families to join us in "Riding the Waves of Success" this school year! We are looking forward to the fun we will have together as we discover that learning during the school year can be every bit as exhilarating as playing during the summer. It is all about how we approach the idea. Think about going to the beach and heading out into the ocean waves. There is a sense of excitement as well as fear. We know we can get on that boogie board and ride the waves into shore with no problem! We also know that every once in a while we are going to fall off the board, or get knocked over by a wave. None of that ever stops us from trying again and again; none of that ever makes us feel anything but thrilled when we succeed. This would be the same mindset we wish for your child—to know that while learning new things in new classrooms with new classmates can be an intimidating challenge, it is, more importantly, a joyous adventure. Every time your child masters a difficult math problem, gains a new reading level or hears his or her name on the "Good News" announcements, it is an accomplishment worth being excited about. This year, we won't have to get salty water in our eyes; we won't have to sweep sand off the floor. However, we can promise you that every wave we tackle together will be worth the ride!

THE RAIDER REPORT

BUS NOTES

Written permission is necessary regarding bus changes,

walker's bell or pick-ups. We cannot take changes over the phone. Information that needs to be on notes are: the student's full name, the teacher's name, the desired bus number, the full name of the person's house where your child will be getting off the bus, and the 911 address. Also, include your phone number in case the school or bus driver has any questions regarding your arrangements.

Please be sure your child knows what to do in case school closes early due to inclement weather, early dismissal or other circumstances

Student Planner Contains Student/Parent Handbook!

The A.E.S. PTO will be providing students with a homework planner that also has the A.E.S. Student-Parent Handbook in the front. This will be great for remembering homework assignments and important events!

Phone Numbers

If you would like a time reserved or a time to meet with the principal, teacher, guidance counselor or nurse, you are encouraged to call for an appointment.

Karen Cyrus, Principal – 352-7463
Jason Bowyer, Assistant Principal – 352-7463
Carolyn Lawson, Guidance Counselor – 352-0531
Renee Mann, Nurse – 352-5411

Important Traffic Reminders

Thank you for your help and attention to the routines we have established to ensure the safety of all entering and exiting the school property. Safety is our #1 priority! Here are a few important reminders:

- Students cannot be dropped off until 8:00a.m. Supervision of students begins at 8:00a.m.
- After dropping off or picking up a student, be careful when pulling out at the stop sign.
- Please don't rush! Allow the car in front of you to pull out, and then follow. Don't pull around.
- Please use a turn signal when entering or exiting at the main entrance. This assists the crossing guard, as well as other vehicles entering and exiting the school.
- Under no circumstances should a student walk alone through the line of car rider traffic. If you are parking, please escort your student to the building. If you are unable to escort your student, please use the car rider lane and drop your student off at the curb.

If you are visiting the office or a classroom, please park in the lot, not at the curb where we load and unload students. We have 15 minute parking areas for your convenience.

Your attention to these matters will help us continue to provide a safe environment!

Attendance

Regular attendance is necessary and important to the development of individuals who are successful in school and in all areas of responsibility. There is a close correlation between school attendance and attendance on the job after leaving school. It is a joint responsibility of the school and parents to require regular attendance. School attendance will be monitored daily so that students are given opportunity to be successful. Make school attendance a priority in your home this year! In addition to regular daily attendance, please refrain from picking students up early (except for emergencies). It is important that students hear announcements, receive information before going home, and have closure to the school day with their teacher. We appreciate your help in these areas!

Student Safety is a Priority for Parents and Staff

All requests for release of students must come directly from the office, by office personnel, written note, or the intercom. The office will deliver items sometime during the day.

Most of the policies and rules employed by schools are designed specifically to protect your children. For example, all school employees are required to undergo thorough background checks, as well as wear ID badges. Visitors must check-in with the office before they're allowed on campus.

Health policies are yet another way in which schools protect your children. When new students enroll, schools require proof of immunization to reduce the risk of contagious disease entering the school, such as mumps, measles, and whooping cough. To prevent the spread of infection, most schools recommend that children suffering fevers in excess of 100 degrees be kept at home until their temperatures have returned to normal for a period of 24 hours. School nurses are often asked to administer appropriate medication with parental permission and physician instructions.

Occasionally, schools may require a statement from the attending physician prior to a sick or injured child's return to the classroom. Knowing what activities an injured or ill child should or should not participate in is key to the child's recovery.

Whatever the health or safety issue, remember that educators take their responsibility for your child very seriously.

Please be aware that the school division dress code for students has been revised. Information about what is and is not acceptable was placed in the registration envelope.

VSBA Take Your Legislator to School Month

A Guide for School Boards & School Administrators

www.vsba.org | 434-295-8722 | 800-446-8722 | Fax: 434-295-8785

NOVEMBER IS "VSBA TAKE YOUR LEGISLATOR TO SCHOOL" MONTH

In an effort to promote a closer relationship between public education and the Virginia State Legislature, the Virginia School Boards Association urges each school division in the state to invite at least one of their state legislators to visit their schools during the month of November.

There are many benefits from participating in ***VSBA Take Your Legislator to School Month***, including developing closer relationships between school divisions, local communities and our elected officials, and creating opportunities for productive dialogue so that educational and political leaders can work together to ensure that we provide the best possible education for our students.

INDEX

Page 2 – Quick Tips

Page 3 – Sample Invitation

Page 4 – Sample Media Alert

Page 5 – VSBA Proclamation

In addition, when legislators visit your schools as part of ***VSBA Take Your Legislator to School Month***, local students will have the opportunity to interact with elected officials and learn about the important roles and responsibilities of Virginia General Assembly members. Almost like a field trip that is coming to your school, a visit by your local legislator creates many different "teachable moments".

What Types of Activities Can We Implement?

There are many different types of activities that your division and local legislators can implement, including speaking to civics classes about current "hot topics", reading to younger students, participating in a mock election, discussing the Virginia legislative process, etc. The precise format for each visit should be negotiated between the division or school and the legislator, but we recommend it include a tour of school facilities conducted by a board member or other division officials. Use this opportunity to raise awareness of division successes, showcase a particular program that a legislator helped fund, or highlight division needs that have gone unmet.

Promote & Celebrate Your Visit

- ❑ After you have issued your invitation and planned the visit, distribute a media alert (sample enclosed) and invite the media to cover the visit.
- ❑ Take pictures and include a story about the visit in your division newsletter and on the division web site.
- ❑ Have participating students send thank you letters to the visiting legislator.
- ❑ Notify the VSBA of your activities. We may attend your event, promote it in our newsletter or on our web site, and/or include a news story in the VSBA Daily News.

We hope you will take advantage of this opportunity to strengthen the already solid bond between public education and the Virginia General Assembly. These activities cannot help but aid VSBA as it lobbies on your behalf on education issues. Thank you for all that you do as a leader, advocate, and supporter of pubic education.

QUICK TIPS & SUGGESTIONS

- ❑ Discuss what your divisions or school would like to get out of a visit by a state legislator and phrase your invitation accordingly.
- ❑ Consider activities involving one or two classes, rather than the entire student body.
- ❑ Thank the legislator for his or her past support for public education.
- ❑ Help the legislator decide what activities and topics would be appropriate for what age groups. Legislators may have received some suggestions from the clerks, but school staff might help them plan others.
- ❑ Be sensitive to the fact that every school and division has at least two representatives in the legislature, a senator and delegate, and perhaps more.
- ❑ Invite all of your legislators. While some may not respond to your invitation, others might feel slighted at not receiving one.
- ❑ Obtain the lawmaker's biography from his or her office or web site for use in introductions and news releases.
- ❑ Be alert to promising opportunities for photos. Sometimes that alone will be sufficient to attract newspaper or TV media coverage.
- ❑ Apprise the VSBA of your activities, past and planned, to help us promote this event this year and in future years.
- ❑ ***VSBA Take Your Legislator to School Month*** should be just one part of ongoing year-round communication that takes place between your division and Virginia elected officials.

WHO ARE YOUR LEGISLATORS?

SAMPLE INVITATION LETTER

Dear Delegate/Senator _____:

On behalf of the school board of _____, we would like to invite you to visit our schools as part of ***VSBA Take Your Legislator to School Month***, which is being observed in November.

Coordinated by the Virginia School Boards Association (VSBA), the goal of ***VSBA Take Your Legislator to School Month*** is to build a stronger relationship between schools and legislators. The event gives legislators an opportunity to observe what is going on in Virginia schools, and provides Virginia's young people the opportunity to meet and interact with an elected official.

There are many exciting and innovative things happening each day in _____ schools, and several members of our school board would like to give you a tour of our school facilities. Our teachers are implementing new, research-based instructional strategies, and our students are using a variety of new technology methods such as _____. In addition, you are welcome to speak to our government classes, read to our elementary students, or just walk the buildings with our principals to learn about public education in our division. We are open to your ideas on how to make this time with your young constituents most productive.

We plan to invite the local media to attend your visit, which we think communicates the high degree of interest that state and local leaders have in public education.

If your schedule permits you to accept this invitation, please contact us at _____ with some dates and times and we can discuss the details of your visit.

We look forward to hearing from you.

Cordially,

_____

A Few Tips

- Distribute the media alert via email or fax anywhere from a few days to a few weeks prior to the event, depending on the deadline of the media outlet, how quickly you have the necessary information, and how fast the opportunity has come up.
- Take photos at the legislator's visit and send a press release to your local media after the event (let them know that photos are available). That way, even if they couldn't attend they can still cover the story.
- Use the photos and press release as content for a division newsletter or web site article.

To: Potential Candidates for VSBA Regional Office

From: Juandiego Wade, VSBA President
VSBA Board of Directors

Re: Process for the Nomination and Election of VSBA Regional Officers

According to the VSBA Bylaws, Article XII, Section 3, *A Nominating Committee will be appointed by the Chairman of each Region prior to its annual fall meeting. It will be the duty of this Committee to select a slate of nominees for the offices of Chairman and Vice-Chairman. Members of the Nominating Committee will not be eligible for nomination to any regional position. The slate shall consist of no more than two candidates for each office and be presented to the membership at the annual spring meeting of the region.*

Nominations may be made from the floor. By a majority vote of the member school board it should notify the Chair of the Region and the region member school boards of an intended floor nomination prior to the fall regional meeting.

Please note that according to policy 103.1, Board of Directors Composition, VSBA Governance & Operations Manual, **no member school board may have more than one person serve on the Board of Directors at the same time.** The VSBA Strategic Plan states, "*To ensure the active participation of 100% of the boards in VSBA governance, leadership, training and services*". To achieve that goal, the VSBA Board strives for 100% member board representation in governance activities. Also enclosed is policy 102.5, Civility in the VSBA nominating and election process.

The enclosed form, approved by the VSBA Board, complies with VSBA Bylaw's requirements. Regional vice-chairman candidates are not required to submit the pertinent biographical information unless they so desire. Persons who wish to be considered by their respective Regional Nominating Committee for the VSBA regional chair position must submit both the completed form and pertinent biographical information. All candidates' information must be forwarded no later than two weeks prior to the fall regional meeting held at the VSBA Annual Convention in Williamsburg. The 2015 Regional Nominating Committees list is included. If you have any questions, please call your VSBA Regional Nominating Committee Chairman.

Nomination Form For
Candidates for VSBA Regional Office

The following is provided for those who wish to be considered as a candidate to serve as a VSBA Regional Officer. **This form and supporting data must be forwarded to the Regional Nominating Committee Chairman by two weeks prior to your scheduled regional spring network forum.** Because they do not serve on the VSBA Board of Directors, regional vice-chairman are not required to submit the supporting data. However, each candidate for regional vice-chair must submit this nomination form. Each candidate for regional chairman position must submit this nomination form and pertinent biographical information. **Reminder, according to the VSBA Governance & Policy Manual, 103.1, adopted by the VSBA Board of Directors, no member school board may have more than one person serve on the VSBA Board of Directors at the same time.**

I. Supporting Data for Regional Chairman Candidate (Not required for vice-chair position)

1. Submit a brief written statement with pertinent biographical information.
2. Submit a candidate profile form (attached).
3. **Attest that the nomination was discussed and approved by the entire board at a duly scheduled public school board meeting. (See II below.)**

103. Board of Directors

103.1 Composition

The membership of the Board of Directors will consist of the following: the President, the President-Elect, the Immediate Past-President, the member at-large, Chairmen of the Standing Committees and Regional Chairmen of the Association. No member school board may have more than one person serve on the Board of Directors at the same time. Nominations for President-Elect and At-Large position from the floor of the Delegate Assembly must be accompanied by written approval of the nominee's school board, together with pertinent biographical information and a signed statement from each nominee confirming willingness to serve. (A copy of the VSBA Nomination Form is in the appendix.) The elections will be by written ballot, except that, when there is only one nominee for each office, the election may be by voice vote.

(VSBA Bylaws, Article VIII, Section 1)

102.5 Civility in the VSBA nominating and election process

The Virginia School Boards Association is committed to a high level of civility, respect, and ethical behavior in the process leading to membership on the Board of Directors. While it is recognized that candidacy, nomination and election for any office, particularly within a large and diverse state association, has an important political dimension, all will benefit if the process is characterized by ethical and civil behavior. Additionally, all involved in the process must strive to avoid even the appearance of impropriety.

A. Candidates
   1. It is not appropriate for candidates seeking endorsement by the Nominating Committee to lobby (via phone, fax, E-mail, letter, or other communication) members of the Nominating Committee.
   2. Candidates should not solicit letters of endorsement from members of the Nominating Committee.
   3. Candidates should not defame through misinformation, gossip, or innuendo any other candidate in order to advance his/her position at the expense of another.
B. Members of the State and Regional Nominating Committees
   1. Nominating Committee members should not submit letters of endorsement for candidates.

200 Hansen Road, Suite 2
Charlottesville, VA 22911

2. Members of Nominating Committees should not lobby or otherwise seek to influence other committee members on behalf of a particular candidate outside of the committee process. It is, of course, expected and accepted that Nominating Committee members may and will advocate for candidates within the committee meetings.
3. Discussions and deliberations within the Nominating Committee shall be considered confidential and should not be discussed with others after the process is completed and a candidate has been endorsed.

C. VSBA Officers and Delegate Assembly Officials
1. All officers of the VSBA Board of Directors and all appointed officials at the Delegate Assembly (including the members of the Delegate Assembly Credentials Committee and the Sergeants-at-Arms) will remain strictly neutral during the Delegate Assembly with regard to support for candidates in contested elections. This neutrality includes a prohibition against directly or indirectly trying to influence the votes of Delegates on the day of the Delegate Assembly. This section does not apply to advocacy for oneself.
2. The Chair of the VSBA Delegate Assembly Credentials Committee will assure that anyone who violates this neutrality standard is reported to the VSBA President, who will have the authority to have a violator excluded from the Delegate Assembly.

108.1 Regional Officers

Regional officers will be elected by the members in the Regions biennially at the fall regional meetings of the Association. No regional officer shall be elected to serve more than one two-year term in the same office.

(VSBA Bylaws, Article XII, Section 2)

108.2 Election of Regional Officers

A. Guidelines
A VSBA Regional Nominating Committee will be appointed by the Chairman of each Region **prior** to its annual fall meeting. It will be the duty of this Committee to select a slate of nominees for the offices of Chairman and Vice-Chairman. Members of the Nominating Committee will not be eligible for nomination to any regional position. The slate shall consist of no more than two candidates for each office and be presented to the membership at the annual fall meeting of the region.
Nominations may be made from the floor. By a majority vote of a member school board it must notify the Chair of the Region and the region member school boards of an intended floor nomination **prior** to the regional meeting at which elections occur.

200 Hansen Road, Suite 2
Charlottesville, VA 22911

Each region member school board shall have one vote, and that vote shall be by the school board chairman or a delegate elected by that school board. The regional chairman or his/her designee shall determine the number and persons approved to vote at the beginning of each meeting of the region.

B. Duties & Procedures for the Regional Nominating Committee:
   1. See VSBA Bylaws, Article XII, Section 2 – 5
   2. Regional Nominating Committees must be appointed **prior** to the annual fall regional meeting
   3. Each Regional Chair and Nominating Committee in accordance with the VSBA Strategic Plan will be provided:
      a. A list of the school boards in their region that have not been represented on a VSBA Committee or the VSBA Board of Directors in the last 3-5+ years, and
      b. A list of board members from each of those school boards who have achieved at least one level in the VSBA Academy.

      Preference for regional officer nominees by the Nominating Committee should come from one of these lists.
   4. Using the VSBA Strategic Plan, Goal III, *"the VSBA Board of Directors will foster pride and ownership in the VSBA through active support and promotion of local school board participation in Association activities"* as a basis for selection of candidates, the Nominating Committee Chair or designee shall call (January – March) school board chairs from the lists (3 a.b.) to ask if she/he would:
      a. Be willing to serve, and if not,
      b. Designate another member of his/her board to serve,
      c. Have the board approve her/his nomination for Regional Chair, then:
      d. Provide the VSBA Regional Chair or the VSBA office, prior to annual spring meeting, with the name of the board's nominee,
   5. Regional nominations and elections shall occur at the annual fall meeting.

VSBA Bylaws Excerpt

ARTICLE XII
Regions

Section 1. Regions are geographic divisions of the Association designated by the Board of Directors for convenience in administering the work of the Association and will be governed by the Bylaws of the Association.

Section 2. Regional officers will be elected by the members in the Regions biennially at the fall regional meetings of the Association. No regional officer shall be elected to serve more than one two-year term in the same office.

Section 3. A Nominating Committee will be appointed by the Chairman of each Region prior to its annual fall meeting. It will be the duty of this Committee to select a slate of nominees for the offices of Chairman and Vice-Chairman. Members of the Nominating Committee will not be eligible for nomination to any regional position. The slate shall consist of no more than two candidates for each office and be presented to the membership at the annual fall meeting of the region. Nominations may be made from the floor. By a majority vote of the member school board it should notify the Chair of the Region and the region member school boards of an intended floor nomination prior to the spring regional meeting. Each region member board shall have one vote, and that vote shall be by the school board chairman or a delegate elected by that school board. The regional chairman and his/her designee shall determine the number and persons approved to vote at the beginning of each meeting of the region.

Section 4. A vacancy occurring in any office in a region will be filled by the President of the Association except in the case of the Chairman when the Vice-Chairman automatically will assume the office.

Section 5. Each region will hold an annual spring meeting. Additional meetings may be held if a Region so desires.

VSBA/ASFA Education Foundation Conference

November 17, 2015

The Williamsburg Lodge
310 S England Street
Williamsburg, Virginia 23185

The Virginia School Boards Association would like to invite you to a workshop for education foundation professionals, volunteers and those interested in starting an education foundation in your school division. The workshop, held in conjunction with the VSBA Annual Convention, will feature education foundation representatives from Virginia discussing giving campaigns, strategic planning, and charitable solicitation. There will also be a chance to share best practices from your education foundation and pick up some great tools that you can use as soon as you return to your foundation.

We look forward to seeing you in Williamsburg!

Early Bird Sessions

Wednesday, November 18

9:30 am – Noon

Engage Every Family: Five Simple Principles

Dr. Steve Constantino, superintendent, Williamsburg-James City County

Dr. Steve Constantino, the nation's leading practitioner in family engagement will share with participants his model for effective family engagement entitled "The Five Simple Principles." Dr. Constantino will provide a framework and pathways for schools to increase the engagement of families, especially those that are traditionally disengaged or disenfranchised. The workshop closely follows the ideas presented in his new book, "Engage Every Family: Five Simple Principles". Dr. Constantino will also provide school board members with a framework to create effective family engagement policy in their own school divisions. With his usual humor and knack for storytelling and telling it like it is, Dr. Constantino ensures that all participants will leave the workshop with the knowledge, ideas, plans and enthusiasm to understand the importance of engaging every family.

Introduction to Special Education Law for School Board Members

Kathleen Mehfoud, partner, Reed Smith
Jason Ballum, partner, Reed Smith

School board members may hear that the board is not permitted to take certain actions regarding testing, discipline, placement or school assignment because the student has a disability. Some of these decisions are made by staff in consultation with the parents. It is important that school board members understand their role and any limitations on authority that they may have in the complicated special education process. Two experienced special education attorneys will present this in depth program and explain the basics of special education law and the role of the school board. Because special education issues can be both time-consuming and expensive for the school division, this session is a critical one to attend.

Exhibitors Scholarship

VSBA is excited to announce the 2015 VSBA Exhibitors Scholarship. The scholarship is available to a student school board representative serving a member board of the VSBA. The student must be a graduating senior in Spring 2016 and must have served as a student school board representative during their junior or senior year.

Exhibitors interested in supporting this important program should contact Brianna Stout, coordinator of board development, at brianna@vsba.org

Exhibition of School Architecture

From ambience and multi-functionality to sustainable design and security, there is a direct relationship between good design and effective teaching and learning. The VSBA Exhibition of School Architecture gives you the opportunity to see this in action. Category awards will be given, and the People's Choice Award will be judged from the project display boards shown during the convention, with the winner being announced at the Closing General Session on Friday morning.

In addition to the headquarters hotel, blocks of rooms have been secured at special rates at nearby hotels. All reservations are on a first-come, first-served basis. The rooms at the main convention headquarters hotel, The Williamsburg Lodge, are reserved for those school divisions now eligible in the rotation list. Please do not call the hotel for reservations, they will not accept reservations if you are not on the rotation list. Divisions on the list have been notified.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, August 13, 2015 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Health Insurance Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided a report concerning the health insurance program that is shared by Appomattox County and our school division. He stated because the initial renewal from Piedmont Community Health Plan (PCHP) reflected a 26% premium increase, it was decided to put our health insurance program out to bid for the plan year October 1, 2015 through September 30, 2016. The results of the bid process were disappointing as the responses were limited and did not provide better prices due to our difficult claims year. Of the bids received, PCHP had the most favorable prices. Mr. McMillan reviewed a summary report of the various PCHP options he had evaluated with Dr. Grasty and Mrs. Susan Adams, Appomattox County Administrator. (See Attachment # 1) It was their recommendation that Option 11 be selected. (See Attachment # 2) This option provides a 10% premium increase by utilizing a $500.00 deductible plan and a $1500.00 deductible plan. This choice is considerably different from our current $200.00 and $500.00 deductible plans, but necessary in order to reduce the monthly premium costs to employees.

Mr. McMillan stated all of the health insurance information was discussed at the August 12, 2015 Board Chairs Meeting and it was pointed out the 2%

pay increase provided to employees would be absorbed by the increased costs for health insurance. He also noted it was the consensus of the group that the school division and county increase the monthly employer paid health insurance benefit from $475.93 to $500.00.

Mr. McMillan recommended the Board consider approving the PCHP Option 11 plans provided and increasing the monthly employer paid health insurance benefit to $500.00 for the upcoming plan year. He also recommended the Board continue to provide optional dental insurance to employees through Delta Dental which reflected a 10% reduction in monthly premiums. (See Attachment # 3) Mr. McMillan further recommended the Board continue to provide optional vision coverage to employees through Superior Vision with no rate changes. (See Attachment # 4)

Part-Time Employees Retirement Program Update

Mr. McMillan provided an update concerning the retirement program that is provided to part-time employees. He stated a savings bond program was initially established and replaced by a 403b program in more recent years. A number of part-time employees had requested to move from the 403b program as many of the individuals in this group were already at the age requiring immediate withdrawals. Mr. McMillan reported he had met will all groups of the part-time employees and the majority favored receiving a check at the end of the school year. Mr. McMillan noted Horace Mann handles our current 403b plan for part-time employees and he will need to meet with the representative from that company to answer a number of questions before a recommendation can be made to the Board.

ACTION ITEMS

Consideration of Requests for Admission as Out-of-County Tuition Students for 2015-2016

It was moved by Mr. Smith and seconded by Mr. Torrence to approve admission of the out-of-county tuition students for the 2015-2016 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 5)

Consideration of Approval of Health Insurance Plan(s) and Employer Paid Contribution for Upcoming Plan Year

It was moved by Mr. Smith and seconded by Mr. Torrence to renew health insurance coverage with Piedmont Community Health Plan for the plan year October 1, 2015 through September 30, 2016 with the Option 11 Plans ($500.00

and $1,500.00 deductibles) at the premiums provided and increase the monthly employer paid contribution from $475.93 to $500.00; and, to renew dental insurance with Delta Dental and vision insurance with Superior Vision for the plan year October 1, 2015 through September 30, 2016 at the premiums provided as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachments # 6, # 7, and # 8)

Rev. Williams noted as it has been an on-going objective of the Board to refrain from passing on increased health insurance costs to employees. He expressed his appreciation to Mr. McMillan and Dr. Grasty for their efforts in keeping the costs as low as possible

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employee #252; and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Mr. Torrence seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

VSBA will conduct a Hot Topic Conference entitled *Technology Summit* on October 2, 2015 in Midlothian. The registration fee is $140.00 and the deadline is September 18, 2015. Mr. Waddell and Mr. Arbogast are registered to attend.

The VSBA/ASFA Education Foundation Conference will be held November 17, 2015 in Williamsburg. The registration fee is $175.00 and the deadline is November 8, 2015.

The VSBA Annual Convention will be held November 18 - 20, 2015 in Williamsburg. The registration fee is $260.00 and the deadline is November 6, 2015. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Information was distributed concerning the process for the nomination and election of VSBA Regional Officers. It was noted all candidate information must be submitted to VSBA no later than two weeks prior to the fall regional meeting that will be held during the VSBA Annual Convention in Williamsburg, November 18 – 20, 2015.

VSBA has designated November as "VSBA Take Your Legislator to School" Month and encourages school divisions to invite at least one legislator to visit our schools during the month of November.

Business Update

The superintendent noted Mr. Bruce McMillan, Director of Finance and Human Resources, was out of town. She was pleased to report the first three weeks of the school year had gone well. Students are engaged and learning and teachers are working very hard as they are glad to be back at school.

Rev. Williams stated an instructional assistant had spoken with him concerning the increase in health insurance premiums which exceeded her two percent salary increase. He stated in the future, perhaps a more equitable system could be devised to allow employees with smaller salaries to be given more assistance.

SOL Score Report Regarding State and Federal Accreditation

Mrs. Annette Bennett, Director of Curriculum and Instruction, was pleased to share exciting information concerning SOL scores and accreditation. (See Attachment # 10). She stated the 2015 SOL scores exceeded the scores from the previous year in all areas except science and history at the high school. She noted in prior years, retakes had only been allowed at the high school; however, this year retakes were also allowed at the elementary and middle schools. Mrs. Bennett was very proud of our standing in Region 2000 and Region 8. In Region 2000 ACPS scores were at the top in all areas. When compared to the state,

our school division exceeded the state average in reading, writing, and science and missed this accomplishment by only one point in math and history.

Mrs. Bennett reported all four schools in our division easily met full state accreditation standards by the Virginia Department of Education. In viewing federal accreditation, she stated school improvement plans may need to be developed for students with disabilities.

Mr. Smith stated everybody had done a fantastic job. He asked if the number of tests had been reduced and Mrs. Bennett indicated five tests were not required in 2015 that had previously been required. The five test reductions included writing and third grade history and science at the elementary school, and sixth and seventh grade history at the middle school. She noted these areas are still required to be assessed and we must inform the Virginia Department of Education of the assessment methods we utilize. She also indicated Region 8 is working on regional protocol for administering alternative testing for these particular subjects.

Mrs. Bennett emphasized these improved scores did not just happen. They were the result of a lot of hard work from every employee in the school division involving unpacking, re-writing lesson plans, re-writing assessments, and by providing remediation. She pointed out it was truly a team effort and every single person deserved a lot of credit. She also noted implementation of retakes made a difference in the lower grades.

“Great job” was the overall sentiment from the Board.

Rev. Williams noted candidates running for the School Board and the Board of Supervisors have implied there is fat in our budget and it is their desire to eliminate that fat. He asked Mrs. Bennett if the scores would remain the same if the fat is taken out of our budget. Mrs. Bennett stated she was not aware of fat in the budget. She pointed out our school system does an amazing job with very limited resources and if further reductions are made to staff, our scores will suffer. She indicated we cannot manage with less as we have already cut everything down to the bare bones. Rev. Williams stated he resented the comments that had been made concerning fat in the school division budget.

Mr. Waddell pointed out one data coach and one member of the technology staff were cut from the budget for the 2015-2016 school year and both of these positions impact testing.

Summer School Report 2015

Mrs. Beth Haught, Director of Remedial and Special Education, provided a report concerning the successful 2015 Summer School that assisted 241 students as follows: (See Attachment # 11)

APS – 84% of the students maintained or improved skills
AES – 90% of students maintained or improved skills
AMS – 95% of students maintained or improved skills
ACHS – 79% passed a SOL test or increased their score from a previous test

Annual Review of Crisis Management Plans

Mr. Brette A. Arbogast, Director of Technology and CTE, presented the annual review of Crisis Management Plans for the school division.

2015-2016 Teacher and Parent Advisory Committees

Dr. Grasty provided the Teacher Advisory Committee (TAC) and Parent Advisory Committee (PAC) listings for 2015-2016. She reported committee members were selected by building principals. (See Attachments # 12 and # 13)

Discussion of September 24, 2015 Tour of School Facilities

The superintendent noted the Board is scheduled for an all day tour of school facilities on Thursday, September 24, 2015 beginning at 8:45 a.m. in the School Administration Building. Following completion of the tour, the Board will return to the School Administration Building for the Regular Monthly Business Meeting that will begin at 3:30 p.m. Mr. Waddell requested a visit to the Technology Center be included in the tour.

ACTION ITEMS

Consideration of Request for Exemption from Compulsory Attendance Laws for Bona Fide Religious Belief for 2015-2016

It was moved by Mr. Smith and seconded by Rev. Jones to approve exemption from compulsory attendance laws for bona fide religious belief for the 2015-2016 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 14)

Consideration of Requests for Admission as Out-of-County Tuition Students for 2015-2016

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the admission of out-of-county tuition students for the 2015-2016 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 15)

Consideration of Approval of 1:00 p.m. Early Student Dismissal on September 4, 2015

It was moved by Rev. Williams and seconded by Rev. Jones, in appreciation of all ACPS employees and students' dedication and hard work, to approve a 1:00 p.m. early student dismissal on Friday, September 4, 2015 and allow employees to depart two hours earlier than their usual departure time as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved.

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETINGS

The next meeting of the Appomattox County School Board will be held Thursday, September 10, 2015 at 5:00 p.m. for an Interim Meeting. The Board will also conduct a Regular Monthly Business Meeting on Thursday, September 24, 2015 at 3:30 p.m. Both meetings will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia. Mr. Smith stated he would not be able to attend the September 24, 2015 tour and School Board Meeting due to a scheduled work assignment.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report and employee #252.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically students #14444 and #51949.

Mr. Torrence seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by Board Members, and recorded by roll call vote. (See Attachment # 16)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as amended and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 17)

Approval of Student Number 14444

It was moved by Mr. Smith and seconded by Mr. Torrence to approve Student Number 14444 continue placement at the Appomattox Alternative Education Center through first semester of the 2015-2016 school year with return to Appomattox County High School second semester pending appropriate behavior and academic success. By unanimous voice vote, the motion was approved.

Approval of Student Number 51949

It was moved by Mr. Smith and seconded by Mr. Torrence to approve Student Number 51949 be placed on long term suspension through the end of the 2015-2016 school year with no alternative services. By unanimous voice vote, the motion was approved.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. A unanimous voice vote of approval was recorded.

Eight in the Running for 2016 Virginia Teacher of the Year

Governor Terry McAuliffe to Announce State's Top Teacher on October 19

Eight teachers today learned of their selection as 2016 Virginia Regional Teachers of the Year during surprise classroom visits, school assemblies and announcements by their division superintendents — and in the case of a Poquoson English teacher — Superintendent of Public Instruction Steven R. Staples.

"The teachers recognized today embody all of the qualities that make Virginia teachers so special," Staples said after announcing the selection of Poquoson High English teacher Lauren Osborn as the 2016 Region 2 Teacher of Year. "They are dedicated to the academic success and well-being of their students, and they are leaders in classroom innovation."

The other seven 2016 Regional Teachers of the Year announced are as follows:

- Christopher Averill, a history teacher at Cosby High in Chesterfield County (Region 1)
- Stacey Rice-Lee, an English teacher at Northumberland Middle in Northumberland County (Region 3)
- Kimberly Scott, an English and Advanced Placement Language and Composition teacher at Franklin Middle in Fairfax County (Region 4)
- Kenneth White Jr., a theater arts and public speaking teacher at Jefferson Forrest High in Bedford County (Region 5)
- Natalie DiFusco-Funk, a fifth-grade teacher at West Salem Elementary in Salem (Region 6)
- Ruthanne Cole, a science teacher at Bland County High in Bland County (Region 7)
- Edward McCann Jr., an agricultural education teacher at Appomattox County High in Appomattox County (Region 8)

The teachers were selected from among candidates nominated by school divisions in each of the state's eight superintendents' regions. The candidates submitted portfolios highlighting their accomplishments, educational philosophies and community activities.

A panel, including classroom teachers, representatives of professional and educational associations, the business community and 2015 Virginia Teacher of the Year Jaclyn M. Roller Ryan of Shenandoah County reviewed the portfolios and selected the eight regional teachers of the year. Next month, the panel will interview each of the eight teachers to select the 2016 Virginia Teacher of the Year. The decision will be announced on October 19 in Richmond during a ceremony hosted by Governor Terry McAuliffe.

The 2016 Virginia Teacher of the Year will be the commonwealth's nominee in the National Teacher of the Year Program. The recognition is given by the Council of Chief State School Officers, in partnership with the Voya Foundation and People to People Ambassador Programs. Two previous Virginia teachers — B. Philip Bigler, the 1998 Virginia Teacher of the Year, and Mary V. Bicouvaris, the 1989 Virginia Teacher of the Year — went on to be named as a National Teacher of the Year.

Dear Dr. ~~Grasty~~: Dorinda

The Mary V. Bicouvaris Virginia Teacher of the Year Program provides the Commonwealth of Virginia an opportunity to recognize stellar educators in the field of education. Congratulations to Appomattox County public schools and Mr. Edward W. McCann, Jr., who was named the 2016 Region 8 Teacher of the Year. I salute Mr. McCann for providing the highest level of instruction to the children of the Commonwealth. His commitment to excellence is truly extraordinary.

Mr. McCann will receive additional information regarding the final phase of the 2016 Virginia Teacher of the Year selection process for regional winners. As an integral part of the overall selection process, all Regional Teachers of the Year will participate in panel interviews to be held at a Downtown Richmond location on Monday, October 19, 2015.

Early Bird Sessions

Wednesday, November 18

9:30 am – Noon

Engage Every Family: Five Simple Principles

Dr. Steve Constantino, superintendent, Williamsburg-James City County

Dr. Steve Constantino, the nation's leading practitioner in family engagement will share with participants his model for effective family engagement entitled "The Five Simple Principles." Dr. Constantino will provide a framework and pathways for schools to increase the engagement of families, especially those that are traditionally disengaged or disenfranchised. The workshop closely follows the ideas presented in his new book, "Engage Every Family: Five Simple Principles". Dr. Constantino will also provide school board members with a framework to create effective family engagement policy in their own school divisions. With his usual humor and knack for storytelling and telling it like it is, Dr. Constantino ensures that all participants will leave the workshop with the knowledge, ideas, plans and enthusiasm to understand the importance of engaging every family.

Introduction to Special Education Law for School Board Members

Kathleen Mehfoud, partner, Reed Smith
Jason Ballum, partner, Reed Smith

School board members may hear that the board is not permitted to take certain actions regarding testing, discipline, placement or school assignment because the student has a disability. Some of these decisions are made by staff in consultation with the parents. It is important that school board members understand their role and any limitations on authority that they may have in the complicated special education process. Two experienced special education attorneys will present this in depth program and explain the basics of special education law and the role of the school board. Because special education issues can be both time-consuming and expensive for the school division, this session is a critical one to attend.

Exhibitors Scholarship

VSBA is excited to announce the 2015 VSBA Exhibitors Scholarship. The scholarship is available to a student school board representative serving a member board of the VSBA. The student must be a graduating senior in Spring 2016 and must have served as a student school board representative during their junior or senior year.

Exhibitors interested in supporting this important program should contact Brianna Stout, coordinator of board development, at brianna@vsba.org

Exhibition of School Architecture

From ambience and multi-functionality to sustainable design and security, there is a direct relationship between good design and effective teaching and learning. The VSBA Exhibition of School Architecture gives you the opportunity to see this in action. Category awards will be given, and the People's Choice Award will be judged from the project display boards shown during the convention, with the winner being announced at the Closing General Session on Friday morning.

In addition to the headquarters hotel, blocks of rooms have been secured at special rates at nearby hotels. All reservations are on a first-come, first-served basis. The rooms at the main convention headquarters hotel, The Williamsburg Lodge, are reserved for those school divisions now eligible in the rotation list. Please do not call the hotel for reservations, they will not accept reservations if you are not on the rotation list. Divisions on the list have been notified.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, September 10, 2015 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Wyatt K. Torrence, Mr. Bobby K. Waddell, Rev. J. Wesley Williams, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Part-Time Employees Retirement Program Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided an update concerning the retirement program for part-time employees who are not covered by the Virginia Retirement System. (See Attachment # 1) He reported the program that was implemented in 1998 is based upon years of experience with our school division as well as working a required number of days each school year. Initially, savings bonds were purchased for those qualifying for the benefit but when it was no longer possible to continue purchasing bonds from a local bank, a 403(b) retirement fund program was implemented. Recently, requests have been received from a majority of our part-time employees to be paid the earned amount through payroll rather than have the payment deposited into their 403(b) retirement fund; however, a small number want to retain the 403(b) program. As a compromise, Mr. McMillan suggested both programs be offered and each qualifying part-time employee be allowed to choose. He noted should the Board be supportive of allowing the two options, a form would be provided to each of the approximately sixty part-time employees to indicate their selection. Mr. McMillan stated he would bring a final recommendation to the Board at the September 24, 2015 School Board Meeting for action.

ACTION ITEM

Consideration of Approval of Request from AYS to Use Football Field Concession Stand

It was moved by Rev. Williams and seconded by Mr. Torrence to approve the request from Appomattox Youth Sports (AYS) to use the football field concession stand at Appomattox County High School during four home football games, September 19, October 3, October 17, and October 31, 2015 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employee #148; and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Mr. Torrence seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 3)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 4)

NEXT MEETINGS

The next Regular Monthly Business Meeting of the Appomattox County School Board will be conducted Thursday, September 24, 2015 at 3:30 p.m. The next Interim Meeting will be Thursday, October 8, 2015 at 5:00 p.m. Both meetings will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Mr. Torrence. A unanimous voice vote of approval was received from all Board Members.

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier Today

Prior to the Board Meeting, School Board Members spent the day touring school facilities. (See Attachment # 10) They were accompanied by central office administrators, Appomattox Town Council Members: Mr. C. Lewis McDearmon and Mr. Timmy Garrett; Mr. John Spencer, Assistant Administrator for Appomattox County; and Mrs. Jenna Fulmer, Administrative Aide to Delegate Matthew Fariss. Mrs. Bennett thanked those who were able to participate in the tour and requested Board Members share their comments concerning the day.

Mr. Torrence noted it is always good to see the growth and changes in education that surprisingly occur within a very short period of time.

Rev. Jones stated it was interesting to see the collaboration between the different levels of students in terms of achievement, students helping other students, and students working independently, as well as the ongoing teacher instruction. He noted it was really good to see cutting edge technology and teaching strategies.

Mr. Waddell agreed with his fellow Board Members. He stated it was a great day as they saw a lot of new and innovative programs particularly the cooperative learning programs. He was especially amazed by the primary school students using Promethean Boards and iPods and the middle school student who had split his screen to use the keyboard for text messaging. Mr. Waddell emphasized there are many great programs in all of our schools.

Membership Report

Mrs. Bennett provided the August 31, 2015 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,196 students. This compares to a budgeted ADM of 2,185. (See Attachment # 11)

VSBA and NSBA Activities

The VSBA Legislative Advocacy Conference was held September 10, 2015 in Charlottesville with Mr. Waddell and Dr. Grasty attending. Several handouts from the meeting were provided to Board Members. Mr. Waddell noted the conference was very interesting, particularly the information provided in "Review of General Fund Revenues, the Virginia Economy and Next Steps Toward the 2016-2018 Budget Cycle" as he shared the following highlights: (See Attachment # 12)

- At the end of FY 2015 the actual revenue was $600 million more than anticipated.
- 90% of this amount went into the reserve fund and 1.5 % was used to provide salary increases for teachers, county government, and state police.
- Education, including higher education, consumes approximately 38% of the state budget.
- 38.6% of the state revenue is designated for the general fund and 61.4% is non-general fund (grants, federal dollars, transportation, hunting licenses, fines, etc.).
- The outlook for 2016 is very optimistic, with expectations being lowered slightly as Virginia is not recovering as fast as the remainder of the country in the areas of employment and economic development.
- Medicaid is the fastest growing budget category.

VSBA will conduct a Hot Topic Conference entitled *Technology Summit* on October 2, 2015 in Midlothian. The registration fee is $140.00. Mr. Waddell and Mr. Arbogast plan to attend.

The VSBA Annual Convention will be held November 18 - 20, 2015 in Williamsburg. The registration fee is $260.00 and the deadline is November 6, 2015. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided information on the following and stated both would require action by the Board later during the meeting:

1. Part-Time Employees Retirement Program – This program was established in 1998 for part-time employees, primarily school bus drivers and cafeteria employees working less than five hours per day, who were not covered by the Virginia Retirement System. Initially, a savings bond program was established, but when it was no longer possible to purchase bonds from a local bank, a 403(b) retirement program was implemented. Part-time employees have asked that we look at other options. Many of those in this employee group are already retired and have to withdraw the funds as soon as they are deposited into their 403(b) account due to age restrictions. Mr. McMillan recommended the Board allow the part-time employees the option of continuing their 403(b) retirement program contributions or being paid the earned amount through our payroll system, minus the required deductions. He also recommended the Board approve a modest increase be made to the amounts contributed annually as no increase had been made since the program began in 1998. Mr. McMillian noted the increase would cost the Board approximately $1,500.00 annually and could be covered within our current budget. (See Attachment # 13)

2. VRS Resolution Not to Allow Eligible Employees to Direct Hybrid Voluntary Contributions to an Employer Sponsored Hybrid 403(b) Retirement Plan – The approval of this resolution is required by the Virginia Retirement System (VRS) and applies to full-time employees hired after January 1, 2014 and referred to as the Hybrid Group. Mr. McMillan recommended approval of this resolution which allows our Hybrid Group to remain completely covered through VRS for the next year and removes the responsibility of requiring our school division to implement an alternate 403(b) retirement program for the voluntary retirement option offered to the Hybird Group.

ACPS Annual Report 2014-2015

Mrs. Bennett distributed the 2014-2015 Annual Report for Appomattox County Public Schools which was a reflection of a very successful year in our school division. (See Attachment # 14)

Discussion of Email Disclaimer

Mr. Brette A. Arbogast, Director of Technology and CTE, stated an email disclaimer has been utilized in our school division for several weeks to gather employee input and make modifications before requesting Board approval. The following final version was recommended:

Mr. Waddell was in favor of using an email disclaimer as it affords the school division some protection. Mrs. Bennett noted this was also included in the agenda as an action item.

FY 2017-2021 Capital Improvement Program Project Request from the County

Mr. Timmy Garrett, Maintenance Supervisor, reported he and Dr. Grasty met with Mrs. Susan Adams (Appomattox County Administrator) and Mr. Johnnie Roark (Appomattox County Director of Community Development) on September 14, 2015 concerning capital improvement needs for the school division. Mr. Garrett stated the county had requested an update of our capital improvement needs and also requested the information be converted to the county format. (See Attachment # 15) Our revised document has been prepared and will provide the county with the information needed to determine funding projections for the next three to five years. Mr. Garrett emphasized this is a working document that will be updated as needs arise. He also stated the Appomattox

County Planning Commission will be meeting in early October, 2015 to review all of the county capital improvement needs. Mrs. Bennett thanked Mr. Garrett for all of his hard work in preparing the capital improvement needs document for the school division and noted this was also included in the agenda as an action item.

Discussion of ACHS 2016 Graduation

Mrs. Bennett provided the Board with a Facility User Agreement from Liberty University that reflected Dr. Poldi Moreno's request for graduation to be held at the Vines Center on May 17, 2016 for Appomattox County High School. She stated the fee of $4,400.00 has not changed for a number of years and the agreement had been reviewed and approved by our School Board Attorney. Mrs. Bennett noted this was included in the agenda as an action item.

Award of School Security Equipment Grant

Mrs. Bennett was pleased to report our school division had been awarded a School Security Equipment Grant in the amount of $59,118.00. The funds will be used to purchase door controllers, cameras, and radios for each of our schools. (See Attachments # 16 and # 17)

Update on Flu Clinics

Mrs. Bennett informed the Board of the student FluMist Clinics that will be held in our schools as follow:

ACHS	–	October 16, 2015	–	9:00 a.m.
AES	–	October 23, 2015	–	9:00 a.m.
AMS	–	October 23, 2015	–	1:00 p.m.
APS	–	October 27, 2015	–	1:00 p.m.

She stated information concerning the staff clinic would be announced at a later date.

Joint Meeting with Appomattox County Board of Supervisors

A joint meeting of the Appomattox County School Board and Appomattox County Board of Supervisors will be held Thursday, November 5, 2015 at 5:00 p.m. in the School Administration Building. Mrs. Bennett requested input from Board Members concerning information they wish to have included in the superintendent's presentation. Mr. Waddell stated we need to continue our discussion of capital improvement needs and inform them about some of our great programs.

ACTION ITEMS

Consideration of Approval of Changes to Part-Time Employees Retirement Program

It was moved by Mr. Torrence and seconded by Rev. Jones to allow eligible part-time employees (not covered by the Virginia Retirement System) the choice of having their earned retirement dollars directed to the current 403b retirement plan or being paid through the normal payroll process, minus all required payroll deductions, based upon the proposed increased amounts as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 18)

Consideration of Approval of 2016 ACHS Graduation Location and Date

It was moved by Mr. Torrence and seconded by Rev. Jones to approve conducting graduation for Appomattox County High School on May 17, 2016 at 7:00 p.m. at Liberty University's Vines Center for a fee of $4,400.00 and authorize the superintendent to sign the Liberty University Facility User Agreement as presented and recommended by the superintendent. Rev. Jones, Mr. Torrence, and Mr. Waddell voted in favor of the motion. Rev. Williams abstained. By majority voice vote, the motion was approved. (See Attachment # 19)

Consideration of Approval of 2015-2016 Advisory Committee Members

It was moved by Mr. Torrence and seconded by Rev. Jones to approve the 2015-2016 Advisory Committee Members as presented and recommended by the superintendent for the following committees: Remedial and Special Education, School Health and Wellness, Gifted, and Career and Technical. By unanimous voice vote, the motion was approved. (See Attachments # 20, # 21, # 22, # 23)

Consideration of Approval of Email Disclaimer

It was moved by Mr. Torrence and seconded by Rev. Jones to approve using the following email disclaimer as presented and recommended by the superintendent: Disclaimer Notification From Appomattox County Public Schools...The information in this email and any attachments may be confidential and privileged. Access to this email by anyone other than the intended original addressee is unauthorized. If you are not the intended recipient (or the employee or agent responsible for delivering this information to the intended recipient) please notify the sender by reply email and immediately delete this email and any copies from your computer and/or storage system. Virus scanning is recommended and is the responsibility of the recipient. See 18 U.S.C. 2511. By unanimous voice vote, the motion was approved.

Consideration of Approval of Capital Improvement Projects Priority List

It was moved by Mr. Torrence and seconded by Rev. Jones to approve the capital improvement projects priority list as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 24)

Consideration of Adoption of Bullying Prevention Month Resolution

It was moved by Mr. Torrence and seconded by Rev. Jones to adopt the Bullying Prevention Month Resolution as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 25)

Consideration of Adoption of Resolution Not to Allow Eligible Employees to Direct Hybrid Voluntary Contributions to an Employer-Sponsored Hybrid 403(b) Retirement Plan

It was moved by Mr. Torrence and seconded by Rev. Jones to adopt the Resolution Not to Allow Eligible Employees to Direct Hybrid Voluntary Contributions to an Employer-Sponsored Hybrid 403(b) Retirement Plan as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 26)

Consideration of Adoption of Resolution for the School Board to Reimburse Itself for the Purchase of Certain Technology Equipment from the Proceeds of Technology Grants

It was moved by Mr. Torrence and seconded by Rev. Jones to adopt the resolution for the School Board to reimburse itself for the purchase of certain technology equipment from the proceeds of technology grants as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 27)

UNFINISHED BUSINESS

There was no unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

Mr. Waddell introduced Ms. Carol Gage who had submitted a written request to address the Board concerning the employee two percent raise, the increase in health insurance premiums, and the impact these will have on instructional assistants. Ms. Gage stated her address as 965 Blue Ridge Drive, Appomattox, Virginia 24522. She noted she was an instructional assistant at Appomattox Elementary School and was speaking as an individual. Mrs. Gage thanked the Board for the two percent pay increase for school employees and for covering part of the increase in health insurance premiums. She stated for some instructional assistants the health insurance premiums consumed the entire two percent pay increase and in other instances resulted in a pay cut. Mrs. Gage requested, in the future, the Board consider a flat rate salary increase rather than a percent increase to allow those at the bottom of the pay scale to actually see a meaningful difference in their take home pay.

NEXT MEETINGS

The next meeting of the Appomattox County School Board will be held Thursday, October 8, 2015 at 5:00 p.m. for an Interim Meeting. The Board will also conduct a Regular Monthly Business Meeting on Thursday, October 22, 2015 at 5:00 p.m. A Joint Meeting of the Appomattox County School Board and Appomattox County Board of Supervisors will be held Thursday, November 5, 2015 at 5:00 p.m. All of the meetings will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia.

CLOSED SESSION

Adjourn to Closed Session

Mr. Torrence moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to

Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report and employee #252.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically the monthly discipline reports and student #14372.

Rev. Jones seconded the motion made by Mr. Torrence. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Torrence and seconded by Rev. Jones to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Torrence made this motion which was seconded by Rev. Jones, unanimously approved by Board Members, and recorded by roll call vote. (See Attachment # 28)

Approval of Personnel Matters

It was moved by Mr. Torrence and seconded by Rev. Jones to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 29)

ADJOURNMENT

There being no further business, Mr. Torrence moved the meeting be adjourned with a second from Rev. Jones. By unanimous voice vote, the motion was approved.

"RIDING THE WAVES OF SUCCESS AT AES!"

News from the Principal:

Fall is in the air, and so is FRED!!!! We feel that reading and math are so important that we are inviting every family to take on the "Families Reading and 'Rithmeticking Everyday" Challenge (FRED). Inside the newsletter, you will see a form and a calendar log you can use to sign up your family for this challenge. For 20 days we are asking families to read together 20 minutes a day, and practice math facts in a fun way 10 minutes a day. This can be our student with Dad, a student with Mom, a student with grandparents, or a whole family together. On October 20, we will celebrate here at school with a special night of fun for all, and all are invited to attend, whether you complete the challenge or not. However, there will be special prizes for all who do, and we want you to be a part of that. How will your child benefit? Research shows that families who learn together produce children who will:

**Receive higher grades and test scores, and enroll in higher-level programs*
**Be promoted, pass their classes and earn credits*
**Attend school regularly*
**Have better social skills, show improved behavior, and adapt well to school*
**Graduate and go on to post-secondary education*

So, join the students and families below who have already signed up to take on this challenge on our PTO night! We look forward to all of you becoming FRED together!

3rd Grade News

Our 3rd grade classes recently went on a field trip to Holiday Lake. Everyone enjoyed learning more about the science SOLs. The students learned about aquatic ecology and were able to take nets into the stream to hunt for critters. They thoroughly enjoyed this! We also saw different skulls and furs from wildlife and learned more about each animal's adaptations. We ended the day by playing a very active game where students pretended to be predators and prey. Our field trip was a wonderful learning experience!

4th Grade News

After-School Clubs began on September 14; organized and coordinated by Mrs. Katie Driskill. Thank you, Mrs. Driskill! Clubs include offerings such as ballet, archery, karate and rocketry, to name a few. After-School Clubs will be offered again in the spring. Clubs are filled on a first come, first serve basis.

In other news, AES fourth grade students built a deeper appreciation for Virginia History as they "set sail" for the Jamestown Settlement on September 18. Their voyage included a tour of the English fort, the Indian village, and exploration aboard re-creations of the three ships that brought America's first permanent English colonists to

Virginia. Students recall the Susan Constant, Discovery, and Godspeed as the names of the original ships which sailed to the New World from England, and the year they traveled as 1607.

Our 4th graders are 'Riding the Waves of Success!" Thank you for all you do ensure their success!

5th Grade News

Our 5th graders are "erupting" with all sorts of great news. If you were anywhere near the 5th grade hall last month, you would have witnessed the amazing volcano projects that were presented during science class. These projects ranged from drawings depicting the layers of the earth, to clay models of a volcano that actually erupted, and some tasty homemade volcanoes. The students took great pride in their projects and their hard work paid off.

In reading class, our 5th graders recently finished the suspenseful novel, Earthquake Terror, by Peg Kehret. They have been learning about plot, conflict, and how to use context clues when reading. Our students have also been studying sentence structure and how to correctly place commas in a sentence. In math, students have been learning about long division with two-digit divisors.
We are very excited about our upcoming field trip on Friday, October 16th.

We will be traveling to the Greensboro Science Center. There are a lot of exciting things happening in fifth grade. It looks to be a promising year☺

Library News

AES Book Fair October 19-23
Parents, please help your child prepare for the October book fair! You will receive a brochure advertising some of the newer book titles that will appear in the book fair this fall. Many more titles will be available than just those. Parents please come to shop with your children during their regular library time that week, or come for the evening book fair session on Tuesday, October 20.

We'd love to have you volunteer to help in book fair also. Call the office and leave your name; we will call you back and discuss a day when you can volunteer. Children will not turn in books or check out books during that week of book fair. We do need to charge sales tax for the books bought. We do not accept charge cards for purchases; we do accept cash and checks made to AES. Come help us celebrate reading October 19-23!

STOP BULLYING NOW!
TAKE A STAND. LEND A HAND.

U.S. Department of Health and Human Services
HRSA
Health Resources and Services Administration

Building Partnerships for a Safer Virginia
Center for Injury & Violence Prevention

What can students/youth do to "lend a hand?"

Bullying happens when someone hurts or scares another person on purpose. The person being bullied has a hard time defending himself or herself. Usually, bullying happens over and over.

Sometimes bullying is easy to notice, such as with hitting or name calling, and other times it's hard to see, like with leaving a person out or saying mean things behind someone's back. Both boys and girls bully, and both boys and girls get bullied. Bullying is not fair. And it hurts.

What do YOU do when you see someone being bullied at school?

- *Ask yourself, "Is it my job to help?"*

Think about how YOU might feel if the bullying was happening to you. You and other kids can lend a hand, even when you aren't close friends with the kids who are bullied. Your school will be a better place if you help stop bullying. And making your school a better place is EVERYONE'S job!

What can I do?

Lots of things! Think about what may work for you:

- Don't just stand there... SAY SOMETHING!
- Kids who bully may think they're being funny or "cool." If you feel safe, tell the person to STOP the bullying behavior. Say you don't like it and that it isn't funny.
- DON'T BULLY BACK! It won't help if you use mean names or actions. And it could make things worse.

But what if I don't feel safe telling a bully to stop?

- *That's OK.* No one should put themselves in an unsafe situation. How ELSE can you lend a hand when bullying happens?
  - Say kind words to the child who is being bullied, such as "I'm sorry about what happened," and "I don't like it!" Help them understand that it's not his or her fault. Be a friend. Invite that student to do things with you, such as sit together at lunch or work together on a project. EVERYONE NEEDS A FRIEND!
  - Tell the student who is being bullied to talk to someone about what happened. Offer to help by going along.
  - Pay attention to the other kids who see the bullying. (These people are called, "bystanders.") Are any of them laughing, or joining in with the bullying? If yes, these kids are part of the problem. Let those students know that they're not helping! DON'T be one of them!

- *Tell an adult.* (This is IMPORTANT!!)
  - Chances are, the kid who is being bullied needs help from an adult. The kid who is doing the bullying probably does, too. Often, the bullying does not get reported.
    But, who should you tell?

Think about who you could tell in your school:

- Teacher (which one would you talk to?)
- School counselor
- Cafeteria or Playground Aid
- School nurse
- Principal
- Bus driver
- School nurse
- Other adults you feel comfortable telling

If you need help telling, take a friend along.

Why don't some kids tell when they see bullying?

- They may not want others to think they are "tattling."
- They may be afraid that the kids who bully will pick on them next.
- They may think their friends will make fun of them for trying to help.
- Telling is very important! Reporting that someone is getting bullied or hurt in some other way is NOT "tattling." Adults at school can help. Ask them to help keep you safe after telling. Explain to your friends that bullying is NOT fair and encourage them to join in helping!

What if the bullying doesn't happen at school?

- If there is an adult around, report the bullying to an adult (your youth group leader, minister, sports coach, etc.)

- No matter where the bullying happens, you should talk to your parents about bullying that you see or know about. Ask them for their ideas about how to help.

We ALL must do our part! Kids who are bullied deserve to feel safe and welcome at school and in their neighborhoods. All kids do! TAKE A STAND. LEND A HAND. STOP BULLYING NOW! Check out other activities atwww.StopBullyingNow.hrsa.gov for more ideas about how you can "lend a hand" to stop bullying.

In the Spotlight ...Appomattox Elementary School PTO!

Parents,

Did you know that the planners our students use to become better organized and more responsible are paid for by our PTO? Did you know this is one way you can communicate back and forth with your child's teacher? Did you know these cost about $10 per student, which is approximately $5000 per year for our entire school? PTO raises money for this worthy way to assist students in two ways:

a. Fundraisers, such as *World's Finest Chocolate!*

b. Family memberships costing $5

If you have not already joined the PTO for this year, you can still do so. All you have to do fill out the form below, and send in your $5 membership donation to your child's teacher. The Parent-Teacher Organization (PTO) appreciates you!

We commit to practicing math facts TOGETHER, or, if all facts are mastered, to playing application games 10 minutes per day, five days per week for one month.

At the end of the month we will:

1. Be invited to celebrate our success on October 20 during WatchDog/Math/Literacy Family Night
2. Enter our reading/'rithemetic log into a drawing for prizes
3. Complete a survey about our experience as a family.
4. Have our picture taken for our "Successful FRED Families Wall of Fame!"

Principal's Post

Happy Fall!

As the temperatures get cooler and days are already getting shorter, it is hard to believe we are almost through the first nine weeks of our school year. Students have adjusted to the new block schedule very well and seem to be enjoying the exciting projects and activities teachers have challenged them with in their Discovery classes.

Your students may have shared with you that they were tested on their spelling and reading abilities recently. AMS English teachers are excited to be using the PALS Plus reading assessment to determine our students' instructional reading levels. Our teachers are able to use this data for each child to structure reading instruction tailored to fit their needs. Teachers will be sharing your student's test results during parent conferences and in an enclosure with the report card.

We look forward to seeing as many parents as possible for our first Parent-Teacher Conference day on October 8, from 4:00-7:00 p.m. Teachers will be contacting the parents of students they are concerned about academically or behaviorally to set up conference times first. Then they will open up their remaining conference times to any parent who desires a conference. With only three hours, we will not be able to meet with every parent during this time. Please feel free to contact your child's teachers at any time with concerns or a request to set up a conference.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together. Thank you for helping us succeed as we Learn, Grow, Achieve—every day, together.

Sincerely,

Cheryl Servis, Principal

Six Steps to Smarter Studying

- Pay attention in class.
- Take good notes
- Plan ahead for tests and projects
- Break it down (If you have a bunch of stuff to learn, break it into smaller chunks.)
- Ask for help if you get stuck.
- Get a good night's sleep!

APPOMATTOX MIDDLE SCHOOL GOES TO FLORIDA!

Eight students, one parent, and Ms. Simpkins went with World Strides Educational travel this summer for Science in Motion. We flew into Orlando and had a jam packed four days of hands on science. Our students were able to design their own cars and roller coasters and then ride them in virtual reality! They were able to kayak and dip net in the Gulf of Mexico, have lunch with an astronaut and dissect a shark! Touching an alligator, tiger shark and boa constrictor were other highlights. New friends were made, memories will never be forgotten, and the hands on learning was amazing!

CELL PHONES

All cell phones must be registered in the main office.

Appomattox County School Board policy (JFC-R) allows students to have cell phones at school. All cell phones must be registered properly with the school office. Cell phone registration forms are handed out in the homeroom packet on the first day of school and are available in the school office. **Once at school, phones are to remain turned off and in the student's locker**. Phones are not to be **visible or used** during the school day (8:00-3:35). Failure to follow this policy may result in the following:

1st Offense: phone confiscated and returned to parent, warning issued.

2nd Offense: phone confiscated and returned to parent, student suspended for 1 day

3rd Offense: phone confiscated and returned to parent, student suspended for 3 days

Appomattox FFA attends State FFA Leadership Camp

Appomattox FFA members travelled to State FFA Leadership Camp during the summer. The camp was held at Graves Mountain Lodge in Syria, Virginia. Over the course of five days, FFA members participated in a variety of activities and took a break from technology as they made new friends. Each day, campers participated in classes on leadership, public speaking, food science, horticulture, and teamwork. Camp participants donated and packed school supplies for a needy school in Haiti, as well as contributing food to a local food kitchen. Throughout the week, members participated in group sports and reflections prepared by the State FFA Officer team. Appomattox FFA was also represented in the creed speaking, prepared public speaking and extemporaneous public speaking contests. Appomattox FFA members hope to make FFA camp an annual tradition in the future.

FUN IN LEARNING IN MS. FORT'S CLASS

Mr. Pierce and Mr. Austin "volunteered" to compete in a Pie Eating Contest for Ms. Fort's six grade class. The class had just finished reading, Justin and the Best Biscuits in the World, in which a section of the story discussed a pie eating contest.

Kenneth (Spence) White, Jr., Region 5

Kenneth Spencer (Spence) White, Jr., a drama, stage craft, and public speaking teacher at Jefferson Forest High School in Bedford County Public Schools is the Region 5 Virginia Teacher of the Year. Prior to teaching for the last five years, he worked as an actor.

After earning a Bachelor of Fine Arts, majoring in Theatre, Mr. White completed a Master of Fine Arts in Acting from New York University. He also has completed course work at Lynchburg College.

As a high school student, Mr. White explained that he participated in many activities, but ultimately his passion became drama. "I played freshman, junior varsity, and varsity football. I was active in band, drama, choir and art. Drama eventually won out, and I enrolled at Southern Methodist University as a theatre major and went on to grad school. Upon graduation from New York University's Tisch School of the Arts in 1993, I chose to stay in New York City. I took to 'pounding the pavement' as an actor. My professional credits included *Hamlet* on Broadway with Ralph Fiennes, lead roles at The Guthrie Theatre (Minneapolis), Dallas Theater Center, Milwaukee Repertory Theater, Cincinnati Playhouse in the Park, Lincoln Center Institute, *The Lost Colony*, and nine Texas Shakespeare Festival productions. I appeared on television on NBC's *Law & Order*, *Deadline*, *Another World*, ABC's *All My Children*, *One Life to Live*, AMC's *Remember WENN*, and several national commercials for Chevrolet, Motorola, Nickelodeon, and many others." He tells his students that he also had to take other positions, such as driving a potato chip truck, to make ends meet. "My professional theatre background – uncommon among high school drama teachers – is what shapes my philosophy as an educator and director today." With all of his accomplishments, Mr. White makes clear, "...And coming to Jefferson Forest to teach is by far the best move I ever made."

Continuing his professional affiliations in the arts, Mr. White is a member of the Virginia Theatre Association and serves on the Board of Directors for the Opera on the James, Endstation Theatre Company, and Cavalier Theatre Boosters. He has been an adjudicator at the Virginia High School League 5A State Theatre Festival and the 2A West Theatre Festival. He has served as a talent show judge, workshop instructor, Powder Puff Football referee, and emcee. For the past five years, he also has served as the Cavalier Theatre Club Sponsor. Also, as an active member of Peakland Baptist Church in Lynchburg, Mr. White is a frequent worship leader and soloist.

Community engagement is very important to Mr. White and his students. He states that his "favorite days" are the Saturday mornings when he takes students in costume to the Lynchburg Community Market and the Forest Farmers Market to greet the public, distribute flyers, and perform songs to promote an upcoming play or musical. In addition to learning public relations, students have the opportunity to visit different parts of town. The students also stop at a local radio station for an interview, and the students speak live on the air.

Since 2010, student enrollment in theatre-related classes at Jefferson Forest High School and Forest Middle School has grown from 57 students to almost 200. Under Mr. White's leadership, his students have won many awards in the Virginia High School League Theatre, including conference championships, state runner-up honors, and district and state championships. His students were the Virginia Theatre Association Conference state finalists (third place) for two consecutive years.

A former student, Hunter Wilson, a chemistry and philosophy major at James Madison University, describes his first class with Mr. White. "The first time I met Mr. White was four years ago in his fourth period public speaking class. He struck me as a charismatic guy, but I didn't even know the half of it. I have many memories from that first day of class my sophomore year, yet one stood out in particular. On August 22, 2012, Mr. White did the impossible; he memorized every students' name. What would take an ordinary teacher weeks to do, Mr. White did in 50 minutes. That was the first time Mr. White earned my respect. ...Our admiration only grew larger as time continued. His teaching method of 'controlled chaos' attracted even the most introverted of us to get up and be involved in class and in theatre. ...Before I went through his public speaking class, I was my own worst enemy. ...I doubted myself completely. After being in this class and performing onstage, my confidence grew tenfold, and I became determined to use my abilities to change this world. He successfully gave me the tools to transform me from my own worst enemy into my greatest asset. ...If it weren't for Mr. White, I could be living a radically different life right now...."

Natalie Anne DiFusco-Funk, Region 6

The Region 6 Virginia Teacher of the Year is **Natalie Anne DiFusco-Funk**, who begins her fifth year as a fifth-grade teacher at West Salem Elementary School in Salem City Public Schools. She earned her Bachelor of Arts in Education and Master of Education with a major as a reading specialist at Boston College in Massachusetts. The 12-year veteran teacher earned National Board Certification in Literacy in 2013.

At the end of her first day of school in the fifth grade, Mrs. DiFusco-Funk knew that she wanted to become a teacher. "I can still recite my teacher's ... science lesson on antibiotics. I remember her [Mrs. Pilibosian] standing in front of the class, fists in the air, acting out the way antibiotics make their way through the body and 'punch out the germs.' With my own students each year, we dance around the room doing the comma dance that Mrs. Pilibosian taught me 25 years ago. I learned, and they learn, where to place commas in large numbers. Just picture 20 fifth graders, lined up in a circle, the *Conga* song playing, and the students frolicking around the room chanting... One, Two, Three, Comma! ...There was no other career path for me, and it was literally a dream come true when I began my career 12 years ago."

Mrs. DiFusco-Funk is very involved in her education community and has served as a member or chair on many committees, including the Alternative Assessment Committee, Talent Show Committee, Gifted Committee, Garden Committee, and the Math Pacing Guide Committee. Through these committees, she was involved in organizing the school talent show and establishing the school garden. Community service has included completing the 2010 Boston Marathon to raise funds for the Leukemia and Lymphoma Society.

The City of Salem Division Superintendent, Dr. H. Alan Seibert, stated, "Natalie is a life-long learner. ...She has served on many school and division committees and participated in numerous activities to increase her knowledge and skill as a teacher. Natalie is a leader. Natalie facilitates professional growth within her grade level, her school, and the school division. She utilizes Responsive Classroom techniques and Morning Meeting with students and has shared these strategies with colleagues. Natalie has participated in division studies and pilots of the implementation of standards-based learning and assessment. During the current school year Natalie has provided leadership in the development and implementation of alternative assessments for the fifth-grade writing SOLs.... Natalie DiFusco-Funk is an exceptional teacher and consummate professional who positively changes the lives of young people and facilitates the growth and development of her colleagues."

A middle school student and former student of Mrs. DiFusco-Funk, wrote, "...She is by far my favorite teacher ever!!!! I loved how Mrs. DiFusco-Funk individually challenges all of her students. In class, sometimes we were separated based on our skill level. We would get different assignments teaching us the same thing in different ways. Mrs. DiFusco-Funk didn't want anyone to be left behind. Other times she would put us all together and let us help each other. She cared that we all understood what she was teaching. Mrs. DiFusco-Funk always put us before herself. I think she also made learning so fun and interesting with her cool projects and energetic style. One of her projects I really loved was our Social Studies video project. Using a green screen and costumes, partners acted out events in U.S. history. My partner and I acted out the Constitutional Convention. We found a picture from the real place and put that as our background. It was pretty cool, if I say so myself. I learned a lot from her, and I think that she is an AWESOME teacher!"

The reading coordinator at West Salem Elementary School, Melanie Smith, wrote, *"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires.* This quote by William Arthur Ward is what comes to mind when I think of Mrs. Natalie DiFusco-Funk. She is a great teacher who inspires her students, her colleagues, and her school community. Her classroom is a caring community of learners. When you walk into Room 21, you will not find a traditional looking classroom with store bought posters and students at desks sitting in rows. You will find a room arranged with tables, student photographs displayed, and student work covering the walls. Anchor charts and graphic organizers hang from a clothes line representing resources from student learning. The resources are authentic and meaningful because the students were active participants in their creation during small or whole group instruction. The classroom belongs to the students and is representative of the community Mrs. DiFusco-Funk builds with them. Room 21 is a happy place where every child is successful in the learning process. She is a great teacher because she makes learning fun, engaging, challenging, and meaningful for each and every child in her class."

Ruthanne Cole, Region 7

Ruthanne Cole, who teaches biology and anatomy in grades 10 through 12 at Bland County High School, is the Region 7 Virginia Teacher of the Year. Since retiring from West Virginia public schools after 33 years' teaching experience, she has taught eight years in Bland County Public Schools. Mrs. Cole also is a lead teacher for the division's second through eighth grade STEM-UP afterschool and summer program for science, technology, engineering, and mathematics. Mrs. Cole earned a Bachelor of Science in Education from Concord College. She then earned both a master's degree and education specialist degree from Marshall University, where she is currently a doctoral candidate. She has been a National Board Certified Teacher in Adolescence/Young Adult Science since 2004.

The 41-year teaching veteran has received numerous teaching awards through the years, including recognitions in West Virginia as a school and county Teacher of the Year. Twice, she was awarded the West Virginia Science Teacher of the Year honor by the West Virginia Academy of Science and she was a recipient of the West Virginia Governor's Department of Environmental Protection Award for Environmental Stewardship for Education and Community.

In 2012, Mrs. Cole was selected as a Virginia Aerospace and Technology Scholar. She was engaged in NASA-developed activities with a Mars exploration theme, and she learned how to incorporate NASA materials and multimedia resources such as podcasting and video technology into her lessons. Her Mars lessons have become a favorite professional development workshop in her region.

In modeling responsible environmental stewardship, Mrs. Cole participated in a professional development program about feral pigs in Virginia. She has been volunteering to work with the local community to help address the issue of feral pigs contaminating waterways, destroying the nests of ground dwelling birds, destroying crops, and transmitting disease. Mrs. Cole has also joined with a group of educators and The Virginia Department of Game and Inland Fisheries to develop a feral pig unit for a K-12 curriculum guide. To bring the feral pig problem to the forefront in Bland County, she also embedded some of her feral pig lessons into the school division's STEM-UP after-school education program curriculum last year. Students took the information home and shared the information in the community.

Mr. Temple S. Musser, principal at Bland County High School, wrote, "Mrs. Cole does a great job of creating the right mixture of classroom work with lab time and utilizing all available resources. I have witnessed labs ranging from a full cadaver study complete with the handling of the human brain to Mrs. Cole dressed up and mimicking a honeybee keeper's responsibilities and duties. It truly is amazing to observe her classes on a daily basis.... Mrs. Cole is well respected by her peers and adored by our students. She is always professional and exhibits the characteristics expected of any great role model. Ruthanne Cole is and will continue to prosper because she is prepared, confident in her abilities and committed to whatever tasks she undertakes. [Her] motivated, goal-driven personality combined with her strong work ethic and a sense of order and direction, are qualities that enable her to succeed in career and life."

Mrs. Cole's colleague, Donna Musick, a special education teacher at Bland County High School, has witnessed firsthand her professional and academic expertise. She stated, "In the high school classroom, Mrs. Cole is a master educator in the field of science. Pulling from a wealth of knowledge and years of hands-on experience in the field, she carefully plans instruction using technology, demonstrations, guest speakers, and experiments with a variety of tools and specimens so that students learn the content by experiencing it firsthand. Class periods are often spent in a lab situation, outside in the field, or in group project collaborations. Her students have collected caterpillars; raised, tagged, and released Monarch butterflies; studied organisms in the campus creek; taken water samples; collected data from plants and animals grown in controlled experiments; and dissected organs and specimens. Mrs. Cole allows her students to discover science for themselves. During lecture, curious students often approach Mrs. Cole with questions concerning many aspects of science. She is always willing to take a portion of her class time to listen and respond professionally to those questions. In addition, special needs students, no matter the disability, are included in all activities, and are accommodated with compliance to their IEPs.... She is truly an asset to our profession."

Edward (Ed) William McCann, Jr., Region 8

The Region 8 Virginia Teacher of the Year, **Edward (Ed) William McCann, Jr.**, is beginning his eighth year teaching agricultural education in grades 9-12 at Appomattox County High School in Appomattox County Public Schools. He earned a Bachelor of Science degree, majoring in agricultural and extension education and minoring in crop, soil, and environmental science, from Virginia Tech. He completed his master's degree in career and technical education with an emphasis in agricultural and extension education from Virginia Tech.

Mr. McCann is a second generation teacher. His father is still employed in the same agricultural education teaching position that he began 37 years ago when he graduated from college. Mr. McCann explained, "Growing up a 'teacher's kid' has had a tremendous impact on shaping my views and opinions towards our educational system in Virginia. By title, my father is just an agricultural educator. However, to countless people, he was and is a father figure, motivator, mentor, shoulder to cry on, disciplinarian, coach, and most importantly, an agriculture teacher.... Little did I know that as a young observer, I'd soon become a participant in my father's lifelong mission as an educator. As I aged and matured, I spent more time with my father and his students. Before long, as an elementary aged child, I fell in love with the lifestyle of an agriculture teacher. I was captivated by the opportunities he provided for students to experience success. The long hours and constant focus towards selflessly helping others reach their goals and ambitions lured me towards the education profession. I had a behind the scenes seat and witnessed how he often helped his students find new heights and dreams that they never knew existed. It was inspiring to watch him carefully guide and craft experiences that shaped young teenagers into responsible and contributing citizens of the world community."

His many awards include the Virginia Association of Agricultural Educators Teacher of the Year Award, the Region 8 Virginia Department of Education Career and Technical Education Creating Excellence Award for the Veterinary Medicine Program, and the National Association of Agricultural Educators Eastern Regional Finalist for the Outstanding Young Member Award. His Future Farmers of America (FFA) Chapter at Appomattox County High School received recognition as the statewide First Place Chapter in the National Chapter Contest. For the past six years, he has been a recipient of the Building Our American Communities Grant.

Mr. McCann believes, "in order to create lifelong influence within the classroom and beyond, it is essential that teachers play an integral role in their community." He instills a service-oriented mindset into each of his students. "Each year I work with state organizations to provide our school's students and teachers with free tree seedlings to plant around their homes and around the county on Earth Day. Biennially, I help host a wildfire education workshop to teach students the dangers associated with burning brush and how to properly manage campfires."

Under his leadership, Mr. McCann's students have adopted 1.4 miles of highway near the school and remove litter; host an annual schoolwide cornhole tournament, Holes for Hope, to raise funds for Christmas gifts for area children associated with the angel tree program; and sponsor community and schoolwide food drives to benefit a local food bank. He and student leaders oversee an annual field day for the school division's first-grade students. This Little Farmers' Day includes nine interactive educational stations about the county's agricultural industries. Mr. McCann and his students manage a 25-acre farm adjacent to the school that is home to beef cattle, sheep, goats, pigs, and chickens.

Dr. Rusty N. Small, pastor at Liberty Baptist Church, stated, "Mr. McCann is a respected man in our church and community. He has served our church in a variety of ways, which includes co-teaching one of our adult Sunday school classes, has worked with our youth in chaperoning and mentoring in both middle and high school, and has been involved in planning and organizing college and young adults' ministry. He is also a deacon in our church. Mr. McCann is chairman of our preschool committee. He is part of our Compassion Ministry which serves many people in our church and community."

"...During Ed's time here at Appomattox County High School," states Assistant Principal, Dr. F. Poldi Moreno, "he has helped to grow our agriculture program into one of our most dynamic CTE programs in the school. This school year, our agriculture program was recognized as being one of the top programs in the United States. Ed's lessons almost always include some differentiation to ensure that each of his students is able to obtain the presented material. He also serves as a model for other teachers in presenting them with new ideas to differentiate their lessons." His colleague, Elizabeth Duncan, wrote, "Ed is an outstanding teacher who is dedicated to his profession. He is highly motivated and dedicated to his students succeeding in the classroom, FFA activities, and in their future careers.... Ed is an asset to the Appomattox community and a teacher I strive to be more like."

2016 VIRGINIA
TEACHER OF THE YEAR
Recognition Ceremony

October 19, 2015

COMMONWEALTH OF VIRGINIA

Welcome

Terence (Terry) R. McAuliffe

A Message from the 72nd Governor of Virginia

Congratulations to each of the eight Regional Teachers of Year! The First Lady and I are pleased to welcome you to the Executive Mansion this evening to recognize your remarkable contributions and to announce the 2016 Virginia Teacher of the Year. Tonight, we celebrate your accomplishments and honor your achievements. We thank you, and we thank the nearly 97,000 teachers in the Commonwealth committed to helping all of our students to succeed in the new Virginia economy.

Anne Holton

A Message from the Secretary of Education

Tonight, we come together to celebrate the teaching profession. I extend my heartfelt congratulations to these exemplary men and women who represent just a fraction of the Commonwealth's wonderful teachers. I am grateful for your countless contributions to the students, schools, and communities that need your help the most. Best wishes for further success as you continue to educate the next generation and instill in them a life-long love of learning.

Dr. Billy K. Cannaday, Jr.

A Message from the President of the Virginia Board of Education

Through this prestigious program, the members of the Virginia Board of Education are honored to recognize the 2016 Virginia Regional Teachers of the Year. To our special honorees, I applaud your many accomplishments in the classroom and the community. Through your example and passion for teaching, you elevate the profession. Thank you for accepting the call to teach.

A Message from the Superintendent of Public Instruction

On behalf of the Virginia Department of Education, welcome to the 2016 Mary V. Bicouvaris Teacher of the Year celebration. I salute the Regional Teachers of the Year — Mr. Averill, Mrs. Osborn, Ms. Rice-Lee, Ms. Scott, Mr. White, Mrs. DiFusco-Funk, Mrs. Cole, and Mr. McCann — who represent the many extraordinary teachers in Virginia. We can all remember teachers who inspired and encouraged us to achieve our goals. You are those teachers for many of our students, and I thank you for your dedication to young people and the profession.

Recognition Ceremony

Dr. Mary V. Bicouvaris
(1939 - 2001)

1989 Virginia Teacher of the Year

1989 National Teacher of the Year

Teacher of Government/International Relations
Bethel High School, Hampton, Virginia

Born in 1939 in war-torn Greece, Dr. Mary V. Bicouvaris developed a love for democracy and a love for teaching—qualities that became her trademarks. After securing a teaching degree in elementary education in Greece in 1958, she came to the United States and earned her bachelor's degree in secondary education from The Ohio State University in 1963, a master's degree from The College of William and Mary in 1970, and a doctorate from Old Dominion University in 1994. She began her teaching career in Hampton, Virginia, in 1963, even before she was an American citizen. What accounted for her success was a sense of dedication coupled with an ability to teach students of different learning abilities.

In her role as National Teacher of the Year, Dr. Bicouvaris communicated a simple but powerful point:

> ***"My message to America would be one of pride, hope, and promise in the educational system of a nation that sent the first man to the moon and which has yet to reach its greatest potential. I speak of the need to reach a national consensus on what is good for America's children and what is needed for this country to maintain its position on the world stage."***

Dr. Bicouvaris spoke about the challenges we face in continuing to strive for excellence in education. She expressed the hope that all American children will be given the opportunity to become literate in their own culture and at the same time develop an international perspective that will enable them to work, lead, and thrive in a global community.

Introduction and Recognition of the
2016 Virginia Regional Teachers
and the
Announcement of the 2016 Virginia Teacher of the Year

Governor Terence R. McAuliffe

Christopher Armand Averill, Region 1

Christopher Armand Averill, a 25-year teaching veteran who teaches history at Cosby High School in Chesterfield County Public Schools, is the Region 1 Virginia Teacher of the Year.

Mr. Averill earned a Bachelor of Science degree with a major in social sciences, graduating *magna cum laude*, and a Master of Arts in Teaching at James Madison University.

Mr. Averill has coached Boys Cross Country for 20 years and Girls Cross Country for 18 years. In addition, he has served as the coach for Varsity Boys Basketball, Freshman Boys Basketball, and Junior Varsity Boys Soccer. He has been awarded Coach of the Year honors for both Boys and Girls Cross Country.

Among his awards and honors, Christopher Averill has been named Who's Who Among America's Teachers, received the R.E.B. Award for Teaching Excellence, and was selected the Sons of the American Revolution Teacher of the Year and the Swift Creek Jaycees Outstanding Teacher. He has been active in national, state, and local leadership roles, including serving as an Advanced Placement United States History Summer Institute Facilitator, a faculty consultant for the Educational Testing Service, a member of the Virginia Historical Society Educators Advisory Board, a representative on various statewide Standards of Learning committees, and a member of numerous county committees. In 2014, he served as a faculty consultant contributor to the 15th edition of ***American History: Connecting with the Past***.

Mr. Averill's journey to teaching began early. He wrote, "The fickle hand of fate had dealt me a raw deal, or so I thought at the start of fifth grade. I had been given the one tyrannical teacher in all of Temple Hill Elementary School, outside of Newburgh, New York – Mr. Winfield. We, his prisoners, walked into a room that had desks arranged in pods of four with piles of books cascading over the edges. Within ten minutes, our lives as we knew them were over. This mountain of a man (6'3" and bristling with muscles) told us that we would accomplish the following by the end of the year: read 40 books and write book reviews on each one, memorize all of our multiplication and division tables up to 10, know the 50 states and their capitals and memorize a 29-line poem, *Desiderata*. The sonic deafening booms coursing through my ears were only equaled by the flashing spots across my eyes. How? What? Who? I could not make sense of the incomprehensible; the poem contained words I couldn't pronounce let alone comprehend. As the year progressed, I didn't die. Each week, I finished one more book review.... I was learning a work ethic. ...When I put the capstone into the edifice that was my personal pyramid of sweat and tears by reciting the poem that begins 'Go placidly amid the noise and haste, and remember what peace there may be in silence,' I knew that I had done it. Years later, upon reflection, I realize that my time with Mr. Winfield was the beginning of the foundation by which I have fashioned my own teaching: hold high expectations and know that the lessons are not simply about the content but are also about the perspectives gained and the intellectual skills developed. That poem is one that I recite often. It gives me a balance – a gift from one of my heroes."

His principal, Dr. Brenda R. Mayo, wrote, "Christopher Averill is a humble leader and an inspiration to both our faculty and students. When talking with Cosby graduates, I often hear stories of Mr. Averill as the best teacher they ever had, or the teacher who inspired them in academic or career choices. They speak of rowdy debates over arcane historical questions, poring over his collection of WWII-era newspapers, or the letters they wrote in his class that he mails back to them five years after graduation. He is an asset to the Cosby community."

Skyler Thomas Zunk, the 2015 Student of the Year at Cosby High School, stated, "Of all the combinations of words that I could possibly craft to describe Mr. Averill, no such arrangements would ever do his character, work ethic, and superb personal qualities justice. I have had the pleasure of training and learning under Mr. Averill's guidance in both Cross Country and A.P. U.S. History. Coach Averill never seems to stay within the normal bounds of a teacher or coach. To all who sit in his classroom and traverse the cross country trails, Averill quickly becomes a friend and a mentor.... The goal of all teachers is to leave a lasting impact on their students, and some succeed. Every teacher can teach a student, but luckily, Mr. Averill does so much more..."

Lauren Elizabeth Osborn, Region 2

The Region 2 Virginia Teacher of the Year is **Lauren Elizabeth Osborn** who teaches English at Poquoson High School. Her seven years of teaching experience have all been in Poquoson City Public Schools. Mrs. Osborn graduated *cum laude* from James Madison University, earning a Bachelor of Arts with a major in English, concentrating in American Literature. She earned a Master of Arts in Teaching from James Madison University in 2008.

In 2012, Mrs. Osborn earned National Board Certification in Adolescence and Young Adulthood English Language Arts, becoming the first to earn the National Board Certified Teacher title while working in the school division. Her achievements also include receiving a Poquoson Education Foundation Grant. She is active in professional development activities, and she has served as a mentor for new teachers, chairperson of the Poquoson High School English Department, SAT Preparatory Class instructor, judge for Academic Challenge/Scholastic Bowl Competitions, member of the Teacher Advisory Council, and a founding member of the Bullying Prevention Steering Committee. She is often a presenter at conferences and workshops.

Mrs. Osborn has served as the co-coach for the Girls Varsity Tennis Team for seven years. She also is a volunteer drum major coach for the Poquoson Islander Marching Band.

She credits her family for instilling in her the love of teaching. She wrote, "...Like many, I spent my childhood 'playing teacher.' My parents indulged my habit and let me transform our living room into my classroom. My brother made copies of 'report cards' for me to use. I had posters, a board, colorful chalk in a chalk holder, reward stickers and certificates, and even a grade book. My family let me teach them everything from the life span of a frog to proper penmanship. From the earliest possible age, I wanted to teach. I came by the desire naturally; my mom taught sixth grade before staying home to raise her children. Later on she went back to work as a preschool teacher. My brother is a chemistry professor. My parents encouraged me toward what they deem the noblest (and most difficult) profession the way my friends' parents hoped their children would become accountants, doctors, and lawyers. Incredible teachers throughout my life reinforced my desire and passion to become an educator."

Dr. Jennifer Parish, Superintendent of Poquoson City Public Schools wrote, "Mrs. Osborn is a dynamic English teacher, inspiring students of all backgrounds and abilities to learn. She fully engages her students in learning and uses research-based strategies in her instruction on a daily basis. Recently I was able to observe her students working on an exciting community-based learning project that she developed. The project, fashioned after the 'Humans of New York' blog, enabled students to connect in meaningful and relevant ways with our community while also meeting numerous learning objectives. The learning activity utilized multiple technologies and was funded through a grant that Mrs. Osborn was awarded from our local educational foundation."

"Lauren's constant growth as a teacher stems from her ability to handle challenges with humor and humility," states Assistant Principal George Yeager. "She serves as a model for her students in that regard, which explains why she holds such a captivating connection with them. Lauren allows students to see that part of growing is learning from mistakes, all while holding them and herself to an incredibly high standard. One of Lauren's English Honors students describes how he never challenged himself academically until she encouraged him...to assert himself in her Honors class. He credits Mrs. Osborn with piquing his interest in learning, teaching participation in great book Socratic Seminars, appreciating him for who he is, inspiring him to become an AP student, and introducing him to his favorite book, *The Scarlet Letter*...."

Former student, George Revill, stated, "Mrs. Osborn encouraged in-depth discussion on the books and coursework that we were assigned, and the enthusiasm she had for the assigned readings was contagious; it was clear that Mrs. Osborn loved her subject and had a passion for teaching. Even when I was bogged down in coursework for other classes, I always tried to put forth extra effort on my English work, because Mrs. Osborn was the kind of teacher who would let me know that I wasn't reaching my potential. When grading our papers, Mrs. Osborn would take the time to explain what we had done wrong and how we could better our writing. I feel that my writing improved tremendously for having taken her class, and the skills I acquired have helped me considerably as a student in college. ...I cannot think of ... a more inspirational teacher."

Stacey Helean Rice-Lee, Region 3

Region 3 Virginia Teacher of the Year, **Stacey Helean Rice-Lee**, is an English teacher at Northumberland Middle School. She has over 18 years' teaching experience, 15 of which have been in Northumberland County Public Schools. Ms. Rice-Lee also serves as adjunct in several institutions of higher education.

After receiving bachelor's and master's degrees with majors in English with an emphasis in education and English Literature, respectively, from Old Dominion University, Ms. Rice-Lee completed a reading specialist program at Regent University.

Ms. Rice-Lee stated that "becoming an educator was truly a spiritual calling. Many of my elders recall memories of my early years where I was always willing to help others, was truly enthusiastic about learning, and even more adamant about teaching. ...my first day of kindergarten changed my perspective and my life forever. Before that day in September 1979, I had only imagined being a teacher until I walked into my kindergarten class and set eyes on Mrs. Robinson. ...The compassion she had for her students was unparalleled. Who knew that one day one person could impact my young soul and awaken a calling bestowed on me as a young child. From that day on, I dreamed daily of becoming an educator...."

Stacey shares her passion for teaching and learning by presenting at various professional development activities and supporting teachers as a mentor. Her leadership is evidenced by her service as the English Department Chairperson, the Reading Programs Coordinator, AdvanceEd School Accreditation Committee Chairperson, and Positive Behavior Intervention and Supports Committee Member. She pioneered and implemented the first summer reading program for middle school students in Northumberland County. Since the program's inception seven years ago, the public library reports an increasing number of students who patronize the library as a result of the program. Additionally, four years ago she implemented the *One School, One Book* reading program, promoting reading with an emphasis on community involvement. Parents, students, teachers, and community members all read and engage in dialogue about one text.

Ms. Rice-Lee volunteers in community organizations. She has served on the YMCA Board of Directors which facilitated the construction and program development of the first and only YMCA in Northumberland County. She also volunteered as a youth basketball coach for four years. As an active member of Morning Star Baptist Church, she has served as the Superintendent of Sunday School; developed the Sunday School curriculum; and organized and directed Vacation Bible School, the Christmas Pageant, and the annual Friends and Family Church and Community Day. Each summer she works with the Girls' Empowerment Camp, a program for girls to develop self-esteem, set goals, and establish respect for themselves and others. As part of this project, she is writing a book as a mentorship self-help narrative that will assist girls on their journey to becoming positive women who contribute to their society.

Northumberland County Superintendent, Dr. Rebecca Gates, wrote, "Mrs. Lee is an exceptional middle school teacher at Northumberland Middle School.... One example of Stacey's creativity in the classroom is her lesson in which she is teaching students the grammar components in a sentence. A sentence was built in front of the class with students physically being a noun, verb, adjective, and adverbs. The rest of the class was engaged by telling the students where to stand and why. It was evident that the class had a firm understanding of the parts of speech and a great memory hook connected to the students' names."

Last school year, Tahi Wiggins, a student, wrote, "...Mrs. Lee is an amazing teacher.... Even with the many stresses of being a teacher and a mother, Mrs. Lee is always happy and energetic. I have her class first thing in the morning, and many of my classmates and I are still tired in her class. She wakes us right up! Her energy is amazing. She sings and dances around the room and makes most of her students want to join in with her contagious joy. Although she allows silliness and joking in her class, she is still incredibly serious about education. As with all excellent teachers, she is strict when needed. In addition, I am sure that she would sacrifice her own personal time if it helped a struggling student to understand the material. I feel that it is this combination that makes her a brilliant teacher: the mix of energy and happiness, but also seriousness and devotion to the education of her students."

Kimberly A. Scott, Region 4

Kimberly A. Scott, the Region 4 Virginia Teacher of the Year, teaches eighth-grade English at Franklin Middle School in Fairfax County Public Schools. Ms. Scott has 20 years' teaching experience, 10 of which have been in Fairfax. She previously taught in the states of Tennessee, Colorado, Washington, and Missouri.

After earning a Bachelor of Arts with majors in English and History from MidAmerica Nazarene University in Kansas, Ms. Scott received a Master of Education with a major in Instruction and Curriculum Design, from Eastern Washington University. She became a National Board Certified teacher in 2009.

As a teacher leader, Ms. Scott has assumed a wide range of roles to support the teaching profession. Kimberly was one of 16 English teachers selected by a national application process to assist with a content alignment review of the National Assessment for Educational Progress (NAEP) and the ACT Explore assessments. She served as a field test participant for the Content Knowledge tests given by the National Board for Professional Teaching Standards as part of the review and recalibration of the English/language arts certification process. Chosen as one of 12 English teachers, she helped review content for the English 8 writing assessment for the Virginia Department of Education. Other leadership roles have included serving on various Fairfax County Public Schools' committees, including the Middle School English/Language Arts Pacing Guide Committee and the Middle Schools Assessment Development Team. She supports novice teachers through mentoring. In addition to participating in many professional development opportunities, she has served as a presenter, cognitive coach, and trainer.

Ms. Scott received the Agnes Meyer Outstanding Teacher Award by the *Washington Post* in 2015. She has been honored with the Franklin Middle School Inspiring Staff Member Award and the Walmart and Sam's Club Teacher of the Year.

The power of observation influenced Ms. Scott's decision to become a teacher and affects her work each day. She wrote, "A potent moment for any student is the first time she witnesses passion and expertise from an expert. For me, it was a fourth-grade experience of watching Mrs. Snead, my piano teacher, play *Moonlight Sonata* with such feeling and finesse that when she asked if I was ready to learn the chords, I felt an intense desire to try. It was observing in my eighth-grade American history class Mr. Watt's passion not just for the facts of our country's story but also for the themes and lessons applicable to our future. When he spoke with me privately after class to insist I could achieve more if I prepared thoroughly for our discussions, I went home and did just that. Furthermore, in my sophomore college poetry class, it was listening to Dr. Wyman as she lowered her head to recite the Robert Frost poem *Out, Out*. Her committed intonations and skillful narration helped me understand with new depth how imagery can convey tragedy in palpable beats and 34 lines. Mrs. Snead, Mr. Watt, and Dr. Wyman loved their content and honed their craft. Their instruction modeled passion and knowledge that lured my interest, captured my attention, and inspired my commitment. These experts first planted the desire not just to learn but also to share with others the results of that learning and to do so as a teacher."

A retired teacher at Franklin Middle School, Stephanie Floros, stated, "It takes only a few moments with Kimberly Scott to recognize a genuine leader. To grasp how truly extraordinary she is, though, I wish you could see for yourself what students experience in her classroom: the best of the best, the teacher of a lifetime. They speak of a very positive attitude, many smiles, and wit, of making sure that no one is frustrated, bored, or discouraged. They recall a woman standing on a chair saying, 'Listen up! When I have something important to say, I am going to say it up here! They check the clock to see how much longer they GET to stay in her classroom! Every student in the building experiences the wild cheering of the English teachers she leads when *Rocky* is piped over the PA on SOL English mornings, while the students stream into the building. And every student at Franklin Middle School can't help but smile at Ms. Scott when she enthusiastically waves wands of soap bubbles of summer farewell from her scooter, as she glides back and forth alongside a crowded bus lane. ... 'You are not only good yourself, but the cause of goodness in others.' Socrates must have had Kimberly in mind."

The Franklin Middle School principal, Sharon L. Eisenberg, commented that "Kimberly Scott exemplifies the very best of the meaning of 'teacher.' ... She ignites learning and then fans the flames with her unflagging support and unparalleled expertise."

Engage Every Family: Five Simple Principles

Dr. Steve Constantino, superintendent, Williamsburg-James City County

Dr. Steve Constantino, the nation's leading practitioner in family engagement will share with participants his model for effective family engagement entitled "The Five Simple Principles." Dr. Constantino will provide a framework and pathways for schools to increase the engagement of families, especially those that are traditionally disengaged or disenfranchised. The workshop closely follows the ideas presented in his new book, "Engage Every Family: Five Simple Principles". Dr. Constantino will also provide school board members with a framework to create effective family engagement policy in their own school divisions. With his usual humor and knack for storytelling and telling it like it is, Dr. Constantino ensures that all participants will leave the workshop with the knowledge, ideas, plans and enthusiasm to understand the importance of engaging every family.

Introduction to Special Education Law for School Board Members

Kathleen Mehfoud, partner, Reed Smith
Jason Ballum, partner, Reed Smith

School board members may hear that the board is not permitted to take certain actions regarding testing, discipline, placement or school assignment because the student has a disability. Some of these decisions are made by staff in consultation with the parents. It is important that school board members understand their role and any limitations on authority that they may have in the complicated special education process. Two experienced special education attorneys will present this in depth program and explain the basics of special education law and the role of the school board. Because special education issues can be both time-consuming and expensive for the school division, this session is a critical one to attend.

Exhibitors Scholarship

VSBA is excited to announce the 2015 VSBA Exhibitors Scholarship. The scholarship is available to a student school board representative serving a member board of the VSBA. The student must be a graduating senior in Spring 2016 and must have served as a student school board representative during their junior or senior year.

Exhibitors interested in supporting this important program should contact Brianna Stout, coordinator of board development, at brianna@vsba.org

Exhibition of School Architecture

From ambience and multi-functionality to sustainable design and security, there is a direct relationship between good design and effective teaching and learning. The VSBA Exhibition of School Architecture gives you the opportunity to see this in action. Category awards will be given, and the People's Choice Award will be judged from the project display boards shown during the convention, with the winner being announced at the Closing General Session on Friday morning.

In addition to the headquarters hotel, blocks of rooms have been secured at special rates at nearby hotels. All reservations are on a first-come, first-served basis. The rooms at the main convention headquarters hotel, The Williamsburg Lodge, are reserved for those school divisions now eligible in the rotation list. Please do not call the hotel for reservations, they will not accept reservations if you are not on the rotation list. Divisions on the list have been notified.

Reminder:
Nametags must be visible to be admitted to ALL VSBA meetings and conferences.

- October was National Farm to School Month. Our cafeterias serve locally grown apples, peaches, and potatoes. The potatoes are from a farm to school partnership with New Beginnings Farm in Charlotte Court House.

Recycling

- ACPS has instituted a recycling program at all schools in order to reduce dumpster fillers, such as paper and cardboard. We partner County Waste, a company that is able to accept comingled items in one container, which eliminates the burden of sorting recyclables.

2015-2016 Grants

Awarded:

- The Virginia Department of Education awarded Appomattox County Public Schools a total of $59,118 from the 2015 School Security Equipment Grant Program which will be used to purchase door controllers, cameras, and radios for each of our schools. A local match of 25% of the state grant award is required.
- SUDIA and Fuel up to Play 60 has awarded Appomattox County High School a grant of $2300 for smoothie blenders and advertising for the new smoothie offering at ACHS breakfast.
- Share Our Strength has awarded Appomattox Middle School a grant of $2300 for touch screen tablets and food carts to expand the breakfast program.

Applied for:

- The USDA Farm to School grant assists schools in expanding local farm opportunities for students. ACPS submitted a grant proposal outlining the need for $27,000 in order to conduct a feasibility study on the potential outcome of expanding the horticulture program, as well as farm to school activities at all school locations. There is a 25% match. The grant award information is scheduled to be announced in November.
- The USDA awarded the Virginia Department of Education funds to be distributed to school divisions in order to update/purchase equipment for food services. ACPS applied for $33,153.65 for new items, such as convection ovens, touchless hand sinks, and food mixers. There is no match to this grant, which is expected to be awarded in December.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent shared the following communication items with Board Members:

Mr. Edward McCann, ACHS Agriculture Teacher and 2016 Region VIII Teacher of the Year, was a great ambassador for our school division and the region at the 2016 Virginia Teacher of the Year Recognition Ceremony in Richmond, October 19, 2015. As a Regional Teacher of the Year, Mr. McCann has been invited to participate in the Academy to Envision Tomorrow's Schools. The purpose of the Academy is to provide a high quality professional development experience with a focus upon how tomorrow's schools can be imagined and designed to be most supportive of effective teaching and learning.

Mrs. Julia Gillette Gossom Elder, retired secretary with our school division, passed away October 19, 2015. On behalf of the School Board, a contribution has been made to the Appomattox County Education Foundation in her memory and a card was sent to the family. We acknowledge the contributions Mrs. Elder made to our school division and extend our deepest sympathy to her family.

A reception honoring the artists of the 2015 Area Youth Art Exhibit was held Sunday, October 25, 2015 at Longwood University in Farmville, Virginia. Youth artists being honored from Appomattox County were: Catherine Baldwin, C'airra Jones, and Abby Ranson. This event was sponsored by the Longwood University College of Education and Human Services and the Longwood Center for Visual Arts. Student artwork will be on display in The Hull Building until May, 2016.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the September 30, 2015 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,199 students. This compares to a budgeted ADM of 2,185. (See Attachment # 12)

VSBA and NSBA Activities

The VSBA Annual Convention will be held November 18 - 20, 2015 in Williamsburg, Virginia. The registration fee is $260.00 and the deadline is November 6, 2015. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the first quarterly financial report for the 2015-2016 fiscal year which covered the period July 1 – September 30, 2015. (See Attachment # 13) He stated expenditures were running as expected and were in line to the same timeframe from the previous fiscal year. Mr. McMillan noted he would provide a final 2014-2015 financial summary, with salary information, at a future meeting.

Update on Comprehensive Plan

Dr. Grasty provided an update on the 2012-2018 Comprehensive Six Year Plan. (See Attachments # 14 and # 15) She was pleased to report many measurable goals have been met and others are in progress.

Class Size – Fall Report

Mrs. Annette Bennett, Director of Instruction and Curriculum, presented the Class Size Fall Reports for each school. (See Attachments # 16, # 17, # 18, and # 19) She stated there were relatively no concerns with class sizes at the primary and elementary schools. Mrs. Bennett was pleased to share the middle school report and noted the new block schedule has uniformed class sizes when compared to previous years. She also shared information concerning a few of the class sizes at the high school where there were more than twenty-five students or less than ten. She stated the core classes tended to have the larger number of students and elective classes reflected smaller numbers. Mrs. Bennett noted an additional teacher could be utilized in each core area but this has not been

possible due to budget restraints. Mr. Waddell and Mr. Smith asked if classroom space was available for the additional needed teachers. Mrs. Bennett stated space is an issue.

SAT Profile Report

Mrs. Bennett presented the SAT Profile Report which was based on the annual fall release of comparative data from the College Board. (See Attachment # 20) She was pleased to report Appomattox County was first in Region 8 and third in Region 2000 scores. Mrs. Bennett noted while our school division is very competitive in our area, more work needs to be done to meet and exceed state and national averages for SAT and ACT scores.

K-3 Class Size Report

Mrs. Bennett reviewed the K-3 Class Size Report which indicated our school division easily met all of the requirements needed to be eligible for K-3 Class Size Reduction funds from the state. (See Attachment # 21)

2016-2017 Calendar Discussion

Mrs. Bennett reported the 2016-2017 Calendar Committee will begin to meet in November to develop several calendar options for the upcoming school year that will be submitted to the Board for final selection. She requested Board Members provide guidance and preferences so this information could be presented to the Calendar Committee at their initial meeting. Mr. Smith requested schools be closed for the entire week at Thanksgiving. Mr. Waddell advocated to include Veterans Day as a holiday as he continues to receive requests. Mrs. Bennett stated she was compiling a list of the many outstanding activities taking place in our schools on Veterans Day and the number of Veterans who are invited into our schools on this day. She noted she would share this information with the Board as soon as the list is completed.

Title I School-Wide Presentation

Mrs. Elizabeth Haught, Director of Remedial and Special Education, reported on the Title I Programs at the primary and elementary schools. (See Attachment # 22) She provided information regarding the self-study, application process, and proposals involved in moving from Targeted Assistance to School-wide Programs. This will allow more students to receive instructional assistance from the Title I Staff focusing on the goal of a greater number of students achieving the required proficiency levels on state-wide assessments. Mrs. Haught emphasized the tremendous amount of work that was required by Ms. Michele West, Principal of Appomattox Primary School, and Mrs. Karen Cyrus,

Principal of Appomattox Elementary School, to accomplish this long awaited objective. A progress report will be provided to the Board at the end of the school year.

Update on Division Bullying Prevention Program

Mr. Brette Arbogast, Director of Technology and CTE, presented information concerning the many activities that are taking place in our schools to prevent bullying. (See Attachment # 23) Dr. Grasty noted the prevention of bullying is promoted in our schools during the entire school year with emphasis in October as this month is designated as Bullying Prevention Month.

Timeline for Maintenance Projects Approved by Board of Supervisors

Mr. Timmy Garrett, Maintenance Supervisor, provided a timeline for the school maintenance projects that were recently approved for funding by the Appomattox County Board of Supervisors. (See Attachment # 24) He stated most of the work needed at the middle school will be accomplished next summer which would require summer school to be held at the high school. Dr. Grasty expressed her gratitude to the county for financial assistance with the needed projects and stated the timeline would be sent to the Appomattox County Administrator.

Update on School / Business Partnerships

Dr. Grasty provided School / Business Partnerships that are in place for the 2015-2016 school year. (See Attachments # 25, # 26, # 27, and # 28)

Preparation for 2016 Board Meeting Calendar

The superintendent stated a draft of the 2016 Board Meeting Calendar will be presented at the November 12, 2015 Regular Monthly Business Meeting and requested direction from the Board concerning the development of the calendar. Mr. Smith was in favor of continuing to schedule two meetings each month, except during July, November and December, and cancelling Interim Meetings should there be no personnel or student discipline matters. Following discussion, it was the consensus of the Board to develop the 2016 calendar similar to the current 2015 calendar and incorporate the following:

- A full-day tour of the schools would be conducted in the spring and fall. Elected officials would be invited to accompany school division staff during the fall tour.
- Begin the meetings at 5:00 p.m. except on the days of school tours with those meetings beginning at 3:30 p.m.

- An Interim and Regular Monthly Business Meeting would be held each month except July, November, and December. Interim Meetings would not be scheduled for these three months.

FY 2017 Budget Process

The Board established the following budget calendar for the development of the 2016-2017 School Budget:

- November 12 - Public Comment Session; Board Discussion of Budget Goals
- December 17 - Board Develops Budget Goals; Possible Budget Work Session
- January 28 - Budget Update; Public Hearing on FY 2017 Budget; Adoption of Budget Goals; Possible Budget Work Session
- February 25 - Superintendent/Finance Director 2016-2017 Budget Presentation to Board; Adopt Budget
- March 3 - Joint Boards Presentation on FY 2017 Budget

Rev. Williams suggested newly elected School Board Members be invited to the November 5, 2015 Joint Board Meeting and the November 12, 2015 Budget Public Comment Session. Dr. Grasty stated this was an excellent suggestion and noted invitations would be extended.

Early Bird Sessions

Wednesday, November 18

9:30 am – Noon

Engage Every Family: Five Simple Principles

Dr. Steve Constantino, superintendent, Williamsburg-James City County

Dr. Steve Constantino, the nation's leading practitioner in family engagement will share with participants his model for effective family engagement entitled "The Five Simple Principles." Dr. Constantino will provide a framework and pathways for schools to increase the engagement of families, especially those that are traditionally disengaged or disenfranchised. The workshop closely follows the ideas presented in his new book, "Engage Every Family: Five Simple Principles". Dr. Constantino will also provide school board members with a framework to create effective family engagement policy in their own school divisions. With his usual humor and knack for storytelling and telling it like it is, Dr. Constantino ensures that all participants will leave the workshop with the knowledge, ideas, plans and enthusiasm to understand the importance of engaging every family.

Introduction to Special Education Law for School Board Members

Kathleen Mehfoud, partner, Reed Smith
Jason Ballum, partner, Reed Smith

School board members may hear that the board is not permitted to take certain actions regarding testing, discipline, placement or school assignment because the student has a disability. Some of these decisions are made by staff in consultation with the parents. It is important that school board members understand their role and any limitations on authority that they may have in the complicated special education process. Two experienced special education attorneys will present this in depth program and explain the basics of special education law and the role of the school board. Because special education issues can be both time-consuming and expensive for the school division, this session is a critical one to attend.

DISCUSSION BY BOARD MEMBERS

Following her presentation, the superintendent called for questions and comments from the members of both boards.

Mrs. Carter stated she was thrilled with the SOL test results and noted our school division had really accomplished something incredible.

Rev. Jones also noted the exceptional accomplishments indicated through the SOL test results and thanked all staff members. He pointed out these accomplishments came at a cost, not in terms of money, but in terms of the extra work and sacrifice that has been required of our administrators and teachers and has ultimately increased their stress significantly. Rev. Jones asked both boards to continue working together. He also pointed out to the Members of the Board of Supervisors that the accomplishments that have been made are not an indication that the school division does not need additional financial support.

Mr. Torrence stated his desire to see Appomattox thrive in all aspects including education as well as economic development and asked both boards to establish an open and cooperative communication system.

Mr. Tanner congratulated the school division for their huge accomplishments and noted everyone should be very proud. He also complimented the two boards for working well together. Mr. Tanner indicated the Board of Supervisors has been working to increase school funding and asked the new Board to continue to do the same.

Mr. Smith expressed appreciation to the Mr. Lair and the bus drivers for their excellent safety record as they had traveled 589,950 miles with no chargeable accidents. He also cited the success of the CTE Department that had one student receiving a Virginia State Inspection License last year during the first year of the program.

Mrs. Carter also complimented the bus drivers in Appomattox County as being considerate and polite.

Mr. Waddell thanked both boards for working together and stated communications have improved. He noted the challenge now will be to remain accredited. He pointed out teachers and staff are up for the challenge but will need all of our support.

Dr. Grasty thanked both boards for working together and thanked all school staff for their hard work. She stated the 2,199 students in our school division are worth every bit of our efforts as they are the future of Appomattox County.

SUPERINTENDENT'S REPORT

FY 2017 Budget Public Comment Session

Mr. Waddell opened the floor for the Public Comment Session regarding the development of the 2016-2017 School Budget. As there were no speakers, the Chairman declared the Public Comment Session closed.

Membership Report

The superintendent provided the October 31, 2015 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,199 students. This compares to a budgeted ADM of 2,185. (See Attachment # 7)

VSBA and NSBA Activities

The VSBA Annual Convention will be held November 18 - 20, 2015 in Williamsburg, Virginia. The registration fee is $260.00 and the deadline is November 6, 2015. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided a final 2014-2015 financial summary which included a breakdown of salary information which had been requested by the Board. (See Attachment # 8)

School Showcase Schedule for 2015-2016 School Year

The superintendent reported the following School Showcase schedule has been established for the 2015-2016 school year:

1. January, 2016 - Appomattox Elementary School
2. February, 2016 - Appomattox Primary School

3. March, 2016 - Appomattox County High School
4. April, 2016 - Appomattox Middle School

Discussion of Possible FY 2017 Budget Goals

The Board began their discussion of the 2016-2017 Budget Goals. The following goals were suggested:

Mr. Smith:

- Reinstate Full-Time Assistant Principal Position at APS
- Employee Compensation and Reinstate Employee Pay Steps
- Provide for Health Insurance Premiums Increase for Employees
- Reinstate Full-Time Horticulture Teaching Position
- Two Additional Student Slots at the Central Virginia Governor's School for One Junior and One Senior, Contingent upon Mrs. Bennett's Favorable Input

Rev. Williams suggested one additional science teacher be hired at the high school as the class sizes are too large and the space is too small. He referred to a recent class size report provided to the Board by Mrs. Bennett and stated we need to study which departments need additional teachers.

Mr. Torrence stated since he became a School Board Member he has advocated to retain all current employees. He stated this continues to be a concern for him as well as keeping employees pay whole and not allowing increased health insurance premiums to result in reduced take home pay.

Mr. Waddell agreed with the suggestions provided and emphasized the need for additional teachers to reduce larger class sizes at the high school. He noted increased funding would be required to support all of the budget goals that had been mentioned.

Rev. Jones stated all of the suggestions he could offer would create the need for additional financial support.

The FY 2017 Budget Calendar specified the Board will develop goals at the December meeting with adoption at the January, 2016 meeting.

Review of 2016 Draft School Board Meeting Calendar

The Board reviewed a draft of the 2016 School Board Meeting Calendar. The calendar calls for:

- An Interim and Regular Monthly Business Meeting will be held each month except July, November, and December. Only Regular Monthly Business Meetings will be conducted during these three months.
- A full-day tour of school facilities will be conducted in the spring and fall.
- Meetings will begin at 5:00 p.m. except on the days of school tours with those meetings beginning at 3:30 p.m.
- Joint Meetings with the Appomattox County Board of Supervisors will be conducted in March and November, pending approval of meeting dates by the county supervisors.

The 2016 School Board Meeting Calendar will be adopted at the January, 2016 Organizational and Interim Meeting.

RAIDER'S DIGEST

VOLUME 1, ISSUE 2 DECEBMER 2015

PRINCIPAL'S POST

Happy Holidays!!

As the holidays approach and we are just days away from Winter Break, it is very difficult to believe that we are half way through the school year. It has been a great first semester with lots of learning, exciting projects, and new Discovery classes to expand our students' horizons. We have enjoyed having some academic fun with our kids during their new Discovery classes.

We are very proud of our Civics and Physical Science students and teachers who just finished their first round of semester SOL testing. Although it was a challenge for both teachers and students to adjust to the new, faster pace of instruction, they did an outstanding job. We are pleased to report that this first round of semester testing yielded very favorable results.

We are also very proud of our Raider brothers on the ACHS Varsity Football Team—2A State Champions!! One of the ideas we have tried to impress upon our middle school students is perseverance and never giving up on something you are trying to accomplish. I can think of no better example of possessing that personal ***grit*** than our State Champion football team. If at any point they had decided it was just too hard or they didn't have the energy to keep going, they certainly would not have brought back that coveted title.

As you are working with your student at home, please remind them how important it is in life to have grit. Our students are amazing individuals. There's not much they can't accomplish if they believe in themselves and are willing to put in the hard work. Remind them that their teachers are here and willing to help them at any time. Encourage them to seek assistance when they feel they need it. And most importantly to never give up on themselves.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together. Thank you for helping us succeed as we Learn, Grow, Achieve– every day, together.

Sincerely,

Cheryl Servis

Principal

ACADEMIC CAREER PLANS

Mrs. Cooter has met with all 7th grade students through the Language Arts classes to begin to develop an Academic Career Plan. The purpose of the ACP is to allow each student to have a personal learning plan that aligns academic and career goals with the student's course of study. The ACP is designed to be a working document that maximizes student achievement by having the student accomplish goals in middle and high school that lead to postsecondary and career readiness. The plan will be reviewed as the student progresses towards high school graduation.

The students in Ms. Rigney's, Ms. Shapard's, Ms. Wilson's, and Mr. Spence's classes participated in a variety of activities including:

- Making a Plan
- Getting to Know You
- Dream On
- A Little About Me
- Reality Check
- Getting Familiar With the 16 Career Clusters
- Virginia View Career Exploration
- Virginia View "Who R U" Summary
- Virginia View College Search

The handouts along with the Virginia View Career Exploration summaries, will become a part of each student's ACP portfolio. Feel free to contact Mrs. Cooter if you have questions regarding your child's ACP!

BLAST

Blast will offer dynamic three-day residential summer experiences on the campuses of Old Dominion University, Virginia Teach and University of Virginia in the **summer of 2016.** Through innovative hands-on sessions taught by faculty members and staff, students will explore the fun and excitement of STEM while residing in a college dorm. **Current Virginia 8th and 9th grade students with at least at C+ average and a desire to explore STEM opportunities are encouraged to apply.**

BLAST is offered FREE of charge to students, however, transportation to and from the universities is the responsibility of each family. Students who have previously participated in BLAST are not eligible.

October Bullying Prevention Month Activities

AMS recognized October as Bullying Prevention Month through a month long of activities. This year our campaign focused on preventing bullying and promoting overall kindness. We started each week with videos that were carefully selected by administration. Students and staff members both had the chance to view and answer discussion questions regarding each video. This discussion time also gave students a platform to share their feelings about bullying. In addition, encouraging and thoughtful quotes were added to our lunchtime announcement slides.

The hallways also bore witness to out Bullying Prevention activities. Six of the bulletin boards throughout the school were creatively designed with powerful messages. Four of the boards were done by our own student led teams. Students took their task seriously and did a great job!

Teachers also posted "Free Positive Thoughts" posters by their classroom doors. We also had fun with "shout-outs" to students and staff who make our school great and Raider Pride treat tickets for students caught being king. The positive energy filled our halls.

On October 13th, AMS came together for BLUE-OUT BULLYING Day. We all wore our Raider Pride colors to show our commitment to preventing bullying at AMS. Our guest speaker, Omega Man, reminded us regarding of our own strength and the need to make good decisions.

We wrapped up our Bullying Prevention activities with a presentation in November from magician and motivational speaker, Dewayne Hill.

NJHS announces new inductees

Appomattox County Middle School recently inducted 34 seventh-graders and 2 eighth-graders into the AMS chapter of the National Junior Honor Society. Teachers and administrators at the school saw the need to recognize students who excel in academic, leadership, and citizenship endeavors. High-achieving students were invited to apply for membership into the nationally recognized, prestigious, honor society. After a highly selective process where applications were considered by a 5-member Faculty Council, students were inducted into the AMS National Junior Honor Society on Monday, October 19, 2015. Invited guest speaker, Pastor Jonathan Watson, of Bible Baptist Church, challenged the inductees to continue their pursuit of excellence in scholarship, service, leadership, citizenship, and character. Students pledged into the honor society by declaring their commitment to these five tenets.

AMS administrators, faculty, and staff are very proud to recognize these 36 outstanding members of the student body. Congratulations to the following inducted members **(not in picture order):**

8th grade inductees: Lukas Bearce and Tristan Lovins

7th grade inductees: Aaron Beamon, Liam Bennett, Carter Berry, Caroline Branch, Clara Campbell, Jade Campbell, Connor Cobb, Olivia Cowdrey, Emma Dawson, Zach Dillon, Dakota Donnigan, Candice Drinkard, Emma Drinkard, Bryce Gunter, Ethan Harbin, Tatum Harris, Trevor Kidd, Abbey Mann, Sarah McConville, Sabrina Melton, Sarah Mewborn, Ana Myers, Matthew Napier, Simon Nolen, Jay Patel, Ellie Peterson, Tyffani Sigafoos, Julianna Southall, Holden Stratton, Abigail Swanberg, Chase Weakley, Kristin Williams, Landon Wilson, and Cameron Womack.

Your conflict style

There are a variety of ways to resolve a problem. The way we approach a conflict depends on our means, beliefs, the importance of the outcome and the importance of our continued relationship to those involved. There are five commonly identified conflict management styles. We may be prone to one, but the style we chose to adopt usually depends on the situation. All styles have an appropriate time and place.

Conflict Management Styles

Competition—Competitors keep their "eye on the prize." The emphasis is on winning, and if that means others have to lose of a relationship is damaged, so be it. Competition is prevalent in our society, from sports to business to war. Competition usually behooves the more powerful, but is also the style of the determined and the strongly convicted. It is the style used when success is important enough to risk defeat.

Avoidance—Sometimes a conflict just isn't worth the trouble of getting involved, no matter the outcome. Perhaps the issue doesn't affect you much, or finding a solution would take time you could better spend elsewhere. Occasionally problems just fizzle, but usually avoidance doesn't resolve conflicts. The problem will persist as is, and maybe that's acceptable. Other times, avoidance may allow the problem to escalate until another style is needed.

Accommodation—When relationships matter more than objectives, you may give up your position to remain on good terms with others involved. If competition is "my way or the highway," accommodation is "Your way's fine with me, friend." Maybe you know that the other person feels more strongly about the issue than you do. Or maybe you can't stand the thought of making an enemy. Accommodators appease the other parties, even if that means letting them win.

Compromise—Splits and shares, in a compromise no party loses and no party really wins. Usually a compromise involves some appeal to objective fairness like, 50/50, taking turns or "if we can't both have our way, neither of us will." Compromises allow you to get part of what you want, and usually don't leave relationships any worse off. However, compromises can feel unsatisfying and may replace a more creative, potentially win-win solution.

Collaboration—Collaborators place a premium on both their own goals and their relationship with others involved in the conflict. Collaborators seek to create lasting, mutually acceptable resolutions. Collaboration requires time and creativity, but usually results in win-win outcomes.

SO...LET'S QUESTION IT…

Which conflict management style do you think you identify with most? Why?

Which conflict management style did you find it most difficult to adopt? Why?

Do you think one style is always preferable to the others?

In what kind of situation might it be best to compete? Avoid? Accommodate?

What Now?

Work towards developing constructive approaches to conflict resolution and consider how those approaches differ from destructive ones. Conflicts become an opportunity for growth!

AMS STUDENTS ATTEND NATIONAL FFA CONVENTION

In late October, five Appomattox Middle School students travelled to Louisville, Kentucky to participate in the 88th National FFA convention and Expo. Over 60,000 FFA members, advisors, and guests gathered in the city to celebrate the organization's success. Members were challenged to "Amplify their leadership in their homes, FFA Chapters, and communities as they heard from keynote speakers, National FFA Officers, and attended sessions. Highlights of the trip included the General Sessions, the Career Show and Expo, and meeting FFA members from across the country.

Amplify FFA was this year's Convention theme.

Appomattox FFA members don their blue corduroy jackets as they prepare for a General Session of the 88th National FFA Convention.

ROBORAIDERS ATTEND REGIONAL TOURNAMENT

The RoboRaiders, Appomattox Middle School robotics team, competed against 16 teams in the First LEGO League, Lynchburg Regional Tournament held at Sandusky Middle School The teams competed in four categories, Robot Design, Core Values, Research Project, RoboRaiders, and Robot Mission. The RoBoRaiders received high praise for their Robot Design with judges being very impressed with the attachments and a great use of sensors. During the team building exercise the judges gave the RoBoRaiders an exemplary rating for teamwork and professionalism. But the most exciting event and the one everybody looks forward to is the Robot Mission, with the RoboRaiders finishing 9th overall. By all standards it was a successful day and the students had fun while engaged in STEM activities.

AMS STUDENTS ATTEND WORKSHOP AT LONGWOOD UNIVERSITY

On Saturday, October 24, 2015, Appomattox Middle School students Abigail Swanberg and Madison Sprouse attended a Finch robotics work-shop at Longwood University. The girls had an opportunity to learn how to program the Finch robot using a coding program Scratch.

STEM Learning Specialist at ITTIP, Stephanie Playton, facilitated the workshop for the students. While the better part of the morning was spent programming and tinkering on the web based version of Scratch, the rest of the workshop focused on the integration of Finch robot with Scratch.

"RINGING BELLS OF SUCCESS!"

Students ranging from 4th through 7th from Appomattox Elementary and Appomattox Middle School, under the Leadership of Bonnie Tillotson (Extension Agent for 4-H Youth Development) and Sarah Letterman (Music Teacher, ACPS), performed Christmas music at the Appomattox Courthouse Presbyterian Church on December 6, 2015. This after-school has been meeting and practicing for the first semester of school. Student (and adult) performers are: (Back Row) Ethan Letterman, Rupert Armentrout, Karin Robertson, McKenna Robertson, Abby Sligh, Kasey Fetty, Sarah Letterman; (front row) Alex Busa, Karlee Davis, Sarah Conner, Natalie Fitzgerald, Savannah Perry, Haley Dickerson, Emily Purcell, and Bonnie Tillotson (directing).

GIRLS ON THE RUN

(Not in Picture Order) Shyann Bankston, Tamlyn Beiler, Brianna Bolte, Rose Clark, Claudia Hamlet, Tatum Harris, Olivia Hudson, Sarah McConville, Sheanya Morgan, Avery Roark, Abigail Swanberg.

AMS 600 CLUB

Students who scored a perfect 600 on at least one Standard of Learning test became members of the elite *600 Club* of Appomattox Middle School. Students and their parents were treated to lunch and the students received a *600 Club Member* t-shirt.

Rose Clark, William Boni, Clara Campbell, Desireai Clark, Isiah Davis, Dakota Deaner, Hayden Drinkard, Chris Epperson, Jacob Goff, Macee Hargis, Sarah Johnson, Josie Jones, Karoy Jones, Izzy Kelso, Clinton Kulpinski, Jaden Mayo, Chandler O'Rourke, Annabelle Paulette and Mariska Servis.

AMS CHORUS STUDENTS ENTERTAIN

AMS Chorus students entertain retired teachers during their December meeting with a selection of holiday music.

A big thank you to all of the parents who came and enjoyed lunch with their child during American Education Week.

Local veterans had an emotional and amazing day at Appomattox Middle School's Veterans' Luncheon. As Student Council Association president, I was overwhelmed by the love and joy in the air. Twenty veterans were honored. The luncheon showed what an incredibly beautiful bond this community has between the past and the present. This shows the strength of our country and demonstrates how proud and thankful we are for our Veterans and current military members. AMS thanks them for their service!

AMS FFA Supports Military with Christmas cards

Appomattox Middle School students showed their support of our military members during the week of Veteran's Day. AMS FFA sponsored a card drive to send Christmas cards to military members serving overseas in Okinawa, Japan. Students crafted cards and added personal messages to our brave soldiers fighting for our freedom. Some English classes were able to use what they learned about limericks to create their own message. The FFA Chapter was overwhelmed with the response that was received! In all, 408 cards were collected to spread some Christmas cheer to these brave men and women. Special thanks to Terry Harnett for coordinating the card collection with military personnel.

AMS FFA Secretary Caylan Moore delivers cards to Terry Harnett to be distributed overseas to our military. Over 400 cards were created for our servicemen and women by AMS students.

"RIDING THE WAVES OF SUCCESS AT AES!"

News from the Principal:

"It's the most wonderful time of the year!" This is a well-known phrase sung all around during the month of December; however, at Appomattox Elementary School, we could sing this ANY time of the year that our students are here with us. We are very proud of our children and the wonderful heart for others that they have.

At the end of December, we will be half-way through our year, having finished out first semester. Benchmark testing for the second nine weeks will be completed, and in early January, we will re-assess our students' progress in Reading and Spelling. We are excited about the growth we will see, as well as eager to see the areas in which instruction and learning can be strengthened. We want our children academically successful anywhere!

Appomattox Elementary School is one of four schools that make Appomattox County Public Schools a great place for learning. Did you know:

1. ACPS is 1 out of only 37 divisions in the state to have ALL SCHOOLS FULLY ACCREDITED by the Virginia Department of Education (VDOE)! (There are 132 divisions in all!)
2. ACPS is the ONLY division in Region 8 and in Region 2000 to have ALL SCHOOLS FULLY ACCREDITED by the VDOE!
3. ACPS leads Region 8 and Region 2000 in ON-TIME GRADUATION RATE, and we are higher than the state average as well!
4. ACPS has the distinction of having the Region 8 Superintendent of the Year as well as the Region 8 Teacher of the Year!
5. As part of ACPS growth and improvement, AES improved in EVERY academic area last year, and we continue to work for that goal for this year as well.

Thank you, parents, for all you do to support student learning. In November, we saw almost 200 family members attend our Math/Literacy Night, which is evidence of that commitment. We wish all of you to enjoy a blessed season of joy among your own family, and we are so thankful you are a part of ours here at AES.

3rd Grade News

As we near Thanksgiving break, we are thankful for our 3rd graders! In math, we are diving into multiplication! Students will be learning their times tables up to 12. Flash cards are a great way to practice these facts each and every night. Another fun way to practice math facts is by playing a game called "Kaboom!" Get your student to write down all of the math facts without the answers on popsicle sticks. On a few popsicle sticks, write the word Kaboom! Each player will pull out one stick at a time and answer the problem. If correct, keep the stick. If incorrect, place the stick back into the pile. If you pull a Kaboom! then you must put all of your sticks back. This is a great family game and the kids will love it! Thank you for your support and we will continue riding the waves to success!

4th Grade News

Congratulations! We are officially at the halfway mark for this school year! Fourth grade teachers are so proud of all that the students have learned so far, and we look forward to starting 2016 with these bright students!

Students will be completing different book studies in reading and learning about drawing conclusions and making predictions. After Christmas break they will move on to learn about cause and effect, fact and opinion, and using various reference materials.

Division and Fractions are the main topics approaching in math. Please continue to practice multiplication facts daily as these are essential to success in both division and fractions. In Virginia Studies the students will be learning about life after the American Revolution and the Civil War.

Thank you for all of your hard work at home! Happy holidays, and enjoy your break.

5th Grade News

Fifth grade students had an opportunity to interact with animals they had been learning about in their oceans unit at Greensboro Science Center this month. Currently they are studying matter and the parts of an atom in science. In math students are finishing up fractions. In writing they are practicing writing prompts and learning to use dictionaries, glossaries, encyclopedias and almanacs in reading class.

PHYSICAL EDUCATION NEWS

On Thursday, November 12th AES Physical Education classes took part in the "World's Largest Sport Stacking Event." During the course of the Guinness World Records Day, sport stackers from all around the world were up-stacking and down-stacking pyramids in prescribed patterns combined with a variety of fitness activities. This year our students helped break that record again! There is now a new Guinness World Record for "Most People Sport Stacking at Multiple Locations in One Day." The classes that participated from AES include: Mrs. Gregory, Mrs. Perkins, Mrs. Atkins, Mrs. Hogan and Mrs. Nolen. To learn more about this event you can visit www.thewssa.com/stackup

In December students will begin a basketball unit and practice dribbling, passing and shooting skills in various group activities. We will begin the New Year with cooperative team games and start preparing for our annual Jump Rope for Heart event. Our school-wide event will take place on Friday, February 13th! Look for more information to come home with your child in January.

Parent Notification Letter
Title 1 School Not Meeting One or More Annual Measurable Objectives

Dear Parent,

Virginia, under the *Elementary and Secondary Education Act of 1965* (ESEA) flexibility waiver granted on June 29, 2012, has established annual measurable objectives (AMOs) designed to reduce proficiency gaps between high- and low-performing schools within six years.

Per the provisions of the ESEA flexibility waiver, schools that do not meet the AMOs for subgroups must develop and implement improvement plans. The plans should focus specifically on the interventions for those students at risk of not passing a Standards of Learning (SOL) assessment including English language learners (ELL) and students with disabilities.

Parents must be notified if any school receiving funds through the Title 1 program does not meet one or more AMOs. Appomattox Elementary School did not meet all AMOs for the 2014-15 administration of the Standards of Learning assessment.

You may contact the school principal, Mrs. Karen Cyrus, at 352-7463 if you desire additional information.

Sincerely,

Elizabeth R. Haught
Director of Remedial and Special Education

Tis' the Season for.....Technology!

When it comes to internet safety for kids, one important aspect that must be addressed is social media sites. Social media sites, such as Facebook, can be a great way for kids to interact with each other, but it's also important for parents to be aware of the negative effects and dangers of being on such sites. Here are some tips to keep in mind about how to keep kids safe on social media sites.

1. **Think of the internet as a big, open space.** You wouldn't drop your child off at a big public place like a mall for the day and expect everyone he meets to treat him with kindness and protect his best interests, would you? That is a good analogy for what happens when a child goes online unsupervised. Be sure to keep a close eye on exactly who your child is talking to and when.

2. **Be aware of the potential for bullying.** While it is probably the case that many children online will have pleasant interactions with friends and peers for the most part, the truth is that bullying -- both online and off -- is a reality among children. The bottom line: When you have more opportunity for social interaction, you have more opportunity for rejection or bullying by peers. Keep an eye out for signs that your child may be a victim of bullying.

3. **Know about something called Facebook depression.** Researchers say looking at Facebook posts of happy events in others' lives can make some kids with poor self-esteem feel even worse. That makes a certain amount of sense when you consider the fact that people tend to post happy news and photos of themselves at parties on social media sites.

   Be sure to explain to your child that what he sees on social media sites is definitely not a reflection of what a person's everyday real life is really like. People are not likely to post news about failures or mistakes or times when they are not feeling good about themselves. Images of shiny, happy people on such sites tells only a small part of the much bigger story.

4. **Don't succumb to peer pressure from other parents.** While social media sites such as Facebook often have age requirements for users (Facebook requires users to be at least age 13), the reality is that many children far younger than that are on these sites. One survey by Consumer Reports found that as many as 7.5 million kids on Facebook are younger than 13, and 5 million are as young as 10 years old or under. To compound the problem, only 18 percent of parents had friended their kids, which is an effective way to monitor kids' social media activity.

   Your child may come home and ask to be on Facebook because all her friends are on it. Ultimately, the decision is up to the parents, but if they do choose to allow their young child to go onto a social media site such as Facebook, there are some things they should keep in mind.

   First, allowing kids to lie about their age so that they can join a social media site means that you are lying, and showing your child that it is sometimes okay to lie. Second, if you do decide to allow your child have a profile on such a site, you should monitor her activities very closely and be sure you friend her and have access to her email account.

5. **Set a solid foundation of trust and communication.** Be sure that your child knows that he can go to you with a problem, and that you will listen to whatever problems he may be having without fear of losing your love or affection.

6. **Monitor, Monitor, Monitor.** A true effective way to ensure our students are safe while online is to consistently monitor their activities and interactions with others. Remind your child that technology is a privilege, not a right. For additional information on ways to keep your child safe online this holiday season, visit www.commonsensemedia.org

In the Spotlight

"THANK YOU!" to our Students, Parents, Families, and PTO Leaders!

Our fall candy bar fundraiser was a success for our school. The PTO earned a profit of approximately $4900 for the candy bars students were able to sell. This is after paying for the candy, sharing prizes with the students, and providing a magic show for students who sold two or more boxes. Above are our top fundraising students: Gabby Johnson, Madelyn Austin, Leighla Sams, Marco Rubio and (not pictured) Christopher Harris. Leighla Sams is our school's #1 Top Fundraiser, and won the 5-pound chocolate candy bar!

The PTO uses funds raised through fundraisers to provide for our schools in ways a school budget cannot support. Classroom materials for teachers to use with students is one of those ways. Most recently, our cafeteria monitors in the cafeteria where our students' news and accomplishments are highlighted each day!

Science Fair Opportunity

Do you love science experiments? Would you like to design your own test and share your work with an audience? Now is your chance!

A.E.S. students are invited to participate in the annual 4-H Science Fair, which will be held on February 25-26, 2016, during school hours. We are communicating this event early in hopes that students will go ahead and start on a project. It's not too early to start thinking of your plan. Also, some tests do take a long time. For example, if you're testing plant growth rates in varying conditions, you'll need time for the plants to grow.

Students will decide on a project themselves, and complete the experiment at home. They will need to display all the information about what they did on a tri-fold presentation board. Students will bring their tri-fold board to school on the day of the Science Fair to be judged. **Please see Mrs. Ranson by January 29, 2016 for a more detailed information packet if you plan to participate.**

Science Fair Project ideas:

- How does the weight of different model cars affect the distance they travel when released from a ramp?
- How does the height of the ramp affect the distance my model car travels?
- What is the best way to keep an ice cube from melting?
- Which homemade airplane design flies best?
- Which brand of paper towel is strongest?
- Which brand of baby diaper is most absorbent?
- Does music affect plant growth?
- How much sunlight is best for plant growth?
- Which plant fertilizer works best?
- What type of food allows mold to grow the fastest?
- What brand of bubble gum produces the biggest bubbles?
- Which brand of glue works best on wood?
- Which soda turns flat fastest?
- Which brand of battery lasts longer?
- In which liquid will salt dissolve fastest?
- Which liquid will evaporate fastest?

Proclamation

Appomattox County High School Raiders Varsity Football Team Day

WHEREAS, Appomattox County is a community filled with excitement and spirit because the Appomattox County High School Raiders Varsity Football Team has had an outstanding 2015 season and has captured the Group 2A State Championship; and

WHEREAS, for the first time in Appomattox County High School history the Appomattox County High School Varsity Football Team won a State championship by defeating Clarke County 42-6 on December 12, 2015 at Salem Stadium; and

WHEREAS, the recognition and celebration of our Championship Team serves to bring our community together in honoring our students and their coaches for a phenomenal football season resulting in an undefeated 15-0 record, while averaging more than 30 points per game and gaining approximately 5892 total offensive yards, and allowed an average of 8.1 points per game scored by their opponents; and

WHEREAS, by achieving outstanding success in athletic competition, the Appomattox County High School Raiders were selected 2015 Friday Football Extra Team of the Year; and Coach Doug Smith earned the Courthouse Conference 37 Coach of the Year honor and was awarded the WSLS 10 Josh Leonard Character and Commitment Award; and

WHEREAS, these achievements could not have been reached without the leadership of Coach Doug Smith, his staff, and the encouragement of the players' parents who together instilled in them the value of teamwork and the power of one imparted in them a desire for success, and helped them to develop a sense of fair play and competition.

NOW THEREFORE BE IT PROCLAIMED, the members of the Appomattox County School Board along with the Superintendent of Appomattox County Public Schools, do hereby proclaim December 17, 2015 as Appomattox County High School Raiders Varsity Football Team Day and hereby extend our expression of pride to the team on their impressive record and many successes in 2015. We further encourage all Appomattox County citizens to acknowledge the historic achievements made by the Appomattox County High School Raiders and thank them for representing Appomattox County as well as the highest ideals of the high school football program.

VSBA Capital Conference
February 10-11, 2016

Richmond Marriott
500 East Broad Street
Richmond, VA

Advocacy by local school board members is a year-round job and even more important during the General Assembly. We will kick-off the two day conference with greetings from Virginia Governor Terry McAuliffe (invited) and Virginia Secretary of Commerce and Trade Maurice Jones. You will also listen to commentary on the "big picture" political scene, the governor's budget amendments and VSBA's legislative priorities. Then join us in the evening for a reception that will provide you with an opportunity to mix and mingle with your legislators and top administration officials. The events on day one will help prepare you for your legislative meetings after breakfast on day two.

The VSBA Capital Conference offers you an opportunity for your voice to be heard and continues VSBA's efforts for year-round advocacy.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the November 30, 2015 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,185 students. This compares to a budgeted ADM of 2,185. (See Attachment # 10)

VSBA and NSBA Activities

The VSBA Annual Convention was held November 18 - 20, 2015 in Williamsburg, Virginia. Mr. Waddell, Rev. Jones, and Dr. Grasty attended with Mr. Waddell serving as Delegate and Rev. Jones serving as Alternate Delegate representing the Board at the VSBA Delegate Assembly and Regional Meeting. Mr. Waddell stated highlights of the convention included legislative updates, new federal, OCR, and IDA appropriations, and the new education bill, *Every Student Succeeds ACT (ESSA),* which has been signed by Congress and the President. Mr. Waddell noted one of the key speakers was General Steward Rodeheaver, who was in Iraq and Afghanistan. He stated the General was a very interesting speaker who relayed many stories but the one Mr. Waddell found of particular interest concerned 3D images. General Rodeheaver stated many of the recruits were not qualified to go into the field. In order to bring the recruits to the level needed, the army developed software to train them and in the process stumbled upon 3D image software. General Rodeheaver provided a demonstration using a 3D image heart which Mr. Waddell noted was one of the most fascinating technological devices he had had the privilege of viewing.

Rev. Jones reported the conference was excellent. He stated attendance at the meetings helped him see that Appomattox is on the cutting edge as we are already doing what is being promoted at the conferences. He stated he attended one session concerning equity for all students and noted Appomattox has always taken care of all of our students.

The VSBA Capital Conference will be held February 10 - 11, 2016 in Richmond. The registration fee is $175.00 and the deadline is January 28, 2016.

The VSBA Orientation for New Chairmen and Vice-Chairmen will be held February 11, 2016 in Richmond. The registration fee is $175.00 and the deadline is January 27, 2016.

The VSBA Orientation for New Board Members and Superintendents will also be held February 11, 2016 in Richmond. The registration fee is $175.00 and the deadline is January 28, 2016.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported the governor presented his proposed budget for the 2016-2018 biennium to the legislative committees earlier in the day. However, the detailed report had not been posted on the Department of Education website prior to today's School Board Meeting. Mr. McMillan shared several items included in the governor's proposal: $1 billion for spending in K12 and higher education; $140 million to hire 250 new teachers across the state; $83 million for a 2% salary increase in 2017-2018 that would require some type of local match. Mr. McMillan noted the General Assembly will convene January 13, 2016 for a sixty day session. He anticipated a final budget from the state would not be provided until early April.

2016-2017 Calendar Recommendation

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, provided the Board with four draft instructional calendars for 2016-2017 that had been prepared by the Calendar Committee as follows:

- Monday Start With Parent/Teacher Conferences (See Attachment # 11)
- Monday Start Without Parent/Teacher Conferences (See Attach. # 12)
- Wednesday Start (See Attachment # 13)
- After Labor Day Start (See Attachment # 14)

Mrs. Bennett also provided a summary of the features of each calendar for ease in comparing the documents. (See Attachment # 15) She stated a holiday for Veterans Day was included in the two draft calendars with a Monday Start as the board had expressed this as an area of interest.

A survey was submitted to all staff members for their input with a response from 108 employees. The majority of 39% of those voting chose the Wednesday Start calendar. The Monday Start With Parent/Teacher Conferences received the next highest interest with 36%. Mrs. Bennett noted it is her general practice to recommend the calendar that is favored by the majority of staff; however, since the numbers this year were so close, she noted the Board may favor the Monday Start as it incorporated Veterans Day. She also pointed out the Wednesday Start calendar did not include parent/teacher conferences. Mr. Smith asked if these conferences were productive and Mrs. Bennett responded they were productive for the younger grades.

The superintendent noted the Board would be requested to take action concerning the 2016-2017 calendar later during the meeting.

Report of FFA Trip to National Convention

Mr. Edward McCann and Mrs. Elizabeth Duncan, Agriculture Teachers and FFA Sponsors, along with FFA President Oralia De La Cruz, shared pictures and a brief report concerning their trip to the National FFA Convention in Louisville, Kentucky, October 28 – 31, 2015. Mr. McCann reported this was the second year in a row the Appomattox FFA Chapter held the distinction of the Best FFA Chapter in Virginia. The Appomattox Chapter is also in the top two to three percent of the FFA Chapters in the United States. Mr. McCann expressed his gratitude for the opportunity to attend the conference as it provides tremendous personal growth opportunities for our middle and high school agriculture students. Mrs. Duncan also expressed her appreciation for the School Board's support of the trip and presented the Board with a picture of the group attending this year's convention. Oralia De La Cruz, FFA President, provided an excellent Power Point Presentation of the highlights of the trip. Mr. Greg Smith stated he had the honor of serving as a chaperone on the trip and complimented the exceptional and well-behaved Appomattox students as well as Oralia for the outstanding job she is doing this year as Chapter President.

FY 2017 Budget Goals

Dr. Grasty stated the FY 2017 Budget Calendar calls for the Board to develop budget goals at the December meeting with adoption at the January meeting. She noted the following budget goals were discussed at the November 12, 2015 Board Meeting:

1. Reinstate Full-Time Assistant Principal Position at APS
2. Employee Compensation and Reinstate Employee Pay Steps
3. Provide for Health Insurance Premiums Increase for Employees
4. Reinstate Full-Time Horticulture Teaching Position
5. Two Additional Student Slots at the Central Virginia Governor's School for One Junior and One Senior, Upon Mrs. Bennett's Favorable Input
6. Hire One Additional Science Teacher at ACHS
7. Retain All Current Employees
8. Hire Additional Teachers to Reduce Larger Class Sizes at the High School

Rev. Williams commented all of these are excellent goals and are very similar to goals the Board has established for a number of years. He noted implementation of the goals will take money and lack of these needed funds has prevented the goals from being accomplished in prior years. He was in hopes funding would be available for implementation of the worthy 2016-2017 budget goals.

Mr. Waddell asked if the Board should narrow the list. Mr. Torrence was of the opinion it would be difficult to narrow the list prior to receiving detailed budget

information from the state. At this time, it was the consensus of the Board to retain the goals as stated.

January 2016 Interim Organizational Meeting

The superintendent recommended the Board take action on the following items at the January 2016 Interim and Organizational Meeting:

1. Elect Chairman and Vice-Chairman
2. Appoint Clerk and Deputy Clerk
3. Appoint Designee to Attend School Board Meetings in the Absence of the Superintendent
4. Appoint Purchasing Agent
5. Appoint Records Officer
6. Appoint Representative to the LAUREL Regional Program Board
7. Appoint Representative to the Central Virginia Governor's School Board
8. Appoint Representative to the XLR8 STEM Academy School Board
9. Appoint Representative to the Appomattox County Education Scholarship Committee
10. Establish the 2016 School Board Meeting Schedule
11. Adopt Roberts Rules of Order
12. Adopt VSBA Code of Conduct for School Board Members
13. Adopt VSBA Code of Conduct for the School Board Clerk

Board Members were in agreement with all of the above listed agenda items.

ACTION ITEMS

Consideration of Request for Exemption from Compulsory Attendance Laws for Bona Fide Religious Belief for 2015-2016

It was moved by Mr. Smith and seconded by Rev. Jones to approve exemption from compulsory attendance laws for bona fide religious belief for the 2015-2016 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 16)

Consideration of Establishing January 7, 2016 as the Interim and Organizational School Board Meeting Date

It was moved by Mr. Smith and seconded by Mr. Torrence to approve the Interim and Organizational Meeting of the Appomattox County School Board be held Thursday, January 7, 2016 at 5:00 p.m. in the School Administration Building. By unanimous voice vote, the motion was approved.

Consideration of Changing Compensation for School Board Members

Mr. Smith stated he had requested this item be placed on the meeting agenda. He noted in July, 2014, the Board of Supervisors voted to reduce their salary with the reduced amounts being $4,800.00 for the chairman and $3,840.00 for members. At our August 14, 2014 School Board Meeting our Board voted to accept the reduction in pay to match the Board of Supervisors level, with the stipend designated for the Chairman of the Board to be divided equally among all five School Board Members, effective August 1, 2014. The compensation was set at $3,840.00 with $960.00 stipend divided by the five School Board Members for a total of $4,032.00 each per year. Mr. Smith stated the Board of Supervisors changed their salary effective July 1, 2015 back to the original amounts of $6,000.00 for the Chairman and $4,800.00 for the other supervisors. Mr. Smith proposed increasing the School Board Members salary to mirror that of the Board of Supervisors. He also noted the School Board meets two times each month while the Board of Supervisors have one scheduled meeting per month.

It was moved by Mr. Smith and seconded by Mr. Torrence that the Appomattox County School Board member compensation be changed back to the same dollar amount it was between January 1, 2004 and August 14, 2014 ($4,800 annually / $400 per month) with a $1,200 annual stipend ($100 per month) for the chairperson. This change shall be effective January 1, 2016 to mirror the compensation of the Appomattox County Board of Supervisors and will be prorated for the period January 1, 2016 – June 30, 2016.

Rev. Williams asked if it had been verified that the Board of Supervisors had reverted to the higher salary in July 2015. It was noted the verification had been made. He stated he would be glad to support Mr. Smith's motion but only if the motion was amended to be retroactive to July 1, 2015.

It was moved by Rev. Williams and seconded by Mr. Smith to amend the motion to state the Appomattox County School Board member compensation be changed back to the same dollar amount it was between January 1, 2004 and August 14, 2014 ($4,800 annually / $400 per month) with a $1,200 annual stipend ($100 per month) for the chairperson to mirror the compensation of the Appomattox County Board of Supervisors retroactive to July 1, 2015. By unanimous voice vote, the motion was approved.

Consideration of Adoption of 2016-2017 School Calendar

It was moved by Rev. Williams and second by Mr. Smith to adopt the Wednesday Start Calendar for 2016-2017 with a start date of August 10, 2016 for students. By unanimous voice vote, the motion was approved. (See Attachment # 17)

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to comment on non-agenda items.

NEXT MEETING

The next meeting of the Appomattox County School Board will be held Thursday, January 7, 2016 at 5:00 p.m. This will be the Interim and Organizational Meeting and will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report and employees #115 and #252.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically the monthly school discipline reports, and students #13001, #51459, #12286, #51810, #52155, and #52185.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Mr. Torrence to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Mr. Torrence, unanimously approved by Board Members, and recorded by roll call vote. (See Attachment # 18)

It was moved by Mr. Smith and seconded by Mr. Torrence to expel Student Number 51459 for 365 days with no alternative services. Should the student return to Appomattox County prior to the end of the 365 days, homebound services may be provided. By unanimous voice vote, the motion was approved.

Approval of Student Number 12286

It was moved by Mr. Smith and seconded by Mr. Torrence to place Student Number 12286 on long term suspension for the remainder of the 2015-2016 school year with placement at the Appomattox Alternative Education Center upon return for the 2016-2017 school year. By unanimous voice vote, the motion was approved.

Approval of Student Number 51810

It was moved by Mr. Smith and seconded by Mr. Torrence to allow Student Number 51810 to be placed at the Appomattox Alternative Education Center for second semester of the 2015-2016 school year. If the student's behavior and grades are acceptable at the end of the 2015-2016 school year, the student will be considered for returning to the high school for the fall semester of the 2016-2017 school year. By unanimous voice vote, the motion was approved.

Approval of Student Number 52155

It was moved by Mr. Smith and seconded by Mr. Torrence to take no action concerning Student Number 52155. It was also noted the student and parent(s) did not attend the discipline hearing. By unanimous voice vote, the motion was approved.

Approval of Student Number 52185

It was moved by Mr. Smith and seconded by Mr. Torrence to place Student Number 52185 on long term suspension for the remainder of the 2015-2016 school year with placement at Fort Hill Community School beginning January 5, 2016, pending acceptance of the student by Fort Hill. If the student maintains appropriate behavior and academic progress at Fort Hill for the remainder of the 2015-2016 school year, the student will be considered for placement at the high school for the 2016-2017 school year. By unanimous voice vote, the motion was approved.

ADJOURNMENT

There being no further business, Mr. Torrence moved the meeting be adjourned with a second from Rev. Williams. By unanimous voice vote, the motion was approved.

Minutes of
Appomattox County School Board
Interim and Organizational Meeting

The Appomattox County School Board met on Thursday, January 7, 2016 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim and organizational meeting. Present were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Division Superintendent Dr. Dorinda G. Grasty.

CALL TO ORDER

Division Superintendent Dr. Dorinda G. Grasty called the meeting to order, welcomed those in attendance, and led in the pledge of allegiance and a moment of silence. The Superintendent presided until the chairman was elected.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

ELECTION OF BOARD CHAIR

It was moved by Mr. Smith and seconded by Rev. Jones to nominate Bobby K. Waddell to serve as Chairman of the Appomattox County School Board for 2016. No additional nominations were received. By unanimous voice vote, Bobby K. Waddell was elected to serve as Chairman of the Appomattox County School Board for 2016.

At this point, Mr. Waddell presided for the remainder of the meeting.

REORGANIZATION FOR 2016

Elect Vice Chair

It was moved by Rev. Jones and seconded by Ms. Hall to nominate Gregory A. Smith to serve as Vice Chairman of the Appomattox County School Board for 2016. No additional nominations were received. By unanimous voice vote, Gregory A. Smith was elected to serve as Vice Chairman of the Appomattox County School Board for 2016.

REORGANIZATION FOR 2016 - continued

It was moved by Mr. Smith and seconded by Dr. Smith that the following appointments for 2016 remain the same as those approved for 2015:

Brenda F. Gowin	-	Clerk of the Board
Jayne D. L. Enochs	-	Deputy Clerk of the Board
Annette A. Bennett	-	Designee to Attend School Board Meetings In the Absence of the Superintendent
Bruce R. McMillan	-	Purchasing Agent
Brette A. Arbogast	-	Records Officer

By unanimous voice vote, the above listed appointments for 2016 were approved.

Appoint Representative to the LAUREL Regional Program Board

Ms. Hall stated she would like to serve as the Appomattox County School Board Representative to the LAUREL Regional Program Board for 2016. As there were no other Board Members interested in this position, Mr. Waddell appointed Cynthia L. Hall to serve as the Appomattox County School Board Representative to the LAUREL Regional Program Board for 2016.

Appoint Representative to the Central Virginia Governor's School Board

Mr. Smith stated he would like to continue to serve as the Appomattox County School Board Representative to the Central Virginia Governor's School Board during 2016. By unanimous voice vote, Gregory A. Smith was appointed to serve as the Appomattox County School Board Representative to the Central Virginia Governor's School Board for 2016.

Appoint Representative to the XLR8 STEM Academy School Board

Dr. Smith stated she was willing to try to serve as the Appomattox County School Board Representative to the XLR8 STEM Academy School Board during 2016. Ms. Hall volunteered to serve as the co-representative to attend the Stem Board Meetings when Dr. Smith cannot due to work conflicts. By unanimous voice vote, Wendy Hageman Smith was appointed to serve as the Appomattox County School Board Representative to the XLR8 STEM Academy School Board for 2016.

Appoint Representative to the Appomattox County Educational Foundation Scholarship Committee

Rev. Jones stated he would like to continue to serve as the Appomattox County School Board Representative to the Appomattox County Educational Foundation Scholarship Committee for 2016. By unanimous voice vote, Alfred L. Jones III was appointed to serve as the Appomattox County School Board Representative to the Appomattox County Educational Foundation Scholarship Committee for 2016.

Adopt the Appomattox County School Board 2016 Meeting Calendar

It was moved by Mr. Smith and seconded by Rev. Jones to adopt the Appomattox County School Board 2016 Meeting Calendar as presented. By unanimous voice vote, the 2016 Meeting Calendar was adopted as presented and recommended by the superintendent. (See Attachment # 1)

Adopt Roberts Rules of Order

Mr. Waddell reviewed Roberts Rules or Order procedures for small boards which stated:

- The president can vote, or in our case the chairman can vote, which we have followed.
- Motions do not have to be seconded.
- There is no limit to the number of times a question can be debated.
- Informal discussion of a subject is permitted without a motion pending. The Chairman stated we have always required a motion be made prior to discussion, but suggested in the future informal discussions could occur without a motion on the floor.
- When a proposal is perfectly clear to all present, a vote can be taken without a motion having been introduced and agreed upon by unanimous consent.
- All proposed actions must be approved by a vote under the same rules as a larger board.

The Clerk pointed out Board Docs, the software used for board meeting agendas, will not record board action without a motion and a second. Mr. Waddell stated, to assist with proper recordkeeping, informal discussion without a motion would be permissible, but a motion and second would be made prior to a vote by the Board.

Following discussion, it was moved by Mr. Smith and seconded by Rev. Jones to adopt Roberts Rules of Order, Newly Revised 11th Edition, Published in 2011 as the Rules of Order for 2016. By unanimous voice vote, the Board adopted Roberts Rules of Order, Newly Revised 11th Edition, as the Rules of Order for 2016.

Adopt VSBA Code of Conduct for School Board Members

It was moved by Mr. Smith and seconded by Rev. Jones to adopt the VSBA Code of Conduct for School Board Members for 2016 as presented. By unanimous voice vote, the Board adopted the VSBA Code of Conduct for School Board Members for 2016 as presented. (See Attachment # 2)

Adopt VSBA Code of Conduct for School Board Clerk

It was moved by Mr. Smith and seconded by Rev. Jones to adopt the VSBA Code of Conduct for the School Board Clerk for 2016 as presented. By unanimous voice vote, the Board adopted the VSBA Code of Conduct for the School Board Clerk for 2016 as presented. (See Attachment # 3)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employee #252, and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended, specifically students #51457 and #51347.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Ms. Hall to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Rev. Jones, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 4)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 5)

Approval of Student Number 51457

It was moved by Mr. Smith and seconded by Rev. Jones to allow Student Number 51457 to return to school following the completion of the ten day suspension on January 11, 2016. By unanimous voice vote, the motion was approved.

Approval of Student Number 51347

It was moved by Mr. Smith and seconded by Rev. Jones to allow Student Number 51347 to return to school following the completion of the ten day suspension on January 11, 2016. By unanimous voice vote, the motion was approved.

NEXT MEETING

The next Regular Monthly Business Meeting of the Appomattox County School Board will be held Thursday, January 28, 2016 at 5:00 p.m. in the Board of Supervisors Meeting Room at the Appomattox CVCC Satellite at 136 Carver Lane in Appomattox, Virginia. The Public Hearing on the Proposed 2016-2017 School Budget will be conducted at this meeting.

ADJOURNMENT

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the December 31, 2015 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,177 students. This compares to a budgeted ADM of 2,185. (See Attachment # 7)

VSBA and NSBA Activities

The VSBA Capital Conference will be held February 10 - 11, 2016 in Richmond. The registration fee is $175.00 and the deadline was January 28, 2016.

The VSBA Orientation for New Chairmen and Vice-Chairmen will be held February 11, 2016 in Richmond. The registration fee is $175.00 and the deadline was January 27, 2016.

The VSBA Orientation for New Board Members and Superintendents will also be held February 11, 2016 in Richmond. The registration fee is $175.00 and the deadline was January 28, 2016. Ms. Hall and Dr. Smith are registered to attend.

A VSBA/WVSBA Hot Topic Conference will be held in Wytheville on March 16, 2016. The registration fee is $155.00 and the deadline is March 2, 2016.

School Showcase: Appomattox Elementary School

Appomattox Elementary School was featured in the School Showcase. The following students used their IPads to show Board Members the articles they had researched and written: Peyton Maxwell, Max Nitti, Gabe Nitti, Berkley Jamerson, Trey Shrock, and Nate Dillon. The articles were published on the Appomattox Elementary School Webpage under Mrs. Melanie Ranson's link to the online magazine *Appomattox Elementary School Times.* Board Members were impressed with the excellent publication that contained 80 pages of student submissions.

Board Members thanked the students, Mrs. Ranson, and Mrs. Cyrus for the exceptional presentation.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the Quarterly Financial Report for the quarter ending December 31, 2015. (See Attachment # 8) He stated expenditures were slightly less for this fiscal year than for the same period last year. He attributed this to a decrease in fuel costs, fewer staff members, and the contracted position for a school psychologist had not been filled.

Request from ACHS After Prom Party Committee

A request was presented from the ACHS After Prom Party Committee for a donation to the 2016 ACHS After Prom Party which will be held Saturday, April 23, 2016. The superintendent stated the Board has contributed $1,000.00 to this worthy event for our students for a number years. She noted this was included on the agenda as an action item.

Discussion of Out of Division Tuition Charges for 2016-2017

Dr. Grasty reported Policy JEC-R – Student Admission requires the Board to set the tuition rate for out-of-county students each academic year. She stated our current charge is $1,000.00 per student and provided a history of out-of-county tuition charges in our school division as well as a report of charges imposed by surrounding school divisions. (See Attachment # 9) The superintendent noted out-of-county tuition charges for 2016-2017 would be presented to the Board for action at a later meeting.

Head Start Playground at APS

The superintendent provided information concerning preliminary plans to develop a Head Start Playground at Appomattox Primary School (APS). She stated Ms. Michele West, APS Principal, and Mr. Timmy Garrett, Maintenance Supervisor, have met with county citizens who have expressed an interest in this undertaking. Dr. Grasty noted this is a joint venture that will be good for our students as well as the Head Start students. She stated she would keep the Board apprised as a Memorandum of Agreement is developed and plans for the playground progress.

2016-2017 Budget Goals and Budget Work Session

Dr. Grasty stated the 2016-2017 Budget Calendar calls for a budget work session to be conducted at the January 2016 meeting as well as adoption of budget goals. She noted the budget goals previously discussed had been consolidated into the following five items:

1. Increase employee compensation
2. Decrease large class sizes by reinstating and/or adding teaching positions, as needed, K-12
3. Increase amount of employer paid health insurance to offset employee cost
4. Reinstate full-time assistant principal at Appomattox Primary School
5. Lease two buses

It was the consensus of the Board to proceed with the consolidated listing of budget goals as presented by the superintendent.

Dr. Smith asked if leasing buses was better than purchasing. Mr. McMillan noted our school division leased buses for the first time this school year which has worked well. It costs $29,000.00 to lease a bus over a period of three years compared to a cost of at least $85,000.00 to purchase. In the past, we have purchased buses at the end of the fiscal year depending upon having a sufficient amount of unspent funds.

Mr. McMillan noted we have not received a lot of budget information from the General Assembly at this time. We have been informed the Composite Index for our school division for the next biennium has been established at .2917 which is slightly lower than our current Composite Index of .3080. (See Attachment # 10)

It is anticipated the House and Senate will release their budgets in late February. We expect these budgets will contain less money for public education than the Governor's budget that was released in December. A final state budget is not anticipated until late March or early April and at that point we will know the amount of funding the state will provide our school division for next year.

Mr. McMillan reported budget meetings had been conducted with each principal to review current class sizes as well as anticipated class sizes and staffing needs for next year. Some high school classes have 27 to 30 students and those are the areas we would like to address to reduce class sizes.

Mr. Waddell noted it is the intent of the Board to build a needs based budget. Mr. McMillan concurred and stated we are aware of the financial situation of the county and we try to be respectful of that and incorporate into our budget the items that will have the biggest impact on our students.

Make-Up Days Due to Snow Days

The superintendent recommended March 11, 2016 (currently a Teacher Workday) and April 22, 2016 (currently a Professional Development Day) be used as instructional student make-up days. Due to the recent snow storm, we have

missed five full days and an additional two hours for a late opening.

Dr. Grasty reported currently we are at 990 hours and 15 minutes of instruction at the primary and elementary schools. The middle and high schools have more time built in since they start the day earlier and end a little later. The absolute minimum hours of instruction for students is 990 as required by the Virginia Department of Education (VADOE).

Given the nature of weather, it is probable additional days/hours will be missed during the next several weeks. Dr. Grasty stated she participated in a conference call Sunday, January 24, 2016 with VADOE, VDOT (Virginia Department of Transportation), and Emergency Services. At that time, we were told although the Governor declared Virginia under a State of Emergency during the recent snow storm, school divisions would be expected to make-up snow days to meet the minimum 990 hours requirement.

Upcoming Important Information:

- Feb. 3 & 4 – 2nd grade Afterschool tutoring begins
- Feb. 12 – Family Movie Night
- Feb. 24 – Black History Month Celebration at 1:30.
- Feb. 25 – School Board Meeting at 5:00 p.m.

Dear Parents,

February may be the shortest month of the year, but we sure are fitting a lot in here at APS. It is assessment time in school this month and we will be reviewing the amount of progress the children have made. We would be grateful if you could ensure your child is in school every day so they do not miss out on vital assessment work during this time.

On February 3rd, we will begin our 2nd grade after school tutoring program for students who received an invitation to attend. The tutoring sessions are for students who are in need of more time and support to master basic skills in reading and math. The session will run from 3:30-4:30 p.m. on Wednesdays and Thursdays.

The 100th day of school is more than just a milestone at APS. It's the perfect time to have fun with the number 100. The activities and lessons in this unit provided opportunities for students to practice and apply math skills. To lead us to this event, each class counted up to this day from the beginning of the school year.

There will be a PTO/APS Family Movie Night at 6:00 pm on Friday, February 12th. We look forward to seeing lots of you there. Bring your friends, neighbors, and relatives to the event. Flyers have been sent home for you to fill in and return to APS.

Yes, February 14, 2016 is Valentine's Day. Each teacher will be planning their own party. Your child's teacher will inform you about the details of the party. If bringing Valentine's cards is part of the celebration, please make sure your child brings a card for every child in the class. Also, please make sure you follow the teacher's suggestions if you are to bring/send a treat for the party.

February is American Heart Month and Black History Month. It is true that there is a reason to celebrate every day. This is a time when communities and schools give special attention to learning about the contributions and history of African Americans. During the month of February, many contributions of African Americans will be on display in our

school showcases. On Wednesday, February 24, 2016, students will participate in an African American Readers program where several community leaders and volunteers will be asked to read inspirational stories to our students in their classrooms. If you are interested or know of someone in the community that would like to come in and read to our students, please let me know by Monday, February 15, 2016. Our reading celebration and Soul Food Feast for our volunteers, parents, participants, and teachers will begin at 1:30 pm in the cafeteria.

Our Bright Beginning preschool teachers provide preschoolers and their parents with the necessary tools needed to succeed in their academic futures. Please look forward to further information regarding applications and program requirements.

I would like to take this opportunity to thank the Tiger Fuel Company for giving APS a grant from the local Exxon/Mobil location. Our students benefit every day from learning and the grant money will be used to help support further innovative strategies for motivating and engaging students in the areas of math and science.

As always, thank you for supporting the wonderful teaching and learning taking place here at APS!

Yours in Education,
Michele West, Principal

Kindergarten News....

We have been learning about authors and illustrators in kindergarten. You can imagine how excited we are to have local author, Martha Hamlet, come and share her story with us on Friday, February 26th. You have received information about her visit and purchasing a copy of her book that she will personalize for your child. Often in kindergarten it is hard for children to grasp concepts without hands on experiences. Mrs. Hamlet will provide wonderful information that will help truly understand the job of an author. Books are $15. Please make checks payable to APS. Money is due by February 12th.

First Grade News.....

APS First graders celebrated the 100th day of school on January 29st. They counted 100 items, played games, and read about 100 books. They have learned to write to 100, how to count by 1, 2, 5, and 10 to 100, and how to find numbers on a 100's chart. The 100th day of school is a fun way to practice all the skills we have learned in math so far this year!

Second Grade News.....

Our Second graders have been hard at work! In February, Second graders will be learning about weather and Native Americans in content. In math, we will be learning about measurement, telling time, and using a calendar. In language arts, we will be identifying details that support the main idea, and learning about adjectives, compound words, and contractions. The PALS website has some parent activities to increase your child's reading skills. Be sure to visit: http://pals.virginia.edu/parents-monthly-activiity.html. Please continue to read with your child daily! We are saddling up for success in second grade!

Art News.....

Happy New Year from APS Art Class.

Appomattox Primary has been invited by The Longwood Center for the Visual Arts (LCVA) to participate in the 2016 Start with Art, Learn for Life: Annual Area Youth Art Exhibition. The exhibition is a chance to both display and celebrate the artwork of students from the schools of South Central Virginia. Last year, teachers from nine counties of Virginia schools submitted over 1500 pieces of student artwork to be displayed at the Longwood Center for the Visual Arts.

This year, the exhibition takes place February 28 to March 27, 2016. We will be selecting 12 to 15 pieces of artwork from APS to participate. Students chosen to participate will be given notice sent home closer to the date of the exhibition.

We will also be selecting student work to be displayed in the hallways the week of field day in May. We hope to have all students represented if possible and display their artwork near their classroom. We can always use plain white paper plates, yarn, boxes of tissues or baby wipes.

We would like to thank our volunteers and will be needing more help in the weeks to come labeling student artwork for exhibition.

Thank you for all that you do for your children and APS.

Library News.....

Our Book Fair is coming...

We are excited about our upcoming Book Fair in March! An amazing selection of books is headed our way! At the Book Fair you will find the newest and finest titles for children, as well as books of interest to parents. There will only be one week for the Book Fair this year so that means students should bring their money to purchase books the same week their class visits the Book Fair. Fliers will be sent home for students to preview before then and a website will be listed in the March newsletter if you would rather purchase books online. Our Book Fair Week is March 14-18. Mark your calendar for our Family Night Event where the whole family can join in the fun on PTO Monday night, March 14. More details and a parent letter will be sent home at the beginning of March.

Music News....

NOTES FROM THE MUSIC ROOM: 4M RANCH – MRS. MORRISON'S MARVELOUS MUSICIANS

A brisk January hello to all! It is definitely feeling like winter in Appomattox lately! Hope you are staying warm and prepared for some of the white stuff!

Music continues on at APS as Grade 2 students study the different instruments of the symphony orchestra as well as folk instruments. We are working at the Promethean Board this week matching instruments to their respective instrument families! We are looking forward to working in groups soon in order to do a sound project. Notes will be sent home explaining what we're doing! Trying to ensure some potential band members! □ You never know .... you may be raising the next Dizzy Gillespie or Benny Goodman!

Grade 1 students are at work preparing brief activities for performance at our March 14th PTO meeting. Letters with permission slips have gone home for parents/guardians to read, and sign, returning the slip to classroom teachers. Each classroom will be responsible for showcasing an activity. So far we've had fun! Hoping for a great turnout of students on this one so we will have enough to participate in each activity! Send us your talented first graders, folks! Hope to see you all there to encourage, support, and enjoy our talents!

Kindergarten students have delighted in reading the story of The Stranger in the Woods, a photographic fantasy by Carl R. Sams, III and wife, Jean Stoic. Carl and Jean are wildlife photographers who, after taking great quantities of slides had the inspiration to include some of them in a children's book with a story about a snowman who is viewed by the woodland animals as a "stranger". The wonderful moments come when the animals discover that the "stranger" is, indeed, a friendly one who has birdseed in his hat, eyes made from nuts, a carrot nose, a mouth made from seeds, and even corn planted beneath him in the snow for deer to discover! This is a beautiful children's book that should be experienced by every child! The photographs are beautiful, to say the least! There is a CD, also, which may be purchased and has wonderful music to accompany the book read. Classes were happily surprised this past week when they got to view the video entitled "Stranger in the Woods", complete with video footage of the same animals photographed for the book! It has been a magical time in music class lately! Students have been encouraged to build their own

snowman should it snow, and to adorn him in the same manner so he/she is able to feed the other woodland animals. They have also been advised to "ask permission" before taking Mommy's carrots, nuts, seeds, what have you! Mrs. Morrison does not want to be in trouble when Mommy is short a few carrots for dinner! □

Pre-K classes have enjoyed building a snowman on our flannel board and singing about him as we go from head to toe with his accessories! "Let's build a snowman, snowman, snowman. Let's build a snowman, 1 – 2 – 3! Let's give him two eyes, two eyes, two eyes. Let's give him two eyes, round and black"! And so on! Classes had fun singing and adding the parts to Mr. Snowman! We also redid him and made a "silly" model!

Have a cozy and happy February!

Sincerely,

Judy Morrison, APS Music Resource Teacher

VSBA Hot Topic Conference

April 26, 2016

Holiday Inn
1901 Emmet Street
Charlottesville, VA 22901

Join us for the 2016 VSBA Hot Topic Conference in Charlottesville, VA. This conference will pull together two hot topic issues from across the Commonwealth. First attendees will hear from attorneys, education professionals and justice officials on how local divisions can keep students in schools, off the streets, and out of the justice system.

In addition, Bedford County Public Schools representatives (school board member, superintendent, and administrators) will present their story behind the process of integrating personalized learning in the division: where this journey began, how they have implemented this teaching technique, and where their journey will take them in the future.

We hope you will be able to join us for this exciting conference!

2016 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2016 VSBA Southern Region Spring Network Forum on April 20, 2016, at Jefferson Forest High School. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Upon request of the board, certificates can be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

2016-17 BUDGET PRESENTATION

Dr. Dorinda G. Grasty
Division Superintendent
Appomattox County Public Schools

Striving For Excellence

- All Schools Fully Accredited
- Led Region 8 and Region 2000 in On-Time Graduation Rate

ACPS Comprehensive Plan

- **Student Achievement**: **ACPS** staff will engage every student in meaningful, authentic, and rigorous work with high expectations through the use of innovative instructional practices, a guaranteed curriculum, and supportive technologies that will motivate students to be self-directed and hard-working in a professional learning community.
- **Facilities & Safety: ACPS** will maintain and update existing buildings and grounds, while planning for future facilities to assure safe and secure conditions for all school-sponsored activities
- **Finances: ACPS** will manage financial resources responsibly, efficiently, and effectively in order to position the school district as an increasingly viable economic development partner.
- **Faculty & Staff Qualifications: ACPS** will attract, retain, develop, and support highly qualified teachers, administrators, and staff through systematic professional development which is aligned with division goals.
- Reinstate employee pay steps
- **Communication & Climate: ACPS** will assess and enhance the relevance, timeliness, and effectiveness of internal and external communication with staff, parents, and the community to fulfill their essential roles as actively engaged partners in supporting student achievement and positive outcomes for student success

Statutory Responsibility

- Virginia Code 22.1-92
- It shall be the duty of each division superintendent to prepare, with the approval of the school board, and submit to the governing body or bodies appropriating funds for the school division…the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division.

How Did K-12 Funding Fare in the Introduced 2016-18 Budget?

- K-12 direct aid funding has dropped from 35 percent of all GF spending in FY 09 to 29 percent currently in FY 16 and up slightly to 30 percent of the introduced budget by FY 18.
- The 2016-18 biennium proposed increases in K-12 GF ($930 mil.) represent 33% of all new funding ($2.77 bil.), and almost the entire amount of new local aid funding.
- K-12 was increased an avg. 5.4% per year in the 2016-18 introduced GF budget versus half that in the 2014-16 biennium.
- FY 18 K-12 funding is still lower in inflation-adjusted per pupil $ than 10 years ago.

State K-12 Policy Changes Adopted to Reduce Funding

State Standards of Quality Do Not Reflect True Costs for Local K-12 Divisions

- Only 67% of statewide K-12 positions are funded by the SOQ (locals also pay bulk of VRS costs); The "linear weighted average" methodology underfunds 85% of teacher's salaries (in 2/3 of school divisions); real-time costs not reflected in re-benchmarking; support costs underfunded or no longer paid.
  - Just raising SOQ teacher salaries to the national average and funding prevailing support costs requires an additional $750 million GF/year.

- Localities on average spend about double, or $3.6 bil. beyond state requirements to meet SOL and SOA requirements. <u>All</u> school divisions exceeded Required Local Effort (RLE) in FY 14.

ACPS Comprehensive Plan

- **Student Achievement**: **ACPS** staff will engage every student in meaningful, authentic, and rigorous work with high expectations through the use of innovative instructional practices, a guaranteed curriculum, and supportive technologies that will motivate students to be self-directed and hard-working in a professional learning community.
- **Facilities & Safety: ACPS** will maintain and update existing buildings and grounds, while planning for future facilities to assure safe and secure conditions for all school-sponsored activities
- **Finances: ACPS** will manage financial resources responsibly, efficiently, and effectively in order to position the school district as an increasingly viable economic development partner.
- **Faculty & Staff Qualifications: ACPS** will attract, retain, develop, and support highly qualified teachers, administrators, and staff through systematic professional development which is aligned with division goals.
- **Communication & Climate: ACPS** will assess and enhance the relevance, timeliness, and effectiveness of internal and external communication with staff, parents, and the community to fulfill their essential roles as actively engaged partners in supporting student achievement and positive outcomes for student success.

Reasons to Shine

Striving for Excellence

Appomattox Primary School

- Received a grant from the Tiger Fuel Company for STEM activities
- Recognized for recruiting the most families for the Families and School Together (FAST) Program in central Virginia
- Hosted local author, Martha Hamlett, to read to 2nd graders
- Began after-school tutoring program for 2nd grade students needing remediation in reading and math
- Implemented new phonics program to accentuate reading skills
- Hosted a 100th day of school celebration, applying math skills
- Led fundraiser for the American Heart Association's Jump Rope for Heart
- Became a school-wide Title I School this year to serve more students

Appomattox Elementary School

- Achieved status of "Fully Accredited" with the VDOE, improving in EVERY academic area and with EVERY subgroup, with the exception of Students with Disabilities in Math
- Won "Best Float" honors in the Railroad Day Parade with an entry created by the After-School Student Art Club
- Purchased four large screen monitors for the Commons' Areas to promote student achievements, sponsored by AES PTO
- Partnered with the Rashad Jennings' Foundation's *Reading Challenge*—fostering a 95% participation in February in Accelerated Reader, and an average of 56 books read/quizzes passed per student
- Hosted "FRED—Families Reading and 'Rithmeticking Every Day," challenge with 75 families choosing to participate
- Achieved the United Way Mini-Grant for the 2016 Lynchburg College Mini-Economy Regional Market Day
- Hosted the 2016 Science Fair, with over 50 students voluntarily participating
- Hosted "Operation Toasty Toes," "Heart for Harper," and "AHA Jump for the Heart," as community outreach activities

Appomattox Middle School

- Students raised funds for American Cancer Society, Wounded Warrior Project, and Gleaning for the World
- December PTO was standing-room-only
- Students have participated in band/chorus, Lego League, Math Counts team, Egg Drop, and Carbon Dioxide Car Design competitions
- Discovery rotations enabled 291 students to receive personalized remediation from a core teacher in an area of specific need this year
- Data Coach meets with teachers weekly to assist with data analysis for targeted, in-class remediation in math and English classes
- 1:1 iPad program in 6th grade has benefitted student instruction
- AMS FFA completed community service projects of Christmas cards for soldiers and placed in the Federation for Creed
- First round of first semester SOL testing for Physical Science and Civics has been successful with increases from last year at 83.78% and 85. 71% pass rates, respectively

Appomattox County High School

- Raiders Read and SOL Boot Camp at AMS
- IReady Diagnostic Program
- Response to Intervention (RTI) at AES and APS
- Alignment of curriculum and unpacking of SOLs
- Restructuring CTE

Statutory Responsibility

- Virginia Code 22.1-92
- It shall be the duty of each division superintendent to prepare, with the approval of the school board, and submit to the governing body or bodies appropriating funds for the school division…the estimate of the amount of money deemed to be needed during the next fiscal year for the support of the public schools of the school division.

How Did K-12 Funding Fare in the Introduced 2016-18 Budget?

- K-12 direct aid funding has dropped from 35 percent of all GF spending in FY 09 to 29 percent currently in FY 16 and up slightly to 30 percent of the introduced budget by FY 18.
- The 2016-18 biennium proposed increases in K-12 GF ($930 mil.) represent 33% of all new funding ($2.77 bil.), and almost the entire amount of new local aid funding.
- K-12 was increased an avg. 5.4% per year in the 2016-18 introduced GF budget versus half that in the 2014-16 biennium.
- FY 18 K-12 funding is still lower in inflation-adjusted per pupil $ than 10 years ago.

Composite Index (CI) of Local Ability to Pay

- The Composite Index determines a locality's ability to pay education costs fundamental to the commonwealth's Standards of Quality (SOQ). The Composite Index is calculated using three indicators of a locality's ability-to-pay:
- True value of real property (weighted 50 percent)
- Adjusted gross income (weighted 40 percent)
- Taxable retail sales (weighted 10 percent)
- Each locality's index is adjusted to maintain an overall statewide local share of 45 percent and an overall state share of 55 percent.
- ACPS CI:
- 2016-18: .2917
- 2014-16: .3080
- 2012-14: .2945

COMPOSITE INDEX OF LOCAL ABILITY-TO-PAY FORMULA

PRINCIPAL'S POST

Happy Spring!!

It is very hard to believe that the third nine weeks is almost complete and we are just days now from spring break. This has been a tough nine weeks for students and staff with all the weather related days missed from school, but our teachers and students have worked hard and are in a good place within the curricula to finish the school year strong.

Eighth grade students will begin SOL testing with the Writing test administered March 15, 16, and 17. The rest of our student body will complete SOL testing during the month of May. You will receive dates and times as we get nearer to testing. Please help students perform their best by making sure they receive a good night's sleep, eat a filling and healthy breakfast, and get to school on time. Please remind students that while we want them to do their best, the SOL test is one test on one day. Their score has never and will never define them. We look forward to having our students amaze us during testing with all they have learned this year.

As you are working with your student at home, please remind them how important it is in life to have grit. Our students are amazing individuals. There's not much they can't accomplish if they believe in themselves and are willing to put in the hard work. Remind them that their teachers are here and willing to help them at any time. Encourage them to seek assistance when they feel they need it. And most importantly to never give up on themselves.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, during the school year. Our students will accomplish great things with parents. Students, teachers, and administrators working together. Thank you for helping us succeed as we Learn, Grow, Achieve—every day, together.

Sincerely,

Cheryl Servis

Principal

AMS HELD ANNUAL SPELLING BEE

On, Friday, February 19,2016, AMS held its annual spelling bee. There were a total of twenty-four contestants competing for first place. **Chloe Epps, of the seventh grade, won first place.** The spelling bee went to twelve rounds, ending with the word, *"deciduous"*. **Tyreese Seal, also of the seventh grade, won the runner-up position**. These two students showed determination throughout the competition. It was evident that Chloe and Tyreese prepared for the spelling bee. Chloe also took home the first place trophy for last year's spelling bee. The teachers at AMS are very proud of Chloe's hard work.

Congratulations to REGIONAL Spelling Bee winner, Chloe Epps! Chloe participated and won The News and Advance Regional Spelling Bee held at Dunbar Middle School on Saturday, March 12. Chloe will now have a chance to compete in Washington, D.C. at the Scripps National Spelling Bee in May. **Way to go Chloe!! We are all very proud of you!!**

AMS Students Attend MATHCOUNTS Competition

The following students represented Appomattox Middle School at the Lynchburg Engineers Chapter MATHCOUNTS Competition held at Liberty University on Saturday, February 13,2016: Liam Bennett, Bryce Gunter, Abigail Swanberg, Mannix Wilhoit, Jade Campbell, Chandler O'Rourke, Robert Schmutuz, Tyfanni Sigafoos, Matthew Walton and Jacob Williams. They worked over 50 challenging math problems during this timed competition. Katlin Major and Ann Swanberg coached the students.

Here are some sample problems from last year. Can you figure out the answers?

*Cooke County schools have 7 teams playing in a basketball tournament. How many games will be played if each team plays 3 games against every other team?

*A small bag of 10 identical apples weighs *n* ounces, and a large bag of *n* of these apples weighs less than 40 ounces, where *n* is an integer. In ounces, what is the greatest possible weight of the large bag? Express your answer as a mixed number.

Why Attendance Matters

Why does regular school attendance matter?

- School attendance lays the foundation for whether children will graduate or drop-out from high school.
- One missed day of school = as many as three days of catch up for a child to learn all the missed information and skills.
- Key academic concepts are being covered every day.
- Time on-task on a daily basis is needed to learn their other subjects.
- **The habit of going to school is like learning to go to work**—it's a child's job.
- Contacting your child's teacher to ask questions or share concerns is a first step toward addressing absences from school.

Communications with School

- Parent/guardians must contact the school every day that a child will not be in school **for it to be an excused absence**.
- Parent/guardian may leave a message on the office phones (352-8257) if calling before or after hours (8-4pm).
- Contact the school office with any questions or concerns you have about getting your child to school.
- Call your child's teacher to ask about your child's progress to school.

Why Prevent Truancy?

Truancy is an unexcused absence for one or more class periods in a day.

- Skipping school can become a bad habit.
- Falling behind in school work and trying to catch up on missed learning is hard work. Waking up and getting to school is much easier.
- Truancy can be a stepping stone to delinquent and criminal activity.
- Students who are truant from **School** are at a higher risk of being drawn into behavior involving drugs, alcohol, or violence.

AMS Students Attend Event at the Science Museum of Virginia

Five students from Appomattox Middle School went to the Celebrate Engineering Ingenuity Day at the Science Museum of Virginia on Sunday, February 21, 2016. Mrs. Daily s ALP's class dropped their eggs from a 25-foot drop. Of the four students who participated in the egg drop, three left with cash and trophies! **The winners of the Egg Drop Challenge were Abigail Swanberg, Bryce Gunter, and Alexis Corbin. Connor Cobb**, whose design was the absolute lightest and would have placed first, sadly, did not win, because his egg cracked. **Alexis Corbin won first place in the Parachute category, Abigail Swanberg won second in the Cushion category, and Bryce Gunter won third in the Creativity category. Mr. Sullivan's student, Emily Neighbors, raced her CO2 car and won first place for the CO2 Drag Racing Competition**!

During their visit, students toured the hands-on exhibits at the museum. The museum had many great exhibits to explore! Two of the favorite exhibits were The Reptile Room and the Alien Exhibit.

We are very proud of these young designers of the future.

---

This weekend five Appomattox Middle School students attended an American Society of Materials (ASM) International, sponsored event at the Science Museum of Virginia in Richmond. These students, eighth grader, Emily Neighbors, and seventh graders, Alexis Corbin, Abigail Swanberg, Connor Cobb, and Bryce Gunter, traveled to the science museum on Sunday to compete in a real world science event. Using the math, science, and design skills learned in their classes our AMS students brought home four trophies and prize money.

Emily Neighbors won first place in the middle school C02 car division, Alexis Corbin took first place for the egg drop in the parachuted division, Abigail Swanberg received second place in egg drop container design, and Bryce Gunter picked up third place in the container design division. By all accounts everyone had a great time and came away with a better understanding of physics.

Congratulations to all and way to go AMS!!!!!

Appomattox Raider Bands

On Thursday, February 18, 2016, The Appomattox County Middle School 6th grade band program traveled to Appomattox Elementary School to participate in the annual spring recruitment concert for rising 5th grade students. This concert demonstrated what 6th grade band class is like at the middle school for students who are interested in learning how to play an instrument. This was the first time in 5 years that the current 6th grade band members played in the concert. 6th grade band students performed, demonstrated each of the different instruments through solos, and had one-on-one time with each 5th grade student interested in taking band. The concert event was well attended by teachers, staff, and students who all seemed to have a great time watching their former students perform on stage.

AMS Student Volunteers As Part Of Her SAE Project

Supervised Agricultural Experience (SAE) Project: Each agriculture student has selected a project to work on outside of class to gain experience that could lead to a career. Students are expected to work on this project throughout the semester and every 3 weeks their progress will be monitored.

Caylan Moore is volunteering with a Donkey rescue operation in Concord, Virginia. As a part of her SAE, Caylan walks and brushes the donkeys that have been rescued, as well as helping with the horses and the goats on the farm.

Ms . Hale's Class Investigates

On Friday, February 11, 2016, Ms. Hale's life skills special education class turned to science to investigate the relationship between predator and prey (SOL LS.8.). After studying a multi-week unit about owls as predators and small animals as prey, the unit culminated with each student dissecting an owl pellet during a hands-on lab conducted in class to really find out what owls eat. The students made predictions, dissected the owl pellet, and analyzed the data through bone observation and made graphs to represent what was found (SOL 6.1). First, the students made predictions about what they would find in their owl pellet, and drew pictures and wrote descriptions of what the pellet looked like. Second, they carefully dissected the pellet using wooden picks and plastic tweezers, carefully removing fur and bones, and recording the number of ribs, skulls, and limbs found. Next, they recorded how many of each type of bone was found on a bone matching chart. Last, they created a bar graph to show the number of skulls, ribs, and limbs that were found in each of their pellets.

There were mixed reactions to the lab, but overall the consensus was that it was fun, but disgusting. A major misconception before the lab was that owl pellets were owl poop. A quick video search showed otherwise! The pellets are regurgitated remnants of food that the owls can't digest that they must expel from their mouths . They can actually be found in nature in an owl's natural habitat, although ours were ordered from a farm that specialized in their production. Overall, the lab was a huge success and the students recommend this to any other classes studying predator and prey relationships.

Student Reactions: *Desireai Clark* thought the dissection was disgusting, but she did find bones and a feather in her pellet. *Karoy Jones* said that he thought other students would like this activity because it was interesting to know and see what owls eat, and that he learned exactly what they did eat — small rodents. *Isaiah Davis* said that he told his mom about it and that she also wanted to do the lab too! *Izzy Kelso* and *Shermia Carter* enjoyed working with their teachers to discover what was inside of their Pellets. *Sarah Johnson* found the most skulls and really enjoyed trying to recreate a full skeleton from the bones she found! *Clinton Kulpinski* enjoyed the lab because he found out that his owl pellet contained a mouse skull, and he enjoyed sorting the bones out on a chart. *Jacob Goff* learned that owl pellets contain a lot of bones and he enjoyed doing a hands-on experiment. *Braydon Goin* didn't like taking the owl pellet apart, but he learned that the pellets come from the owl's gut. *Cody Osborne* thought the pellet would be soft and gooey, but learned that it was dry and hard, and learned that owls can't digest bones.

AMS Raises Money for Children's Miracle Network

In conjunction with the Q99 Dick and Dave's Care for Kids Radiothon, the students and staff of AMS joined together to raise funds for the Children's Miracle Network. In honor of Valentine's Day, the Student Council of AMS sold wooden roses in a variety of colors and the response was overwhelming. In total, 650 roses were sold to students, staff, and family members netting a profit of $350.00 all of which will be donated to support the amazing efforts of the Children's Miracle Network Hospitals. The AMS SCA sends a special thank you to all who participated in this worthy cause.

MAKING MIRACLES HAPPEN

Your support helps provide 32 million patient visits for 10 million kids every year.

One in 10 kids in North America is treated by Children's Miracle Network Hospitals each year.

Every day, member hospitals treat 16,000 children in emergency rooms.

Every hour, member hospitals provide surgery for 97 children.

NJHS Visits Gleaning For The World

On, Friday, February 5, 2016, 52 members of the Appomattox Middle School's National Junior Honor Society (NJHS) visited Gleaning for the World. They were accompanied by co-advisors Dana Wingfield and Cindy Martin. During the month of December, the members had been involved with 2 projects, selling candy cane Candy Grams and the 'Warm & Fuzzy' campaign — collecting gently used winter apparel. The members raised $200 from the candy gram sales, and also collected several large bags of winter apparel through many generous donations. During their visit at GFTW, they delivered the clothing items and NJHS president, Savannah Totty, presented the check for $200. The members were also able to take a quick tour of the facility and learn about other ways they could help GFTW, such as the Teddy Bear Brigade and Wings.

Join us for the 2016 VSBA Hot Topic Conference in Charlottesville, VA. This conference will pull together two hot topic issues from across the Commonwealth. First attendees will hear from attorneys, education professionals and justice officials on how local divisions can keep students in schools, off the streets, and out of the justice system.

In addition, Bedford County Public Schools representatives (school board member, superintendent, and administrators) will present their story behind the process of integrating personalized learning in the division: where this journey began, how they have implemented this teaching technique, and where their journey will take them in the future.

We hope you will be able to join us for this exciting conference!

2016 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2016 VSBA Southern Region Spring Network Forum on April 20, 2016, at Jefferson Forest High School. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Upon request of the board, certificates can be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

Minutes of
Appomattox County School Board
Regular Monthly Business Meeting

The Appomattox County School Board met in regular session on Thursday, March 3, 2016 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the February 2016 Regular Monthly Business Meeting. This meeting was originally scheduled for Thursday, February 25, 2016 but was postponed until March 3, 2016 due to the EF3 tornado that hit Appomattox on February 24, 2016 causing devastation to areas of the county. There was no damage to school property and students and staff remained safe inside the school division buildings. The tornado left many families homeless and took the life of one county resident. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent. Dr. Wendy Hageman Smith was absent as she was attending a work related conference.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSENT AGENDA – APPROVAL

It was moved by Mr. Smith and seconded by Rev. Jones to approve the following consent agenda items:

1. Minutes of January 7, 2016 Interim and Organizational Meeting
2. Minutes of January 28, 2016 Regular Monthly Business Meeting and Public Hearing on the Proposed 2016-2017 School Budget
3. Financial Report as of January 31, 2016 (See Attachment # 1)
4. Educational Trips Reports as of March 3, 2016 (See Attachment # 2)
5. Payment of Bills:
   a) $153,922.13 – General Fund (See Attachment # 3)
   b) $ 34,270.39 – School Food Fund (See Attachment # 4)
   c) $ 3,151.64 – General Fund End of Month (See Attach. # 5)
   d) $ 79.02 – School Food Fund End of Month (See Attach. # 6)
6. Information from the Schools and Division Offices as of March 3, 2016
7. Overnight Trip Request (See Attachment # 7)

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

Ms. West stated the iPad presentations had been placed on the school website for the public to view.

Discussion Regarding Public Hearing Request of January 28, 2016

During the January 28, 2016 Public Hearing Concerning the Proposed 2016-2017 School Budget, Mr. John Rieger was the only person who addressed the Board. Mr. Rieger requested additional funding be provided for the Appomattox County High School Band. (See Attachment # 10) Mr. Waddell stated the Board needed to consider Mr. Rieger's request as the band and color guard are vital components of our school program. Ms. Hall asked if Mr. Rieger has provided specific dollar amounts and the superintendent noted he had not. Mr. Smith mentioned last year the coach quit before the season was completed and emphasized the need for adult supervision. Mr. Waddell, Mr. Smith, and Ms. Hall were in agreement to try to include the request for an additional coach in next year's budget.

Superintendent's Presentation of the Proposed 2016-2017 School Budget

Board Members expressed their appreciation to Dr. Grasty for her budget presentation.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the quarterly report for medical insurance from Piedmont Community Health Plan (See Attachment # 12) and dental insurance from Delta Dental. (See Attachment # 13) Currently our medical insurance renewal is projected to be between five to seven percent, but as we are fully insured our rates are dependent upon our claims. Last year, we negotiated a two year rate guarantee with Delta Dental, so we know there will be no dental rate increase for next year.

Digital Learning Day Video from ACPS

A Digital Learning Day video from Appomattox County Public Schools was presented by Mr. Danny Richardson, ITRT. He stated February 17, 2016 was designated as Digital Learning Day in Virginia. This event was sponsored by the Virginia Department of Education, in cooperation with the Virginia Society for Technology in Education and the Alliance for Excellent Education. The event is part of a national campaign designed to celebrate innovative teaching and highlight practices that make learning more personalized and engaging for students; explore how digital learning can provide all students with the opportunities they deserve; and build the skills students need to succeed in college, career, and life.

Grow Your Own Initiative

Dr. John Walker, with Lynchburg College, provided information concerning the *Grow Your Own Initiative* which is a partnership involving the school divisions of Appomattox, Amherst, Bedford, Campbell, and Lynchburg as well as Lynchburg College (LC) and Central Virginia Community College (CVCC). The goal of the program is to identify high school seniors who wish to become teachers. These students would apply to CVCC and LC to be dually enrolled. (See Attachment # 14)

LAUREL School Update

Mrs. Beth Haught, Director of Remedial and Special Education, provided an overview of the LAUREL (Lynchburg Area Unit for Regional Exceptional Learners) School program which included the following: (See Attachment # 15)

- History
- Administration
- Enrollment
- Disability Categories
- Staff
- Classrooms
- Programs and Curricula

XLR8 STEM Academy Presentation

Mrs. Susan Cash, Director of the XLR8 STEM Academy, and ACPS student Josh Anthony, reported on the Governor's STEM Academy which is located in Lynchburg on the CVCC Campus. The Academy offers accelerated learning for juniors and seniors who are pursuing careers in the areas of science,

technology, engineering, and mathematics and are located in the Region 2000 area. (See Attachment # 16)

Transportation Report

Mr. Matt Lair, Transportation Supervisor, provided an update concerning the ACPS Transportation Department which included the following: (See Attachment # 17)

- Bus Routes
- Mileage and Age Facts
- Mileage Breakdown
- Cost Per Student
- Replacement Schedule
- Sub Drivers and DMV Requirements
- Car and Truck Information

Mr. Smith praised the transportation department for logging 532,553 accident free miles and emphasized this record was phenomenal. He also praised the bus drivers for their dedicated service as they calmly transported our students safely as the county was dealing with the aftermath of a tornado on February 24, 2016.

Tornado Procedures of February 24, 2016 Update

Dr. Grasty provided an update of the procedures that were followed on Wednesday, February 24, 2016 when an EF3 tornado tore through Appomattox County. She stated the decision was made at 3:07 p.m. to hold students in our buildings as a severe thunderstorm warning was issued. Lockdown procedures were implemented when a tornado warning was released at 3:30 p.m. with the tornado touching down three minutes later. There was no electricity, no Internet, telephones were not working, and some cell phone towers were impacted. We communicated between the schools, bus shop, and central office with hand held radios. We began to receive word that many roads were not passable. The lockdown was lifted at 4:15 p.m., but we kept the students longer. Mr. Lair worked with the Sheriff's Department and the Virginia Department of Transportation to determine by 5:15 p.m. it was safe to transport approximately two-thirds of students home. It was beginning to get dark and the primary school was the only school building with generator power. At that point nearly 200 students remained in our schools. All of these students were transported to the primary school with the teachers. The primary and elementary age students were grouped in one area and the middle and high school age students were in another area. Our staff kept the children calm at a time that was not calm. All of the students were fed and at about 8:00 p.m. Mr. Lair received word of passable

roads to transport these children home safely. An adult, in addition to the driver, was placed on each bus and walked each child to their door. At 8:58 p.m. Dr. Grasty received the welcomed call from Mr. Lair that every child had been safely delivered home. Staff members were prepared to spend the night at the primary school with the children if needed as cots and blankets were in place. The superintendent thanked everyone for the wonderful team effort that was exhibited. She noted she has also received many comments from parents thanking us for holding the children and keeping them safe and secure.

As follow-up, the superintendent participated in Emergency Crisis Meetings with the county. The school division is currently in the process of creating a list of all students who have been impacted by the tornado. To date, approximately 55 students have been affected either in a mild way or they have no home. Dr. Grasty noted she was astounded by the aide that is being offered as an outpouring of agencies have contacted asking how they can help.

Mr. Waddell emphasized our school personnel did an awesome job. Mr. Smith stated he was at the high school during the tornado and later went to the primary school. He pointed out the dedication of our staff did not go unnoticed; everyone did an outstanding job of caring for our students.

Dress Code Committee Update

The superintendent provided a brief summary of the work that is being done in our school division by the Dress Code Committee. Parents, teachers, and administrators, including Mrs. Beth Haught, Director of Remedial and Special Education, are serving on this committee with the superintendent. They are reviewing our current dress code as well as over a dozen codes from neighboring Region 8 and Region 2000 school divisions to compare in order to improve our dress code. The committee plans to prepare a draft revised dress code, which may differ in grades K-5 and 6-12, in March and seek additional parent/staff input through a survey. The committee also plans to present a revised dress code to the School Board with approval in April or May in order to have it in place for the 2016-2017 school year.

Discussion of March 24, 2016 Tour of School Facilities

The Board is scheduled to tour school facilities on Thursday, March 24, 2016 from 9:00 a.m. until 3:00 p.m., beginning at the School Administration Building. The superintendent requested Board Members provide guidance regarding the particular programs they wanted to include in the tour. Mr. Waddell requested the group visit the welding program at the high school as well as a lab with a 3D printer. Ms. Hall asked if the group traveled by school bus. Dr. Grasty

responded this had been done in the past when we have had a larger group participating in the tour.

Dr. Grasty noted we normally do not invite other elected officials to accompany the School Board during the spring tour as this invitation is extended for the fall tour. However, she asked the Board if they would like to make an exception this spring since we have three new members of the Board of Supervisors and a new County Administrator. Ms. Hall asked if the Appomattox County Chamber of Commerce could also be invited. It was the consensus of the Board to invite the Appomattox County Administrator, Members of the Appomattox County Board of Supervisors, and one or two representatives from the Appomattox Chamber of Commerce to participate in the March 24, 2016 Tour of School Facilities. The superintendent noted she would extend letters of invitation.

DISCUSSION BY BOARD MEMBERS

Following her presentation, the superintendent called for questions and comments from the members of both boards.

Mrs. Carter asked if the School Board had considered a straight dollar amount across the board salary adjustment rather than percentage increases. She shared her concern for the lower paid employees and the impact of rising health care costs. Dr. Grasty noted it had been discussed but it is currently not the plan.

Mrs. Carter asked Mrs. Adams if she had been coordinating with Dr. Grasty as she wanted to make sure whatever happens on the school side is equally represented on the county side. Mrs. Adams indicated she and Dr. Grasty were collaborating.

Mr. Smith thanked the Board of Supervisors for the additional funds they have provided for the CIP needs in the school division. He noted Mr. Garrett and his staff are completing most of the projects themselves which is resulting in significant savings and has allowed greatly needed improvements to be made to the auditorium lighting at the high school. Mr. Smith also cited the wonderful job accomplished by our bus drivers with 532,553 accident free miles driven during the past year. He also expressed his gratitude for the emergency generator at the primary school that proved to be invaluable when the tornado hit our county on February 24, 2016. He thanked everyone involved for a phenomenal job.

Mrs. Carter stated she was incredibly grateful for the decision to hold the students at school and noted it was absolutely the best decision that could have been made. She pointed out when you put pupil safety first, it is always the right decision.

Dr. Grasty noted holding the students at school was not an easy decision. She complimented the staff for doing a wonderful job of keeping our students safe and calm. She also thanked Ms. West for hosting the group and providing a meal for the students.

Mr. Carter thanked the school staff for their wisdom and vision in making the decision to hold the students. He also requested one additional item be added to the list of school accomplishments in the area of Track and Field Events as Delonta Kelso recently became a state winner. Dr. Grasty noted this significant accomplishment occurred on the day of the storm.

Mr. Waddell thanked the Board of Supervisors and Mrs. Adams for all of their support concerning the actions of the school division during the tornado, as well as their support with budgeting and capital improvement needs within our school system.

Dr. Grasty reminded the group of the upcoming tour of school facilities scheduled for Thursday, March 24, 2016 beginning at 8:45 a.m. in our office and again issued an invitation to the supervisors and county administrator to join the

School Board in our schools on this day. She also shared an invitation from Mr. Garrett to provide a one-on-one tour at any time.

Mr. Hogan asked why an eight percent increase in health insurance premiums was projected in the budget. Dr. Grasty stated our premiums are based on our claims and last year we had particularly high claims. Mr. McMillan concurred and stated we are a fully insured program.

Mr. Hogan also asked where the school division would fall in regard to Required Local Effort if the Board of Supervisors could provide their portion of the Proposed 2016-2017 School Budget totaling $5,861,695.00. Dr. Grasty stated this would place Appomattox County Public Schools 39% to 40% above the Required Local Effort for next year. The superintendent indicated our school division is currently 23.77% above RLE which is an improvement from previous years and extended her appreciation to the Supervisors.

Mrs. Carter stated they were thankful for the school division's wise use of the money as the past year yielded successful SOL scores and great strides were made in facility improvements. She also encouraged the school division to continue to provide the county with a current prioritized listing of CIP needs.

On behalf of the Board of Supervisors, Mr. Carter extended appreciation to the superintendent, staff, teachers, and all of the school employees who are making the educational system in Appomattox County a source of great pride.

Mr. Waddell pointed out the tour of school facilities on March 24, 2016 would provide an excellent opportunity to view the outstanding instructional programs in our school division.

Mrs. Adams requested Mr. Arbogast address the collaborative technology relationship that exists between the schools and the county. Mr. Arbogast stated the program was put into place a year and a half ago with the goal of reducing overhead costs as much as possible. He noted the school division is housing all of the servers and underground fiber will be installed within the next thirty to sixty days. Mr. Arbogast's staff is also assisting the county with email and Voice Over IP telephone service.

ACTION

No action was taken at this meeting.

ADJOURNMENT

There being no further business, it was moved by Mr. Smith and seconded by Rev. Jones to adjourn the meeting. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Review of Fall SOL Testing Data

Mrs. Annette Bennett, Director of Curriculum and Instruction, and Data Coaches Mrs. Allison Maxwell and Mrs. Stephanie Totty reviewed the fall 2015 SOL testing data. A comparison was made between the fall 2015 SOL scores and the overall scores for 2014-2015 as follows (See Attachment # 9):

Appomattox Middle School:

- Science 8: Increased from 82% to 84%
- Civics and Economics: Decreased from 88% to 87%

Appomattox County High School:

- Algebra I: Increased from 68% to 107%
- Geometry: Increased from 70% to 94%
- Algebra II: Increased from 84% to 95%
- Reading: Decreased from 94% to 83%
- Writing: Decreased from 90% to 71%
- Earth Science: Decreased from 85% to 76%
- Biology: Decreased from 78% to 72%
- Chemistry: Increased from 98% to 100%
- World History I: Increased from 80% to 83%
- World History II: Increased from 89% to 96%
- VA/US History: Increased from 87% to 90%

It was noted this was the first time middle school students were tested in the fall.

Review of Latest Drop-Out Report

Mrs. Bennett furnished the latest drop-out report. Currently, nine students are listed on our division dropout report. This is an increase of three students from the same time last year. One or two of the nine students moved and we have not been able to verify their enrollment at another school. Should we be successful in locating these students at another school, their classification will change to “transferred out” rather than “dropped out”.

A VSBA School Law Conference will be held June 3, 2016 in Charlottesville. The registration fee is $165.00 and the deadline is May 19, 2016.

School Showcase: Appomattox County High School

Appomattox County High School was featured in the School Showcase. Dr. Poldi Moreno, ACHS Principal, introduced Mrs. Tori Rothgeb, ACHS Teacher, who provided an excellent video presentation concerning outstanding achievements in academics, clubs, sports, and beyond the classroom. Students assisting Mrs. Rothgeb were: Kylie Bradshaw, Nick Mendoza, Sean Murray, Omar Bailey, and Marquise Morgan. (See Attachment # 11)

Budget and Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided an update concerning the 2016-2017 School Budget. He reported county officials have requested we provide them with the amount of local support that is needed by the school division for 2016-2017 in order for them to proceed with their budget process. On March 17, 2016 the Virginia General Assembly approved the state 2016-2017 budget which allocated $14,259,475.00 in state funding to our school system for next year and included a two percent salary increase. (See Attachment # 12)

Mr. McMillan reviewed the following budget needs that were incorporated in the 2016-2017 School Budget:

➢ Increase employee compensation a minimum of 2%	=	$240,000.00
➢ Decrease large class sizes by reinstating and/or adding teaching positions K-12 as needed (5 positions at $50,000.00 each)	=	$250,000.00
➢ Increase amount of employer paid health insurance to offset additional employee costs	=	$120,000.00
➢ Reinstate full-time assistant principal at APS	=	$ 75,000.00
➢ Purchase 3 buses at $90,000.00 each	=	$270,000.00
➢ 1 additional percent salary increase (pending) adequate additional funding)	=	$120,000.00
TOTAL	=	$1,075,000.00

Mr. McMillan stated he had previously reported we would need to ask the county for an additional $240,000.00 but was pleased to be able to reduce this figure to $120,000.00 due to receipt of unexpected additional state funds. (See Attachment # 13) He also provided a summary of the Fiscal Year 2016-2017 Budget Request. (See Attachment # 14) Dr. Grasty noted the request for adoption of the 2016-2017 School Budget was listed as an action item later during

the meeting. She stated should the Board adopt the proposed 2016-2017 School Budget in the total amount of $22,771,793.00 a letter would be sent to the Appomattox County Administrator and Members of the Board of Supervisors the following day with our budget information.

Mr. Smith thanked Dr. Grasty and Mr. McMillan for the development of a conservative budget. Dr. Grasty stated she was pleased to see improvement in state funding as this has not been the case since 2008.

LAUREL Regional School Update on Fund Balance

Mr. McMillan reported LAUREL is a Regional School located in Lynchburg, Virginia that receives students who are severely handicapped from our school division as well as Lynchburg City and the counties of Amherst, Bedford, and Campbell. Lynchburg City Schools serves as the fiscal agent with the school divisions paying tuition for their students to attend. Mr. McMillan noted over the past few years a fund balance has developed. Lynchburg City Schools requested guidance from the Virginia State Attorney General concerning how the fund balance should be handled and he advised the funds should be returned to the localities. The portion due to our school division is approximately $183,000.00. It is our understanding we can take this amount as a credit to our account for the 2016-2017 school year or we can ask for a reimbursement. Mr. McMillan noted he had spoken with a number of financial and special education personnel who have recommended we ask for a reimbursement. He stated it would essentially be returned to the county and we would then submit a request for the funds.

Report on January 4 Staff Development

Mrs. Stephanie Totty and Mr. Danny Richardson, ITRTs with our school division, presented information concerning the following staff development classes that were conducted on January 4, 2016 for the entire teaching staff:

- Office 2016 - Tools to Make Office 2016 More Teacher Friendly – Taught by Mr. Phillip Amos
- Active Inspire and Class Flow – Taught by Mr. Danny Richardson
- IPads in the Classroom – Taught by Mrs. Stephanie Totty

Mrs. Totty reported the survey results following the staff development revealed 88% of the teachers rated the classes as applicable and 81% as useful. She noted the technology staff was pleased with these favorable results.

Report on 2016 Tornado Drill, School Safety Walk-Throughs, and Annual School Online Safety Audit

Mr. Brette Arbogast, Director of Technology and CTE, reported on the following:

- Tornado Drill – Our school division did not participate in the statewide drill on March 22, 2016 in an effort to ease the anxieties of those in our county who recently experienced a tornado firsthand. Dr. Grasty emphasized our entire school division exercised a full tornado drill for the duration of 30 to 40 minutes on February 24, 2016 during the actual event. Mr. Arbogast also noted off-site evacuation drills were implemented during the February 24th tornado.

- School Safety Walk-Throughs – This has been scheduled for Tuesday, March 29, 2016 at 10:00 a.m.

- Annual School Online Safety Audit – All schools have completed the audit and are in the process of submitting the final paperwork.

Date of Board Self-Evaluation

Dr. Grasty reported the School Board is required to complete a Self-Evaluation prior to the end of each school year. Last year it was conducted at the Regular June Board Meeting. Following discussion, it was determined the Board would conduct their Self-Evaluation on Thursday, June 9, 2016 during the Regular Monthly Business Meeting. Board Members were provide with the VSBA School Board Self-Assessment Form and asked to return the completed document to the Clerk of the Board by Thursday, May 26, 2016. The Clerk will prepare a compiled report prior to the June 9, 2016 School Board Meeting.

ACTION ITEMS

Consideration of Adoption of 2016-2017 Budget

It was moved by Mr. Smith and seconded by Rev. Jones to approve the 2016-2017 School Budget as presented and recommended by the superintendent in the amount of $22,771,793.00 which includes $943,198.00 for Food Service and local funding in the amount of $5,741,695.00. By unanimous voice vote, the motion was approved. (See Attachment # 15)

Consideration of Disapproval of Request for Admission as Out-of-County Tuition Student for 2015-2016

It was moved by Mr. Smith and seconded by Rev. Jones to disapprove the request for admission as an out-of-county tuition student for the 2015-2016 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 16)

Consideration of Adoption of Resolution Regarding Lease Financing of School Facility

It was moved by Mr. Smith and seconded by Rev. Jones to adopt the Resolution of Appomattox County School Board Regarding Lease Financing of School Facility as presented, requested by the Appomattox County Administrator, and recommended by the superintendent. Mr. Waddell stated the county is looking at restructuring debt and one option is to use the value of a school property. This will allow the county access to very low interest money. Mr. Smith stated this process will prevent the Board of Supervisors from implementing a tax increase which will benefit every citizen in the county. Following the discussion, the motion was unanimously approved by roll call vote. (See Attachment # 17)

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

Join us for the 2016 VSBA Hot Topic Conference in Charlottesville, VA. This conference will pull together two hot topic issues from across the Commonwealth. First attendees will hear from attorneys, education professionals and justice officials on how local divisions can keep students in schools, off the streets, and out of the justice system.

In addition, Bedford County Public Schools representatives (school board member, superintendent, and administrators) will present their story behind the process of integrating personalized learning in the division: where this journey began, how they have implemented this teaching technique, and where their journey will take them in the future.

We hope you will be able to join us for this exciting conference!

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the March 31, 2016 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,175 students. This compares to a budgeted ADM of 2,185. (See Attachment # 7)

VSBA and NSBA Activities

The 2016 VSBA Southern Region Spring Network Forum was held April 20, 2016 at Jefferson Forest High School in Bedford. Mr. Waddell, Mr. Smith, Ms. Hall, Rev. Jones, Dr. Smith, and Dr. Grasty attended. Mr. Smith stated this meeting was an excellent opportunity to network with other school divisions. He noted in speaking with other localities, our school division has been very fortunate.

A VSBA Hot Topic Conference was held in Charlottesville on April 26, 2016. Ms. Hall attended and stated she would provide a brief written report at the next regular meeting.

A VSBA School Law Conference will be held June 3, 2016 in Charlottesville. The registration fee is $165.00 and the deadline is May 19, 2016.

School Showcase: Appomattox Middle School

Appomattox Middle School was featured in the School Showcase. Mrs. Cheryl Servis, AMS Principal, with the assistance of students Jay Patel and Michaela Phelps, presented a video entitled "The Story of Discovery Class" which told about the Discovery Classes offered at AMS through the eyes of the students. It was evident the students were excited about the classes.

Report on Trip to Paris, France

Dr. Poldi Moreno, ACHS Principal, provided a report on the recent student trip to Paris, France that took place over spring break. Dr. Moreno's beautiful pictures included cathedrals, castles, Versailles, the Mona Lisa and Crown Jewels at the Louvre, Eifel Tower, Notre Dame, Omaha Beach, and the American Cemetery. He stated it was a cold and rainy week that was greatly enjoyed by those who traveled with him and his family. It was noted participants funded the trip with no financial support from the School Board. (See Attachment # 8)

Report on Trip to Belize, Central America

Mrs. Ashley Walker, ACHS Spanish Teacher, with students Chase Coleman and Whitley Drinkard, reported on the trip to Belize, Central America that took place during spring break. They presented an excellent video that was filmed by Lauren Lawson which captured their many amazing experiences of the trip. Mrs. Walker stated it was the trip of a lifetime and a great joy to see our students experience the trip first hand. One of the highlights of the trip was distributing school supplies to the local children. It was noted the gratitude and excitement of the children who received packs of paper and pencils was humbling. Again, it was stated participants funded the trip with no financial support from the School Board.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. Quarterly Financial Report – It was reported our school division is in good financial shape with expenditures running slightly lower than the same timeframe last year. The expenditure decrease was attributed to lower fuel costs and the school psychologist position that has not been filled. (See Attachment # 9)

2. Health Insurance for Next Year – Periodically bids are secured for health insurance and we are currently in the process of doing this for next year. The Board will be provided updates as this process continues. It is anticipated additional information will be received to report at the May or June Board Meetings.

3. Budget Update – Our 2016-2017 School Budget request has been submitted to the county. They conducted their Budget Public Hearing on April 27, 2016 and are scheduled to vote on next year's budget on May 4, 2016. We will know after that date the amount of local funding that has been approved for our 2016-2017 School Budget. It is our understanding the county is favorable in granting our school division the amount requested, which is $120,000.00 greater than the 2015-2016 budget request.

4. Recognition Banquet – The Employee Recognition Banquet has been scheduled for Monday, May 23, 2016 at 6:00 p.m. at the Appomattox Community Center. Invitations will be emailed to Board Members and employees during the next week.

2016-2017 Dress Code Committee Update

Mrs. Beth Haught, Director of Remedial and Special Education, reported on the work of the Dress Code Committee. Mrs. Haught and Dr. Grasty have been working with a committee comprised of parents, teachers, and administrators that has met twice each month since January. The group reviewed our current dress code as well as those being utilized in neighboring Region 8 and Region 2000 school divisions to arrive at a revised student dress code policy. Mrs. Haught stated the main difference between the guidelines for PK-5 and 6-12 grade students was the length of dresses, skirts, skorts, and shorts and the width of straps. It was noted the revised student dress code policy was included with other revised policies as an action item later in the meeting for approval of the first reading. Ms. Hall asked if piercings and tattoos were addressed within the revised dress code. Mrs. Haught stated there are guidelines as to what tattoos may contain but piercings and tattoos are not banned.

It was noted, the Board will be requested to adopt the revised policy at their May 26, 2016 meeting. Following that meeting, the revised student dress code policy will be distributed for implementation at the beginning of the 2016-2017 school year. Copies of the new dress code will be distributed and will be mailed with report cards at the end of the current school year.

Discussion of Cooperative Fuel Bid Process for 2016-2017

Mrs. Bennett noted our school division has participated in a cooperative fuel bid process for a number of years. She also stated Mr. Matt Lair, Transportation Supervisor, and Mr. Timmy Garrett, Maintenance Supervisor, recommended we continue to participate in the cooperative fuel bid process for 2016-2017. They anticipate a meeting will be held in June to establish fuel prices for the upcoming school year. This has been included as an action item later during the meeting.

Employee Recognition Banquet

Mrs. Bennett stated as Mr. McMillan had reported earlier in the meeting, the Employee Recognition Banquet will be held Monday, May 23, 2016 at 6:00 p.m. at the Appomattox Community Center. This will be a special evening to recognize retiring staff members as well as those who have been long-time employees of our school division. Employees will receive more information within the next week.

Financial Assistance Request from ACHS Senior

Whitley Drinkard, Senior at Appomattox County High School, addressed the Board to request financial assistance to attend the Conference on National Affairs in Black Mountain, North Carolina, July 2-7, 2016. (See Attachment # 10) She stated she recently attended the Virginia Model General Assembly and was chosen as one of twelve representatives from Virginia to participate in the Conference on National Affairs which costs $700.00. A deposit of $300.00 is due April 29, 2016 and the balance of $400.00 is due May 18, 2016. Whitley also attended the conference last year.

Mr. Smith asked Miss Drinkard if she would be willing to return to Appomattox County High School during college break to speak with the students in Mr. Joseph Servis' classes. Miss Drinkard stated she would be more than willing to speak to Mr. Servis' classes to share her experiences and encourage other students.

The chairman asked that this request be added to the agenda as an action item for this meeting.

ACTION ITEMS

Important Announcement:
When you are signing in to have lunch or visit the classroom, ***you must present your valid drivers' license or proper identification*** to the secretaries in the main office.

Dear Parents,

It's hard to believe, but the last nine weeks of the school year is upon us. AES official SOL's began April 18, 2016. I am proud to share that APS 1st and 2nd grade teachers, reading specialists, and para-professionals leant a helping hand during AES SOL testing. We had the experience of proctoring tests and most importantly, letting our former students know we care. We support our students even when they move down the street to AES. Our kindergarten teachers and para-professionals supported us by monitoring students during lunch. We work together as a team which supports our mission of always being there.

Little Farmers' Day is an event that we look forward to hosting every year. A very special thank you to Mr. McCann, Mrs. Duncan, 1st grade teachers, and students in the ACHS Agriculture Department who were very eager to share their learning with APS students. I hope you had the opportunity to see our event on WFXR News. We made learning connections to inside and outside of school.

Summer school letters have already been sent home and summer school dates are June 6 – 30. Remedial summer school is provided for selected students. Summer school will be held at Appomattox Elementary School this year.

Bright Beginnings Program is taking applications for the upcoming school year. I am pleased to share a change in the criteria. Please note: household income is counted ONLY for parent/guardian of applicant child. This program is very important because children taught at an early age attain improved social skills, attention spans, and acquire numerous skills. Bright Beginnings Open House will be May 3, 2016 at 6:00 pm. Please join us at APS and we will be glad to help you fill out an application. Pizza and childcare will be available.

When you think back to your childhood, you can probably remember that one special teacher who changed your life. May 2, 2016 through May 6, 2016 is Teacher Appreciation Week. This is a time

when we pause and recognize our great teachers/staff and say thank you. Our teachers, reading specialists, para-professionals, guidance counselor, school nurse, cafeteria staff, secretaries, bookkeeper and custodians at APS are motivating, inspiring and nurturing the minds and hearts of our children. Next to parents and caregivers, APS staff have a tremendous impact not only on what children will learn, but on whom they will become. Above all, I thank our APS teachers for teaching our children, caring for them, and being someone children can trust.

Beginning May 2, 2016 through May 13, 2016, we will be administering the PALS Assessment. We administer the PALS assessment to inform and track the amount of reading progress our students made at the beginning, middle, and end of the year.

We recognize the important contributions parents make towards a child's success in school. Please mark your calendar to join us on May 6, 2016 for our APS Field Day. It's going to be a day of games and fun.

Wednesday, May 11, 2016 is National School Nurse Day. Please join me in celebrating and honoring Mrs. Waddell for her contribution she makes every day to improve the safety, health, and academic success of our APS family.

As always, I would like to thank each of you who volunteered or who have helped the school in any way this year! We rely upon our families to support our efforts as we continue to be academically, socially, and emotionally richer because of the efforts of so many of you. Thank you so very much.

Enjoy summer!

Ms. West, Principal

From our Administrative Assistant Allison Maxwell....

A HUGE Thank you to our volunteers!
Our school year has been a tremendous success due to the willingness of our volunteers to take part in special events, tutoring, reading to our children, and helping support our teachers.
Start thinking of ways you may want to share your time next school year. Our volunteers can help us:

- Set up for events
- Read to students
- Work with small groups of students on math or reading skills
- AND MORE!!

- Help in the Art classroom
- Work with our FAST program

We appreciate each one of you!

Bright Beginnings News....

The Bright Beginnings Pre-K Program is taking applications for next school year. Applications are available in the APS office. Children must be 4 years old by Sept. 30, 2016. This is a needs based program with income requirements. All those who apply may not be eligible to attend.

Kindergarten News....

The end of the school year is quickly approaching and with that comes end of the year testing. This is our final push to learn sight words and increase reading fluency. The warm spring air, longer days, and spring sports makes it difficult to make homework a priority. It is vital though that your child continues to, complete homework assignments daily. Balancing work and play is a skill your child will need throughout their life. Learning how to master that balance now will help them not just in grade school but for years to come.

Regardless of where your child spends their summer days, we hope that you encourage them to read. Your child's first grade teacher will thank you! The jump to 1st grade is a big one. Every little thing you can do to help your child succeed will definitely result in huge gains.

Thank you for sharing your child with us! We treasure them like our very own. The end of the school year means that a small piece of heart will break and go with your child as they leave our classroom. Have a great summer!

How to Prevent the Summer Slide

Can you believe summer is just around the corner? While summer is a much deserved time for playing, sleeping in, and vacationing, it's also a time that many students fall behind in reading. Here are a few tips to prevent the summer slide:

* The Jamerson Memorial Library offers a reading program and free activities throughout the summer. Look for the brochure coming home in May.

* Spot and Dot schedules will be coming home with your child in May. These are Appomattox's mobile libraries and another great resource for books.

* APS has its own summer reading program! In May, your child will bring home reading calendars for June, July, and August. Have your child read daily, fill in the calendar, and return it to one of the places listed on the calendar. When school starts in August, APS will have gift card drawings for each grade level for the kids that turn in their calendars.

* Most importantly read with your child to increase vocabulary, fluency, and comprehension.

Have a safe, happy, and healthy summer! Be sure to read, read, and then read some more! Not only can you prevent the summer slide, you can have some quality time with your child while accelerating their reading growth!

Second Grade News.....

Second grade has had an exciting and productive year! As the school year comes to an end, take time to reflect on how your second grader has grown this year. Please continue to read with your child this summer. We encourage you to join the summer reading program at the Jamerson Memorial Library and visit Spot and Dot the book buses. Continue to work on reading and math skills to help your child have a smooth transition to third grade.

Art News.....

Hello from the APS Art Room,
Thank you to those of you who came out to the Longwood Center for the Visuals Arts in Farmville in March and April to see our student work. Colton Bowlin's artwork will have a place of honor in the Longwood showcase for next year.
Recently, Saniya Blow, Tyler Haskins, Jefeth Zuniga, Jack York, Colton Bowlin, Jake Jamerson, Patience Christian, Paige Abbott, Christian Dawson, Cora Melton, and Ms. York were honored at the school board office for our work with Longwood.
We are currently displaying student artwork in the showcase near the APS office and in our cafeteria.
We will be displaying student artwork next to all classrooms for APS field day, May 6th.
We would like to thank Officer Kelly Lutz and Christina Weekley for helping us display our artwork. We would also like to thank all the teachers in advance for our field day display.
We look forward to our reception for APS volunteers and all the parents having lunch with our students in the coming days. Our volunteers and parents have been so amazingly supportive this school year. We are truly grateful.

NOTES FROM THE MUSIC ROOM
By: Judy Morrison, APS Music Resource Teacher

Greetings again from the music room! Mrs. Morrison's Marvelous Musicians are eagerly forging ahead in anticipation of the last weeks of school! All classes are reviewing musical concepts and skills learned. I must say rhythm-keeping and relative pitch skills have improved. We are keeping a steady beat and singing more on pitch every time!
Grade 2 is preparing for a post-test assessing knowledge of orchestral instruments and their associated families. Students have been working in groups sorting pictures of the instrument families and placing them with their correct family. We had a fun moment recently when, after making the generalized statement that any instrument with a string or strings on it MUST be placed in the String family. Immediately, I was informed by a sharp little one that the triangle just HAS to be in the String

family as it has a string on it … albeit that its string is used to HOLD the instrument! Be careful what you say, Mrs. Morrison! Students really DO listen to you and take you at your word! Tsk!
Grade 1 is reviewing rhythms. We are working with 4 x 4 grids and have even used "fruit loops" to notate beats in four rows. This is in preparation for song-writing that we can count as we sing. It is great fun when the end result for correct work is eating your rhythm markers!
Kindergarten is currently practicing songs for their upcoming PTO program to be performed on Monday, May 9, 2016 at 7:00 p.m. I am receiving many permission slips as students are becoming excited to sing their songs! If you have a student who wishes to participate and want to give permission, please fill out the bottom part of the letter sent home recently and have your performer give it to his/her classroom teacher. We are learning meanings of words like "rehearsal, audience, performance, applause, reprise, scene, bow, blues, narration, and narrator" among others. I am pleased to know that there will definitely be some little showmen skipping into Grade 1 next fall! □
Pre-K students in Bright Beginnings classes are enjoying learning about various instruments in the music room … how we play them, care for them, and know the ways in which they produce their sounds. We are also emphasizing the steady beat and correct pitch. I love the way our littlest musicians sing out with such gusto never worrying about how they sound! No inhibitions in Pre-K for the most part!

Have a wonderful month of May, enjoy being outdoors among the newness of plants and the return of outdoor life as we approach the summer!

Sincerely,
Judy Morrison, APS Music Resource Teacher

Communication Takes Care

BHSM

BETTER HEARING & SPEECH MONTH

May 2, 2016

Dear Parents:

Are you concerned that your kids spend too much time on tablets, smartphones, or other devices? Do you have fewer conversations with your kids than you'd like because of technology distractions? Do you find yourself constantly asking your kids to lower the volume on devices because you can hear the music blaring through their earbuds or headphones?

If you answered yes to any of these questions, you are a typical parent in the digital age. These are struggles for most of us as technology increasingly becomes central to our lives and our children's lives.

During May, my professional association—the American Speech-Language-Hearing Association (ASHA)—celebrates Better Hearing & Speech Month. Given that, I want to take this opportunity to remind you of the important roles that verbal communication and personal interaction—free from technology distractions—play in children's academic and social development.

Kids today are using devices for hours every day—time that once was reserved for talking and reading, interactive and imaginative play, outdoor experiences, and other activities. Yet, the primary way young children develop their speech and language abilities is through verbal exchange—talking and reading with parents. This is a precursor for their own reading abilities and overall academic success. Children also learn from hands-on experiences. Educational apps can play a part, but they are in no way a replacement for what is learned through person-to-person communication. As we head into the summer months, when children no doubt will have more time to use devices, consider carving out some device-free time each day. You may be surprised by how little they (and you) miss it!

Another pressing issue related to technology use is hearing damage. Unfortunately, there has been a significant spike in hearing loss in young people in recent years. This coincides with the rise in popularity of mp3 players, tablets, and other devices. Even mild hearing loss can lead to reduced academic achievement (particularly in reading and math), poor self-concept, and feelings of social isolation, among other consequences—so, encourage your kids to keep the volume on their devices to half level and to take listening breaks. Hearing loss due to unsafe listening habits can be prevented, but once it occurs, it is irreversible. Teach (and model yourself) these good habits early.

Finally, this is an opportunity for me to remind you about my availability should you have any concerns about your child's communication development. Speech, language, and hearing disorders are among the most common disorders in school-aged children. Communication disorders are also treatable and some can even be prevented if identified early.

Sincerely,

RAIDER'S DIGEST

VOLUME 1, ISSUE 4 MAY 2016

PRINCIPAL'S POST

Greetings!!

It is very hard to believe that the 2015-2016 school year is almost complete. This has been a school year of firsts for AMS students and staff as we implemented a new block schedule which allowed us to offer semester courses and Discovery classes. Although the new schedule provided for longer class periods, most students remarked at how fast it made the school day feel. We have been very pleased with the positive results of the new schedule and look forward to it just being part of the AMS routine as we move into next school year.

All of our students will be SOL testing over the course of the next two weeks. Please see the full schedule within the pages of this newsletter and on our website on the Counseling page. Please help students perform their best by making sure they receive a good night's sleep, eat a filling and healthy breakfast, and get to school on time. Please remind students that while we want them to do their best, the SOL test is one test on one day. Their score has never and will never define them. We look forward to having our students amaze us during testing with all they have learned this year.

As you are working with your student at home, please remind them how important it is in life to have grit. Our students are amazing individuals. There's not much they can't accomplish if they believe in themselves and are willing to put in the hard work. Remind them that their teachers are here and willing to help them at any time. Encourage them to seek assistance when they feel they need it. And most importantly to never give up on themselves.

Please feel free to call AMS with any concerns or questions you may have during the remainder of the school year or at any point over the summer. Our students have accomplished great things this year with parents, students, teachers, and administrators working together. Thank you for being an instrumental part of your child's success at school. We can't do it without you.

Sincerely,

Cheryl Servis

Principal

AMS STUDENTS ENTERED YOUNG WRITER'S CONTEST

Appomattox Middle School students entered into the Piedmont Regional Young Writer's Contest:

At the County Level:

Sarah McConville won 1st place in 7th grade for her fictional story, "The Wish that Came True".

Lauren Weakley won 1st place in 6th grade for her essay, "A Trip to the Beach".

Devin Doane won 1st place in 6th grade for her fiction story, "This Mysterious World".

Jordan Mayo won 2nd place in 6th grade for her story, "The Last Night of her Life."

Breeley Mays won 3rd place in 6th for her story, "Jungle Adventure".

At the Regional Level:

Lauren Weakley won 3rd place for her essay and Sarah McConville won 2nd place for her fictional story. They were honored at a reception in Lynchburg at Liberty University. Students received medals, certificates and had a cupcake reception.

ATTENTION STUDENTS AND PARENTS: SOL TESTING DATES

As we approach the last few weeks of this school year I wanted to make sure parents and students are aware of the testing window so you could plan accordingly. School attendance is always important, and we want to reiterate this, especially on SOL testing dates. There will be days that grade levels will have to switch their assigned lunch shift. Teachers will be informing students daily as to what those changes will be.

The AMS scheduled testing window begins May 2, 2016 and the plan at this time is to follow the outline below:

May 2-6, 2016:

6th graders will test with their class period in the subjects of Math 6 and Reading 6. Start time is 8:30 am

7th graders will test with their class period in the subjects of Math 7 and Reading 7. Start time is 12:00pm

May 9-13, 2016:

8th graders will test with their class period in the subjects of PreAlgebra, Algebra, or Geometry; Reading 8, and Civics or Science 8. Start time is 8:30 am

Retests and Make up tests will be scheduled as needed.

SOL Tips for Parents:

- Display a positive attitude about the SOL tests.
- Review your child's curriculum—talk to your child about what he or she is learning. Help your child learn.
- Make sure your child understands the value you place on his or her achievement.
- Make sure your child gets a good night's sleep and eats a good breakfast.
- Remind your child to bring his or her glasses to school on all of the testing days.
- Encourage your child to try hard and do his or her best every day in school.

SOL Test Taking Tips for Students

PREPARATION AND PRACTICE

- The key to doing well on SOL and other tests is being prepared to take the test along with practice with the testing format.
- Preparation means that you study and learn the curriculum, which includes the SOL items. Work hard in class. Do your homework. Do your best in school every day. Study regularly and learn the material well.
- Use strategies that help you learn information. (Remember, you don't have to have your teacher show you how to learn everything—there's much you can learn on your own.) Use flash cards. Make up memory games to help you remember words. Study with a friend or a study group. Make graphic organizers of information you are studying.
- Every time your teacher gives you a test in class, practice good test-taking techniques. (Listed Below)

TIPS FOR ANY PART OF THE SOL TESTS

- Relax! Your brain needs to be in a relaxed state to do its best work. Remind yourself that you CAN do a good job on the test.
- Listen carefully to all instructions. Ask questions when you don't understand the directions. Read all of the directions carefully.
- Do your best on sample test items. .

Continued….

- When the test begins, use your scratch paper to write down anything you think you might forget—formulas, multiplication tables, important dates.

TIPS FOR MULTIPLE CHOICE SOL TESTS (NON-MIDDLE SCHOOL MATH TESTS)

- Answer what you know first! Go through the test and answer all of the questions you know. (Remember that the SOL test is NOT timed, so take your time to think about the answers.) Read the question. Think of the answer before you look at the choices. Look to see if you answer matches any of the choices. If you don't know the answer, try to eliminate those you're pretty sure are wrong—and then make your choice from what's left. Finally, "mark for review" any questions you can't answer so you will remember to come back to them.
- Next, go through the test to work on the questions your haven't yet answered. If the question seems difficult for you, try crossing out the answers that you're pretty sure are wrong. Try to think out the correct answer.
- Every question matters! If you're sure you don't know the answer, make a guess. Every question matters on the SOL test and there is no penalty for guessing. Remember, your test score will be based on how many questions you get right. So, at least give a question a try!
- Trust your first hunch. When you answer a question, go with the first hunch—don't change your answer unless you're absolutely sure you're right!
- Carefully review your responses to make sure that you chose your answers correctly.

AMS RAIN GARDEN

The students in Mrs. Harris' 7th Grade ALPS Program have chosen to create a rain garden for Appomattox Middle School for their 6-week Discovery Rotation. A rain garden is a shallow depression in the land that has been planted with native plants. Typically, rain gardens are planted near a runoff source. These rain gardens have been strategically placed outside the front of the school, on either side of the sidewalk, to catch runoff coming from the building. This will help with the erosion around the area of the rain gardens. The rain gardens will be very advantageous to Appomattox Middle School. Other than helping the erosion problem, the rain gardens are appealing to the eye and attract many birds, depending on what is planted. All of the plants inside the rain gardens are from Village Gardens, a local greenhouse and nursery, and are native to Virginia; however, they absorb the maximum amount of water in order to thrive in a rain garden. This project was funded by a $500.00 grant, received by Mrs. Harris, from the Department of Environmental Quality.

NJHS STUFFED SMILES CAMPAIGN

Members of Appomattox Middle School's National Junior Honor Society recently held a Stuffed Smiles campaign, from March 7th through April 8th. The purpose of this drive was to collect new, or gently used, stuffed animals by means of announcements and flyers, and there were collection bins located at various locations throughout the school. The final count of stuffed animals collected was 230 over the 4-week period. The stuffed animals will be delivered to Gleaning for the World by NJHS co-advisors, Cindy Martin and Dana Wingfield.

ENERGY…….we use it every day, but WHAT is it?

The 6th grade ALPs class spent the past 8 weeks learning about energy and how to change wind energy into electricity by entering the "KidWind Challenge Event" held at Virginia Beach Aquarium in Virginia Beach, VA on March 12, 2016. The class took on the challenge of designing and building functional wind turbines.

Addressing real-world energy problems, the students worked in teams to design and develop a functional wind turbine. Students had to research weather, engineering principles, electricity, and material science. They then had to look at space constraints, turbine blade design, energy output, how to document and report their findings, and overall safety. The windmill was tested for functionality and efficiency in a wind tunnel after the students presented a demonstration of their knowledge about the energy process, engineering and design, and scientific investigation to a team of engineers using a power point and presentation boards. They also competed as a team in an "instant challenge" for extra points.

As stated by Michael Arquin, founder of KidWind, these were "designed to get students excited about the promise and opportunities of renewable energy. Through these events, students have an outlet for displaying what they learn while engaging in friendly competition."

Our AMS young engineers were divided into 3 teams, designed 3 windmills and competed in a field of 22 middle school teams-finishing in 6th, 7th and 9th place. Our students designed the ONLY vertical windmill in the competition. This is the 3rd year AMS 6th graders have competed in this event.

AMS FFA TRAVELLED TO LYNCHBURG HUMANE SOCIETY

Nine members of AMS FFA travelled to the Lynchburg Humane Society to participate in the Big Event Community Service Outreach organized by the Central Virginia Hokies. The students cleaned out rabbit cages, cleaned up the conference room, washed pet food bowls and linens, and prepared treats. The members finished the day by giving the animals some much-needed attention.

AMS FFA members (from left to right) Caylan Moore, Manny Davis, Hannah Lethcoe, Jade Campbell, Brandon Phelps, Kenlee Garrett, Kelly Price, Samantha Hammond, and Jenna St. John.

Brandon Phelps and Samantha Hammond washed and sanitized pet food bowls.

Manny Davis helped to clean the conference room.

Kenlee Garrett and Hannah Lethcoe cleaned out rabbit cages.

Jade Campbell shares a treat with one of the dogs.

SCIENCE FAIR NEWS

Top home projects from Science classes were selected to participate in the Appomattox Middle School Science Fair. Students designed testable experiments in which variables had to be identified and controlled. Entries were judged on their presentation showing application of scientific investigation, and also on the participant's ability to dialogue with judges about key elements of their experiment.

Participants were then ranked based on the points they earned for both their presentation and their interview with judges.

Appomattox Middle School is proud to announce the winners in the AMS Science Fair.

Honorable Mention awarded to:

Matthew Napier, Colton O'Brien, Aaron Beamon, Jacob Jones, Brianna Prue, Saryna Williams, Landon Wilson, Trey Campbell, and Abbey Mann

MS. JACKSON'S 6TH GRADERS BECOME DETECTIVES

Students in Ms. Janet Jackson's 6th grade classroom recently analyzed a recreated crime scene from Boston, Massachusetts. Appomattox Middle School students became detectives in the 1770 Boston Massacre or as the British referred to it, "the incident on King Street." The crime scene was set, students read historical accounts from people who had witnessed the fight, and they studied artist's renderings of the skirmish. Compiling the evidence, which included snowballs, clubs, and body outlines, the students discussed who was at fault and why it happened. Final conclusions were 1) the colonists were taunting and throwing things at the soldiers, so they acted in self-defense or 2) the British soldiers murdered the colonists. There may be some future forensic scientists in AMS!

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, May 12, 2016 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present at the meeting were Board Members, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent. Ms. Cynthia L. Hall was absent due to illness. Dr. Wendy Hageman Smith was absent due to a work obligation.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Graduation

The superintendent stated graduation will be held Tuesday, May 17, 2016 at 7:00 p.m. at Liberty University's Vines Center for 156 graduates of Appomattox County High School. She noted a van would be driven to graduation to allow Board Members and Directors to travel together. Dr. Grasty asked the group to meet in the parking lot of the School Administration Building at 5:30 p.m. for departure.

2016 Employee Recognition Banquet

Mr. Bruce R. McMillan, Director of Finance and Human Resources, noted the 2016 Employee Recognition Banquet is scheduled to be held Monday, May 23, 2016 at 6:00 p.m. at the Appomattox Community Center to recognize three retirees and ten employees for years of service. He stated the response to the banquet has been minimal as none of the retirees and less than half of the years of service employees plan to attend. It was Mr. McMillan's recommendation that the banquet be cancelled and these staff members be recognized at a School Board Meeting. Following discussion, it was the consensus of the Board to cancel the banquet, invite the retirees and years of service honored employees to

a School Board Meeting, and present them with a VISA gift card in addition to the standard framed certificates and engraved bells for retirees.

Health Insurance Update

Mr. McMillan reported May 13, 2016 is the deadline to receive RFPs (Requests For Proposals) for health insurance. This process has been handled by Jane Crenshaw, our health insurance broker, with Willis Towers Watson. A meeting will be held Wednesday, May 18, 2016 to review the results of the RFPs. Prior to requesting RFPs, our current health insurance provider Piedmont Community Health Plan (PCHP) presented us with a 4.5 percent renewal increase which compares to a budgeted increase of 10 percent. Mr. McMillan stated he would provide a health insurance update at the May 26, 2016 School Board Meeting.

2016-2017 Budget Update

Mr. McMillan stated the Appomattox County Board of Supervisors approved our proposed 2016-2017 School Budget which included $120,000.00 in additional local funding above our current 2015-2016 School Budget. Effective July 1, 2016, all school and county employees will be offered a 3 percent salary increase. Contracts for our school division will be issued May 20, 2016 with a requested return date of May 25, 2016. Mr. McMillan stated it had been a good budget year with a decrease in our composite index and additional revenue coming from the state.

Mr. McMillan also mentioned the Board will be asked to approve the 2016-2017 salary scales as an action item during this meeting. He noted the scales include the approved 3 percent salary increase for all employees.

Dr. Grasty noted it had been a long time since a salary study was conducted in our school division and expressed her desire to conduct a salary study next year. Mr. Waddell stated the last study was completed in 1994 or 1995.

ACTION ITEMS

Consideration of Approval of 2016-2017 Salary Scales

It was moved by Mr. Smith and seconded by Rev. Jones to approve the 2016-2017 Salary Scales as submitted and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 1)

Consideration of Approval of 2016-2017 Employee Calendar

It was moved by Mr. Smith and seconded by Rev. Jones to approve the 2016-2017 Appomattox County Public Schools Staff Calendar as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #346, #196, and #252.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended.

Rev. Jones seconded the motion made by Mr. Smith. This was followed by a positive voice vote of approval from all Members of the Board.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of

Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Rev. Jones, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 3)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as amended and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 4)

1. Budget Update – Mr. McMillan reported this is the time of year we are actually working with two budgets by completing the 2015-2016 budget spending while still working on the 2016-2017 budget to a small degree. He stated things are going very well with the completion of the current budget and we will have sufficient funds to meet all expenses.

2. Health Insurance Update – Mr. McMillan provided three handouts concerning health insurance and reviewed each in detail. (See Attachments # 9, # 10, and # 11) He stated he would provide more information at the June 9, 2016 Board Meeting and in the meantime encouraged Board Members to review the handouts. He noted a meeting will be held with the county during the third week in June to come to an agreement concerning health insurance offerings for school and county employees during the upcoming plan year. The results of this meeting will be brought to the Board for action.

Instructional and Technical Assistance Plan

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, provided a power point presentation concerning an Instructional and Technical Assistance Plan for our school division for 2016-2017. She noted this was a collaborative plan developed with Mr. Brette A. Arbogast, Director of Technology and CTE, and the school principals that restructures the duties of existing personnel to offer more assistance to classroom teachers and building level administrators. (See Attachment # 12) Dr. Grasty stated in essence, we would be adding two teacher assistant positions. Following discussion, it was the consensus of the Board to accept the Instructional and Technical Support Plan for 2016-2017 as presented by Mrs. Bennett and allow implementation for the upcoming school year.

Report from the Gifted Advisory Committee

Mrs. Bennett presented the 2015-2016 Report from the Gifted Advisory Committee as prepared by Mrs. Melanie Ranson, Gifted Education Teacher and Chair of the Gifted Advisory Committee. (See Attachment # 13) The future targeted improvements included:

- Continue to explore service delivery models we provide for gifted learners at all schools.
- Continue implementing staff development regarding differentiation for the gifted learner in the regular classroom.
- Improve the range of alternative assessments used to identify twice exceptional students, students from economically disadvantaged backgrounds, and culturally diverse students.
- Focus on strategies to improve AP courses and pass rates.

Recommendations from the Special Education, Remedial, and Title I Advisory Committee

The superintendent presented the Recommendations from the Special Education, Remedial, and Title I Advisory Committee as prepared by Mrs. Beth R. Haught, Director of Remedial and Special Education. (See Attachment # 14) The recommendations included:

- Hiring a Reading Specialist at the middle school.
- Changing from the use of two grading scales at the high school to one uniform scale.

The Board requested additional information regarding the grading scale change request.

Recommendations from the Career and Technical Education General Advisory Council

Mr. Brette A. Arbogast, Director of Technology and CTE, reported the only recommendation from the Career and Technical Education General Advisory Council was to hire a certified Horticulture teacher which has been their recommendation for the past two years.

Mr. Smith emphasized the facilities already exist at the high school to re-establish the Horticulture Program once a certified teacher is added. Ms. Hall asked why the needed teacher had not been hired and Mr. Arbogast stated it was money. Dr. Grasty explained the positon was not included in the budget. Dr. Smith stated when she was visiting with constituents in her district to acquire signatures to be placed on the ballot to run for the School Board, many of these individuals voiced the need for vocational training. She stated she was very interested in becoming more involved with the vocational programs and would like to explore the options for obtaining a certified Horticulture teacher. Dr. Grasty asked Mrs. Bennett to work with Mr. Arbogast and Dr. Poldi Moreno, Principal of Appomattox County High School, to look at the class loads for next year to determine how many students need a class, how many would be interested in taking Horticulture, and bring this information back to the Board at the next meeting.

Mr. McMillan asked the Board to consider the request from the Special Education, Remedial, and Title I Advisory Committee to hire a Reading Specialist at the middle school as they contemplate the request from the CTE Committee to hire a Certified Horticulture Teacher.

Recommendations from the School Health and Wellness Advisory Committee

Ms. Niki Kempton, Food Services Coordinator, presented the recommendations from the School Health and Wellness Advisory Committee. (See Attachment # 15) The recommendations included:

- Continue the Farm to School Program.
- Implement partnerships for nutritional and physical education programs/curriculum.
- Implement mental health awareness events and fundraisers.
- Continue clinic offerings to include dental and flu vaccinations.

Dr. Smith shared concerns from her constituents that the students are not eating the meals prepared in the school cafeterias and are throwing the food into the garbage. Mr. Smith explained we are required to follow federal mandates and the food contains less salt and sugar than the children are accustomed to eating. Dr. Smith stated she would like to see the guidelines concerning the preparation of meals in our school division. Dr. Grasty noted Ms. Kempton would be able to send Dr. Smith the list of food restrictions. Ms. Kempton indicated she would be glad to talk with Dr. Smith about this topic.

ACTION ITEMS

Consideration of Approval of Second Reading and Adoption of Revised Policies

It was moved by Mr. Smith and seconded by Rev. Jones to approve the second reading and adoption of the following revised policies as presented and recommended by the superintendent:

BBFA - Conflict of Interests and Disclosure of Economic Interests--Option 2
CLA - Reporting Acts of Violence and Substance Abuse
GCBE - Family and Medical Leave
IIAA - Textbook Selection, Adoption and Purchase
IKF - Standards of Learning Tests and Graduation Requirements
IKH - Retaking SOL Assessments
JBA - Section 504 Nondiscrimination Policy and Complaint Procedures
JGD/JGE - Student Suspension/Expulsion--Option 1
JGD/JGE-R - Student Suspension/Expulsion--Option 1
JHCH - School Meals and Snacks
JFCK - Student Dress Code

By unanimous voice vote, the motion was approved. (See Attachments # 16 - # 26)

Consideration of Requests for Admission as Out-of-County Tuition Students for 2016-2017

It was moved by Mr. Smith and seconded by Rev. Jones to approve the requests for admission as out-of-county tuition students for the 2016-2017 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 27)

Consideration of Requests for Exemption from Compulsory Attendance Laws for Bona Fide Religious Belief for 2016-2017

It was moved by Mr. Smith and seconded by Rev. Jones to approve exemption from compulsory attendance laws for bona fide religious belief for the 2016-2017 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 28)

Consideration of Approval of Food Service Price Increases for 2016-2017

It was moved by Mr. Smith and seconded by Rev. Jones to approve student breakfast and lunch prices be increased $.10 and adult breakfast and lunch prices be increased $.25 for the 2016-2017 school year as presented and recommended by the superintendent. This action will result in the following meal prices for 2016-2017: student breakfast = $1.00; student lunch = $1.80 at APS and AES and $2.05 at AMS and ACHS; adult breakfast = $1.50; and adult lunch = $3.00. As a matter of clarification, Mr. Smith noted the price increases are due to the 2010 reauthorization of the National School Lunch Program, which requires school divisions to incrementally raise paid lunch prices to equal the federal reimbursement of free lunch, even though the students are not eating the required menu items. By unanimous voice vote, the motion was approved. (See Attachment # 29)

Consideration of Approval of Mileage Reimbursement Rate for 2016-2017

It was moved by Mr. Smith and seconded by Dr. Smith to approve $0.54 as the mileage reimbursement rate for the 2016-2017 school year as recommended by the superintendent. Mr. Waddell stated this is a decrease from the $0.575 mileage reimbursement rate approved for the 2015-2016 school year. Dr. Grasty noted our school division uses the IRS mileage reimbursement rate which had decreased. By unanimous voice vote, the motion was approved.

Consideration of Approval of ACHS Application for VHSL Membership for 2016-2017

It was moved by Mr. Smith and seconded by Ms. Hall to approve the Virginia High School League (VHSL) Membership Application for the School Year 2016-2017 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 30)

Consideration of Approval of Requests for Early Kindergarten Enrollment for 2016-2017

It was moved by Mr. Smith and seconded by Dr. Smith to approve the requests for early kindergarten enrollment for the 2016-2017 school year based on testing results as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 31)

Consideration of Disapproval of Requests for Early Kindergarten Enrollment for 2016-2017

It was moved by Mr. Smith and seconded by Dr. Smith to disapprove the requests for early enrollment in kindergarten for the 2016-2017 school year and recommend application to the Bright Beginnings Program based on testing results as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 32)

Consideration of Request for Use of School Buses for Forestry Camp

It was moved by Mr. Smith and seconded by Dr. Smith to approve the request from the Virginia Department of Forestry for the use of two school buses and drivers to transport Forestry Camp students and staff from Holiday Lake 4-H Educational Center in Appomattox to Grief Brothers Paper Mill in Amherst, Virginia and return to Holiday Lake 4-H Educational Center on June 23, 2016 at a charge of $139.51 per bus, as recommended by the superintendent. By unanimous voice vote, the motion was approved.

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to comment on non-agenda items.

NEXT MEETINGS

The following meetings of the Appomattox County School Board have been scheduled:

- Thursday, June 9, 2016 – Regular Meeting – 5:00 p.m.
- Tuesday, June 28, 2016 – Close-Out Meeting – 5:00 p.m.

Both of the meetings will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel reports.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically the monthly school discipline reports.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Dr. Smith to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Dr. Smith, unanimously approved by Board Members, and recorded by roll call vote. (See Attachment # 33)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 34)

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Rev. Jones. By unanimous voice vote, the motion was approved.

VSBA and NSBA Activities

A VSBA School Law Conference was held June 3, 2016 in Charlottesville. Mr. Waddell attended and stated it was a good conference as well as a good opportunity to network with other School Board Members. He shared information concerning the following presentations from the conference and encouraged Board Members to study them as they had been posted in Board Docs:

- Implementing ESSA: What Should School Districts Be Doing Now?
- Developing and Implementing an MOU for School Resource Officers
- 2016 Legislative Recap

The 31st Annual VSBA Conference on Education will be held July 19, 2016 in Richmond. The registration fee is $185.00 and the deadline is June 30, 2016. Dr. Smith is registered to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. Budget Update – Mr. McMillan stated this is a very busy time as we are in the process of finishing up the current 2015-2016 budget year. He also noted the 2016-2017 budget year begins July 1, 2016.

2. Health Insurance Update – Mr. McMillan reported we have completed an RFP process for medical, dental, and vision insurance and are in the process of analyzing the information that had been submitted by interested vendors. He

introduced Ms. Jane Crenshaw, with Willis Towers Watson, who is our broker for health insurance. Ms. Crenshaw and Mr. McMillan presented a detailed power point presentation concerning the RFP results and particularly the pros and cons of Piedmont Community Health Plan (PCHP) and The Local Choice proposals. (See Attachment # 7) Mr. McMillan also introduced Mrs. Tracy Johnson, Benefits Coordinator with our school division, who answered questions concerning enrollment and coverage data for part-time employees. He stated school division personnel will be meeting with county personnel within the next several weeks to make a decision concerning the recommendation that will be made to the School Board and the members of the Appomattox County Board of Supervisors.

Ms. Hall stated it was obvious PCHP was the superior choice of the two companies. Mr. Smith thought PCHP's method of reporting the ACA fees directly to the government on our behalf was better than making the employer responsible as the Local Choice option designated. Dr. Smith thought the PCHP triple option which included an HMO plan was a good choice. Mr. Waddell noted it was good news from both vendors as the proposed rates from both companies were lower than our current rates.

Preliminary SOL Testing Results

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, provided a power point presentation concerning the preliminary 2015-2016 SOL testing results. (See Attachment # 8) She stressed the scores were preliminary and noted the official results should be received from the Virginia Department of Education in August.

Mrs. Bennett reported the following accomplishments as she compared the 2014-2015 SOL results to the most recent scores:

- AES – improvement in SWD (Students With Disabilities) scores.
- AES – improvement in 5th grade Science scores.
- AMS – consistent scores in Science and History using a block schedule.
- AMS – improvement in 6th and 8th grade Math and English scores.
- ACHS – significant Math improvement.
- ACHS – improved support for the struggling and the advanced.

Mrs. Bennett also presented the following areas in need of improvement:

- AES – 3rd grade Reading and Math.
- AMS – 8th grade English, Reading, and Writing.
- ACHS – EOC (End Of Course) Reading and Writing.

Mrs. Bennett stated she had already met with every math teacher to learn the strategies that were implemented to improve math scores. She noted these strategies will be used in English and Writing as we work toward improved scores in these areas.

Based upon the preliminary data presented, Mrs. Bennett was pleased to project all of our schools will be fully accredited.

Mr. Smith asked if class sizes correlated to test scores. Mrs. Bennett stated that was an excellent point. Mrs. Stephanie Totty, Data Coach, noted the class sizes range from 16 to 23 students per class and therefore were not the larger classes in the areas attaining lower test scores.

Follow-Up of Recommendation from Career and Technical Education General Advisory Council of May 26, 2016

At the May 26, 2016 School Board Meeting, Mr. Arbogast presented the recommendation from the Career and Technical Education General Advisory Council to hire a certified Horticulture teacher, which had been their recommendation for the past two years. Board Members had expressed an interest in receiving additional information and the superintendent requested Mrs. Bennett work with Mr. Brette Arbogast, Director of Technology and CTE, and Dr. Poldi Moreno, High School Principal, to look at the class loads for next year to determine how many students need a class and how many would be interested in taking Horticulture.

Mrs. Bennett reported she had met with Dr. Smith, Mr. Arbogast, and Dr. Moreno earlier in the afternoon and reviewed the information gathered concerning course requests for the area of agriculture related to Horticulture, Floriculture, and Landscaping. Over the past few years, these three areas have been combined into one course each semester and is an area of growing interest. The group discussed ways to implement a full-time Horticulture program next year and the long-term effect on the budget. It was the consensus of the group that hiring a full-time certified Horticulture teacher be placed as a priority for the planning stages of the 2017-2018 budget. If implemented, it would be very similar to the re-establishment of the Auto Mechanics Program where the instructor initially taught two classes of Auto Mechanics and another subject for the remainder of the day. Mrs. Bennett pointed out this past year we were able to make the Auto Mechanics Program full-time once again as student interest had grown.

Mr. Smith informed the Board that he recently ate lunch with a gentleman from a local landscaping company. The company has four facilities in Roanoke, Concord, Richmond, and another in West Virginia. Currently they have 200 employees and need approximately 200 additional employees. Mr. Smith noted,

as we focus on preparing students to be job ready, this is an area in need of employees.

Mr. Waddell stated Horticulture was a strong program that would attract a lot of students.

Dr. Smith reported the group plans to meet again and she will furnish additional information.

Appomattox Alternative Education Center Year-End Report for 2015-2016

It was moved by Mr. Smith and seconded by Rev. Jones to approve the 2016-2017 Carl Perkins Plan and recommended by the superintendent. By

unanimous voice vote, the motion was approved. (See Attachment # 14)

SCHOOL BOARD SELF-EVALUATION

Prior to the meeting, each Board Member completed the School Board Self-Assessment document provided by the Virginia School Boards Association and submitted the report to the Clerk of the Board. The Clerk recorded the individual results into one compiled document entitled School Board Self-Assessment Compiled Report: June 9, 2016. Mr. Waddell reviewed this report and pointed out the following areas the Board will work toward improving:

1) Board Member Orientation and Continuing Development – Orient newly-elected board members:
   A) To the nature of their duties and responsibilities.
   B) The difference in responsibilities between the board and the administration.
2) Instructional Program:
   A) The board provides alternative instructional programs for the non-traditional student.
   B) The board provides appropriate courses - information for post high school careers/education.

A copy of the compiled report will be kept on file by the Clerk of the Board.

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

Mr. Ken Arpino and Ms. Christine Yepsen, with Wolfbane Productions, shared the services and educational opportunities this local theatrical company would like to offer our school division. (See Attachment # 15)

Close-Out Meeting

The Appomattox County School Board met on Tuesday, June 28, 2016 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Close-Out Meeting. Present were Board Members, Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, and Division Superintendent Dr. Dorinda G. Grasty. Mr. Bobby K. Waddell was not in attendance as he was on vacation.

CALL TO ORDER

In the absence of the Chairman, Mr. Smith - Vice-Chairman, called the meeting to order, welcomed those in attendance, led in the Pledge of Allegiance and a Moment of Silence, and presided during the meeting.

CONSIDERATION OF AGENDA

It was moved by Dr. Smith and seconded by Ms. Hall to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Recognition of ACPS 2015-2016 Teacher of the Year

Dr. Grasty was pleased to recognize Mrs. Katie McCann who had been selected as the 2015-2016 Teacher of the Year for Appomattox County Public Schools. The superintendent also stated Mrs. McCann had been recommended for the 2017 Mary V. Bicouvaris Virginia Teacher of the Year Program. (See Attachment # 1)

On behalf of the Board, Mr. Smith presented Mrs. McCann with a certificate of recognition and small gift of appreciation for this outstanding accomplishment.

Recognition of ACHS SkillsUSA National Winning Team

The superintendent proudly introduced the following Appomattox County High School students and coach who were being recognized for their outstanding

accomplishment as the first place national winners in the SkillsUSA Competition in the Entrepreneurship Category of High Schools: (See Attachment # 2)

Nathan Simpson
Nicholas Walton
Geoffrey Zdgiebloski
Brian Rubio
Jason Clark, Coach/Instructor

On behalf of the Board, the Vice-Chairman presented these individuals with certificates of recognition for their exceptional achievement.

Business Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided the following summary of the 2015-2016 End of Fiscal Year Update: (See Attachment # 3)

- $20,298,783.00 = Budgeted Revenue Based Upon an ADM of 2185
- $20,075,779.00 = Actual Revenues Received To Date
- $19,934,086.00 = Budgeted Expenditures
- $19,934,086.00 = Actual Expenditures To Date
- $ 141,693.00 = Unspent amount as of 06-28-2016. This amount will cover any expenses that occur during July and August 2016 which are related to the 2015-2016 budget.
- $ 200,000.00 = Transferred to the School Textbook Fund
- $ 100,000.00 = Transferred to the Capital Improvement Fund
- $ 176,000.00 = Paid-off the 5 Year Lease on 3 School Buses which yielded a savings of $15,000.00 in interest payments.

Mr. McMillan noted it is customary to pay the lease fee for copiers for the upcoming school year at the close-out meeting, but that was not possible this year. He explained two bids were received and the unsuccessful bidder was contesting the bid submitted by the successful bidder. This will result in the lease payment for copiers being delayed until the appeal is resolved, which will hopefully take place in July.

Dr. Smith asked if fiscal year-end summary reports were available for previous years. Mr. McMillan stated they were and he would be glad to send them to her by email.

Dr. Smith also mentioned a number of schools are utilizing on-line textbooks rather than purchasing hard copies. Mr. McMillan noted that is being done in our school division but then the expense moves to the purchase of

computers or IPads which are needed to view the on-line texts. Mrs. Annette A. Bennett, Director of Curriculum and Instruction, stated the last Science K-12 adoption resulted in digital textbooks. Dr. Grasty mentioned digital texts work well for the students while they are at school, but many of them do not have computers or Internet access in their homes.

Ms. Hall asked why textbook adoptions are necessary. Mrs. Bennett explained the Virginia Department of Education (VDOE) re-writes education standards every six years which creates a shift in the material that is required to be taught. The adoptions are necessary to keep-up with the revised VDOE standards.

Follow-Up of Recommendations from the Special Education, Remedial, and Title I Advisory Committee Report of May 26, 2016

The following recommendations from the Special Education, Remedial, and Title I Advisory Committee were presented at the May 26, 2016 School Board Meeting: hiring a Reading Specialist at the Middle School and changing from the use of two grading scales at the high school to one uniform scale. The Board had requested additional information regarding the grading scale change which was addressed by Mrs. Beth Haught, Director of Remedial and Special Education. Mrs. Haught stated a 10-point scale is currently used for Advanced Placement and Dual Enrollment courses with a 7-point scale used for all other courses. Parents have voiced concern that students graded on the 7-point scale are penalized regarding their grade point averages when compared to students in other school divisions where the 10-point scale is used. The implementation of a 10-point scale would alleviate any inequality in comparisons. (See Attach. # 4)

Mrs. Haught reported Mrs. Bennett will survey Region 8 and Region 2000 schools during the up-coming school year to determine which scales are being used and will provide a report of her findings to the Board.

Dr. Smith stated she serves on the Admissions Committee at Longwood and universities take weighted scales into consideration as applicants are reviewed for college entrance.

Tentative Pre-Work Schedule for August 3-9, 2016, Student Registration, and Teacher Work Week

The superintendent reviewed the following tentative schedule in preparation for the first day of school for students on August 10, 2016:

SUPERINTENDENT'S REPORT

VSBA and NSBA Activities

The 31st Annual VSBA Conference on Education was held July 19, 2016 in Richmond. Dr. Smith reported she attended many sessions concerning STEM. She also noted she would be sending information to the other Board Members concerning the new SOL coding requirements.

The VSBA Legislative Advocacy Conference will be held September 15, 2016 in Charlottesville. The registration fee is $155.00 and the deadline is September 1, 2016.

The 2016 VSBA Annual Convention will be held November 16 - 18, 2016 at the Colonial Williamsburg Lodge in Williamsburg. Mr. Waddell, Mr. Smith, Rev. Jones, and Dr. Grasty indicated they would like to attend.

Each year our Board selects a Delegate and Alternate Delegate to represent the Board at the Delegate Assembly and Regional Meeting which is held during the Annual VSBA Convention. This information must be provided to VSBA by August 12, 2016 and is included as an action item.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. State Revenue Update – Mr. McMillan shared an email that had been received from the State Department of Education earlier in July which indicated state general fund revenue collections for fiscal year 2016 were greater than one percent below the official revenue forecast used in the fiscal year 2016 state budget. The email also stated this creates the need for the general fund revenues for the 2016-2018 biennial budget to be reforecast by September 1 and the two percent compensation increase be placed on hold pending budgetary actions to address the revenue shortfall. (See Attachment # 6) Mr. McMillan noted the possible impact to our school budget was $109,000.00. However,

$120,000.00 was built into the 2016-2017 school budget to cover increased costs for health insurance. Since our health insurance renewal came in at a one percent premium decrease, we have enough money in our budget to cover the potential loss in state revenues. Therefore, Mr. McMillan stated we have decided to go ahead with the salary increase for all of our employees.

2. Other Information – Mr. McMillan stated a revision to the Code of Virginia requires school divisions beginning the school year prior to August 15th must issue a pay check to all new employees in August. In order to meet this requirement, contracts for new employees for 2016-2017 will be divided into thirteen (13) payments (August 2016 through August 2017). Subsequent contracts for these employees will be divided into twelve (12) payments (September through August). A letter was sent to all new hires for the 2016-2017 school year outlining the changes to payroll and revised benefit eligibility. (See Attachment # 7)

Discussion of ACHS 2017 Graduation

Dr. Grasty reported Dr. Poldi Moreno, ACHS Principal, has requested graduation for 2017 continue to be conducted at The Vines Center at Liberty University in Lynchburg with May 22, 2017 selected as graduation date for the 2016-2017 school year. The superintendent was in agreement with Dr. Moreno's request and noted this was included in the agenda as an action item.

Code of Conduct Update

Mr. Brette Arbogast, Director of Technology and CTE, provided a print-out of the highlighted changes made to the Code of Conduct for the 2016-2017 school year. (See Attachment # 10) He noted the major change was the revised Student Dress Code which was adopted by the Board on May 26, 2016.

Funds Request for New Park Service Student Volunteer Program

Mr. Joe Servis, Teacher at Appomattox County High School (ACHS), stated for the past two years he has been working with the National Park Service to organize a Student Volunteer Exchange Program. To date, the program has prepared fifteen ACHS students to be trained as tour guides at the Appomattox Court House National Historical Park here in Appomattox. Due to the success of the program, the National Park Service has requested Mr. Servis create and organize the following additional programs as outlined in the letter presented to the Board: (See Attachment # 11)

- Music
- Living History
- Fun Runs
- Oral History Interview Recordings

Mr. Servis requested the Board consider providing $2,000.00 in funds to assist our students during the 2016-2017 school year with the implementation of these additional student volunteer programs with the National Park Service. He stated these programs will give our students opportunities to gain valuable skills, knowledge, and work experience that will help them as they pursue their educational and career goals.

Rev. Jones stated this was a tremendous opportunity for our students and it would be an excellent investment as he commended Mr. Servis for his work with this student volunteer program. Mr. Smith and Ms. Hall were in agreement.

The superintendent noted this was included on the agenda as an action item.

Discussion of September 22, 2016 Tour of Schools

Dr. Grasty stated the Board is scheduled to tour our schools on September 22, 2016 and requested guidance from the Board concerning the length of the tour. Following discussion, it was the consensus of the Board to continue the full day tour starting at 9:00 a.m. and ending at 3:00 p.m. with the Regular Monthly Business Meeting to follow at 3:30 p.m. Mr. Smith extended his apologies as his work schedule for that day will not allow him to participate in the tour. He noted he would be able to attend the 3:30 p.m. School Board Meeting.

THE RAIDER REPORT

Appomattox Elementary School
August/September 2016

Principal-Karen Cyrus
Assistant Principal-Jason Bowyer

"AES IS APPOMATTOX STRONG: *KNOWLEDGE IS OUR SUPERPOWER*"

Principal's News

Welcome to Appomattox Elementary School where we believe EVERY child is a superhero! As we begin this year together, here are a few ideals we embrace for ourselves and our students as we lead each other to unleash our inner, super-heroic qualities:

- Have integrity—Do the right thing, even when no one is watching.
- Give it all we've got!
- See the good in all people.
- Lend a hand whenever possible
- Believe in ourselves!
- Be strong in mind—clear head, clear focus.
- Be strong in body—eat healthy, stay active.
- Be a "self-starter" and do what needs to be done.
- Solve problems by working as a team.
- Make a positive difference in somebody's day—EVERY DAY!
- Overcome the obstacles, no matter how hard they might seem.
- Dream BIG, and do something about making those dreams come true.
- Take chances—it is okay to fail if we continue to try.
- Take a stand for what is right.
- Be a "World Changer!" No effort is too small or too insignificant.
- Be proud of who we are, collectively and individually.
- Use our unique talents, because we ALL have them!

As with all lessons, leading by example is the most important way we can guide our children into really understanding what it means to be true heroes. That is what we strive to do as we partner with you in your efforts to do the same. Please know you are welcomed and appreciated as part of the AES family

THE RAIDER REPORT

Visitors' Passes

Parents or other individuals who are in the building for conferences or other school business are expected to report to the office to obtain a pass.

BUS NOTES

Written permission is necessary regarding bus changes, walker's bell or pick-ups. We cannot take changes over the phone. Information that needs to be on notes are: the student's full name, the teacher's name, the desired bus number, the full name of the person's house where your child will be getting off the bus, and the 911 address. Also, include your phone number in case the school or bus driver has any questions regarding your arrangements.

Please be sure your child knows what to do in case school closes early due to inclement weather, early dismissal or other circumstances

Student Planner Contains Student/Parent Handbook!

The A.E.S. PTO will be providing students with a homework planner that also has the A.E.S. Student-Parent Handbook in the front. This will be great for remembering homework assignments and important events!

Phone Numbers

If you would like a time reserved or a time to meet with the principal, teacher, guidance counselor or nurse, you are encouraged to call for an appointment.

Important Traffic Reminders

Thank you for your help and attention to the routines we have established to ensure the safety of all entering and exiting the school property. Safety is our #1 priority! Here are a few important reminders:

- Students cannot be dropped off until 8:00a.m. Supervision of students begins at 8:00a.m.
- After dropping off or picking up a student, be careful when pulling out at the stop sign.
- Please don't rush! Allow the car in front of you to pull out, and then follow. Don't pull around.
- Please use a turn signal when entering or exiting at the main entrance. This assists the crossing guard, as well as other vehicles entering and exiting the school.
- Under no circumstances should a student walk alone through the line of car rider traffic. If you are parking, please escort your student to the building. If you are unable to escort your student, please use the car rider lane and drop your student off at the curb. If you are visiting the office or a classroom, please park in the lot, not at the curb where we load and unload students. We have 15 minute parking areas for your convenience. Your attention to these matters will help us continue to provide a safe environment!

Attendance

Regular attendance is necessary and important to the development of individuals who are successful in school and in all areas of responsibility. There is a close correlation between school attendance and attendance on the job after leaving school. It is a joint responsibility of the school and parents to require regular attendance. School attendance will be monitored daily so that students are given opportunity to be successful. Make school attendance a priority in your home this year! In addition to regular daily attendance, please refrain from picking students up early (except for emergencies). It is important that students hear announcements, receive information before going home, and have closure to the school day with their teacher. We appreciate your help in these areas!

Student Safety is a Priority for Parents and Staff

All requests for release of students must come directly from the office, by office personnel, written note, or the intercom. The office will deliver items sometime during the day.

Most of the policies and rules employed by schools are designed specifically to protect your children. For example, all school employees are required to undergo thorough background checks, as well as wear ID badges. Visitors must check-in with the office before they're allowed on campus.

Health policies are yet another way in which schools protect your children. When new students enroll, schools require proof of immunization to reduce the risk of contagious disease entering the school, such as mumps, measles, and whooping cough. To prevent the spread of infection, most schools recommend that children suffering fevers in excess of 100 degrees be kept at home until their temperatures have returned to normal for a period of 24 hours. School nurses are often asked to administer appropriate medication with parental permission and physician instructions.

Occasionally, schools may require a statement from the attending physician prior to a sick or injured child's return to the classroom. Knowing what activities an injured or ill child should or should not participate in is key to the child's recovery.

Whatever the health or safety issue, remember that educators take their responsibility for your child very seriously.

Please be aware that the school division dress code for students has been revised. Information about what is and is not acceptable was placed in the registration envelope.

VSBA Bullying Prevention Month

October 2016

www.vsba.org | 434-295-8722 | 800-446-8722 | Fax: 434-295-8785

OCTOBER 2016 – VSBA BULLYING PREVENTION MONTH

Dear School Board Member/Superintendent:

In an effort to promote awareness of school bullying, the VSBA Board of Directors has designated the month of October as VSBA Bullying Prevention Month.

Childhood bullying is a significant problem nationwide. It can cause school absenteeism, mental and physical stress, poor school performance, poor self-esteem, and in some cases, school violence. Statistics show that 160,000 children in the United States miss school each day as a result of being bullied.

School board members, superintendents, teachers, and parents play a critical role in creating a climate where bullying is not tolerated. It has been proven that when adults and children stand together bullying ends.

VSBA will publicize Bullying Prevention Month in our newsletter, on the VSBA website, through social media and will send out a statewide news release urging news organizations to provide coverage of local activities. School divisions are encouraged to issue their own news releases, and it would be helpful if divisions would apprise the VSBA of any related activities taking place in their division. Potential activities could include:

- Adopt a proclamation similar to the one adopted by the VSBA Board of Directors (see enclosed).
- Write a letter to the editor or contact a local reporter to see if they will do a story about bullying prevention initiatives taking place in the division.
- Hold school or division student contests (poster, video, writing, etc.) around the theme of "VSBA Bullying Prevention Month".
- Conduct parent/caregiver workshops on bullying, which could include the opportunity for parents/caregivers to spend time with their child's guidance counselor.

This guide includes several resources to assist you in these efforts, including references to VSBA policies on bullying, a sample news release, and a proclamation adopted by the VSBA Board of Directors.

We hope you will take advantage of this opportunity to help spread awareness of the serious nature of bullying in our schools.

Sincerely,

William S. Kidd
VSBA President

Gina G. Patterson
Executive Director

VSBA ANTI-BULLYING POLICIES

The VSBA Policy Manual includes several policies that address bullying. For example, Policy JFC-R Standards of Student Conduct states:

> **Bullying**
> A student, either individually or as a part of a group, shall not bully others either in person or by the use of any communication technology including computer systems, telephones, pagers, or instant messaging systems. Prohibited conduct includes, but is not limited to, physical, verbal, or written intimidation, taunting, name- calling, and insults and any combination of prohibited activities.
>
> "Bullying" means any aggressive and unwanted behavior that is intended to harm, intimidate, or humiliate the victim; involves a real or perceived power imbalance between the aggressor or aggressors and victim; and is repeated over time or causes severe emotional trauma. "Bullying" includes cyber bullying. "Bullying" does not include ordinary teasing, horseplay, argument, or peer conflict.

Policy IGAI Character Education states that the division's character education program will include instruction on the inappropriateness of bullying.

Policy GCL Professional Staff Development provides that the division's professional development program educates school board employees about bullying and the need to create a bully-free environment.

In addition to policies that address bullying by name, it is important to remember that bullying is a term which incorporates many types of conduct. Some of that conduct, such as hitting, may amount to criminal misconduct. When that is the case, the conduct must be reported to law enforcement officials pursuant to VSBA Policy CLA Reporting Acts of Violence and Substance Abuse. The conduct may also be addressed by VSBA Policy JFHA/GBA Prohibition Against Harassment and Retaliation. Whenever a division is confronted with conduct that may be bullying, it should carefully consider whether the conduct is also prohibited harassment. When a division discovers harassment, it should consider not only appropriate discipline for the harasser(s) but should also consider whether broader remedies, such as school-wide or division-wide training are necessary.

VSBA BOARD OF DIRECTORS PROCLAMATION

WHEREAS, school bullying has become an increasingly significant problem in the United States and Virginia; and

WHEREAS, over twenty percent of the youth in the United States are estimated to be involved in bullying each year, either as a bully or as a victim; and

WHEREAS, an estimated one hundred sixty thousand students in kindergarten through twelfth grade miss school every day due to a fear of being bullied; and

WHEREAS, bullying can take many forms, including verbal, physical, and most recently in cyberspace, and can happen in many places on and off school grounds; and

WHEREAS, it is important for Virginia parents, students, teachers, and school administrators to be aware of bullying, and to encourage discussion of the problem as a school community; and

WHEREAS, the VSBA has developed a model policy on anti-bullying to encourage positive behaviors and to eliminate bullying behaviors;

Now, **THEREFORE**, the Virginia School Boards Association recognizes the month of October 2016 as VSBA Bullying Prevention Month, with the intention that the issue of bullying and its prevention be discussed in Virginia schools and classrooms during that time.

Breakout Sessions Descriptions

Coding in the Real World. Virginia has recently become the first state to integrate computer science into its core academic requirements in elementary, middle, and high school. HB 831 requires VA school boards to plan for a new generation of developers in grades K-12 by developing and implementing computer science and computational thinking, including VA's newest literacy, computer coding. Explore the vast spectrum of coding, from simple block-based programming to designing and coding apps. You'll leave this session with numerous ideas on how to add coding to your division's learning mission.

Rewiring Digital Content: From Consumers to Creators. Gather ideas to support VA school divisions as they transition to using Open Education Resources (OER) from traditional textbook materials. Learn how today's digital content can create unique opportunities for personal learning at every level. Explore low-cost digital learning resources that have the potential to save divisions money and offer opportunities to empower schools with relevant, up-to-date and engaging content. Experience how schools move from consuming information to creating innovative learning experiences for all students.

Innovation Showcase. Come and interact with some of Virginia's most innovative educators and school board members in this showcase session. Discover how today's educational leaders are redefining how to increase students' readiness for the future. Experience first hand how school leaders are implementing innovative practices to transform their divisions.

VSBA Take Your Legislator to School Month

A Guide for School Boards & School Administrators

NOVEMBER IS "VSBA TAKE YOUR LEGISLATOR TO SCHOOL" MONTH

In an effort to promote a closer relationship between public education and the Virginia State Legislature, the Virginia School Boards Association urges each school division in the state to invite at least one of their state legislators to visit their schools during the month of November.

There are many benefits from participating in *VSBA Take Your Legislator to School Month*, including developing closer relationships between school divisions, local communities and our elected officials, and creating opportunities for productive dialogue so that educational and political leaders can work together to ensure that we provide the best possible education for our students.

INDEX

Page 2 – Quick Tips

Page 3 – Sample Invitation

Page 4 – Sample Media Alert

Page 5 – VSBA Proclamation

In addition, when legislators visit your schools as part of *VSBA Take Your Legislator to School Month*, local students will have the opportunity to interact with elected officials and learn about the important roles and responsibilities of Virginia General Assembly members. Almost like a field trip that is coming to your school, a visit by your local legislator creates many different "teachable moments".

What Types of Activities Can We Implement?

There are many different types of activities that your division and local legislators can implement, including speaking to civics classes about current "hot topics", reading to younger students, participating in a mock election, discussing the Virginia legislative process, etc. The precise format for each visit should be negotiated between the division or school and the legislator, but we recommend it include a tour of school facilities conducted by a board member or other division officials. Use this opportunity to raise awareness of division successes, showcase a particular program that a legislator helped fund, or highlight division needs that have gone unmet.

Promote & Celebrate Your Visit

- After you have issued your invitation and planned the visit, distribute a media alert (sample enclosed) and invite the media to cover the visit.
- Take pictures and include a story about the visit in your division newsletter and on the division web site.
- Have participating students send thank you letters to the visiting legislator.
- Notify the VSBA of your activities. We may attend your event, promote it in our newsletter or on our web site, and/or include a news story in the VSBA Daily News.

We hope you will take advantage of this opportunity to strengthen the already solid bond between public education and the Virginia General Assembly. These activities cannot help but aid VSBA as it lobbies on your behalf on education issues. Thank you for all that you do as a leader, advocate, and supporter of public education.

QUICK TIPS & SUGGESTIONS

- Discuss what your divisions or school would like to get out of a visit by a state legislator and phrase your invitation accordingly.
- Consider activities involving one or two classes, rather than the entire student body.
- Thank the legislator for his or her past support for public education.
- Help the legislator decide what activities and topics would be appropriate for what age groups. Legislators may have received some suggestions from the clerks, but school staff might help them plan others.
- Be sensitive to the fact that every school and division has at least two representatives in the legislature, a senator and delegate, and perhaps more.
- Invite all of your legislators. While some may not respond to your invitation, others might feel slighted at not receiving one.
- Obtain the lawmaker's biography from his or her office or web site for use in introductions and news releases.
- Be alert to promising opportunities for photos. Sometimes that alone will be sufficient to attract newspaper or TV media coverage.
- Apprise the VSBA of your activities, past and planned, to help us promote this event this year and in future years.
- *VSBA Take Your Legislator to School Month* should be just one part of ongoing year-round communication that takes place between your division and Virginia elected officials.

SAMPLE INVITATION LETTER

Dear Delegate/Senator_____:

On behalf of the school board of_____, we would like to invite you to visit our schools as part of *VSBA Take Your Legislator to School Month*, which is being observed in November.

Coordinated by the Virginia School Boards Association (VSBA), the goal of *VSBA Take Your Legislator to School Month* is to build a stronger relationship between schools and legislators. The event gives legislators an opportunity to observe what is going on in Virginia schools, and provides Virginia's young people the opportunity to meet and interact with an elected official.

There are many exciting and innovative things happening each day in _____ schools, and several members of our school board would like to give you a tour of our school facilities. Our teachers are implementing new, research-based instructional strategies, and our students are using a variety of new technology methods such as _____. In addition, you are welcome to speak to our government classes, read to our elementary students, or just walk the buildings with our principals to learn about public education in our division. We are open to your ideas on how to make this time with your young constituents most productive.

We plan to invite the local media to attend your visit, which we think communicates the high degree of interest that state and local leaders have in public education.

If your schedule permits you to accept this invitation, please contact us at _____ with some dates and times and we can discuss the details of your visit.

We look forward to hearing from you.

Cordially,

_____

A Few Tips

- Distribute the media alert via email anywhere from a few days to a few weeks prior to the event, depending on the deadline of the media outlet, how quickly you have the necessary information, and how fast the opportunity has come up.
- Take photos at the legislator's visit and send a press release to your local media after the event (let them know that photos are available). That way, even if they couldn't attend they can still cover the story.
- Use the photos and press release as content for a division newsletter or web site article and share them with VSBA.

VSBA BOARD OF DIRECTORS PROCLAMATION

PROCLAMATION
VSBA BOARD OF DIRECTORS

WHEREAS, it is of paramount importance that all young people in Virginia are afforded the opportunity to receive a quality education in Virginia's public schools; and

WHEREAS, Virginia's continued student success requires an excellent understanding of what is required for excellence in the 21st century; and

WHEREAS, school boards and legislators must work together, to promote high academic standards and excellent facilities that help all of Virginia's students become productive, contributing citizens; and

WHEREAS, Virginia's school boards have been at the forefront of these endeavors to foster close relationships between schools and communities to strengthen and improve Virginia's public education system; and

WHEREAS, it is paramount to acknowledge the work and support of our state legislators and the necessary partnership between our state legislators and local school boards as we strive to make Virginia's public schools optimal learning institutions, now therefore, be it

Resolved that Now, the VSBA Board of Directors hereby recognizes the month of November in perpetuity as **"VSBA Take Your Legislator to School Month"** in the Commonwealth of Virginia. We call this observance to the attention of our citizens and state legislators, and encourage community-wide calls for state legislators to visit at least one school in each of the school divisions within their legislative jurisdictions during this special month.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, August 11, 2016 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

RECOGNITION

Dr. Grasty took great pleasure in recognizing the following students and staff for their achievements:

April Johnson - Outstanding Leadership in Coordinating the Implementation of the New Online Registration System

On behalf of the School Board, the Chairman presented Mrs. Johnson with a Certificate of Special Recognition for her exemplary accomplishment.

SUPERINTENDENT'S REPORT

Update on First Two Days of School

The superintendent reported she had been in the schools during the first two days of the 2016-2017 school year. She stated things have gone smoothly and students are excited. Dr. Grasty noted increased traffic is always experienced at the opening of a school year and she has been riding through the lines at each school to access the traffic flow. She commended staff for their hard work in having everything in place for our students. Some parents still need to complete the online registration for their children and we are working to contact

these parents and have this process completed. The superintendent also reported we are continuing to gather enrollment figures and will have a report to present to the Board at the August 25, 2016 meeting.

ACTION ITEMS

Consideration of Requests for Admission as Out-of-County Tuition Students for 2016-2017

It was moved by Mr. Smith and seconded by Rev. Jones to approve the admission of out-of-county tuition students for the 2016-2017 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 1)

Consideration of Requests for Exemption from Compulsory Attendance Laws for Bona Fide Religious Belief for 2016-2017

It was moved by Mr. Smith and seconded by Rev. Jones to approve exemption from compulsory attendance laws for bona fide religious belief for the 2016-2017 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Rev. Jones, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 3)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as amended and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 4)

NEXT MEETINGS

The following meetings of the Appomattox County School Board have been scheduled:

- Regular Monthly Business Meeting - Thursday, August 25, 2016
- Interim Meeting - Thursday, September 8, 2016

Both of the meetings will take place at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia.

Mr. Smith stated he would be unable to attend the meeting on August 25, 2016 as he needed to attend a school activity with his son.

ADJOURNMENT

There being no further business, it was moved by Mr. Smith and seconded by Rev. Jones to adjourn the meeting. By unanimous voice vote, the motion was approved.

The VSBA Legislative Advocacy Conference will be held September 15, 2016 in Charlottesville. The registration fee is $155.00 and the deadline is September 1, 2016.

VSBA has designated October as Bullying Prevention Month. The Board will be presented with a resolution at the September 22, 2016 meeting establishing October as Bullying Prevention Month in our school division.

A VSBA Hot Topic Conference entitled *Leading the Digital Transformation in Schools* will be held October 18, 2016 in Midlothian. The registration fee is $155.00 and the deadline is October 4, 2016.

November is "VSBA Take Your Legislator to School" Month. Our school division will be participating in this activity a little earlier as we will be inviting our legislators to visit in our schools on September 22, 2016 during our tour of school facilities.

The 2016 VSBA Annual Convention will be held November 16 - 18, 2016 at the Colonial Williamsburg Lodge in Williamsburg. The registration fee is $270.00

and the deadline is November 8, 2016. Mr. Waddell, Mr. Smith, Rev. Jones, and Dr. Grasty are registered to attend. Rev. Jones will be serving as Delegate and Mr. Waddell as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. State Budget Update – At a recent press conference, the Governor indicated state revenues are lower than anticipated. We feel our school division is in stable condition as we saved $120,000.00 in health insurance costs which will offset a potential $109,000.00 reduction in state revenue. The full impact of state revenue reductions may not be known until December, 2016.

2. Health Insurance Update – We have decided not to retain the services of a health insurance broker for one year which will result in an additional health insurance savings of 2% in premiums. It will also reduce the employer paid contribution for health insurance from $516.26 to $507.00 which is the new reduced employee only premium for the Piedmont Preferred $1500.00 deductible plan. This is also included in the agenda as an action item.

Annual Review of Crisis Management Plans

Mr. Matt Wallin, School Psychologist, provided the annual review of the Crisis Management Plans. (See Attachment # 12)

Summer School Report 2016

Mr. Wallin reported, on behalf of Mrs. Beth Haught, Director of Remedial and Special Education, concerning the successful 2016 Summer School that assisted 230 students as follows: (See Attachment # 13)

APS – 98% of students maintained or improved skills
AES – 98% of students maintained or improved skills
AMS – 98% of students maintained or improved skills
ACHS – 88% passed an SOL test or increased their score from a previous test

2016-2017 Teacher and Parent Advisory Committees

The superintendent provided the Techer Advisory Committee (TAC) and Parent Advisory Committee (PAC) listings for 2016-2017. Committee members were selected by building principals. (See Attachments # 14 & # 15)

Discussion of September 22, 2016 Tour of School Facilities

The School Board will be conducting their fall tour of school facilities on Thursday, September 22, 2016. Their day long tour will include visits to all of our schools with lunch in the Culinary Arts Department at the high school. Members of the Appomattox County Board of Supervisors and other elected officials will be invited to accompany School Board Members.

Dear Dr. Grasty: Dorinda

The Mary V. Bicouvaris Virginia Teacher of the Year Program provides the Commonwealth of Virginia an opportunity to recognize stellar educators in the field of education. Congratulations to Appomattox County public schools and Mrs. Katie D. McCann, who was named the 2017 Region 8 Teacher of the Year. I salute Mrs. McCann for providing the highest level of instruction to the children of the Commonwealth. Her commitment to excellence is truly extraordinary.

Mrs. McCann will receive additional information regarding the final phase of the 2017 Virginia Teacher of the Year selection process for regional winners. As an integral part of the overall selection process, all Regional Teachers of the Year will participate in panel interviews to be held at a downtown Richmond location in October 2016.

If you have any questions, please do not hesitate to contact Dr. Joan B. Johnson, director of teacher education, by telephone at (804) 371-2475, or by e-mail at Joan.Johnson@doe.virginia.gov.

Sincerely,

Steven R. Staples

Eight in the Running for 2017 Virginia Teacher of the Year

Commonwealth's Top Teacher will be Announced Next Month in Richmond

Eight teachers today learned of their selection as 2017 Virginia Regional Teachers of the Year during surprise classroom visits, school assemblies and announcements by their division superintendents — and in the case of a Spotsylvania County Spanish teacher — Superintendent of Public Instruction Steven R. Staples.

"Today we recognize eight teachers in Virginia who exhibit integrity in their profession and inspire their students to high achievement," Staples said after announcing the selection of Freedom Middle Spanish teacher Carolyn Kleinert as the 2017 Region 3 Teacher of Year. "These educators are recognized as leaders in their field, setting examples academically and personally among their peers and within their classrooms."

The other seven 2017 Regional Teachers of the Year announced are as follows:

- Louise Thornton, a government teacher at Prince George High in Prince George County (Region 1)
- Toney McNair Jr., a music teacher at Indian River Middle in Chesapeake (Region 2)
- Heidi Trude, a French teacher at Skyline High in Warren County (Region 4)
- Crystal DeLong, a social studies teacher at Liberty High in Bedford County (Region 5)
- Jason Ince, an agricultural education teacher at Chatham High in Pittsylvania County (Region 6)
- Beth Shell, an agricultural education teacher at Lee County Career and Technical Center in Lee County (Region 7)
- **Katie McCann, a language arts and reading teacher at Appomattox Elementary in Appomattox County (Region 8)**

The teachers were selected from among candidates nominated by school divisions in each of the state's eight superintendents' regions. The candidates submitted portfolios highlighting their accomplishments, educational philosophies and community activities.

A panel, including classroom teachers, representatives of professional and educational associations, the business community and 2016 Virginia Teacher of the Year Natalie DiFusco-Funk of West Salem Elementary in Salem reviewed the portfolios and selected the eight regional teachers of the year. Next month, the same panel will interview each of the eight regional teachers to select the 2017 Virginia Teacher of the Year. The decision will be announced on October 17 during a ceremony at the Virginia Museum of Fine Arts in Richmond.

The 2017 Virginia Teacher of the Year will be the commonwealth's nominee in the National Teacher of the Year Program. The recognition is given by the Council of Chief State School Officers, in partnership with the Voya Financial. Two previous Virginia teachers — B. Philip Bigler, the 1998 Virginia Teacher of the Year, and Mary V. Bicouvaris, the 1989 Virginia Teacher of the Year — went on to be named as a National Teacher of the Year.

Breakout Sessions Descriptions

Coding in the Real World. Virginia has recently become the first state to integrate computer science into its core academic requirements in elementary, middle, and high school. HB 831 requires VA school boards to plan for a new generation of developers in grades K-12 by developing and implementing computer science and computational thinking, including VA's newest literacy, computer coding. Explore the vast spectrum of coding, from simple block-based programming to designing and coding apps. You'll leave this session with numerous ideas on how to add coding to your division's learning mission.

Rewiring Digital Content: From Consumers to Creators. Gather ideas to support VA school divisions as they transition to using Open Education Resources (OER) from traditional textbook materials. Learn how today's digital content can create unique opportunities for personal learning at every level. Explore low-cost digital learning resources that have the potential to save divisions money and offer opportunities to empower schools with relevant, up-to-date and engaging content. Experience how schools move from consuming information to creating innovative learning experiences for all students.

Innovation Showcase. Come and interact with some of Virginia's most innovative educators and school board members in this showcase session. Discover how today's educational leaders are redefining how to increase students' readiness for the future. Experience first hand how school leaders are implementing innovative practices to transform their divisions.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, September 8, 2016 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATION ITEM FROM THE SUPERINTENDENT

Joint Public Hearing Concerning Zoning Petition

Dr. Grasty presented a letter from Mr. Philipp Gabathuler, Appomattox Town Manager, concerning a Joint Public Hearing that will be held September 12, 2016 at 6:00 p.m. at the Appomattox Municipal Building regarding a zoning petition filed by Bays Trash Removal, Inc. to store portable toilets and service trucks on the property of the old Thomasville Furniture Company. The letter was received by Ms. Michele West, Principal of Appomattox Primary School, because the property is adjacent to that school. (See Attachment # 1)

ACTION ITEMS

Consideration of Approval of Reduced Dental and Vision Insurance Premiums for 2016-2017

It was moved by Mr. Smith and seconded by Rev. Jones to approve the reduced dental insurance premiums for coverage with Delta Dental and the reduced vision insurance premiums for coverage with Superior Vision for the plan year October 1, 2016 through September 30, 2017 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachments # 2 and # 3)

Consideration of Approval of Request from AYS to Use the ACHS Football Field Concession Stand

It was moved by Mr. Smith and seconded by Dr. Smith to approve the request from Appomattox Youth Sports (AYS) to use the football field concession stand at Appomattox County High School during four home football games, September 10, September 17, September 24, and October 29, 2016 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 4)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Dr. Smith to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Rev. Jones, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 5)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as amended and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 6)

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier Today

Prior to the Board Meeting, School Board Members spent the day touring school facilities. (See Attachment # 9) They were accompanied by central office administrators, Appomattox Town Manager Mr. Philipp Gabathuler and Council Member Mr. Timmy Garrett; and Mrs. Jenna Fulmer, Administrative Aide to Delegate Matthew Fariss.

Dr. Grasty requested comments from Board Members concerning their all day tour of our schools. Rev. Jones stated it was amazing to see how technology is being integrated into the curriculum and the wonderful job the teachers and students are doing with that technology. Mr. Smith applauded the phenomenal classroom management skills that were evident at the primary and elementary schools and was impressed with the use of IPads at the middle school in the science and math classes. Mr. Smith also complimented the high school for their SOL score increases and offered kudos to the Culinary Arts Class. Ms. Hall was in complete agreement with Mr. Smith and offered her appreciation for the opportunity to serve in this outstanding school division. Mr. Waddell agreed with all of the other Board Members and noted anyone who criticizes our school division should have spent the day with them touring our schools as they would

surely change their minds. He emphasized each school offers a lot of great, innovative programs while increasing technology opportunities to our students.

Membership Report

The superintendent provided the August 31, 2016 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,181 students. This compares to a budgeted ADM of 2,175. (See Attachment # 10)

VSBA and NSBA Activities

A VSBA Hot Topic Conference entitled *Leading the Digital Transformation in Schools* will be held October 18, 2016 in Midlothian. The registration fee is $155.00 and the deadline is October 4, 2016.

The 2016 VSBA Annual Convention will be held November 16 - 18, 2016 at the Colonial Williamsburg Lodge in Williamsburg. The registration fee is $270.00 and the deadline is November 8, 2016. Mr. Waddell, Mr. Smith, Rev. Jones, and Dr. Grasty are registered to attend. Rev. Jones will be serving as Delegate and Mr. Waddell as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the following information:

1. Possible State Health Insurance Plan – The Department of Human Resource Management for Virginia is conducting a year-long study to determine whether or not school divisions should have the same type of health insurance program as state employees. We believe it is worth exploring and we have indicated our preliminary, non-binding interest in the plan. As additional information is received, it will be shared with the Board. If the state implements this plan it would not become effective until July 1, 2018.

2. Paying Bus Drivers During Training – It is becoming increasingly difficult to find bus drivers. To qualify as a bus driver, an individual must go through an extensive period of training. In the past we have not paid individuals during their training time. Going forward, we will pay drivers during their training to hopefully increase the interest in these needed positions. Mr. McMillan noted the hourly training rate of $11.47 is less than the beginning contracted driver rate.

SOL Score Report Regarding State and Federal Accreditation

Mrs. Annette Bennett, Director of Curriculum and Instruction, was thrilled to report on SOL scores and state and federal accreditation as she announced our school division is fully accredited for the second year in a row. She also announced Appomattox County Public Schools is the only school division in Region 8 and Region 2000 to be fully accredited. Board Members expressed their gratitude for the tremendous amount of work exhibited by our staff and students in achieving this outstanding accomplishment. Mr. Waddell and Mrs. Bennett also referred to the positive impact our data coaches have had on these outcomes. Mrs. Bennett noted writing is an area we will be focusing on this year as those SOL scores decreased. (See Attachment # 11)

ACPS Annual Report 2015-2016

Dr. Grasty provided Board Members with copies of the Appomattox County Public Schools Annual Report for 2015-2016. (See Attachment # 12)

Updated Capital Improvement Projects Priority List and Maintenance Update

Mr. Timmy Garrett, Maintenance Supervisor, reported on maintenance projects by providing an excellent visual presentation of before and after pictures of recently completed projects as well as those in progress. (See Attachment # 13) The Board was impressed with the many facility improvements our Maintenance Department had made and complimented these individuals for their hard work. Mr. Garrett also presented the 2017-2021 Updated Capital Improvement Projects as well as his recommended Capital Improvement Plan Priority List for 2016-2017. These items were also included as action items. Once approved these documents will be submitted to the county for their consideration as they determine their ability to provide funding to accomplish our requests.

Award of School Security Equipment Grant

Dr. Grasty was pleased to report our school division has been awarded a School Security Equipment Grant in the amount of $68,000.00. The award will be distributed between the schools as follow:

Appomattox County High School	=	$32,500.00
Appomattox Middle School	=	$17,500.00
Appomattox Elementary School	=	$17,500.00
Appomattox Primary School	=	$17,500.00

The award will purchase camera servers, cameras, radios, and upgrade the radio dispatch equipment housed at ACHS, which results in that school receiving a larger amount. The grant requires a local match of $17,000.00. (See Attachment # 14)

Joint Meeting with Appomattox County Board of Supervisors

A Joint Meeting of the Appomattox County School Board and Appomattox County Board of Supervisors will be held at 5:00 p.m. on Thursday, November 3, 2016. The meeting was originally scheduled to be held in the School Administration Building but will be moved to Appomattox County High School to accommodate a meal for the members of the two boards that will be prepared by the students in the ACHS Culinary Arts Department. As soon as it is determined which area of the high school the meeting will take place, a formal notice of the location change will be issued. School employees and the public are invited to attend.

From our Principal Michele West…

Hello Appomattox Primary School Community! We have been very busy this first nine weeks! I would like to share a glimpse of all the great happenings at APS!

Appomattox County Public Schools are Fully-Accredited! We are very proud that we met the state's accreditation standards. We are so proud of our students, teachers, custodians, aides, bus drivers, cafeteria workers, administrators, SBO staff, Superintendent, and families for achieving the state standards. We are the Raiders!

All of our students enjoyed the PTO Fundraiser Assembly held on Monday, September 12, 2016. One of our students had the opportunity to participate by collecting money in the money machine. We cheered as the money flew all around him. This student collected 25 one dollar bills during the event. Our PTO is very instrumental in providing resources and offering support to all of our APS students, teachers, and administrators.

I can't thank our Appomattox School Board members, ACPS Superintendent, SBO staff, and members from the Delegate and Board of Supervisors enough for touring our school on September 22, 2016. Each person on the tour works hard to ensure that our children are leaders and supports our vision of working together, respecting each other, and supporting learning. We are proud that our visitors took time out of their busy schedule to engage in student learning. Our doors are always open.

We continue placing an emphasis on Balanced Literacy and creating learning environments that emphasize small group instruction, collaboration through guided reading, writing in response to reading, and students engaged in authentic tasks. Our goal is for all children to make progress. During the course of this year, APS will be focusing on 2 main goals:

Upcoming Important Information:

Oct. 5 – School Picture Day!
Oct. 13-14 – No School
Staff development for All Staff
Oct. 19 – Report Cards go home!

Important Announcement:

When you are signing in to have lunch or visit the classroom***, you must present your valid driver's license or proper identification*** to the secretaries in the main office.

- Improving instruction in reading so that 100% of all students will meet or exceed the instructional reading level as measured by the Fountas and Pinnell Reading assessment.
- Math and Engagement—we will work together, have conversations about learning, and integrate reading, writing, and math throughout all subject areas.
  This is a process that we are constantly working on and need your help as parents to make it work.

What is an afternoon adventure? Well, an upcoming afternoon adventure is an afternoon APS STEM Club. STEM stands for Science, Technology, Engineering, and Math skills. The upcoming STEM Club will begin on Tuesday, October 18th. Mrs. Amy McConville, first grade teacher, will be working with a group of second grade students who were recommended by their classroom teacher to plan, build, and design a challenge. We are looking forward to seeing what our students' imagination and problem solving skills contribute as 21st Century learners.

Forming positive relationships is important in life. Therefore, we continue partnering with students from Longwood University and invite Longwood students into our classrooms. Our APS teachers have opened their classroom doors and are always willing to share their experiences, talents and strategies, in working with children.

Finally, we work hard to maintain a safe environment where we put children first and we continue doing great things to inform instruction.
Thanks for reading our newsletter!

Kindergarten News….

In Kindergarten we get to learn about so many fun things! So far we have learned our alphabet, rhyming words, colors, shapes, and numbers. Sometimes we get to play with paint, cut and glue activity papers, sort pictures on the Promethean board, but for our community unit in social studies, we get to do something amazing. We get to meet many of the wonderful community helpers who live in Appomattox and experience firsthand what it's like to be in their special vehicles or use their cool tools.

Officer Atkins came and told us how great it is to be a police officer. We learned that a police officer is there to help us when we need him. He showed us his badge, his uniform, but most impressive, our students got to tour his police car and witness all of its bells and whistles. Appomattox Volunteer Rescue Squad came and showed us the stretcher and other cool medical tools. The children also got a personal tour of their ambulance. Joanne and Bruce Jones from Dark Leaf Farms brought a miniature horse and sheep as well as several crops from their farm.

Our students are very fortunate to live in such a great community that is rich with resources and talent. The kids definitely enjoyed seeing all the community helpers and many were inspired with dreams of their future careers. Mr. Bruce Jones from Dark Leaf Farms shared with the kids the diet, habitat, and other fun facts about his miniature horse and sheep.

First Grade News……

Our first graders are setting sail for success! What better way to a successful day than to start the day with breakfast? Each child here at APS has the opportunity to receive a free breakfast every day. Students are enjoying meals of cereal, breakfast bars, yogurt and string cheese. Of course no breakfast is complete without apple slices, milk and juice. Breakfast each morning affords that no child start the day hungry and is also a great opportunity for teachers to introduce many life skills. The students are learning not only table manners but also how to clean up after themselves and make decisions that prevent big spills. We are thankful that all children are given the opportunity to start the day with the most important meal of the day!

Second Grade News…..

The second grade teachers would like to thank everyone who came to the PTO Open House! In October, second graders will be learning about living systems, habitats, and fossils. Second graders will also be learning about main idea, and identifying the problem and solution in fictional texts. We are looking forward to our upcoming field trip to Clover Hill Village in Appomattox. More information will be coming home with your student. The volunteers from the Appomattox Historical Society will be help us learn about life long ago.
At APS, Second Grade Sets Sail for Success!!

Art News…..

Hello from The APS ART Room
We have sent home Artsonia slips with instruction on how to approve your child's account and set up your parent account. This is so you may view your student's art work online and it may be visible to others. Only first names are used with student accounts to protect their privacy. We currently have about 41% of our parents who have already done this.
Soon you will be receiving a form from Art to Remember to order items with your student's art work on it. The ordering is online and the form will have a color photo of the art work. The art work itself will be returned to the student in the spring after our field day murals.
We are currently studying world art history, current artists, animals and plants of the world. We will be having projects featuring apples, pumpkins and Fall in the coming weeks. Thank you to our art room volunteers, Tiffany Franklin and Julie Poole.

Congratulations to our Art Students of the Week!

Library News…..

Some students come to the library each week and express how much they like a book they have read. These students are usually in the first and second grades. Most kindergarten students need someone to read their library books to them. However, even first and second grade students benefit when reading aloud with parents, grandparents, older siblings, etc.

According to the Family Literacy Foundation, the many benefits of reading aloud with children are:

- Children's self-esteem grows as they experience the security of having a parent or other caring person read aloud with them.
- Children experience increased communication with parents and other family members.
- Children are introduced to new concepts such as colors, shapes, numbers, and alphabet, in a fun, age appropriate way.
- Children build listening skills, vocabulary, memory, and language skills.
- Children develop imagination and creativity.
- Children learn information about the world around them.
- Children develop individual interests in special subjects like dinosaurs, cats, or cars.
- Children learn positive behavior patterns and social values.
- Children learn positive attitudes towards themselves and others.
- CHILDREN LEARN THE JOY OF READING!

Music News….

Greetings from the APS music room! We have been sailing and floating along nicely through September and all grades have been busy!

Pre-K and Kindergarten sailors have discovered more of their singing voices as we have waved colorful scarves to the steady beat while singing directional words such as "up and down and around" with Johnette Downing on CD. We have even learned that the word "release" means to "let go" and toss our scarves into the air catching them as they fall in beautiful colors to the ground. We have bolstered our color names by telling what color scarf we are holding. When we return our scarves to the plastic tub at the end of an activity, we must listen carefully so we return them when our colors are called. It has been wonderful to see so many young ones delighted and happy as they view all of the scarves in the air or moving up and down. We have also learned a call and response song called "Did You Feed My Cow?" by Ella Jenkins, world-renowned children's' folk singer, as we read the Big Book and sing back to Ella. Each class has very nicely lowered its number of non-responsive singers via these activities ... we have very few now who are reluctant to sing alone and that is very good! We have realized that it is not really about how beautiful our voice is, but, instead, how much fun it is to USE it to sing! Yay! We are on our way!

First grade students have had introductory lessons in identifying, understanding and writing music symbols. We are now writing four beats each on four lines in a grid pattern and have the actual beginnings of a song. Working with a partner to fill in a 16-measure grid has been a fun activity. When we have found a partner and penciled in our notes and rests on our grid, we get to play a small maraca while we count the symbols used for our "song". Next month, we will do a Halloween grid! We also know that saying "Music is a universal language" means that we may not speak French, but we certainly would be able to go to France and play music with a person who speaks only French. Music ... the language EVERYONE is able to "speak"!

Second grade students are working diligently on the upcoming PTO presentation of "The Holly Jolly Pirates of Pinataville" to be performed at our November 14th. PTO meeting. We are enjoying the rhyming words of the lyrics and the great rhythms of the five songs to be featured in our show. We have even learned to count from one to ten in Spanish! Second grade students are also looking forward to kicking off the October 20th. Jayvee Football Game at Bragg Stadium singing our national anthem, "The Star-Spangled Banner". We are learning the difficult lyrics via discussion of words such as "ramparts", "perilous", etc. When we perform that evening, we will certainly understand each word and why we are singing it! We will understand and appreciate the sacrifices given by so very many in order that we have our freedom here in America! We will sing proudly! Hope to see you there! Come and cheer on our singers and our JV players!

With football comes the crisp air, pumpkins, apples, Halloween, and hoodies. Wishing you all a most happy October fall season! Enjoy!

Physical Education News….

From Our Hearts to Yours – Welcome Back! We Missed You! The American Heart Association (AHA) hopes you had a relaxing, yet energizing, heart-healthy summer and are ready to take on the new rewards and challenges that come with strengthening the minds and bodies of the future!

This school year, as part of your Jump Rope/Hoops for Heart resources, we're sharing a brief monthly email package containing health messages, tips and fun activities your students, parents, staff, and school administration can use to help build healthy hearts and minds! Please share these monthly messages with your district communications staff to post on social media and with school administration to include in morning announcements or parent communication. We hope you enjoy these new resources and have a heart-healthy year!

Here's Your August, Back-to-School, Ticker Tips For You and Fellow Staff -Summer offers time to focus on YOU. Don't stop focusing on yourself just because school's back in session. Here are three things you can do during the day that give you a total of 30 minutes of moderate exercise: 1. In the morning, briskly walk the halls or the track 10 minutes before students arrive. 2. At lunch, briskly walk 10 minutes through the halls. 3. In the classroom, throughout the day, do (3) three-minute jumping jack sessions (with or without students). Click here for more tips on working out at work, then get creative in the classroom.

For Kids-Fun Tip: Be active and go outside to play before you sit down to do your homework. This will give your brain a break so you can focus when it's time to hit the books at home. Fun Fact: Most sports injuries can be prevented by maintaining flexibility. Ensure your time in the game and not on the bench by stretching every day. Click here for more ways play can change kids' days.

For Parents-Talk with your kids about the importance of lunch and how it should include fruits, vegetables and healthy sandwiches or main dishes. Share with your child how these foods make them strong and smart. For tips on making a smarter sandwich, getting kids to love leftovers and involving them in packing their lunches visit the AHA website: How to Pack a Healthy School Lunch. For more insight on how the AHA is advocating to ensure school lunches are nutritious and tasty read this blog on school nutrition standards.

Cardio Calendar – Key Dates to Keep Your Heart Healthy! September 3rd - National Dog Day - Get outside and play fetch or take those pups for a run. Incorporating these activities into your daily routine will make your pooch and heart happy!

Clinic News…

VISION TESTING

The Appomattox Lions Club will be at school October 6th to do free vision testing. This test is very comprehensive and only takes seconds to do. A camera like device takes a picture of the child's eyes and can calculate near and far vision, astigmatism and numerous other eye conditions. You should have received the permission paper two weeks ago. I hope you take advantage of this quick, easy and free vision testing. You will receive a notice if difficulties are found with your child's vision. If you have not returned your form yet or need another form, call 352-8937 and I will be glad to send you one.

FLU VACCINE

The flu mist has been found not to be effective so we will not be having a flu clinic this year. Your child can receive the flu shot at the doctor's office, most pharmacies, or the Health Department.

Sue Waddell
School Nurse

~LOST AND FOUND~

***Parents**, please put your child's name on book-bag, lunchbox, coats, jackets, caps, etc. If you are not comfortable with putting their name on, please put their initials. Every year I have 2 extra-large garbage bags of unclaimed clothes by the end of the year. I have teachers send clothing from their classrooms that the children don't even know that it is theirs!*
So, PLEASE put their names on their belongings!
If your child is missing a jacket, etc. call the clinic, 352-8937 and I will be glad to check lost and found.
Thanks,
Thanks, Sue Waddell, School Nurse

What can you do to help your mornings run smoothly?

I know what those mornings are like. I am a momma and I know that mornings can be crazy! Any parent, grandparent, or loved one who has any part in getting a child to school understands.

Some mornings it seems like we do everything we can to get to school on time and it just doesn't happen. What can you do to make it go better? This is something we all think about from time to time and just know that you are not alone!

Here are a few tips to help those crazy mornings go a little better:

- *Set a regular bedtime and morning routine.*
- *Lay out clothes and pack backpacks the night before.*
- *Make sure all homework and papers are signed and put back into your child's folder the night before. Then make sure it is placed in his or her backpack.*
- *If you have a child who does not like mornings, create small rewards for completing simple tasks; such as getting dressed when asked, putting shoes on, etc.*

- *If your child seems anxious about going to school, talk to teachers, school counselors, or other parents for advice on how to make her feel comfortable and excited about learning.*
- *Develop back-up plans for getting to school if something comes up. Call on family member, a neighbor, or another parent.*

As we all know the saying it takes a village to raise a child. If you are having difficulty and need further guidance, please call us! We are here to help!

Principal's News

Home and School Partnerships
It is the time of year when many parents and teachers are discussing the progress of our children. The best tip for school success is to make sure that parents and teachers are working together as allies. There are so many things that a parent and a teacher can share about a student. The information on both sides can be combined to create a fuller understanding of a child's needs.

Communicate, Communicate, Communicate!
One of the keys to parents and teachers working together is to have good communication. Parent-teacher relationships work best when both sides reach out to share concerns, and to discuss the progress of a child with an open mind.

Approach Issues Head-On
If you have questions or concerns about how your child is progressing, make it a point to go to the teachers to discuss them. Just keep in mind that in order to get the most out of your time, it's important to schedule a meeting ahead of time.

Deal With the Tough Stuff Together
Not all kids have an easy transition to school or enjoy being at school. In fact, it's estimated that up to 20 percent of kids show signs of school phobias at some point in their school career. A student may not understand why a task is assigned or a decision is made, and they just aren't happy about it! In many situations, sitting down to work out solutions together is the best way to resolve or deal with the tough stuff. Hearing what a child is saying at home is helpful to the school, and knowing what's being seen and said in the classroom gives parents some context to use when hearing a child's complaints. The important thing to remember is that both the parent and the teacher have a child's best interests at heart. Teamwork can help the child succeed.

Consider Each Other's Perspective
Building partnerships between parents and teachers relies on teachers listening to parents and parents taking the time to understand the viewpoint of the teacher. The end goal is the same for both parent and school: helping kids be responsible, safe and successful.

3rd Grade News

Our 3rd graders had a great time at Holiday Lake! We took an aquatic ecology class where we searched for critters in the stream and studied them and their habitat. We played a fun "predator and prey" game and also had the chance to look at different mammals. This was a fun trip and reinforced all of our science SOLS that we had already learned in class.

4th Grade News

4th graders are gearing up for our annual trip to the Jamestown Settlement. On Friday, September 30, students will take a step back in time to the 1600's when the Powhatan Indians and the English settlers battled over land in the Tidewater region. This is a very fun day and we are looking forward to it!

In Language Arts, 4th graders are learning about prefixes, suffixes, affixes, synonyms, antonyms, and homophones. Lots of fun activities are being done in the classroom as students learn about these types of words.

In Math, students just finished up the unit on addition and subtraction. They have now moved on to patterns, functions, and algebra!

5th Grade News

Our 5th graders are "erupting" with all sorts of great news. If you were anywhere near the 5th grade hall recently, you would have witnessed the amazing earth projects that were presented during science class. These projects ranged from drawings depicting the layers of the earth, to clay models of a volcano that actually erupted, and some tasty homemade volcanoes. The students took great pride in their projects and their hard work paid off.

In reading class, our 5th graders recently finished the suspenseful novel, Earthquake Terror, by Peg Kehret. They have been learning about plot, conflict, and how to use context clues when reading. Our students have also been studying sentence structure and how to correctly place commas in a sentence. In math, students have been learning about long division with two-digit divisors. Keep practicing those math facts; they will help your student greatly throughout the year.

We are looking forward to our upcoming field trip to Claytor Nature Center in Bedford, VA. Please check with your child's teacher for your specific field trip date. There are many exciting events happening in fifth grade. It looks to be a promising year☺

Library News

Students and parents at AES will celebrate book fair the week of October 24-28. We will welcome the Scholastic truck as it delivers six cases of wonderful books to look at and to purchase. Please enjoy the book fair brochure that your child will bring home in several weeks; make plans about what books your child might want to buy with birthday money or with money earned from doing chores. Third grade parents will receive letters explaining how to volunteer for book fair. Parents help us each year, making book fair possible by working with our students as they shop and purchase. Mark October 24-28 on your family calendars. Your student will come to book fair with his/her class during regular library time. Please volunteer, or come to shop with your student during library time.

A HUGE THANK YOU!!!

A huge THANK YOU to Ms. Vonnie Colvin and her group of Physical Education students from Longwood University for volunteering their time to paint a United States and Virginia map on our playground blacktop!

Physical Education News

We have completed our beginning of the year Fitnessgram testing in 4th and 5th grade P.E. classes. Students are assessed in the following areas of health-related fitness: cardiovascular fitness, muscle strength, muscular endurance, and flexibility. Scores are evaluated against objective criterion-based standards, called Healthy Fitness Zone® standards that indicate the level of fitness necessary for health. Fitnessgram is based on the H.E.L.P. philosophy. This philosophy teaches the value and benefits of lifelong physical activity as well as the idea that physical activity can and should be fun, making students more likely to become and remain physically active throughout their lives:

Health is for

Everyone, it's for a

Lifetime, and it should be

Personal!

Did you know that playing tennis with a badly strung racquet while wearing worn-out shoes can be just as dangerous as playing football without shoulder pads? Using the wrong — or improperly fitted — equipment is a major cause of injuries. The equipment you wear while participating in sports and other activities is key to preventing injuries. Not only is the right kind of equipment important, so is the right fit. Shoes are the first line of defense against foot and ankle injury. They are designed to provide protection, comfort, support and style.

Please help remind students to be prepared for P.E. resource each week by wearing his/her athletic shoes to class. Comfortable, appropriate clothing for performing exercises and movements during class is necessary as well. Thanks for your help in supporting your child's success in resource classes!

News from Mrs. Phelps

The Annual Title I, Title III, and Special Education Parent Meeting will be held at Appomattox Primary School on Monday, October 24, 2016, at 7:00 PM. At this meeting Title I, Title III, and Special Education staff will provide information to you about these programs. We will also welcome your suggestions for improving remedial and special education programs in our division. If your student is served by the programs described, he or she will receive a parent invitation in their weekly folders.

Future Planning for a Child with Disabilities

It is not possible for parents to imagine all the stops and detours that they will make as their unexpected journey takes them into the future. But you will probably be thinking at different times about what the future holds for your child. Advocates believe it is important for parents to have expectations about what their child with disabilities can achieve in the future and to encourage their child to develop as much independence as possible, given the nature and severity of the disability (Dickman, 1993).

Therefore, when you contemplate the future of your son or daughter with disabilities and develop goals for that child, it may be helpful to consider the following suggestions:

- Ensure that your child has the opportunity to acquire skills now that will make him or her as independent as possible in the future.
- Ensure that your child has opportunities to develop social skills that can be used in a variety of settings (regular classroom settings and exposure to many different environments are useful in this regard).
- Teach your child to be responsible for his or her own personal needs (e.g., self-care, household chores).
- Work with the school and other agencies to ensure that transition planning for your son or daughter takes place and addresses training for future employment, coordination with adult service providers, investigating postsecondary education or training, and participation in community activities.

RAIDER DIGEST

Volume 2, Issue 1 October 2016

PRINCIPALS POST

Happy fall!!

It's very hard to believe that the first quarter of our school year is already complete. Students are doing a great job and are amazing us with what they can accomplish every day! We are proud of our AMS students.

As report cards come home, please remember that we welcome your questions or concerns at any time. Although there are no formally scheduled Parent-Teacher conference days this school year, we welcome the opportunity to talk with you through phone calls, emails, and parent conferences throughout the year. We must work together to ensure the success of each student.

We were very blessed to end the first nine weeks with a motivational speaker, Richie Contartesi. Mr. Contartesi shared his inspirational story of perseverance and personal determination to earn a full scholarship to Ole Miss for football standing only 5'7" and weighing only 150 pounds. He encouraged our students to write down their dreams and pursue them with passion every day. He instructed students to build relationships, overcome fear, and be persistent. Mr. Contartesi made a positive impression on our students as they talked about what he had shared with them for the rest of the day.

At AMS, we continue to work with our students daily to build grit, perseverance, and a belief in their own talents and abilities. Please support our work with students at home by encouraging them to keep working on something until they are proud of what they have accomplished, whether it be school work, chores, hobbies, athletics, or whatever they choose to do. When students say they can't do something or don't understand something, please follow those remarks by adding "yet". They don't understand something **yet**. They haven't been able to be successful with a task **yet**. We have found there is a great deal of power and encouragement in the word yet. "Yet" lets our students know that everyone learns and achieves on their own time table. "Yet" means everything is still a possibility with hard work and determination.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together. AMS Raiders—we don't stop until we're proud!!

Sincerely,

Cheryl Servis

Principal

"IF I WERE MAYOR…."

Ms. Gilliam had a group of students enter an essay contest titled, "If I Were Mayor", sponsored by the Virginia Municipal League.

The contest was open to all seventh grade students in Virginia. The essay was to inform others about what they would do as mayor to make their city or town a better place to live. The essay provided the students an opportunity to reflect on the important roles of their local government officials.

ACHS and AMS FFA Officers attend Southeast Area Chapter Officer Leader Conference: (Left to Right) Front Row: Jade Campbell, Manny Davis, Abby Wilkerson, and Hunter Humbles, Back Row: Kelly Price, Chris Wilkerson, Jimmy Brightwell, Kristen Eubank, Jacob Inge and Danielle Alexander.

The Appomattox Senior and Appomattox Middle FFA Chapter officers recently attended the first annual Southeast Area Chapter Officer Leadership Training (COLT) conference at Dinwiddie High School. The theme for the Virginia FFA Association is "Transform". Conference participants developed skills that will transform their FFA chapter, school, and community.

The conference presenters were all current state FFA officers. Each presenter stressed that the FFA organization has countless student opportunities for premier leadership, personal growth, and career success. The conference presenters shared their time tested wisdom and advice with the FFA leaders from our school and motivated the officer leadership team to strive for higher goals and objectives and become more efficient leaders.

Danielle Alexander, ACHS FFA President said, "I've been a chapter officer for several years and I learned more about the FFA at this year's Southside Area COLT. This conference was very helpful for both the new and experienced leaders on our officer team."

The conference focused on instilling leadership qualities in the students that would not only benefit them in the present but in our future as well.

MS. FORT'S CLASS ENJOYS A GOOD BOOK

Mrs. Fort's 6th grade class read Justin and the Best Biscuits in the World by Mildred Walter. The book is about a young man who learns about his family history through his grandfather and in the process also gains valuable life skills of being responsible and learning to cook the best biscuits in the world. With the help of Mrs. Tillotson (4H) and Mrs. Franklin (AMS cafeteria manager), students were able to make their own biscuits to take home.

MS. SCHAFFNER'S CLASS DESIGNS RIDES ON LIMITED BUDGET

Mrs. Schaffner's "Innovation Creation" Discovery class designed rollercoasters after designing theme parks on paper. Students used items they had to "purchase" while on a limited "budget" set by Mrs. Schaffner to make their rides. After the design was complete, they used marbles to compete to see whose ride could make the marble travel the farthest distance. Students used math skills to create and test their rides and could apply those skills to real life while designing their projects (and having lots of fun)!

AMS RAIDER GRIT

On Sunday, September 25th, Lisa Fort, her son, and Ashley Stokes from Appomattox Middle School participated in the Spartan Sprint at Wintergreen, Virginia. It was a 4.5 mile obstacle course race. Some of the obstacles included mud, fire, barbed wire, and LOTS and LOTS of hills.

NEWS FROM YOUR GUIDANCE COUNSELOR

Mrs. Cooter would like to remind all students of the importance of good character. Take a look at the six pillars of character outlined below. Our staff encourages you to make them a part of each school day. And remember, always treat a person the way you would want him or her to treat you!

Trustworthiness

Be honest • Don't deceive, cheat, or steal • Be reliable — do what you say you'll do • Have the courage to do the right thing • Build a good reputation • Be loyal — stand by your family, friends, and country

Respect

Treat others with respect; follow the Golden Rule • Be tolerant and accepting of differences • Use good manners, not bad language • Be considerate of the feelings of others • Don't threaten, hit or hurt anyone • Deal peacefully with anger, insults, and disagreements

Responsibility

Do what you are supposed to do • Plan ahead • Persevere: keep on trying! • Always do your best • Use self-control • Be self-disciplined • Think before you act — consider the consequences • Be accountable for your words, actions, and attitudes • Set a good example for others

Fairness

Play by the rules • Take turns and share • Be open-minded; listen to others • Don't take advantage of others • Don't blame others carelessly • Treat all people fairly

Caring

Be kind • Be compassionate and show you care • Express gratitude • Forgive others • Help people in need

Citizenship

Do your share to make your school and community better • Cooperate • Get involved in community affairs • Stay informed; vote • Be a good neighbor • Obey laws and rules • Respect authority • Protect the environment • Volunteer

2017
Teacher of the Year
Recognition Ceremony

October 17, 2016

Virginia Museum of Fine Arts
200 North Boulevard
Richmond, Virginia 23220

Welcome

Terence R. McAuliffe

A Message from the 72nd Governor of Virginia

Here in the Commonwealth, we are blessed with teachers who go above and beyond the call of duty in order to provide the best possible education for our students. The outstanding individuals we are honoring tonight represent the many educators across the Commonwealth who engage, motivate, and inspire students every single day. I congratulate and thank the Virginia Regional Teachers of the Year, as well as all educators in Virginia, for preparing our students for bright futures in the new Virginia economy.

Dr. Dietra Y. Trent

A Message from the Secretary of Education

I am honored to congratulate the eight Virginia Regional Teachers of the Year. You have been recognized by your communities as bold leaders and committed mentors, and tonight we come together to celebrate your many accomplishments. You have accepted the momentous responsibility of instilling a love of learning in our students and elevating the teaching profession, and you have met and exceeded all expectations. I would like to extend my most sincere congratulations to each of you as you continue to make a significant impact on the lives of our youngest citizens.

Dr. Billy K. Cannaday, Jr.

A Message from the President of the Virginia Board of Education

On behalf of the Virginia Board of Education, I extend my heartfelt appreciation to these outstanding regional teachers. To be selected from among the approximately 96,000 teachers in the Commonwealth is a tremendous honor. During the coming year, you will serve as ambassadors for the education profession, representing the best in teaching across the Commonwealth. Thank you for your many contributions to improving the lives of students each day.

Dr. Steven R. Staples

A Message from the Superintendent of Public Instruction

Welcome to this special celebration of excellence! Tonight, we recognize eight dedicated and talented teachers – Ms. Louise Thornton, Dr. Toney McNair, Ms. Carolyn Kleinert, Ms. Heidi Trude, Miss Crystal DeLong, Mr. Jason Ince, Mrs. Beth Shell, and Mrs. Katie McCann – who are an inspiration to their students and colleagues. These educators are leaders in their fields and outstanding representatives of the Commonwealth's corps of teachers. I am pleased to join in a celebration of their accomplishments.

The Mary V. Bicouvaris 2017 Virginia Teacher of the Year Recognition Ceremony

Dr. Mary V. Bicouvaris
(1939 - 2001)

1989 Virginia Teacher of the Year

1989 National Teacher of the Year

Teacher of Government/ International Relations

Bethel High School, Hampton, Virginia

Born in 1939 in war-torn Greece, Dr. Mary V. Bicouvaris developed a love for democracy and a love for teaching—qualities that became her trademarks. After securing a teaching degree in elementary education in Greece in 1958, she came to the United States and earned her bachelor's degree in secondary education from The Ohio State University in 1963, a master's degree from The College of William and Mary in 1970, and a doctorate from Old Dominion University in 1994. She began her teaching career in Hampton, Virginia, in 1963, even before she was an American citizen. What accounted for her success was a sense of dedication coupled with an ability to teach students of different learning abilities.

In her role as National Teacher of the Year, Dr. Bicouvaris communicated a simple but powerful point:

"My message to America would be one of pride, hope, and promise in the educational system of a nation that sent the first man to the moon and which has yet to reach its greatest potential. I speak of the need to reach a national consensus on what is good for America's children and what is needed for this country to maintain its position on the world stage."

Dr. Bicouvaris spoke about the challenges we face in continuing to strive for excellence in education. She expressed the hope that all American children will be given the opportunity to become literate in their own culture and at the same time develop an international perspective that will enable them to work, lead, and thrive in a global community.

Louise Ryland Thornton

A veteran teacher of 50 years, Louise Ryland Thornton, a government teacher at Prince George High School in Prince George County Public Schools, is the Region 1 Virginia Teacher of the Year. Ms. Thornton earned a Bachelor of Arts in history and Master of Education from The College of William and Mary. She earned a second master's degree in political science from the University of Richmond.

Through the years, Ms. Thornton has received numerous awards and recognitions. A highlight of her career was receiving commendations from both the Senate and House of the General Assembly and Governor McAuliffe for her 50 years of service in education. During her long tenure as a teacher, she has served as a mentor, cooperating teacher, chair of her school's Social Studies Department, and Model United Nations sponsor and co-sponsor.

Ms. Thornton's desire to become an educator began early in her life. Members of her family, especially her mother who taught elementary school in Sussex County, influenced her to become a teacher. Her parents believed in the importance of taking her and her brother to historical sites, which ignited her love of history. Through her grandfather's involvement in government, as a member of the Board of Supervisors in Sussex County for 40 years, she learned about local, state, and national politics as they were topics of many dinner conversations. She wrote, "In my childhood, I loved to play being a teacher. On Fridays, I would bring my school books home in preparation for this simulation. I set up a section of my bedroom as a classroom, complete with a blackboard. I wanted my younger brother to be my student; however, Morgan would not have any part in my role play as he was much more interested in acting as a cowboy in the Wild West. My students had to be imaginary. These students never created any discipline problems, and they were always attentive to every word I said!!!!!"

Ms. Thornton has made many contributions to her school. She started an Advanced Placement Government class 25 years ago, and she has been the teacher for the class ever since. She has served as head of the Social Studies Department for more than 25 years and worked on many school and county committees. Not only did she establish the school's Model United Nations Club, focusing on international affairs from the perspective of different countries, but for more than 20 years the members of the club have traveled to New York to participate in the National Model United Nations program.

Throughout her career, Ms. Thornton also has been involved in her community. She and her brother inherited a "country store" from their father. Located in Sussex Courthouse, the store is in its 103rd year of operation. Since the store is part of their heritage and the Sussex community, the siblings have maintained its operation. The round table at the store has been used by various generations for conversations about farm crops and local politics. In the late 1990s, they decided to initiate a fall festival using the property surrounding the store. Now in its 18th year, this community event attracts craft and flea market vendors. Volunteers set up children's activities, such as face painting and bobbing for apples. Also, Ms. Thornton is a founding member of the Sussex County Historical Society. As a volunteer for the Hopewell Humane Society, she has a passion for caring for cats.

"A part of my philosophy," wrote Ms. Thornton, "is to share my passion for politics with my students. Certainly long classroom lectures will not make my students passionate about anything except wanting class to end!!!! Rather, I need to create a student-centered environment where they become active participants in the educational process of preparing themselves to be interested in the political process. My methods include classroom simulations where students role play senators, representatives, or even the President and members of his administration..."

Mr. Mike Nelson, Principal at Prince George High School, wrote, "Ms. Thornton has served as a teacher of distinction at Prince George High School for fifty years. For half a century, Ms. Thornton has shaped the minds and future of citizen leaders of the Commonwealth of Virginia. In an era in which most teachers last only a few years, Ms. Thornton's achievements truly stand out. During her five decades of service, she has not only taught students, but has been a leader of her colleagues. As department chair, she has worked with new teachers and has encouraged and helped to re-light the fire of passion with veteran instructors.... It would be wonderful if new teachers possessed the zeal for teaching that Ms. Thornton still has after fifty years as an educator."

Toney Lee McNair, Jr.

The Region 2 Virginia Teacher of the Year is Toney Lee McNair, Jr., who has taught choral music in grades 6-8 at Indian River Middle School in Chesapeake City Public Schools for 11 years. He is a veteran teacher of 17 years, 14 of which have been with Chesapeake Public Schools.

Dr. McNair earned a Bachelor of Science degree from Norfolk State University and a Master of Divinity and a Doctor of Ministry from Virginia Union University. He is currently pursuing a Master of Education in administration and supervision at Averett University.

"As a young child," Dr. McNair explains, "growing up in public housing with both parents and three siblings, life seemed to offer a grim plight with little to no solace of success for me. Though my parents were never college educated, they stressed to my brothers, my sister, and me the value of a good education was the bridge beyond our socioeconomic circumstance. I believe that my desire to teach was actually birthed from a longing to show young people that as Maya Angelou said: 'You may not control all the events that happen to you, but you can decide not to be reduced by them.'"

Dr. McNair has been featured in numerous articles in recent years. The *Virginian-Pilot* published newspaper articles, ***Teacher of the Year Educates on Much More Than Just Music*** and ***Pursuit of a New Piano Hit All Right Notes***. In 2015, he was the featured educator in ***Ten Minutes with Dr. Toney L. McNair, Jr.***, in the Virginia Education Association Publication, ***Virginia Journal of Education***.

In 2015-2016, he was successful in receiving numerous grant funds. He obtained a $10,000 grant from Hampton Roads Community Foundation for the purchase of a baby grand piano for his school. In the past two years, he wrote and submitted two grants that were funded by the Virginia Education Association to support a program he established. Dr. McNair stated, "In an effort to make a difference in the lives of some of our most challenged students academically, behaviorally, and socially, I co-founded an all-male mentoring group called Young Dreamers. This group allows me to further develop young males through small group discussions, motivational speakers, field trips, and community involvement in an effort to foster responsibility, accountability, good decision making citizenship, and empowerment." He also was the recipient of a $2,000 grant that funded 152 of his music students and 16 of their parents to attend the musical presentation, Virginia International Tattoo.

Dr. McNair stated that one of his greatest contributions or accomplishments has been "creating, producing, and directing outstanding musicals which have produced some of the most talented musicians Chesapeake has ever known." Some of his former students are now in the recording industry. One of his students currently performs with Grammy award-winning gospel artist, Kirk Franklin. A former student is in Atlanta, Georgia, touring and performing his own music and another has recently signed a recording contract.

Community involvement is an extension of Dr. McNair's role as a teacher. He is a member of the National Association of Music Education, the National Education Association, and the Virginia Education Association (Leadership Trainer and Minority and Women's Concerns Committee Chair), and he serves as the president of the Chesapeake Education Association. He was appointed a member of the Board of Directors for the Chesapeake Integrated Behavior Healthcare Agency that manages all services delivered to Chesapeake citizens who have mental health and substance abuse issues. At the Historic First Baptist Church of Norfolk, he serves as the Associate Pastor for Worship overseeing music, ushers, media, technology, and hospitality. At the state level, he has served as the Coordinator for Worship for the Baptist General Convention of Virginia and the Lott Carey Foreign Missions Convention.

The principal of Indian River Middle School, Terre J. Werts, wrote the following about Dr. McNair: "He is a strong-spirited and caring educator who is a motivating force in our school and in the community at large. As a sixteen year veteran, Dr. McNair demonstrates the necessary attributes and demeanor of an exemplary teacher who invests his time and talents to positively impact the lives of his students, our community, and the field of education. He is recognized for his expertise in the field of music, his convivial communication skills, and his passion for both teaching and learning… This teacher displays a remarkable ability to communicate with students, staff, and members of the community. He is seen as more than a teacher; he is a mentor, counselor, advisor, and confidant to both students and colleagues. Each day he can be seen greeting his students and those that he meets with a welcoming hug, an engaging conversation, or a contagious smile… He is invested in teaching the 'total student' and thus provides them with skills, knowledge and an astuteness that prepares our students to be successful beyond the classroom. He teaches his students to use their voices to express their unique talents and intellect which he models through the role of teacher, advocate, and political activist."

Carolyn Jane Kleinert

Region 3 Virginia Teacher of the Year, Carolyn Jane Kleinert, is a Spanish teacher at Freedom Middle School, in Spotsylvania County Public Schools. She has over 12 years of teaching experience in Spotsylvania, five years at Brock Road Elementary and is now in her eighth year at Freedom Middle School.

Ms. Kleinert earned a Bachelor of Science, with a double major in elementary education and Spanish, at Susquehanna University in Pennsylvania. She earned a Master of Education, majoring in curriculum and instruction with a focus in world languages, at George Mason University. She also completed international study at the Universitat dè Valencia in Spain.

Ms. Kleinert explained that she wanted to be a teacher for as long as she can remember. Her first student was her younger sister Stephanie. She further elaborated, "Having taken piano lessons for a few short months, I deemed it the appropriate time to begin sharing the depth of my new-found knowledge with her. My sister dutifully completed the exercises I gave her, yet soon outpaced me in piano ability. I was hooked – not on the piano, but on teaching. As much as I loved learning new things, I often felt compelled to pass on to others what I had just learned. There is something almost magical that happens when the joy of a new skill is shared and is subsequently 'caught' by another. This is at the core of why I became a teacher – the joy of shared learning."

By example, Ms. Kleinert cultivates attitudes of service among her students. She serves as the coach of the school's chapter of Fellowship of Christian Athletes (FCA). FCA service opportunities focus on the needs of homeless and needy families in the community and world. Ms. Kleinert serves in a weekly English for Speakers of Other Languages class offered free to adults in the community. Since June 2012, she has led or trained the leaders of nine teams from her church to serve in Guatemala. Ms. Kleinert created training on cultural sensitivity, language instruction, and effective international service tools to prepare the teams for this partnership. Prior to leading teams to Guatemala, she served in Peru, Costa Rica, Nicaragua, and the Dominican Republic.

Ms. Kleinert demonstrates leadership through a variety of initiatives. She serves on the Spanish Curriculum Leadership Team and mentors new and pre-service teachers. In spring 2016, she was invited to participate in the Pathways to Excellence grant-funded course on mentoring new teachers, best practices for supporting English Learners, and data-driven instruction at the University of Mary Washington. She has been a professional learning instructor and participated on the Principal Leadership and Positive Behavior Intervention System (PBIS) Teams in her school.

As a teacher, Ms. Kleinert has seized opportunities to advocate for world languages. One of these was initiating a division-wide festival called "Culture à la Carte." This annual event provides a venue in the county to showcase students' accomplishments in music, art, and languages by integrating interactive stations and performances in a community event. As the founding lead coordinator of the event, she has seen it grow from several hundred in attendance to nearly 4,000.

Alan Jacobs, Principal of Freedom Middle School (FMS), wrote, "...Ms. Kleinert loves being in the classroom and teaching students. Students find her class a fun and inviting place to learn. She has high expectations of students and prepares them with a variety of learning experiences in the classroom. She provides activities that include large and small group instruction and learning stations that provide reading, writing, speaking, and listening opportunities... Ms. Kleinert is a model teacher and serves as a role model for staff and students alike. Her opinions are valued by staff and administration. She is willing to assist her students, school, or county in any way that will produce positive student results. She is a pleasure to work with, and the staff and students see her as one of the rare gems at FMS. It is her energy, enthusiasm, knowledge, tact, and professionalism that make her a fantastic teacher."

One of Ms. Kleinert's former students, Jordan Rasure, wrote, "Ms. Kleinert and I have continued to stay in touch through high school. She remembers little things that I generally would not have thought would be important, like my senior day for field hockey. She had found out the date of the game on her own; I had not told her when it was because I did not think that she would want to come. As such, I had no idea she was coming, but when I saw her, it made the entire evening even more incredible. All those years ago, she had found meaning in all the seemingly pointless conversations and cared enough to make sure that I knew that she had been paying attention. I have never experienced a teacher who went out of his or her way to make a student feel so important or so special like Ms. Kleinert did and continues to do... Needless to say, she changed my life, and I am positive that she had the same effects on all of her students that took advantage of her advice and talents."

Heidi Lynn Trude

Heidi Lynn Trude, the Region 4 Virginia Teacher of the Year, teaches French at Skyline High School in Warren County Public Schools. Ms. Trude has eight years of teaching experience, all of which have been in Warren County.

After earning a Bachelor of Arts degree, majoring in French and history, from Sweet Briar College, Ms. Trude received a Master of Education in 2009 from the University of Mary Washington.

As a teacher leader, Ms. Trude has assumed a wide range of roles to support the teaching profession. She was selected as one of six teachers to serve as a facilitator for the Teacher Effectiveness for Language Learning Summer Institute in 2016. She also was selected as one of ten teachers from across the United States as an American Association of Teachers of French Future Leader Fellow. She is a Google for Education certified trainer and a recipient of numerous awards, including Skyline High School Coach of the Year and Energizer Bunny Award, the Rotarian Award for Excellence in Teaching Youth. Her work has resulted in the receipt of grants from the Warren County Educational Endorsement Grant that provided Chromebooks and mini laptops for the classroom.

"Do what you love, and love what you do," wrote Ms. Trude. She further explains, "This is a quote that one of my mentors shared with me when I was in college. As a senior, I was unsure of my future; however, I knew that I had a passion for the French language and culture. There were numerous career options available to me, but one seemed to rise above the rest – teaching. All through my years in public schools and college, I was blessed with wonderful teachers who truly cared about me as an individual and made me believe that I could do anything I put my mind to. These individuals instilled a love of learning in me. It wasn't until I started tutoring a young girl in French that I realized I had the passion not only for French, but for teaching. I knew from that moment on that I wanted to share my love of French with others and be that source of encouragement and inspiration that my teachers had been for me."

Her passion for teaching French deepened when it was announced that Skyline High School would have a partnership with the Lycée Bazin in Charleville-Mézières, France. "That school year began, and the magic happened," Ms. Trude said. "I explained to my students that we would have a partner school in France that we would be working with throughout the year. The students became even more excited about French class. Suddenly, it became real to them. They were no longer just taking a foreign language to fulfill the advanced diploma requirement – it was now real life application of the language! The excitement that was present on the first day of the partnership continues to this day."

Ms. Trude is involved in community engagement. She learned the importance of volunteerism as a Girl Scout. She works with the Kiwanis and the student affiliate, Key Club, completing various community service projects (Pancake Day, trash pick-ups, Kids Vote, Trick or Treat for Unicef, and March of Dimes). Through her church, she volunteers to translate teaching materials to be used at schools in Fort-Liberté, Haiti. She shares her gift of music by participating in the community choir. She also volunteers at the local women's shelter, and in collaboration with the local Masonic Lodge, she helps organize a holiday party for the children in the shelter. As an alumna of Sweet Briar College, she has served in numerous roles, including the National Young Alumnae Giving Chair, an alumnae admissions recruiter participating in college fairs in the area, and a member of the Alumnae Alliance where she is the chair of the Social Media and Technology Committee.

Greg Drescher, Superintendent of Warren County Public Schools, wrote, "Ms. Trude is a high energy individual with her primary focus being, how to inspire her students on a daily basis. Through her creative use of technology, she has created a classroom that has no walls. Frequent real-time interactions over the internet with a 'sister' school in France have allowed our students to interact with their French counterparts. The peer-to-peer learning that goes on regularly is remarkable… She welcomes any student into her classroom and supports them regardless of their skill or initial interest. We have seen more students continue on with French courses as Ms. Trude has utilized her instructional practices."

Her principal at Skyline High School, Michael E. Smith, said, "Within the school community, Ms. Trude has the respect of her peers, colleagues, and students. She is always helping teachers and students with classroom technology and strategies to incorporate creative ideas for learning. She goes above and beyond to create lessons that are challenging and innovative… Her passion for teaching and her love for her students and their cognitive achievements are evident to anyone who spends any time in her classroom."

Crystal Gail DeLong

Crystal Gail DeLong, a social studies teacher at Liberty High School in Bedford County Public Schools, is the Region 5 Virginia Teacher of the Year. A veteran teacher of 19 years, Miss DeLong earned a bachelor's degree in history from Roanoke College and a master's degree in international education from the University of Bath (United Kingdom) and is currently working on a second master's degree in political science through Virginia Tech. In addition to her experience in Bedford County, Miss DeLong has taught in Ankara, Turkey, and Casablanca, Morocco.

For as long as Miss DeLong can remember, she wanted to be a teacher. She stated, "My nickname in elementary school was 'Teacher DeLong.' ...I loved school and enjoyed being a student, but I loved the role as teacher. In high school, I tutored my friends; in Pre-Calculus if a student was absent, Mrs. Norton would tell them to come see me to help explain the concept they missed."

Miss DeLong is in her 13th year of teaching in Virginia, and she also fulfilled a dream of teaching overseas. "Four years [of teaching] in Turkey changed my life; my world view was expanded in ways I could never have imagined. Living within and among the people of a foreign culture gave me insight that travel alone could not provide, and exposure to different cultures through work and travel has enriched my teaching of history and geography. I strive to bring this understanding of culture to my students, and this cultural enrichment helps me bring history to life in the classroom."

One of Miss DeLong's former students in Morocco, Mark Lottman, expressed his appreciation by writing, "I had the distinct pleasure of being in Ms. DeLong's classroom for two years, during which she not only inspired me to pursue a career in education, but also exemplified what it means to be a good teacher... While nearly a dozen teachers burned out in under two years, she embraced the classrooms and the country as an exciting challenge... Ms. DeLong's patience and passion for teaching were intrinsic traits that separated her from her colleagues, but ultimately it was her ability to teach that drew my interest to education... She made a powerful first impression by introducing an assignment that familiarized the class with an increasingly globalized world and that would develop students' ability to speak publicly... Ms. DeLong is the definition of an excellent teacher, an individual with an outstanding character who approaches her job with a passion for learning and a calming professionalism."

Miss DeLong is active beyond the classroom. She believes that a "good teacher invests in her students and her school both inside and outside the classroom..." She is the chair of the Social Studies Department and the National Honor Society Advisor at Liberty High School, where she also serves as the school webmaster. "Serving together with my students at the Roanoke Rescue Mission or at the Big Island Elementary Fall Festival provides them with life lessons that may not be able to be taught within the walls of a school. Additionally, I work to keep in contact with many of my former students, sometimes through proofreading college papers or master theses, or just checking in to see how life is going post high school."

Miss DeLong stated that one of the most rewarding programs in which she has participated during the past ten years is the Model United Nations (MUN). She wrote, "...Spurred by student interest, I helped start MUN programs at my previous two schools. The rewards greatly outweighed the challenges of building such a program. It was incredible to watch students' worldviews expand as they became more exposed to other cultures and countries. I watched them grow in debate skills and critical thinking..."

A teacher colleague, Jeanne B. Willis, stated, "I am fortunate to have Ms. DeLong as a personal resource. She serves on our leadership team, has made astounding improvements to our National Honor Society, and is always willing to collaborate with any colleague who needs her assistance... The rigor, passion for content, and being vested in her students' success is why Ms. DeLong exemplifies the instruction and classroom management all teachers should strive to achieve."

Mr. Tim Overstreet has known Miss DeLong for many years, first as a teacher colleague, then as her principal, and now as the director of instruction in Bedford County Schools. He stated that when he returned to Liberty High School as a principal in 2012, he offered her a position as an Advanced Placement (AP) Government teacher. He wrote, "Her time traveling and teaching abroad added a new perspective to her teaching of AP Government and World History II that her students could not glean from a textbook. She was able to make real world connections for her students based on those experiences and contacts that she made while abroad. Crystal's commitment to students had not changed since the first time I met her, but she taught with a renewed vigor and excitement for making the content come alive."

Jason Robert Ince

Jason Robert Ince, an agriculture teacher at Chatham High School in Pittsylvania County Public Schools, is the Region 6 Virginia Teacher of the Year. He earned his Bachelor of Science in agricultural education at Virginia Tech, and he is now pursuing his Master of Science in Education, majoring in educational leadership, from Arkansas State University. He has 14 years of teaching experience, all of which has been completed at Chatham High. He has taught a broad range of beginning and advanced agriculture courses, including agricultural production and mechanics, small engines, equine science, turfgrass management, and natural resources.

Mr. Ince is active in his school community. Since 2015, he has served on the administrative leadership team. For six years, he has participated in the Chatham High Agricultural Education Advisory Council. As a Future Farmers of America (FFA) advisor, he has helped coordinate over 40 county-, regional-, and state-level student contests in tractor operation and troubleshooting, small engine repair, middle school agricultural mechanics, agricultural issues, and forestry judging. For numerous years, he also has been a mentor to prospective teachers. This year, the Danville-Pittsylvania County Chamber of Commerce recognized him with the Excellence in Education Award.

"I do not consider what I do a job or career, it is a lifestyle," said Mr. Ince. "It is in my blood and I am driven to make a positive difference in the lives of others." He said that his experiences growing up in a farm town, working for a farmer in high school, attending college, teaching, and seeing how the Future Farmers of America and career and technical education build student leaders drive him "to help future generations develop leadership, career, and life skills…"

Through the FFA, Mr. Ince has helped coach students to win numerous state and national awards. More than 100 of his students earned industry certifications in small engine technology and pesticide application. He also has worked with his local association in coordinating annual scholarships for graduating seniors. He and his students have maintained a mile and a half section of highway with a roadside cleanup and a plastic bottle recycling program within the school. Members have spent over 300 hours combined beautifying the community and kept nearly 7,500 bottles out of local landfills in the last two years alone. The FFA's Bicycle Reboot Program repairs and refurbishes bicycles to be donated to the local Social Services Office to distribute at Christmastime.

Mr. Ince believes that being an educator means "building your community" both in and out of the school. He promotes literacy by teaming with staff at the Danville City Library on the Strategic Planning Community Committee that evaluates programming and service needs of the community. He also is active in the Parent Teacher Organization at Forest Hills Elementary School, where his children attend. As a Cub Scout Pack Committee member and volunteer Hunter's Education instructor, he promotes responsible outdoor living and safety. During the summers, he helps at Children's Bible Camp, teaching physical fitness and games for children in the county.

The principal at Chatham High School, Randy Foster, wrote the following about Mr. Ince: "I have known and worked with Mr. Ince … ever since he arrived at Chatham High School (CHS) to work in our agriculture department. Several of his qualities stand out to me. First, he is one of the hardest working teachers I have ever encountered… Mr. Ince sponsors the Future Farmers of America organization at CHS. He devotes countless hours to meetings, practices, and competitions. It should be noted that he is not compensated financially for working with the FFA; yet, he is willing to do so because he firmly believes in the importance of life lessons learned by the members of his club – teamwork, poise, organization, attention to detail, and hard work to name but a few. Second, Mr. Ince is willing to assume any task to help Chatham High School run more successfully. He is a substitute bus driver and often will drive a morning or afternoon route even when he is contacted at the last minute. In other words, he is the consummate team player. He is also our resident 'go to' person with respect to the audio system in the auditorium… Next, whenever Mr. Ince undertakes a responsibility, it is a certainty that the job will be completed at a high level. I have attended his year-end agriculture awards and recognition banquet on several occasions, and it is one of the most well-run, organized events that I have ever witnessed… It is noteworthy that Mr. Ince has done all of these things as a father of four children. He is highly devoted to his family."

Katie L. Herndon, one of Mr. Ince's former students who recently graduated from Danville Community College, stated: "…Mr. Ince was my teacher for numerous classes at Chatham High School, a total of seven of his classes. Not only was Mr. Ince my teacher, he was my FFA advisor. I can honestly say that I don't believe there will ever be another agriculture teacher as great as Jason Ince. He didn't just care about your grade in his class; he cared about each individual student…"

Beth Lea Shell

The Region 7 Virginia Teacher of the Year is Beth Lea Shell, an agricultural education teacher at Lee County Career and Technical Center in Lee County Public Schools. Mrs. Shell is entering her 13th year of teaching experience in Lee County. She travels to Jonesville Middle School to teach two classes of agriculture which has ignited additional students' interest in the county's agricultural program.

Mrs. Shell earned an associate's degree from Mountain Empire Community College. She then earned a Bachelor of Science degree in agricultural education and a Master of Science in Education, majoring in career and technical education, at Virginia Tech.

"Growing up in the Appalachian Mountains of Southwest Virginia," wrote Mrs. Shell, "I realized that education and hard work were the keys to my success in life. Since I grew upon on a Burley tobacco farm, the agricultural business had a huge impact on my life. Through agriculture, I was able to connect and utilize science and math skills in a real world scenario. As a youth, I was very active in the 4-H club in my county. I participated in many science fairs, livestock shows, and youth camps. While working with 200 youth coming from different counties with various backgrounds, I grew as a leader."

Even though Mrs. Shell planned to pursue a career in the Cooperative Extension Service, she said, "I discovered my true passion was in the public school setting. This was where I belonged and where I could make the biggest impact for youth in Lee County." During her first year as a teacher and advisor for the Future Farmers of America (FFA), the school's Senior Forestry Team won the State Forestry FFA Contest and placed fourth nationally at the National FFA Convention in Louisville, Kentucky. During that same year, Mrs. Shell received the Outstanding First Year Teacher Award from the Virginia Agricultural Education Society. Since that time, she has received other awards and recognitions, including the 10 Years of Leadership and Service from the National Association of Agricultural Educators and the Excellence in Agriculture State Finalist Award from the Virginia Farm Bureau.

Mrs. Shell has been involved in many initiatives to broaden her students' opportunities to learn. She received a grant with CEDAR of Virginia, Inc., in which her students learned about making electricity from coal and constructing lamps. Through this grant project, Mrs. Shell's "Coal to Electricity" lesson was judged with other recipients, and she received the second place Coal Study Award during an annual recognition ceremony.

Lee County's chapter of the Future Farmers of America Forestry Team, in which Mrs. Shell serves as an advisor, has advanced to state competition several times throughout her tenure. Two of her middle school teams advanced to the state contest. One of her students placed as the top overall scorer in the Junior Division in Virginia. Over the past 12 years, Mrs. Shell's students have received local and statewide awards in small engine repair, tractor driving, tractor troubleshooting, and parliamentary procedures.

As the advisor for the 4-H Future Farmers of America Lee County Beef Program for 12 years, she has helped students complete livestock projects to show at local and regional shows. She teaches students about the finances of livestock projects and how to produce a quality "consumer safe" product. Recently, with the certification through the Agriculture Department, she has worked with the Virginia Cooperative Extension Service so her students could become Beef Quality Assurance (BQA) Certified.

The president of the Lee County Livestock Association, Mr. Anthony Wilder, has worked with Mrs. Shell, who serves as treasurer of the association. Mr. Wilder wrote, "Beth has helped us build our organization from an idea to a thriving entity. With her help, we received a grant ... from the Tobacco Region Revitalization Commission to offer cost-share to sheep and goat producers in Lee, Scott, Wise, Dickenson, and Buchanan Counties. She has also worked to develop a student ambassador program with our organization to allow youth 14-18 to serve on the board and develop a youth component."

James D. Graham, a parent of one of Mrs. Shell's students, wrote, "Mrs. Shell is an energetic, enthusiastic, positive, dedicated professional who engages her students in many and varied projects. Mrs. Shell encourages and promotes student learning and encourages them to broaden and expand their education by exposing them to new and challenging experiences... She possesses great leadership qualities and works well as a member of any team fulfilling any role necessary to reach a common goal. She maintains a high level of professionalism and executes her duties with enthusiasm and pride. Mrs. Shell continually keeps the success of her students as her primary objective."

Katie Dews McCann

Katie Dews McCann, a fifth-grade reading and language arts teacher at Appomattox Elementary School in Appomattox County Public Schools, is the Region 8 Virginia Teacher of the Year. Mrs. McCann earned a Bachelor of Science degree, majoring in human development with an emphasis in early childhood education, and a Master of Education in curriculum and instruction from Virginia Tech. She is beginning her ninth year as a teacher.

Early in her life, Mrs. McCann's "heart's desire" was to become a teacher. She said, "As an eager eight-year-old, my first students were doll babies. I held my pretend textbooks in the same way and delivered passionate reading and writing lessons to my 'students' in the same manner [as her teacher, Mrs. Bryant]." As a sixth grader, Mrs. McCann was selected to serve as a peer mentor and tutor. Mrs. McCann wrote, "My early experience as a tutor cultivated a desire to influence others through meaningful relationships, teaching, and instruction."

Mrs. McCann is actively engaged in her school. As the school language arts coordinator, she has mentored new teachers and guided her school division in adopting the Balanced Literacy Program (Kindergarten through Grade 12). She has served as a Student Council Association sponsor and Young Authors coordinator. Mrs. McCann also was instrumental in implementing the school's Watch D.O.G.S. (Dads of Great Students) Program, whose mission is to increase the presence of positive male role models in schools. Partnering community volunteers with school staff, she implemented an afterschool program offering workshops for elementary school students; these afterschool clubs are very popular with the students and meet for nine weeks each semester. She was awarded the Lynchburg College Economic Education Award, recognizing teachers who have made significant contributions and achievements to economic education in area classrooms.

Outside her school, Mrs. McCann is very involved in her church and community. Through her church, Liberty Baptist, she is an active member of the choir and the Women's Missionary Union. She and other friends organized a communitywide Backpack Weekend Nutrition Program to provide extra food and snacks to impoverished families on weekends and extended breaks. She also volunteers for the annual back-to-school supply drive. Katie regularly participates in the new mothers' ministry by providing meals and refreshments to growing families. Contributing financially, she helps support Guatemalan and African orphanages.

Ms. Melanie M. Ranson, a gifted resource teacher for Appomattox County Schools and parent of a student taught by Mrs. McCann, wrote, "...[Mrs. McCann] is a highly qualified professional who is truly one of the most talented teachers I've ever encountered... Her reputation as an excellent educator is well known throughout our school division and community. She is a hard worker, an enthusiastic educator, and a truly delightful individual who has a great rapport with children, parents, administrators, and coworkers."

Mrs. McCann's principal, Karen C. Cyrus, stated, "In addition to her teaching responsibilities, Mrs. McCann has assumed several additional roles in our school. She has served for the last six years as a Reading Coordinator, which involves the structuring of the reading, writing, and word study curriculum for over 480 students served by 18 teachers. She has spearheaded the 'unpacking' process for grades 3, 4, and 5, and provided direction in the creation of common and benchmark assessments. Each fall and spring, she is instrumental in planning our Math/Literacy nights for parents in order to encourage their involvement in our current areas of focus. Mrs. McCann spends countless hours outside of her contracted instructional duties in these roles, and she has earned from our staff their respect for and confidence in her abilities."

"The most important information I can share with you regarding Mrs. McCann," wrote Ms. Cyrus, "is a testimony of her character and integrity. An encourager by nature, she seeks to build relationships with students that foster their leadership abilities and build with them a sense of self-efficacy. Mrs. McCann exemplifies for students and colleagues a strong work ethic, a belief in the innate goodness of every individual, and a joy for learning all things new. Her confidence in our students' and our school's ability to be successful at the highest level is contagious, and she backs up her beliefs with innovative, creative, and organized strategies in action. We are a 'Bucket Filling School' because of Mrs. McCann, who personifies what it means to serve all with caring and respect. ...She is wise beyond her years and will be impacting the education of our youth in positive ways for years to come."

Exhibition of School Architecture

From ambience and multi-functionality to sustainable design and security, there is a direct relationship between good design and effective teaching and learning. The VSBA Exhibition of School Architecture gives you the opportunity to see this in action. Category awards will be given, and the People's Choice Award will be judged from the project display boards shown during the convention, with the winner being announced at the Closing General Session on Friday morning.

Regional Comparison of On-Time Graduation Rate and Advanced Diplomas

Our Schools Striving for Excellence - So far, this year…

Appomattox County High School

- Senior College Boot Camp – 3 Wednesdays during September
- 18 Students participated in the Model UN
- Relay for Life raised over $2500/Bronze level team
- History students continue to partner with National Park
- 4 students received Special Recognition Entrepreneur of the Year from the Lynchburg Regional Technology Council
- 3 students placed 3rd in the VA Entrepreneurial Challenge in Richmond
- 8 students became PC PRO Certified Technicians
- 1 Student became fully COMPTIA A+ Certified

Appomattox County Middle School

- AMS Faculty are receiving training in Meeting the Needs of Diverse Learners. Teachers are already seeing the benefits of these strategies with our struggling learners.
- AMS students are participating in weekly Anti-Bullying lessons that will culminate with "I am" bulletin boards on a hall in each grade level to focus on the positive aspects of what makes them an individual and a visual reminder to appreciate the differences in others.
- AMS students and staff were mesmerized by guest speaker, Richie Contartesi. Mr. Contartesi's story was another reminder to students to focus on their dreams, pursue their goals with passion, and to never give up on themselves.
- AMS 6th graders are receiving weekly lessons, guidance, and mentoring from their ACHS SODA Partners.
- The one-to-one roll out of iPads for all three grade levels is now complete. Students are using their iPads daily in engaging lessons that have sparked excitement.

Appomattox Middle School

- AMS partnered with Wolfbane Productions to bring the creators of the *Despicable Me* franchise, Cinco Paul and Ken Daurio, to speak with students about their careers. Students were very eager to ask these visitors from Hollywood many questions about their careers and movies.
- AMS celebrated 25 students who received a perfect score on their spring SOLs with a luncheon for them and their parents.
- AMS Faculty received follow-up training on working with students who have experienced trauma in their lives. Teachers learned some of the signs of student trauma and how to comfort a student having a trauma related episode.
- 6th and 7th grade Social Studies teachers are integrating Project Based Assessments throughout their curriculum to replace standardized tests on the same material.

Appomattox County Elementary School

- "We are Appomattox Strong: Knowledge is our Super Power" is our school theme which focuses on hometown heroes and super hero traits
- After School Clubs thrive weekly with staff and community volunteers
- Anti-bullying assembly was held "I am Unafraid" and Riding the Rails of Kindness and DARE lessons to make positive choices
- Student Council Association kicked off their first charitable project, Harper's Helpers Support the Ronald McDonald House

Appomattox Elementary School

- Extending learning beyond the classroom with field trips to Holiday Lake, Jamestown, Claytor Lake Nature Center and local apple orchards
- Super Hero Olympics was hosted to celebrate excellent student citizenship during the first 9 weeks
- "Students Teaching and Reaching Students" (STARS) began its mentorship program with students with disabilities

Appomattox Primary School

- The month of October was National Bullying Prevention Month. APS students participated in the "I AM UNAFRAID" anti-bullying assembly on October 20, 2016. Students learned ways to become self-empowered to prevent bullying.
- APS is hosting partnership students from Longwood University. The interns are learning from APS students and teachers. They observe teachers and work with small groups of students.
- All APS staff are participating in professional development related to a Balanced Literacy Approach. All staff attend weekly sessions being presented by the reading specialists, data coach, and Longwood University professors.

Appomattox Primary School

- Police officers, Appomattox County Sheriff staff and others in uniform visited with students during lunch, enjoying questions, and building positive relationships with students at APS.
- APS celebrated Art Students of the Week for the first nine weeks. A random drawing winner for the Grand Prize was awarded to a first grade student.

* APS has a total of 66 volunteers who read or help in the school. APS has 38 Lunch Buddies who are mentors and visit during lunch.

Appomattox Primary School

- APS students participate in learning activities inside and outside the classroom by going on field trips to Dark Leaf Farm, Johnson's Apple Orchard, Layman Family Farm, and Clover Hill Village.

Athletics Program – currently 453 students in fall sports at AMS and ACHS

- Conference Champions in Golf, Boys Outdoor Track, Girls Outdoor Track and Girls Soccer

- 9 adults increased their educational functioning level
- A Basic Computer Class was offered
- Additional laptops were purchased through Race to GED Grant

Title 1 programs at APS and AES have moved from Targeted Assistance to School wide programs. This ensures that any child in the school who requires additional reading interventions may receive services. Previously, services were provided only to eligible students who met more restrictive Title 1 criteria for assistance. The goal of a School wide program is to improve outcomes for all students.

Interim Meeting

The Appomattox County School Board met in regular session on Thursday, October 13, 2016 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, and Dr. Dorinda G. Grasty, Division Superintendent. Rev. Alfred L. Jones III and Mr. Bobby K. Waddell were absent.

CALL TO ORDER

Mr. Smith, Vice-Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Dr. Smith and seconded by Ms. Hall to approve the agenda as presented. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Ms. Hall moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically students #14172 and #51849.

Dr. Smith seconded the motion made by Ms. Hall. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Ms. Hall and seconded by Dr. Smith to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Ms. Hall made this motion which was seconded by Dr. Smith, unanimously approved by all of the Board Members present, and recorded by roll call vote. (See Attachment # 1)

Approval of Personnel Matters

It was moved by Ms. Hall and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 2)

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty shared the following communication items:

Mrs. Katie McCann, AES 5th Grade Teacher and 2017 Region VIII Teacher of the Year, was an excellent ambassador for our school division and Region 8 at the 2017 Virginia Teacher of the Year Recognition Ceremony in Richmond on October 17, 2016. The program from the ceremony was shared with the Board. (See Attachment # 9)

Board Members were invited to a reception honoring the artists of the 2016 Area Youth Art Exhibit sponsored by The Longwood University College of Education and Human Services and the Longwood Center for Visual Arts on Sunday, November 6, 2016 from 2:30 to 4:00 p.m. The exhibition consists of selected works representing schools from eleven counties. Colton Bowlin will represent our school division.

Communication Items from Board Members

Ms. Hall reported on her attendance at a recent performance of the Lynchburg Symphony that took place in the new concert hall at Liberty University. She stated the orchestra and choir from Liberty University also participated and the sound quality in the new facility was exceptional.

RECOGNITIONS

The Virginia School Boards Association (VSBA) recognizes Board Members for their dedication, time, and hard work in improving boardmanship skills through VSBA meetings, conferences, and board development and training. VSBA members earn credits for VSBA Academy Awards based upon participation. These awards are presented annually to VSBA Members who meet the requirements. The superintendent presented the following VSBA Academy Awards:

Bobby Waddell - Award of Excellence
Alfred Jones - Award of Excellence
Cynthia Hall - Award of Recognition
Dorinda Grasty - Award of Achievement

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the September 30, 2016 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,184 students. This compares to a budgeted ADM of 2,175. (See Attachment # 10)

VSBA and NSBA Activities

The 2016 VSBA Annual Convention will be held November 16 - 18, 2016 at the Colonial Williamsburg Lodge in Williamsburg. The registration fee is $270.00 and the deadline is November 8, 2016. Mr. Waddell, Mr. Smith, Rev. Jones, and Dr. Grasty are registered to attend. Rev. Jones will be serving as Delegate and Mr. Waddell as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, was pleased to report expenditures and revenues were within the expected range as he presented the September 30, 2016 Quarterly Financial Report. (See Attachment # 11)

On-Time Graduation Rates and Advanced Diplomas

Mrs. Annette A. Bennett, Director of Curriculum and Instruction, presented information concerning On-Time Graduation Rates and Advanced Diplomas. Our school division's on-time graduation rates were above the state average and second in Region 8 and Region 2000. Our school division's advanced studies diploma rating was also above the state average, third in Region 8, and first in Region 2000. (See Attachments #12 and # 13) Mr. Waddell noted our teachers are doing a great job as Mrs. Bennett whole-heartedly agreed.

Class-Size – Fall Report

Mrs. Bennett reviewed the 2016-2017 Fall Class-Size Reports. She presented graph summaries of the average class sizes by homeroom for each school as well as detailed class size reports. (See Attachments # 14, # 15, # 16, # 17 and # 18)

SAT and AP Profile Report

Mrs. Bennett presented the Region 8 summary reports for SAT and AP tests. She stated our school division has more students taking Advanced Placement Tests than any of the twelve school divisions in Region 8 and we have the most students earning passing scores. Mrs. Bennett noted this is an area we continue to work on as well as increasing the number of teachers trained to teach AP courses. (See Attachment # 19)

K-3 Class Size Report

Mrs. Bennett reported the K-3 Class Size Report has been submitted to the Virginia Department of Education. Based upon the data submitted, our school division easily met all of the requirements to receive state funding in this category.

2017-2018 Calendar Discussion

Mrs. Bennett stated the 2017-2018 Calendar Committee will begin to meet in November to develop several calendar options for the upcoming school year that will be submitted to the Board for final selection. Mrs. Bennett requested Board Members provide guidance and preferences so this information could be presented to the Calendar Committee at their initial meeting. Mr. Smith was in favor of completing first semester prior to winter break as he felt this had attributed to our positive on-time graduation rate and advanced diplomas, as well as all of our schools being fully accredited. Mr. Waddell stated he had received many positive comments from teachers who were in favor of starting the school year in the middle of the week. Mrs. Bennett thanked the Board Members for their input and stated calendar drafts should be ready to present to the Board in December.

Update on Division Bullying Prevention Program

The superintendent presented information concerning the many activities that are taking place in our schools to prevent bullying. (See Attachments # 20, # 21, # 22, and # 23) Dr. Grasty noted the prevention of bullying is promoted in our schools during the entire school year with emphasis in October as this month is designated as Bullying Prevention Month.

Update on School Business Partnerships

Dr. Grasty provided School / Business Partnerships that are in place for the 2016-2017 school year. (See Attachments # 24, # 25, # 26, and # 27)

Preparation for 2017 Board Meeting Calendar

Dr. Grasty requested guidance from the Board concerning the preparation of the 2017 Board Meeting Calendar. It was the consensus of the Board to:

- Develop a calendar similar to the 2016 Board Meeting Calendar.
- Continue two meetings each month, except July, November, and December.
- Begin meetings at 5:00 p.m. except on days of school tours with those meetings beginning at 3:30 p.m.
- Continue to tour the schools in the spring and fall with the spring tour being an all-day event and the fall tour a half-day event with elected officials invited in the fall.

Dr. Grasty noted a draft meeting calendar would be developed and presented at the Regular Monthly Business Meeting in November.

FY 2018 Budget Process

The superintendent proposed the following budget calendar for the development of the 2017-2018 School Budget:

1. November 10 - Public Comment Session; Board Discussion of Budget Goals

2. December 15 - Board Develops Budget Goals; Possible Budget Work Session

3. January 26 - Budget Update; Public Hearing on FY 2018 Budget; Adoption of Budget Goals; Possible Budget Work Session

4. February 23 - Superintendent / Finance Director 2017-2018 Budget Presentation to Board; Adopt Budget; Possible Budget Work Session

5. March 16 - Joint Boards Presentation on FY 2018 Budget

Board Members were in agreement with the superintendent's proposed budget calendar for 2017-2018.

ACTION ITEMS

Consideration of Requests for Admission as Out-of-County Tuition Students for 2016-2017

It was moved by Mr. Smith and seconded by Rev. Jones to approve the admission of the out-of-county tuition students for the 2016-2017 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 28)

Consideration of Overnight Trip Request to the 2016 National FBLA Conference

It was moved by Mr. Smith and seconded by Ms. Hall to approve the overnight trip request to the 2016 National FBLA Conference in Daytona Beach, Florida, November 11-12, 2016, as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 29)

From our Principal Michele West…

Dear Families:

Here we are starting our second nine weeks with November fast approaching! We have had a wonderful start to the school year. Our staff has worked hard and helped students become acclimated to classroom routines and expectations.

Our main focus continues to be implementing a Balanced Literacy approach to support our students in learning to read, fluency, phonics/word work, and reading comprehension.

The month of October was National Bullying Prevention Month. It has been proven that it's never too early to start talking about anti-bullying. This month, our students had the opportunity to take part in an "I Am Unafraid" assembly shared by Dr. Jay Banks. Dr. Jay Banks is from Nashville, Tennessee and has appeared on Nickelodeon, written with Disney Productions, and was featured on the Hallmark Channel. Most importantly, he has written an "I Am Unafraid" book that is available at Barnes and Noble and in our school library. Dr. Banks interacted with our students and shared strategies about ways to become self-empowered to prevent bullying.

On Friday, October 21, 2016, police officers, Appomattox County Sheriff, and folks in uniform visited with students during lunch, enjoying questions, and building positive relationship with students at APS. This is our "Lunch with a Uniformed Citizen" program. The officers will be joining us for lunch again in January.

The playground near our PK/3 year old and Head Start classrooms has been transformed thanks to the STEPS Program, Dr. Grasty, Mr. Timmy Garrett and Mr. Dennis Torrence. Mr. Torrence sought volunteers and worked together with our staff to ensure that new playground equipment was installed and purchased for children. We celebrate our partnership with Steps Incorporated (Head Start) and look forward to collaborating in future endeavors.

Upcoming Important Information:

Nov.8-Nov.10~Grandparents Day
Nov.9~Make-up Pictures
Nov.14~PTO at 7pm
Nov.15-Nov.17~Parents Day
Nov.23-Nov.25~No School
Thanksgiving Break

Important Announcement:

When you are signing in to have lunch or visit the classroom***, you must present your valid driver's license or proper identification*** to the secretaries in the main office.

Even though we do not wear masks to school, we will get to dress up as a storybook character and participate in a storybook character parade. Students and teachers dress up as their favorite characters from books and parade around the school. The purpose of the parade is to emphasize the importance of reading in a fun way. The parade will be held on Monday, October 31, 2016 at 9:00 am. Come see our PK – 2nd grade students parade around our school in all their creative costumes. Please do not bring any type of play weapons or wear clown costumes to school.

I encourage all our parents to save the date for November 14, 2016 through November 18, 2016. We will be celebrating Teacher Appreciation Week. I would like to thank each teacher and staff member for being an important part of our children's education here at APS. When your child enters our doors they become part of our APS family. Our teachers and staff members take this responsibility very seriously and this is something that we are very proud of. So here we go with another awesome year educating your child with the very best teachers here at APS.

We all look forward to Thanksgiving! Especially in public schools. We are thankful that we work with all children of all religion, ethnicities, cultures, races, economic statuses, family structures, and health and learning challenges. We celebrate things we have in common while acknowledging and accepting differences. This is something we are thankful for.

Thank you in advance for reading our newsletter thoroughly so you don't miss any pertinent updates! You can always find my newsletter and any updates on our school webpage at: http://acpsweb.com/primary/Main/SitePages/Home.aspx .

Happy Thanksgiving.

Respectfully,

From our Assistant Principal Allison Maxwell….

Our teachers and staff at Appomattox Primary School are dedicated to supporting your child and know how important it is to use every moment they are with us to reinforce skills and help them grow and learn. The only way that we can do that is if your child is with us! Please let us know if there is anything we can do to support your family and your child!

Bright Beginnings News….

Pre-K had a wonderful trip to Dark Leaf Farm and the pumpkin patch! We really enjoy learning about how a pumpkin grows, picking our own pumpkin, the corn maze and the bounce house. The pedal cars and the sand box were a lot of fun, too! We truly enjoyed our first field trip!

Kindergarten News….

Kindergarten had a great time at our fall field trip to Layman Family Farms. Our trip included a corn maze, a cow train, farm animals, jumping pillow, pumpkin picking, giant slide, and a corn maze! As we conclude our fall activities, we are looking forward to learning many new topics. During the season of thanksgiving, we will work hard to support the values you have taught your child. We encourage students to be kind to one another, to be thankful for all that they have, and to be respectful to those around them. Thank you for all you do to support your child and their teacher at home!

Raegan Wells from Mrs. Davis' class enjoyed her day at the pumpkin patch.

First Grade News……

First Grade enjoyed their field trip to Johnson's Orchard in Bedford. We learned how to make apple cider and apple butter. We also learned the right way to pick an apple off an apple tree. Thanks to all the parents who attended. Our trip was a success!

Second Grade News…..

Second graders enjoyed the field trip to Clover Hill Village where we learned about life long ago. Thanks to the Appomattox Historical Society for running the stations and hosting our grade level at the village. In November, second grade will learn about citizenship and Native Americans in content. We will also be working on patterns and 2 digit addition and subtraction. We will be reading nonfiction texts and learning text features of nonfiction. Please join us for our PTO meeting at 7:00 on Monday, November 14th where 2nd graders will be performing!

Second grade is setting sail for success at APS!

Library News…..

LIBRARY NEWS

The "Adopt-A-Book" program was a sell-out this year! Every book labeled for "Adopt-A-Book" was bought. For those of you who are new to the school, this program allows students to pay $5.00 for a new book to be given to the library at the first PTO meeting. Students who pay $5.00 are allowed to write their name on a special label in the front of the book or a name in memory of someone. Those students will then be the first to check out that book.

Sometimes students need a little motivation to read. Below are 5 TOP TIPS TO ENCOURAGE READING:

1. **Let your child choose.** One great way to get kids motivated to read is simply giving them choices. Plan a field trip to the library and let your child choose books that interest them. Keep books readily available at home, in the car, wherever your day takes you.
2. **Read to your child.** Establish a routine for reading. Whether before bed or at snack time, reading can fit into almost any part of your daily routine.

3. **Read aloud together.** It's never too early to start reading to your little ones. For older kids, take turns reading each page of a favorite book.
4. **Talk about what you are reading.** Asking questions before, during and after the read helps your child make connections and increase reading comprehension skills.
5. **Show your child that you enjoy reading.** Be a reading model. Children often mimic parent behavior so let your child see you enjoying reading.

Music News….

NOTES FROM THE MUSIC ROOM:

Happy Fall from the Music Room! APS music students are busy as usual. Our second grade group was the busiest working on a performance of the National Anthem at the October 20, 2016 JV Football game vs. Nelson County. All the students knew their words, the story of the Star Spangled Banner, and the music! I am very proud to say that these folks gave a great performance and will be able to join others anywhere they are in the future when this song is performed! The song lyrics are really challenging to understand. Even the first sentence of the song contains twenty words! The melody is also difficult to learn whether you are a young student or an adult! APS second grade singers should be proud of themselves for this accomplishment!

Second grade classes are also working on presenting "The Holly Jolly Pirates of Pinataville" at the next APS PTO meeting to be held November 14th at 7:00 p.m. There will be narrators, speakers, and singers as well as instrumental helpers for this production! We are all having fun preparing to entertain you with this great little story about some misbehaving pirates!

First Grade Students continue to learn about musical notation and are becoming involved in learning that music is really math! We have written, counted, and played quarter notes and rests and are now learning about fractions as we add single and paired eighth notes to our understanding of notation! Who knows who our first famous APS musical composer may turn out to be! ☺

Kindergarten and Bright Beginnings students enjoy singing their names, singing seasonal songs and songs related to topics and skills studied in their classrooms. A busy group, they provide much fun for this teacher every week!

Hoping you have a very pleasant Fall season and thanking you for sending such creative and joyful students to the APS music room! ☺

Physical Education News….

November lends itself to great opportunities to enjoy family, friends and the great outdoors.

November TIPS

For Kids

Fun Fact: Children need 60 minutes of exercise a day. Active kids reduce the risk of developing heart disease and studies show children also do better academically, if they get enough physical activity.
Fun Tip: Do your kids have what it takes to Play 60? They can download the FREE NFL Play60 App and see their characters move as they move! In NFL PLAY60 you can:

- Collect coins to buy really cool NFL team gear.
- Unlock funny characters.
- Get NFL football power-ups that give you 2x points.
- Get American Heart Association hearts that make you invincible.
- Find activity ideas on how to get moving with your friends.

Clinic News…

Dental Screening
The Appomattox County Health Department will be having a dental screening on November 14th, for students who do not have a regular dentist. Please check in your child backpack for more information. If you have any questions please feel free to call me 434-352-8937.

~LOST AND FOUND~

***Parents**, please put your child's name on book-bag, lunchbox, coats, jackets, caps, etc. If you are not comfortable with putting their name on, please put their initials. Every year I have 2 extra-large garbage bags of unclaimed clothes by the end of the year. I have teachers send clothing from their classrooms that the children don't even know that it is theirs!*
So, PLEASE put their names on their belongings!
If your child is missing a jacket, etc. call the clinic, 352-8937 and I will be glad to check lost and found.
Thanks,
Thanks, Sue Waddell, School Nurse

What can you do to help your mornings run smoothly?

I know what those mornings are like. I am a momma and I know that mornings can be crazy! Any parent, grandparent, or loved one who has any part in getting a child to school understands.

Some mornings it seems like we do everything we can to get to school on time and it just doesn't happen. What can you do to make it go better? This is something we all think about from time to time and just know that you are not alone!

Here are a few tips to help those crazy mornings go a little better:

- *Set a regular bedtime and morning routine.*
- *Lay out clothes and pack backpacks the night before.*
- *Make sure all homework and papers are signed and put back into your child's folder the night before. Then make sure it is placed in his or her backpack.*
- *If you have a child who does not like mornings, create small rewards for completing simple tasks; such as getting dressed when asked, putting shoes on, etc.*
- *If your child seems anxious about going to school, talk to teachers, school counselors, or other parents for advice on how to make her feel comfortable and excited about learning.*
- *Develop back-up plans for getting to school if something comes up. Call on family member, a neighbor, or another parent.*

As we all know the saying it takes a village to raise a child. If you are having difficulty and need further guidance, please call us! We are here to help!

DISCUSSION BY BOARD MEMBERS

Following her presentation, the superintendent called for questions and comments from the members of both boards.

Mr. Hogan noted writing is a current concern and since reading and writing generally go together he was interested in our reading program. He stated Accelerated Reader (AR) was a popular program with students when his daughter came through our schools. He asked if something similar is utilized to promote reading. Mrs. Bennett responded that AR is still being used in some of our schools with a few changes implemented for the current school year. She also noted the middle and high schools are looking at different options.

Mrs. Carter stated it had been a great year with one success building upon another. She also stated the school system is doing a tremendous job. Dr. Grasty noted we have a really good staff, good teachers and administrators, and everybody is working very hard, together.

Mr. Carter noted everyone is proud of the School Board, staff, teachers, and administrators. It has been a very significant year with the community and county coming together. He also noted the success of the football team has had a major, positive impact on the county.

Mr. Millner asked if there is a technical program that is needed in the county that the School Board, Board of Supervisors, and perhaps the Town of Appomattox can work toward accomplishing together. Mr. Arbogast noted he has been meeting with Region 2000 personnel who have expressed the need for training in the area of industrial HVAC. A consortium is working toward developing a training trailer for this needed area. Dr. Grasty stated additional slots for our students to attend the STEM Academy at CVCC in Lynchburg have been requested; however, the annual cost is $5400.00 to $5500.00 per student. Mr. Arbogast also noted building trades is another program that would benefit our students and community.

Mr. Carter emphasized Appomattox County High School has the best band in the county. He thanked the School Board and Superintendent for hosting a great meal and good meeting.

Dr. Grasty expressed her appreciation to the Board of Supervisors for their support of our school division, students, and staff.

ACTION

No action was taken at this meeting.

ADJOURNMENT

SUPERINTENDENT'S REPORT

FY 2018 Budget Public Comment Session

Mr. Waddell opened the floor for the Public Comment Session regarding the development of the 2017-2018 School Budget. The following individuals addressed the Board:

Jonathan Garrett, 279 Edgewood Street, Appomattox, Virginia 24522, spoke on behalf of the FFA Alumni. He requested the Board continue funding for the Agriculture Education Program and asked for the Horticulture Program to be reinstated.

Brandy Bryant, 6634 Promise Land Road, Appomattox, Virginia 24522, spoke on behalf of the Marching Band. She requested increased financial support for the Raiders Marching Band and stated she would provide a breakdown of this information at a future budget meeting.

Mr. Waddell thanked Mr. Garrett and Mrs. Bryant for their requests. There being no additional speakers, Mr. Waddell closed the 2017-2018 Budget Public Comment Session.

Membership Report

The superintendent provided the October 31, 2016 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,194 students. This compares to a budgeted ADM of 2,175. (See Attachment # 7)

VSBA and NSBA Activities

The 2016 VSBA Annual Convention will be held November 16 - 18, 2016 at the Colonial Williamsburg Lodge in Williamsburg. The registration fee is $270.00 and the deadline is November 8, 2016. Mr. Waddell, Mr. Smith, Rev. Jones, and Dr. Grasty are registered to attend. Rev. Jones will be serving as Delegate and Mr. Waddell as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

The VSBA Capital Conference will be held in Richmond, January 23-24, 2017. The registration fee is $185.00 and the deadline is January 9, 2017.

Mr. Waddell and Dr. Grasty shared their interest in VSBA Board Training. Dr. Grasty stated it had been several years since VSBA conducted this training and it was found to be quite valuable. VSBA requires 100% attendance of all Board Members and the Superintendent. The cost is $1,000.00 for the day, plus travel expenses for VSBA staff. Dr. Grasty proposed the training be conducted Friday, January 13, 2017 from approximately 9:30 a.m. to 3:30 p.m. in Appomattox as this day and timeframe were agreeable with VSBA staff. It was the unanimous consensus of the Board and Superintendent to schedule this day for VSBA Board Training.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, had no information to present.

Report on FFA Trip to National Convention

Mrs. Elizabeth Duncan, Mr. Ed McCann, Agriculture Teachers and FFA Sponsors, along with FFA students Chris Wilkerson, Kelly Price, and Kayla Moore reported on their recent trip to the National FFA Convention in Indianapolis, Indiana. (Attachment # 8)

School Showcase Schedule for the 2016-2017 School Year

The superintendent reported the following School Showcase schedule has been established for the 2016-2017 school year:

1. January, 2017 – Appomattox County High School
2. February 2017 – Appomattox Middle School
3. March, 2017 – Appomattox Primary School
4. April, 2017 – Appomattox Elementary School

Discussion of Possible FY 2018 Budget Goals

The 2017-2018 Budget Calendar calls for the Board to begin discussing budget goals at this meeting. Dr. Grasty reported a preliminary 2017-2018 Budget is not expected from the Governor until approximately the middle of December. She requested input from Board Members concerning possible 2017-2018 Budget Goals.

Mr. Waddell indicated he anticipates a decrease in state funding. He pointed out it would be good to include increasing compensation as a budget goal although it may not be realistic. He also stated a number of teachers have asked

for the reinstatement of tuition assistance for college courses taken for recertification.

Mr. Smith noted he did not want to develop budget goals and then find the need to remove them at a later date, although it was his hope to attempt to keep pay checks whole. He recommended keeping the number of goals to five. He also referred to the class size reports Mrs. Annette Bennett, Director of Curriculum and Instruction, provided at the October 27, 2016 School Board Meeting and stated he would like to look at these numbers again before finalizing next year's budget goals.

Mr. Waddell commented he would like to see the breakdown of band costs that Mrs. Brandy Bryant referred to during the FY 2018 Budget Public Comment Session held earlier during the meeting.

Review of 2017 Draft School Board Meeting Calendar

The Board reviewed a draft of the 2017 School Board Meeting Calendar. The calendar calls for:

- An Interim and Regular Monthly Business Meeting each month except June, July, November, and December. Interim Meetings are not scheduled for these months.

- A full-day tour of school facilities will be conducted in the spring. A half-day tour of school facilities will be held in the fall with elected officials invited to attend.

- Meetings will begin at 5:00 p.m. except on the days of school tours with those meetings beginning at 3:30 p.m.

- Joint Meetings with the Appomattox County Board of Supervisors will be conducted in March and November, pending approval of the suggested dates by the Supervisors, with the November meeting being held at the high school for a board members' meal prior to the superintendent's presentation.

The 2017 School Board Meeting Calendar will be adopted at the January, 2017 Organizational and Interim Meeting.

From our Assistant Principal Allison Maxwell…

Many of you have expressed your kind words of concern and support as Ms. West continues her medical leave. Because she is still unable to return email or phone calls at this time, I will be happy to talk with you. In addition, we have welcomed Dr. Lee Shearer who is lending a helping hand with the administrative duties in our building. Contact information for both of us is listed below.

Our December events will continue because of the excellent team of teachers and staff here at APS. We are focused on providing the highest quality of learning opportunities to your child. This nine weeks has been a whirlwind of engaging instruction in all of our classrooms. Your child has been focusing on literacy skills, foundational math skills, and exploring science and social studies concepts with their teachers. Our goal is to make meaningful learning happen all day everyday!

This month, we will *Cruise with Santa, Sing, and celebrate!* Specific information about the Holiday Open House/Cruisin' with Santa event is in the newsletter. Be sure to check out all the vendors who will be participating in the event. Your kiddos can visit with Santa, shop for family and friends in the Santa Shop, and enjoy cookies and milk!

Your support and feedback is welcome and appreciated. Please feel free to contact us at any time!

Kindergarten News….

It's been another busy month in Kindergarten. The second 9 weeks are always full of magic as we view the Thanksgiving and Christmas holidays through the eyes of our children. Their tender hearts are full of thankfulness for many serious things and many small things that help bring perspective to this sometimes overly busy season. This is a great time of year to read to your child as well! What a great opportunity to share with your child the stories that were so special to you as a child. We have seen significant growth in our students over the past month. We hope that you have seen that jump as well. Thank you, parents, for what you do at home to support your child and your child's teacher. We couldn't do what we do without you!

First Grade News……

First grade teachers would like to take this opportunity to say how very thankful we are to have the privilege of teaching your child each and every day. We have seen them learn and grow so much this first half of the year! Your support at home makes all the difference to us and to your child. Please take time this Christmas break to continue to instill in them a love of reading. Give them opportunities to have fun reading by reading favorite books with them, building forts to read in, or even reading by the light of the Christmas tree. In addition to reading here are just a few "homework" assignments we have for you over the break…

Second Grade News…..

Our second graders did a wonderful job with the November PTO performance of *Holly, Jolly Pirates of Pinataville!* We are so proud of this talented group of students! In December, second graders will be working on writing a letter, United States Holidays, two-digit subtraction, ordinal numbers, and homophones. We will also be conducting Fountas and Pinnell testing in December. This reading test will check your child's fluency, or how he/she sounds while reading, and your child's comprehension, or understanding of what he/she has read. Please continue to listen to your child read nightly, and check his/her comprehension of what he/she has read. You can ask these questions to check for comprehension: Who is the main character? What is the setting of the story? What was the problem? What was the solution? Can you retell what you have read? What do you think will happen next? What was the story mostly about? What was the main idea? What happened at the beginning, middle and the end of the story?

PALS (Phonological Awareness Literacy Screening) testing will begin right after winter break. This testing has spelling, oral reading and comprehension components.

At APS, our second graders are sailing through second grade!

Art News…..

Happy Holidays from APS Art

We are celebrating APS Artists at Longwood University

The Longwood Department of Education is hosting area artists framed art work in their building for the school year. Appomattox Primary is lucky enough to have two of our artists showing, Colton Bowlin and Sam Detwiler. A reception was held in their honor in November. Jack and I were lucky enough to tour the campus on such a beautiful fall day. Longwood Center for the Visual Arts is a highly accredited art museum which has an amazing area student show in March. Longwood University is dedicated to featuring sculpture outdoors and art throughout their campus.

Savor APS art year round and from your own web device. Our online gallery at Artsonia.com is currently featuring Fall work. If you have not signed up for an account to view your student's artwork online, please do so. Signing up is a onetime thing and you then have access to your child's artwork online forever. You may upload your own photos of your child's work and order keepsakes. Art class gets 20% of the sales from items purchased.

Enjoying the Season of Artists,

Ms. York

Library News…..

December is a great time to buy books for Christmas presents! Ask your child what he/she is interested in, whether it is animals, machines, sports, fairy tales, history, science, biographies, or other subjects. If not for Christmas, then make it a family outing by browsing bookstores such as Barnes and Noble and talking about books your child likes. Reading a book together and discussing it is also a good family event especially during the winter when we tend to stay in more than we go out.

Music News….

Music continues on as we realize that we have been at school for more than sixty days ... one third of our year. Weather gets colder and holidays abound. Students are excitedly waiting for Thanksgiving break as we learn and sing about the origin of the holiday and, of course, turkeys!

Bright Beginnings and Kindergarten classes have enjoyed our Big Book entitled "Five Fat Turkeys" while reading and singing the song. Students have delighted in getting a turn to act out our song while holding a stick puppet of a turkey, or perhaps the cook, or the butterflies that the turkey wants to have for lunch! We have worked on taking turns and being patient waiting for our turn. We have danced like turkeys, also! Such fun!

Grade 1 students have used their focusing skills to learn and understand fractions as we study eighth notes and realize that they each get half of a beat and that we will need two of them to equal one quarter note! A tough concept but we are understanding it! Yay! In keeping with the Thanksgiving holiday theme we have notated eighth AND quarter notes under one and two-syllable thanksgiving words. We now realize that the word "turkey" may be notated with a pair of eighth notes and the word "ham" with a quarter note.

Ex.: TUR-KEY HAM PUMP-KIN PIE

Grade 2 students chalked up a successful performance of "THE HOLLY JOLLY PIRATES OF PINATAVILLE" at our recent PTO meeting, November 14th! Our first-time script readers worked hard to understand the concept of a script and learn their lines by memory. They performed well as "People of Pinataville", Pirates, Narrators, Singers, and Instrumentalists and had great fun! It all resulted in lively discussions and performance evaluations in music classes that followed as we recalled special moments, fun moments, and even scary moments! Students are learning to self-evaluate and think about what might be approached differently in a following performance and what should stay the same. A useful tool in planning for the future! I am quite proud of these second grade people!

We are all excited about music in December as we feature the ballet "The Nutcracker" in Grades 1 and 2! Grade 1 students will view a video using marionettes to tell the story as they learn about a ballet. Grade 2 students will view the actual story on video danced by a Russian Ballet troupe. The music "Trepak" (Russian dance) will be used in class with charts and instruments as we keep time to the music in groups. Students always recognize this piece in department stores as they shop for Christmas . They also hear it in numerous media ads and are eager to report this to me! Great!!

Please have a Merry Christmas and a most Happy New Year! Best wishes for 2017!

4 Tips for Family Fitness Fun

by NASPE

-Buy toys or equipment that promote physical activity

-Use physical activity rather than food or money as a reward.

-Emphasize the importance of having fun and learning; avoid a push "to win."

-Rake a pile of leaves and jump in them.

~LOST AND FOUND~

***Parents**, please put your child's name on book-bag, lunchbox, coats, jackets, caps, etc. If you are not comfortable with putting their name on, please put their initials. Every year I have 2 extra-large garbage bags of unclaimed clothes by the end of the year. I have teachers send clothing from their classrooms that the children don't even know that it is theirs!*
So, PLEASE put their names on their belongings!
If your child is missing a jacket, etc. call the clinic, 352-8937 and I will be glad to check lost and found.

What can you do to help your mornings run smoothly?

I know what those mornings are like. I am a momma and I know that mornings can be crazy! Any parent, grandparent, or loved one who has any part in getting a child to school understands.

Some mornings it seems like we do everything we can to get to school on time and it just doesn't happen. What can you do to make it go better? This is something we all think about from time to time and just know that you are not alone!

Here are a few tips to help those crazy mornings go a little better:

- *Set a regular bedtime and morning routine.*
- *Lay out clothes and pack backpacks the night before.*
- *Make sure all homework and papers are signed and put back into your child's folder the night before. Then make sure it is placed in his or her backpack.*
- *If you have a child who does not like mornings, create small rewards for completing simple tasks; such as getting dressed when asked, putting shoes on, etc.*
- *If your child seems anxious about going to school, talk to teachers, school counselors, or other parents for advice on how to make her feel comfortable and excited about learning.*
- *Develop back-up plans for getting to school if something comes up. Call on family member, a neighbor, or another parent.*

As we all know the saying it takes a village to raise a child. If you are having difficulty and need further guidance, please call us! We are here to help!

"AES IS APPOMATTOX STRONG: *KNOWLEDGE IS OUR SUPERPOWER*"

Principal's News

Can you believe that at the end of December, we will have "wrapped" up half of our school year? I cannot quite "wrap" my mind around that myself! However, as I stand outside in the morning or pass our students in the hallway, I can see how much they have physically grown in such a short period of time. As I visit in their classrooms, I observe the growth they are making academically as well. I had the privilege of looking over the shoulder of some of our science students who were recording all they had learned in a recent unit on oceans. They were voluntarily filling pages in their journal, and eager to share. I sat with some students who were sharing their creative narratives with me, and the excitement they generated from their very suspenseful stories made me want to grab a pen and paper and join along! In a math class, students who just learned their basic multiplication facts last year in third grade were now solving problems that gave them six-digit answers. They hadn't thought about how far they had come, but when I pointed it out to them, they beamed with pride. As we approach the end of this first semester, I hope you will take the time to reflect with your child about his or her learning journey and talk about realistic goals toward a grand finale. Working together to "unwrap" the gift of successful learning may just be the best gift your child receives this year.

3rd Grade News

Our 3rd graders are in the middle of our multiplication and division unit! Students should be memorizing all multiplication facts to 12. There will be a fun movie day for students who show mastery of multiplication facts on timed drills. As the weather changes and Winter sets in, what better way to spend a day than curled up with a book. Reading with your child is a great way to spend those snow days! Students will be comparing and contrasting characters, events, and settings in books. Practice this at home on a daily basis while reading.

4th Grade News

Congratulations! We are officially at the halfway mark for this school year! Fourth grade teachers are so proud of all that the students have learned so far, and we look forward to starting 2017 with these bright students!

Students will be completing different book studies in reading and learning about drawing conclusions and making predictions. After Christmas break they will move on to learn about cause and effect, fact and opinion, and using various reference materials.

Division and Fractions are the main topics approaching in math. Please continue to practice multiplication facts daily as these are essential to success in both division and fractions. In Virginia Studies the students will be learning about life after the American Revolution and the Civil War.

Thank you for all of your hard work at home! Happy holidays, and enjoy your break.

5th Grade News

Our 5th graders have been participating in weekly D.A.R.E. (Drug Abuse Resistance Education) classes with our resource officer, Deputy Nipper. It's time for our students to show off their knowledge by completing a report that will then be judged for prizes! Along with the completion of the report, the students are eagerly anticipating the D.A.R.E. Fair—a reward for their participation.

In Math, students will be starting a more abstract unit on Patterns, Functions, and Algebra. In Science, we will be discussing Sound and Light which leads to some comparing and contrasting. Language Arts classes are reading a variety of novels both as whole classes and small guided reading groups. The small groups allow us to focus on specific skills that assist in comprehension and expressive reading.

Please continue to encourage your child to read and practice multiplication facts over Winter Break! It would also be a great time to look at your child's binder and organize! The fifth grade teachers wish you and your family a wonderful holiday season and a great start to the New Year!

Field Trip to Claytor Nature Study Center:

Mrs. Hogan's and Mrs. Jamerson's fifth grade class at Appomattox Elementary School visited Claytor Nature Study Center in Bedford County, VA on October 18, 2016.

This is the student written article that was submitted by Austyn Briceland, Bruce Jones, MaKenna Robertson and Zach Wallen.

Mrs. Hogan's and Mrs. Jamerson's fifth grade classes visited the Claytor Nature Study Center in Bedford County, VA on October the 18th, 2016. It was a hot day and most of us brought water bottles to keep us cool from the hot sun. Luckily, most of us got to go in the water to catch macro-invertebrates. Macro-invertebrates are tiny living organisms that you can see with your naked eye. One of our classmates caught a crawfish and somebody in Mrs. Hogan's class fell in the water!

THE RAIDER REPORT

We went on a nature hike and saw a praying mantis, a caterpillar and a quail berry bush. Lastly, we went to a watershed mountain demonstration and we learned about Sharp Top Mountain and Flat Top Mountain.
The volunteer woman that showed us the demonstration told us her famous snake story. The snake story was about an old garage. A neighbor went into the garage, and he saw a rattlesnake while cleaning out the garage. When he opened the door, the rattlesnake swallowed its babies. Then he saw the snake throw up its babies when it thought it was safe! Everybody had an amazing time at Claytor Nature and we wish we could go again sometime! Fun facts: Do you know what the most dangerous animal on Earth is...Humans, because we have weapons.
Water pollution affects the invertebrates and organisms living in the water. They could be tolerant or intolerant to polluted water. Rattlesnakes swallow their babies when they feel threatened.

Physical Education News

On Thursday, November 17th AES Physical Education classes took part in the "World's Largest Sport Stacking Event." During the course of the Guinness World Records Day, sport stackers from all around the world were up-stacking and down-stacking pyramids in prescribed patterns combined with a variety of fitness activities. This year our students helped break that record again! There is now a new Guinness World Record for "Most People Sport Stacking at Multiple Locations in One Day." The classes that participated from AES include: Miss Yeatts, Miss Christian, Mrs. Buckhalt, Mrs. Mills, Mrs. Atkins, and Mrs. Peck. To learn more about this event you can visit www.thewssa.com/stackup

If you're interested in ordering your child his or her own set of Speed Stacks, our school is currently participating in a group order. Please visit www.speedstacks.com/go and find our school in the listing and place your order. By participating in our group order you can take advantage of school discounts and free shipping!

Our next unit in P.E. classes will be basketball and we will cover basic skills for dribbling, passing and shooting through various independent and group activities. We will begin the New Year with cooperative team games and start preparing for our annual Jump Rope for Heart event. Look for more information to come home with your child in January regarding JRFH.

PRESIDENT CHALLENGE

Students and staff participated in a mock election in the A.E.S. lobby on Tuesday, Nov. 8, 2016. Approximately 570 students and staff voted electronically, using iPads. At A.E.S., 56.3% of the vote went to Donald Trump, 37.7% went to Hillary Clinton and 6% went to Gary Johnson.

Proclamation

Appomattox County High School Raiders Varsity Football Team Day

WHEREAS, Appomattox County is a community filled with excitement and spirit because the Appomattox County High School Raiders Varsity Football Team has had an outstanding 2016 season and again has captured the Group 2A State Championship; and

WHEREAS, for back to back seasons the Appomattox County High School Varsity Football Team has won a State Championship; this year by defeating Richlands 42-7 on December 10, 2016 at Salem Stadium; and

WHEREAS, the recognition and celebration of our Championship Team serves to bring our community together in honoring our students and their coaches for a phenomenal football season resulting in a second undefeated 15-0 record while averaging more than 40 points per game, gaining approximately 5100 total offensive yards, and allowing an average of 9.3 points per game scored by their opponents; and

WHEREAS, by achieving outstanding success in athletic competition, the Appomattox County High School Raiders were selected as the 2016 WSET Football Friday #1 ranked team in the area; and Coach Doug Smith earned the Courthouse Conference 37 Coach of the Year honor and was also voted to be a finalist in the U.S. Cellular Most Valuable Coach Contest; and

WHEREAS, these achievements could not have been reached without the leadership of Coach Doug Smith, his staff, and the encouragement of the players' parents who together instilled in them the value of teamwork while the power of one imparted in them a desire for success and helped them to develop a sense of fair play and competition.

NOW THEREFORE BE IT PROCLAIMED, the members of the Appomattox County School Board along with the Superintendent of Appomattox County Public Schools do hereby proclaim December 15, 2016 as Appomattox County High School Raiders Varsity Football Team Day and hereby extend our expression of pride to the team on their impressive record and many successes in 2016. We further encourage all Appomattox County citizens to acknowledge the historic achievements made by the Appomattox County High School Raiders and thank them for representing Appomattox County as well as the highest ideals of the high school football program.

VSBA Capital Conference
January 23-24, 2017

Richmond Marriott
500 East Broad Street
Richmond, VA

Advocacy by local school board members is a year-round job and even more important during the General Assembly. We will kick-off the two-day conference with an overview of the governor's budget, commentary on the new political scene both in Virginia and nationally, and VSBA's legislative priorities. Then join us in the evening for a reception that will provide you with an opportunity to mix and mingle with your legislators and top administration officials. The events on day one will help prepare you for your legislative meetings after breakfast on day two.

The VSBA Capital Conference offers you an opportunity for your voice to be heard and continues VSBA's efforts for year-round advocacy.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty shared the following communication items:

Mrs. Virginia Doss recently attended a special lunch for grandparents at Appomattox Primary School (APS) and sent a note to the Board and superintendent complimenting the exceptional staff at APS. (See Attachment # 9)

Mrs. Lena Hunter McLean, retired nurse with our school division, passed away November 25, 2016. Mrs. McLean was employed from 1971 - 1988 at Appomattox Primary School. On behalf of the School Board, a contribution has been made to the Appomattox County Education Foundation in her memory and a card was sent to the family. We acknowledge the contributions Mrs. McLean made to our school division and extend our deepest sympathy to her family.

A letter was received from Mr. and Mrs. Lloyd Walton congratulating Coach Doug Smith on the accomplishments of the Appomattox County High School Raiders Football Team. (Attachment # 10)

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the November 30, 2016 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,198 students. This compares to a budgeted ADM of 2,175. (See Attachment # 11)

VSBA and NSBA Activities

The 2016 VSBA Annual Convention was held November 16 - 18, 2016 at the Colonial Williamsburg Lodge in Williamsburg. Mr. Waddell, Mr. Smith, Rev. Jones, and Dr. Grasty attended. Rev. Jones served as Delegate and Mr. Waddell as Alternate Delegate as they represented the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention. In reporting on the conference, Rev. Jones referred to one of the speakers who was an at-risk child and experienced a life-changing event by escaping into the books left by a lady in his community. Rev. Jones noted this emphasis on the importance of people and the community getting involved in the lives of children in-need and in our schools encouraged him to keep doing what he has been trying to do for years. Mr. Waddell stated there were several good speakers during the opening and closing sessions and he attended four or five workshops. One workshop that was of particular interest to him involved a school division that had reworked their career and technical education programs by forming an academy that worked closely with their community college. Mr. Waddell stated the main difference was their community college does not charge tuition which is unlike our local community college. He noted this makes a tremendous difference in linking the programs together and it was his hope this may be considered in our area in the future. Mr. Smith reported he attended most of the legal topic meetings and particularly found the Title IX discussions interesting. He also commented on the importance of visiting with other board members and superintendents and in the process discovered how fortunate we are in Appomattox County to have an excellent relationship between the School Board and the Members of the Board of Supervisors.

VSBA Board Training for Appomattox County School Board Members and the Superintendent will be conducted, Friday, January 13, 2017 from 10:00 a.m. to 3:00 p.m. at the Appomattox Inn and Suites. VSBA requires the superintendent and all Board Members must attend.

The VSBA Capital Conference will be held in Richmond, January 23-24, 2017. The registration fee is $185.00 and the deadline is January 9, 2017.

VSBA New Chair and Vice-Chair Orientation will be held in Richmond, January 24, 2017. The registration fee is $185.00 and the deadline is January 10, 2017.

VSBA will conduct a Hot Topic Conference in Wytheville on March 15, 2017. The registration fee is $150.00 and the deadline is March 1, 2017.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, shared the following information:

- Budget information from the governor may be received within the next few days. This information will contain an update concerning the current 2016-2017 budget as well as data regarding the upcoming 2017-2018 budget.

- Current health insurance regulations require coverage be offered to all employees working 30 or more hours per week. Five school bus drivers average six or more hours per day which mandates they be offered health insurance coverage.

FY 2018 Budget Goals

The following budget goals were discussed as possibilities as the 2017-2018 school budget is developed:

- Increasing employee compensation
- Reinstating tuition assistance for college courses taken for recertification
- Keeping paychecks whole
- Continuing to provide funds for the Agriculture Education Program
- Reinstating the Horticulture Program
- Increasing financial support for the marching band

Rev. Jones asked if health insurance premiums are anticipated to increase significantly. Mr. McMillan noted during the past several quarters we have experienced higher than normal claims which brings us to believe there could be a premium increase for next year. He was hopeful claims will decrease in the coming months to minimize a potential increase.

Rev. Jones also inquired if purchasing larger capacity school buses would offer a savings. Dr. Grasty stated the last buses we purchased were larger capacity and we will continue to purchase this size in the future.

Mr. Waddell asked if the five bus drivers who qualify for health insurance have extremely long runs or was the average of six hours including trips other than the normal morning and afternoon transport. Mr. McMillan noted the average of six hours per day for these five bus drivers includes trips and athletic events.

Mr. Waddell stated budget goals will be finalized once the governor's budget is released. It is anticipated the Board will adopt the final FY2018 budget goals at the Regular Monthly Business Meeting of the School Board in January, 2017.

January 2017 Interim and Organizational Meeting

The superintendent recommended the Board take action on the following items at the January 2017 Interim and Organizational Meeting:

1. Elect Chairman and Vice-Chairman
2. Appoint Clerk and Deputy Clerk
3. Appoint Designee to Attend School Board Meetings in the Absence of the Superintendent
4. Appoint Purchasing Agent
5. Appoint Records Officer
6. Appoint Representative to the LAUREL Regional Program Board
7. Appoint Representative to the Central Virginia Governor's School Board
8. Appoint Representative to the XLR8 STEM Academy School Board
9. Appoint Representative to the Appomattox County Education Foundation Scholarship Committee
10. Establish the 2017 School Board Meeting Schedule
11. Adopt Roberts Rules of Order
12. Adopt VSBA Code of Conduct for School Board Members
13. Adopt VSBA Code of Conduct for the School Board Clerk

Board Members were in agreement with all of the above listed agenda items.

Happy New Year

Appomattox Primary School is gearing up to ring in the new year. Our teachers and staff are preparing for another great semester filled with targeted learning goals and engaging instruction. We are proud of every student in our building for their hard work 1st and 2nd nine weeks. A few reminders as we enter the second half of our school year:

- **Attendance is important** – please be sure your child is at school on time each day
- **Partnering with Parents is important** – our teachers and staff want to work with you to provide the best instruction and care for your child that we can!
- **Severe Weather** – be sure to check local TV and radio stations for updates on school closings and delays. The division website will be updated with that information as well. www.appomattox.schoolfusion.us
- **Dropping students off –** please remember we do not have staff on duty for supervision of students until 8:00am. If you are coming through our car rider line or walking your student in, they will not be able to enter the building until 8:00am.

Have a fabulous Holiday Season!!

RAIDER DIGEST

Volume 2, Issue 2 January 2017

PRINCIPALS POST

Welcome back!!

What a joy it is to have the energy and excitement of students and staff back on our AMS hallways! We hope everyone had a wonderful break and has returned to school rejuvenated for second semester. Our students will be welcomed into new science or social studies classes, as well as a new Encore class for second semester. Please feel free to contact the new teachers on your child's schedule with any concerns or questions. Your child will have a syllabus for each new class, but teacher contact information is always available on the AMS website.

We are very proud to report that the first round of SOL testing for our 8th grade Civics and Physical Science classes yielded very exciting results. We know that a great deal of hard work, grit, and perseverance by both students and teachers went into preparing for these tests. Our school motto is "We don't stop until we're proud!!" Our students and teachers embodied that sentiment not only in regards to their own accomplishments, but in helping one another succeed. We want our students to understand the power of determination and collaboration.

As you are working with your student at home, please remind them how important it is in life to have grit. Our students are amazing individuals. There's not much they can't accomplish if they believe in themselves and are willing to put in the hard work. Remind them that their teachers are here and willing to help them at any time. Encourage them to seek assistance when they feel they need it. And most importantly to never give up on themselves.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together.

We are the Raiders and we don't stop until we're proud!!

Sincerely,

Cheryl Servis

EXPERIMENTING IN MRS. FORT'S CLASS

The students in Mrs. Fort's language arts class participated in an experiment, with the help of Mrs. Tillotson, that involved sequencing, following directions, and a review of matter, atoms, elements, molecules, compounds, mixtures and solutions.

The students had to follow a sequence of steps that involved combining different types of materials in a certain way to produce a "rubbery" type substance called "Glubber". Students then did different experiments with this "new" material and recorded the data for further study.

SCA HOLDS LUNCHEON FOR LOCAL VETERANS

AMS had a great time at our annual veteran's luncheon. We were very happy to honor those who fought for our freedom. We had a very big crowd and want to thank the students and veterans who took time to come out. It was interesting to hear the veterans tell us about themselves. We would also like to thank the cafeteria staff for providing a good meal. The SCA was proud to host our luncheon and thank them for participating in this great event and we look forward to next year. Thank you.

CHORUS ENTERTAINS

Mrs. Jarrett's 6th and 8th grade chorus entertain the Appomattox County Retired Teachers Association with a melody of Christmas music.

HAVING FUN WITH 4H

Mrs. Fort's 6th grade Language Arts class worked with Mrs. Tillotson from the 4H center on water quality testing. The students learned:

- The importance of water
- Reasons why and ways to conserve water
- Tested water pH, temperature, dissolved oxygen and oxygen and other factors that affected the quality of water
- Analyzed and recorded data
- Interpreted data to make predictions

AMS NATIONAL JUNIOR HONOR SOCIETY INDUCTEES

Congratulations NJHS Inductees — Caden Braford, Karissa Bromley, Alexis Busa, Makaila Collins, Brice Conner, Karlee Davis, Megan Drinkard, Chloe Epps, Kelsi Epps, Kasey Fetty, Hunter Garrett, Madison Hall, Olivia Hudson, Hunter Humbles, Courtney Layne, Zechariah McGahan, Lanie Midkiff, Haleigh Mitchell, Colten O'Brien, Gabby Pickett, Karli Ramsey, Shontajia Richburg, Avery Roark, Mariska Servis, Madison Shirey, Sabrina Tappen, Ethan Walton, Lauren Weakley, Eddie Wells, Mannix Wilhoit, Juliana Wilkerson, and Jacob Williams.

BREAKING THE WORLD RECORD FOR LARGEST SANTA RUN

On December 17, 2016, 5700 runners dressed in Santa suits gathered in Virginia Beach and took to the streets at twilight to attempt to break the Guinness Book of World Records for Largest Santa Run. 4,961 runners had to start and finish the race in a 5 piece Santa suit in order to break the current record held by the Dundalk Santa Run in Ireland. We are pleased to announce that we ended up with 5,025 Santas, breaking the World Record for Largest Santa Run!

Mrs. Fort, her husband, and son participated in achieving this world's record! Can you pick them out?

AMS STUDENTS GIVE BACK

Students donated canned food items for needy families in our community. Ms. Ashleigh Gilliam started this at AMS so that the students had the opportunity to give back. She received about 275 cans from the students at AMS.

Thanks for giving!!

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty reported Ms. Shirley Dillard, Retired Food Service Employee with our school division, passed away December 18, 2016. Ms. Dillard was a faithful employee from November 1, 1954 to January 1, 1998. On behalf of the School Board, a contribution was made to the Appomattox County Education Foundation in her memory. We acknowledge Ms. Dillard's contributions to our school system and extend our deepest sympathy to her family.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC HEARING ON PROPOSED 2017-2018 SCHOOL BUDGET

The Chairman opened the floor for the Public Hearing on the proposed 2017-2018 School Budget. The following speakers addressed the Board:

1. Brandy Bryant of 6634 Promise Land Road (P. O. Box 323); Appomattox, Virginia 24522, spoke on behalf of the Appomattox Band Program. Ms. Bryant requested consideration be given to additional financial assistance toward the annual band costs and that this additional assistance become a permanent yearly budgeted amount.

2. Evans Thomas of 147 Highland Avenue; Appomattox, Virginia 24522, spoke on behalf of the Varsity and Junior Varsity Swim Teams. He requested consideration be given to the school division providing transportation for the swimmers to and from practices at Randolph College. He stated when the Swim Team was formed five years ago there were seven (7) swimmers participating who were transported to and from practices by several parents. Currently, thirty-five (35) swimmers are participating which now amounts to six to seven parents driving their vehicles to transport the swimmers to and from practice three times per week. Mr. Thomas estimated the total distance to be 6,000 to 7,000 miles. He noted it had been brought to his attention this could create a liability issue. He suggested the board provide a school bus and fuel for the practice transportation with one of the parents becoming properly credentialed as a CDL driver to drive the bus at no charge. Mr. Thomas thanked the Board for their interest and support of the Swim Team.

As there were no further speakers, Mr. Waddell thanked Mrs. Bryant and Mr. Thomas for their comments and declared the Public Hearing closed.

Principals -

Virginia School Principals Appreciation Week: January 22 - 28, 2017:

Dr. Grasty stated the role of the principal as the instructional leader of the school is critically important to ensure students are provided the opportunity to learn and reach their maximum academic potential. Our principals work diligently to help students and teachers excel. Their leadership and hard work are essential to the success of Appomattox County Public Schools. Dr. Grasty stated they deserve our recognition and praise as she acknowledged:

Ms. Michele West – Principal of Appomattox Primary School
Mrs. Karen Cyrus – Principal of Appomattox Elementary School
Mrs. Cheryl Servis – Principal of Appomattox Middle School
Dr. Poldi Moreno – Principal of Appomattox County High School

On behalf of the School Board, the Chairman presented Certificates of Special Recognition to the individuals listed above for their outstanding accomplishments.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items; however, the Chairman allowed a public request to address the Board concerning a non-agenda item to be heard at this time.

Mr. Mark Thomas, Community Relations Coordinator with Southside Electric Cooperative (SEC), addressed the Board concerning the many ways his

company partners with area schools by offering scholarships for college-bound seniors, providing learning opportunities for students, promoting career options in the electrical field, and sponsoring and participating in local and school events. (See Attachment # 9)

Mr. Smith thanked Mr. Thomas for the many contributions Southside Electric Cooperative makes to our schools and community. He also requested Mr. Thomas extend special thanks to the SEC linemen who were in Appomattox County following the tornado in February 2016. Mr. Smith noted it was unbelievable how quickly they restored electricity to the area. Mr. Thomas stated he would be glad to relay the message and noted SEC places a high emphasis on getting the power back on as quickly and safely as possible.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the December 31, 2016 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,198 students. This compares to a budgeted ADM of 2,175. (See Attachment # 10)

VSBA and NSBA Activities

VSBA Board Training for Appomattox County School Board Members and the Superintendent was conducted, Friday, January 13, 2017 from 10:00 a.m. to 3:00 p.m. at the Appomattox Inn and Suites. The meeting was conducted by Mrs. Gina Patterson, VSBA Executive Director, and Mrs. Samantha Bosserman, VSBA Director of Communications and Board Development. Mr. Waddell stated it was a good day, he enjoyed hearing the different perspectives, and Mrs. Patterson and Mrs. Bosserman did an excellent job. Ms. Hall was in agreement with the Chairman. Dr. Smith also thought it was a worthwhile day and she enjoyed getting to know the other Board Members. Mr. Smith and Rev. Jones agreed with the other Board Members and particularly liked the Appomattox County School Board Governance Norms and Protocols developed by Ms. Bosserman as a follow-up of the meeting. (See Attachment # 11) Mr. Waddell noted this document would be a good guide for the Board to follow.

VSBA will conduct a Hot Topic Conference in Wytheville on March 15, 2017. The registration fee is $150.00 and the deadline is March 1, 2017.

VSBA will provide an additional Hot Topic Conference in Charlottesville on April 20, 2017. The registration fee is $160.00 and the deadline is April 6, 2017.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the Quarterly Financial Report for the quarter ending December 31, 2016. (See Attachment # 12) He stated expenses for the second quarter were higher in 2016 than the previous year which was expected due to a three percent pay increase for staff, purchase of buses, reinstatement of positions cut during previous years, and payment of the copier contract.

School Showcase: Appomattox County High School

Appomattox County High School (ACHS) was featured in the School Showcase. Dr. Poldi Moreno, ACHS Principal, was pleased to share a video entitled "Why I Love Being A Raider". The video captured interviews with many of the students and staff who concluded "they liked being a Raider because it was a community that makes up a family". The excellent video was prepared by ACHS student Shelby Burge.

Update on School Fiber Project

Mr. Brette A. Arbogast, Director of Technology and CTE, provided a detailed power point presentation concerning "Appomattox County Public Schools Fiber and Access". (See Attachment # 13)

Mr. Smith asked if House Bill 2108 which is currently being considered by the Virginia General Assembly would have a negative impact on the project Mr. Arbogast had just presented. Mr. Arbogast stated if passed, House Bill 2108 will destroy the entire project.

Mr. Smith also mentioned the possibility of looking into something more secure to house the school divisions' Network Operation Center (NOC). He mentioned the possibility of including this when the county addresses renovation of the high school.

The Board and Superintendent expressed their appreciation to Mr. Arbogast for the work he is doing in our school division.

Discussion of Out of Division Tuition Charges for 2017-2018

Dr. Grasty reported Policy JEC-R – Student Admission requires the Board set the tuition rate for out-of-county students each academic year. She stated our current charge is $1,000.00 per student and provided a history of out-of-county tuition charges in our school division as well as a report of charges imposed by

surrounding school divisions. (See Attachment # 14) Dr. Grasty stated we currently have forty-five (45) out-of-county students in our school division. Mr. Smith noted, if the budget will allow, no change be made to the out-of-county tuition rate for 2017-2018. The superintendent noted out-of-county tuition charges for 2017-2018 would be presented to the Board for action at a later meeting.

2017-2018 Budget Goals and Budget Work Session

Dr. Grasty noted the 2017-2018 Budget Calendar calls for a budget work session to be conducted at the January 26, 2017 meeting as well as the adoption of budget goals. She shared the following budget goals that were discussed at the November 10, 2016 and December 15, 2016 School Board Meetings:

1. Increasing employee compensation
2. Reinstating tuition assistance for college courses taken for recertification
3. Keeping paychecks whole
4. Continuing to provide funds for the Agriculture Education Program
5. Reinstating the Horticulture Program
6. Increasing financial support for the marching band

As part of the budget work session, Mr. McMillan provided a very preliminary 2017-2018 budget presentation. He stated his information was based on the Governor's proposed budget as well as the preliminary goals discussed by the Board and information received during recent budget planning meetings with principals. (See Attachment # 15) The highlights of Mr. McMillan's presentation follow:

- 2016-2017 budget was based on an ADM of 2175 students.

- 2017-2018 budget is based on an ADM of 2180 students.

- Preliminary state revenue for 2017-2018 is $417,923.00 higher than the current 2016-2017 budget.

- Preliminary expenditures for 2017-2018 are $590,000.00 higher than the current 2016-2017 budget due to:
    - Mandatory VRS increase 1.66% (professional staff) = $185,000.00
    - 1.5% one-time staff bonus = $180,000.00
    - Reinstating horticulture teacher at ACHS = $ 50,000.00
    - Reinstating tuition assistance for recertification = $ 25,000.00
    - Health insurance increase = $100,000.00
    - One additional teacher or guidance position = $ 50,000.00

- Preliminary additional local money needed for 2017-2018 = $172,077.00

Dr. Grasty emphasized we would not be submitting a request for funding for the 2017-2018 budget to the locality at this time as the information is far too preliminary.

Mr. McMillan pointed out additional information will be forthcoming from the Department of Education as the General Assembly finalizes the state budget. He noted updates will be provided to the Board as they are received.

Dr. Grasty stated after reviewing the budget goals discussed at previous School Board Meetings with Mr. Waddell and Mr. McMillan, it was her recommendation that the Board consider the following goals be adopted for the 2017-2018 budget:

1. Continue to cover employer paid health insurance for individuals.
2. Increase employee compensation per the Governor's proposed budget.
3. Reinstate horticulture teaching position.
4. Reinstate tuition assistance for college courses taken for recertification.
5. Continue to meet SOQ staffing requirements K-12 in order to maintain acceptable student-teacher ratio.

Mr. Smith noted these recommended budget goals for 2017-2018 were fair and not over reaching. Mr. Waddell stated the Board would be requested to take action concerning budget goals later in the meeting.

Principal Michele West…

Dear APS Families,

February is the month for love on Valentine's Day. Also, we celebrate Black history and Jump Rope for Heart month. Information regarding Jump for Heart will be coming home in your child's folder.

There is still time to spread the word to all of your friends that APS is setting sail for success! With APS focus on Fountas and Pinnell reading, we are proud to share that our children are already progressing.

At mid-year, they have made measurable growth based on data from the beginning of the year. Reading improvement is a priority at APS and APS staff is responsible for this accomplishment. I would like to publicly thank them for a job well done. They have worked hard to put children first.

In math, we used math mid-year unit tests to check the amount of progress since the beginning of the year. Overall, at mid-year in math, 96 percent of students are making progress and reaching our end of the year goals. We have already started conversations regarding interventions, tutoring, and reviewing skills for continuous improvement. With your partnership and working together, there is no goal we cannot meet.

Listed on our school calendar, there is an APS Family Night for our students and families. The specific date is February 10, 2017. This is a night that we usually schedule as our Movie Night. Due to the uncertainty of the weather we decided to cancel this event. Please bear this announcement in mind.

Upcoming Important Information:

Feb. 20th-Staff Development Day-
No School for students

Important Announcement:

When you are signing in to have lunch or visit the classroom***, you must present your valid driver's license or proper identification*** to the secretaries in the main office.

It's time to apply for Bright Beginnings! We will be sending home flyers pertaining to interest in the upcoming week. The student must reach their fourth birthday on or before September 30th. Learn more and get the applications here!

If you have a 5 year old on or before September 30th, please remember to turn in your kindergarten forms to the APS office before January 30, 2017.

Coming off strong! One of our School Improvement Goals are, "The percentage of students who participated in the attendance program who had 10 or more unexcused absences, will decrease from 89% in 2015-16 to 75% in 2016-17." Right now, we are getting ready to have a celebration because we are showing progress. Our children benefit from a full education and better relationships with their peers and their teacher. Please help to improve their attendance by getting your child to school every day, on time.

Please remember, the school's best ally in the task of nurturing a student's "urge to learn" is, first and foremost, the parents.

I am looking forward to engaging with everyone here at APS. The days go quickly during the third quarter, so please remember to take time and enjoy every day.

Your partner in education,

Michele West

Ideas to Challenge Your Child's Imagination

Weekends and snow days are just another opportunity to challenge your child's mind and creativity. Try the challenge below and see how much fun your child has while learning and thinking!!

Challenge Instructions

- Use regular copy paper, not card stock for this challenge.
- Fold each paper into the three shapes and secure with tape.
- Slowly pile books on top of each shape.

How many books can you pile on top of each shape? We did this experiment three times and got three different results, although the cylinder always bore the weight of three to four times the amount of books as the square or triangle.

Check out creeksidelearning.com for more exciting challenge ideas for your child!

Bright Beginnings News….

Bright Beginnings classes celebrated the holiday season with a study of the story The Polar Express by Chris Van Allsburg. Each class participated in activities within their classroom and then each class visited each of the other Pre-K classes for different activities. The week-long study ended with Pajama Day!

January brings the 100th day of school. We are looking forward to celebrating the 100th day on January 26 and participating in activities in our classroom and in the other Pre-K classrooms.

Kindergarten News….

We are 100 days smarter! On Thursday, January 26, we celebrated our 100th day of school. We colored pictures, made crowns, solved puzzles, and created masterpieces using 100 pieces of materials. In our 100 days we have learned all of our uppercase letters, lowercase letters, letter sounds and keywords, 25+ sight words, rhyming words, book parts, stretching and spelling words, our shapes, our numbers, how to count to 100, and so many other wonderful things. Thank you parents for packing 100 snacks and lunches, signing 100 behavior charts, picking out 100 school outfits, doing 100 nights of homework, and 100 plus other amazing things to help our students be successful. We could not do it without you! We are looking forward to 80 more spectacular days this year!

Students from Mrs. Page and Mrs. Godsey's class enjoyed a STEM activity while building their own creations from 100 items.

First Grade News……

In February, first graders will learn all about money, economics, graphing, and matter. They will also learn about summarizing what they have read and will complete several author studies. You can help your child at home by identifying coins and counting sets of pennies, nickels, and dimes up to $1.00 and going over any study guides that your child's teacher sends home. Selected first graders also started working in an after school STEM club. They have learned how to incorporate science, technology, science, and math into solving problems and design challenges. Students extended their knowledge of computer coding using http://code.org and Sphero robots. They will present what they have worked on and learned to their parents on February 21. Please be on the lookout for more STEM opportunities at school for your child to grow and learn from!

Currently we are working on building a STEM resource lab for our students at APS. We have been working on various projects throughout the school year. We need your help in stocking our closet with supplies that we will use for some of our future activities.
Some of the items on our wish list are:

- paper towel and toilet paper rolls
- small boxes – like Kleenex, cereal, cracker boxes
- Q tips
- cotton balls
- coffee filters
- paper plates
- noodles/pasta
- toothpicks
- cling/plastic wrap

aluminum foil
newspapers
old magazines
craft sticks
yarn
pipe cleaners
and any other non perishable item you think would spark a creative mind.

Thank you for your donation and support. We are looking forward to this exciting addition to APS.

Second Grade News…..

Our second graders have been hard at work! In February, second graders will be learning about weather and famous Americans in content. In math, we will be learning about measurement, telling time, and using a calendar. In language arts, we will be asking and answering questions using fiction and nonfiction text. We will also be learning about antonyms, synonyms and contractions. The PALS website has some parent activities to increase your child's reading skills. Be sure to visit: https://pals.virginia.edu/parents-monthly-activity.html. Please continue to read with your child daily! We are setting sail for success in second grade!

Art News…..

Hello from the APS Art Room!

I will be traveling to Longwood Center for the Visual Arts to set up for the Annual Youth Art Month Show. This year, the exhibition takes place **Sunday, February 19 – Sunday, March 26, 2017**. Enjoy our winter art offerings in the showcase near the front office of APS and the students and I look forward to announcing more Art Students of the Week. We appreciate all you do for our young APS artists.

Thank you,

Ms. Valerie York

APS Art Teacher

Library News…..

Our Book Fair is Coming…

We are excited about our upcoming Book Fair in March! An amazing selection of books is headed our way! At the Book Fair you will find the newest and finest titles for children, as well as books of interest to parents. **There will only be one week for the Book Fair so that means students should bring their money to purchase books the same week their class visits the Book Fair.** Fliers will be sent home for students to preview before then and a website will be listed in the March newsletter if you would rather purchase books online. **Our Book Fair Week is March 20-24. Mark your calendar for our Family Night Event where the whole family can join in the fun on PTO Monday night, March 20.** More details and a parent letter will be sent home at the beginning of March.

Music News….

Music forges ahead with the seasons! Winter is here and, as usual, we see a few warm and rainy days interspersed with the frigid temps. We are singing about snowmen, anyway!

Grade two students are talking about snow but have also geared themselves to begin a unit about the Symphony Orchestra. This unit is done to encourage them at a later date to perhaps choose to learn to play an instrument in the Appomattox Middle and High School Band classes. We are studying the four families of the orchestra: STRINGS, WOODWINDS, BRASS, and PERCUSSION. We are learning how they are the same in structure within the family, how their sound is made, and how they are played.

Grade one is also forgoing the snow theme temporarily to prepare for their performance at the March 20th. PTO meeting. The musical revue planned is entitled "The Principal and the Pea". It is inspired by the old Hans Christian Anderson tale "The Princess and the Pea". This performance guarantees to entertain! An informational letter will be sent home on Monday, January 30th. This letter will also include a permission slip for you to send back to your child's teacher to help with planning for staging, parts assigned, and props needed. You will want to save the date so that your child may perform with us if he or she chooses! Looking forward to this performance!

Kindergarten classes are currently "reading" the book "The Stranger in the Woods". It is a beautiful photographic fantasy about a snowman (the "stranger") who appears one morning in the woods and takes the woodland animals by great surprise! It is accompanied by music and even has a snowman dance we are planning to do! The illustrations are photos of live deer, and a host of other animals found in the woods. We are learning that authors can also be illustrators and take pictures to include in their books! We have also reviewed the role of author and illustrator in book writing. This book is very enjoyable and would make a great gift for a young relative!

Pre-K/Bright Beginnings students have been busy recently learning to following directional cues when passing an instrument. They are sitting in a circle passing and following the teacher as she directs them to pass, hold, play and also play loudly/softly, fast/slow, and even up/down as we move our instruments. We have also embraced the snow theme by creating a snowman while we sing. We place parts on the board and give him everything he needs to look great! Each student is given a chance to help build him as we sing about him! Fun!

Wishing you a warm, toasty winter with lots of smiley days!

Physical Education News….

Dear Parent/Guardian,

It's time for Jump Rope for Heart or Hoops for Heart, American Heart Association programs that teach students in 38,000 schools nationwide valuable lessons that will last a lifetime, such as:

1) **YOUR CHILD** learns about the importance of taking care of their heart and how it works. Did you know that heart disease is the leading cause of death in America? We can change that — 80 percent of risk factors for heart disease are preventable. Each member of the Zoo Crew teaches healthy habits for life!

2) **YOUR CHILD** learns the importance of helping others through this service learning project. Did you know that a lion's roar can be heard from five miles away? Your child has the ability to make a difference and share their ROAR for heart health loud and clear! We're challenging them to take their own heart challenge through our Zoo Crew E-Card and asking them to share that message with others. When they take the challenge and send it to 10 people, they will earn Rory's Zoo Crew Badge.

3) **YOUR CHILD** feels good for making a difference in people's lives! Funds raised support the American Heart Association's research and education initiatives that save lives in our community. Additionally, the school earns money for PE equipment so we can keep our kids MOVING!

We've made it easy for your child to ask for donations in person, or by sending messages online or through our free mobile app!

- In person—practice sharing your heart-healthy message using the script on your collection envelope.
- Mobile App or online— download the free mobile app by searching Jump/Hoops in the app store or log onto **heart.org/jump** or **heart.org/hoops**.

As they share the message of heart-health and raise money, students will earn members of our Zoo Crew!

REGISTER ONLINE today! Here's how…

Step 1: *Go to* ***heart.org/jump*** *or* ***heart.org/hoops.***

Step 2: *In the* ***Find Your School*** *and* ***Sign Up*** *area, click on your state or enter the city where your school is located. Click on the first letter of your school's name. Once you find your school, click on* ***Join Team****.*

~LOST AND FOUND~

Parents*, please put your child's name on book-bag, lunchbox, coats, jackets, caps, etc. If you are not comfortable with putting their name on, please put their initials. Every year I have 2 extra-large garbage bags of unclaimed clothes by the end of the year. I have teachers send clothing from their classrooms that the children don't even know that it is theirs! So, PLEASE put their names on their belongings! If your child is missing a jacket, etc. call the clinic, 352-8937 and I will be glad to check lost and found.*

Thanks,
Thanks, Sue Waddell, School Nurse

School Counselor News…

We are starting a new program here at Appomattox Primary School! Kelso's Choice is a program that works with kids to help them differentiate between small problems and big problems. It also teaches kids what to do next once they realize what type of problems they have. Conflict or disagreement is normal and often happens when children get together. However, hurtful words, gestures, or physical attack are unacceptable ways to deal with conflict and disagreement at school.

Our goal is to teach students several positive ways to deal with these difficult situations. To do this, we are asking students who have minor problems to try at least two of the following ideas:

By using this plan, we believe that our students will develop effective problem-solving skills that they can use again and again. It will help them to deal with conflict in a positive manner and to make appropriate decisions. Knowing what to do will help students reduce the stress and number of conflicts they have at school and in their neighborhood.

This program will begin soon at school. Colorful charts illustrating ways to deal with conflict will be posted so all children will know their choices. We encourage you to become familiar with this program and use it in your home. By working together, we can develop a healthy life skill for young people to use at home and at school.

Principal's News

Love is in the air at Appomattox Elementary School! We don't have to have Valentine's Day to show how much we care for each other, but February reminds us that we need to take time to do just that! This month, our students will be participating in our annual "Jump Rope for the Heart," as we strive to support the American Heart Association. In addition, our SCA will lead our school in sharing Candy Grams with each other to raise money for our Student Council Association (SCA) who strive to support our student's special programs such as after school clubs, various fundraisers, and school spirit activities. Listen out for news for another way the SCA will lead our school to reach out to help some special Superheroes in our area.

We have kicked off after school tutoring and will be gearing up for another round of After School Clubs this month. Also, on February 2, we will host a special Math/Literacy Family night. This evening will provide an opportunity for parents to learn about ways you can help keep your child safe in the social media environment. Our special guest will be Sergeant Stephen Anders of the Southern Virginia Crimes Against Children Taskforce (which used to be called Operation Blue Ridge Thunder). You won't want to miss out!

AES loves your children! Thank you for sharing them with us!

3rd Grade News

As we embark on the new year, students are getting back in the groove after having a nice break. Students will continue to be tested on their multiplication facts each week in hopes of earning a fun movie day! Please continue to work on these facts each night. In reading we will be learning about text features, biographies, and reference materials. Students will get the opportunity to use different reference materials to explore different topics. Our third grade superheroes are working hard!

4th Grade News

Fourth grade students are focusing on several skills in reading: cause and effect, fact and opinion, and using various reference materials. They continue to participate in guided reading lessons at their particular instructional levels. Please remember that research continually shows that ***reading*** is the most effective way to improve students' reading skills and to help develop a love of reading. We are often faced with having to make choices about what stays and what goes in our busy schedules. Please make the daily 20 minutes of reading a priority.

In math, 4th graders will continue working with fractions throughout February. They will simplify them, compare and order them, and add and subtract them. They'll need your help with making sure they stay on top with their basic multiplication and division facts, which will help them so much with these fractions skills!

In history, 4th graders will be learning all about Virginia's role in the American Civil war. Did you know that most of the battles of the American Civil War were fought right here in Virginia? As the unit progresses, your child will be able to tell you why it happened that way—don't forget to check in with him/her and find out!

5th Grade News

Fifth graders have been working hard in math solving equations using PEMDAS and identifying the distributive property. The multiplication challenge is still underway! Try practicing those basic facts on Hooda Math today!

Can you name the colors of the rainbow? In science, students have been exploring Light concepts. We have been experimenting with prisms, kaleidoscopes, and flashlights.

Students are reading and comprehending nonfiction. After your child reads at night get them to summarize verbally and/or by writing. We are also working on making inferences and comparing/contrasting concepts.

A program/website your child might want to explore on is Hour or Code http://code.org. The website encourages students to learn computer science/math skills.

All fifth grade students presented a 4-H speech this year. We are so proud of them!

Library News

Thank you so much for volunteering in book fair, and for coming to shop with your students during the fair. Having parents involved makes such an impression on the boys and girls. Thanks for helping students return library books on time, and for reading with them at home. These simple things that you do take time, but they are habit-changing behaviors for parents and children. Your impact on young readers is tremendous.

Science Fair

All students are invited to participate in the annual A.E.S./4-H Science Fair, which will be held on Thursday, March 16, 2017, during school hours. Students who choose to participate will decide on a project themselves, and complete the experiment at home. They will need to display all the information about what they did on a tri-fold presentation board. Students will bring their tri-fold board to school on the day of the Science Fair. **If you are thinking about participating, please see Mrs. Ranson during the month of February for a detailed information packet.**

*According to the rules for 4-H, students must be 9 years old by October 1, 2017 in order to compete in the Science Fair.

Science Fair Project ideas:

- How does the weight of different model cars affect the distance they travel when released from a ramp?
- How does the height of the ramp affect the distance my model car travels?
- What is the best way to keep an ice cube from melting?
- Which homemade airplane design flies best?
- Which brand of paper towel is strongest?
- How much sunlight is best for plant growth?
- Which plant fertilizer works best?
- What type of food allows mold to grow the fastest?
- What brand of bubble gum produces the biggest bubbles?
- Which brand of glue works best on wood?
- Which brand of battery lasts longer?
- In which liquid will salt dissolve fastest?
- Which liquid will evaporate fastest?

If you have any questions, please contact Mrs. Ranson at 352-7463 ext. 4365 or mmranson@appomattox.k12.va.us.

ANNUAL NOTIFICATON TO PARENTS
Scoliosis Information

The Virginia General Assembly requires schools to conduct annual scoliosis screenings or provide educational material to parents of students in grades five through ten. In accordance with House Bill # 1834, Appomattox County Public Schools is providing the following educational material to parents.

What is scoliosis?

A normal spine, when viewed from behind, appears straight. However, a spine affected by scoliosis has a sideways curve, making it appear like an "S" or a "C". Scoliosis is a type of spinal deformity that should not be confused with poor posture. Scoliosis can occur at any age, but the most common type occurs in teens and preteens as they go through their growth spurt.

Scoliosis occurs in 2-3 percent of adolescents by the end of their growth period. Mild curves generally do not cause problems. However, 3-5 out of every 1,000 adolescents have curves large enough to warrant treatment. Progressive, untreated scoliosis can lead to limited motion, back pain, deformity, and in extreme cases impaired function of the heart and lungs. Early detection and treatment may prevent scoliosis from progressing.

A simple check for scoliosis is part of a routine physical exam. However, it would not normally be detected at routine visits for illnesses such as colds and sore throats. Parents/guardians are strongly encouraged to have their child evaluated by their primary care provider for scoliosis as part of a regular checkup.

What are the signs of scoliosis?

- One shoulder may be higher than the other.
- One scapula (shoulder blade) may be higher or more prominent than the other.
- With arms hanging loosely by the side, there may be more space between the arm and the body on one side.
- One hip may appear higher or more prominent than the other.
- The head is not centered over the pelvis.
- When the patient is examined from the rear and asked to bend forward until the spine is horizontal, one side of the back appears higher than the other.

VSBA Hot Topic Conference
April 20, 2017

Holiday Inn
1901 Emmet Street
Charlottesville, VA 22901

Join us for the 2017 VSBA Hot Topic Conference in Charlottesville, VA. Members will hear from Phil Gore, Director of Leadership Team Services for the Texas Association of School Boards, on the hot topic issue of how school boards make a difference.

Research demonstrates that beliefs and actions of school boards affect student outcomes. Consider how the mindsets and dispositions of board members affect student achievement. Come learn how boards in high achieving districts govern differently than those in lower achieving districts. Participants will also practice board governance skills related to improving student outcomes and develop action plans your board can implement to improve student outcomes in your division.

We hope you will be able to join us for this informative conference!

COMPOSITE INDEX (CI) OF LOCAL ABILITY TO PAY

- The Composite Index determines a locality's ability to pay education costs fundamental to the Commonwealth's Standards of Quality (SOQ). The Composite Index is calculated using three indicators of a locality's ability-to-pay:
- True value of real property (weighted 50 percent)
- Adjusted gross income (weighted 40 percent)
- Taxable retail sales (weighted 10 percent)
- Each locality's index is adjusted to maintain an overall statewide local share of 45 percent and an overall state share of 55 percent.
- ACPS CI:
- 2016-18: .2917
- 2014-16: .3080
- 2012-14: .2945

COMPOSITE INDEX OF LOCAL ABILITY-TO-PAY FORMULA

Average Daily Membership (ADM) Component =

VSBA School Board Appreciation Month –

The Virginia School Boards Association (VSBA) has designated February as their annual observance of School Board Appreciation Month. The time spent in board meetings represents just a small fraction of the hours school board members spend leading in our school division. They also work hard at seminars and training sessions to keep abreast of the latest trends in educational leadership, are deeply involved in community activities, and spend many hours in the schools and at extra-curricular events. Their love for learning, and concern and caring for students, staff and community, drives their desire to lead so students can achieve.

Appomattox County Public Schools took great pride in recognizing the following members of the Appomattox County School Board for their service and dedication to public education:

Mr. Bobby K. Waddell, Chairman
Mr. Gregory A. Smith, Vice-Chairman
Rev. Alfred L. Jones III
Ms. Cynthia L. Hall
Dr. Wendy Hageman Smith

VSBA School Board Clerk Appreciation Week: February 20 - 24, 2017 –

VSBA designated the third week in February as VSBA School Board Clerk Appreciation Week, in an effort to build awareness of the role board clerks play in assisting school board members, superintendents, and our local schools. The following were recognized:

Brenda F. Gowin, Clerk
Jayne D. L. Enochs, Deputy Clerk

On behalf of the School Board, the Chairman presented Certificates of Special Recognition to the individuals listed above for their outstanding accomplishments.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the January 31, 2017 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,203 students. This compares to a budgeted ADM of 2,175. (See Attachment # 8)

VSBA and NSBA Activities

VSBA will conduct a Hot Topic Conference in Wytheville on March 15, 2017. The registration fee is $150.00 and the deadline is March 1, 2017.

VSBA will conduct an Orientation for New School Board Members Part II in Charlottesville on March 28, 2017. The registration fee is $150.00 and the deadline is March 14, 2017. Ms. Hall is registered to attend.

VSBA will provide an additional Hot Topic Conference in Charlottesville on April 20, 2017. The registration fee is $160.00 and the deadline is April 6, 2017.

The 2017 VSBA Annual Convention will be held at the Colonial Williamsburg Lodge, November 15-17, 2017. This year our school division is not in the rotation for housing at the Williamsburg Lodge. Mr. Waddell and Dr. Grasty stated they plan to attend and requested the Clerk process their reservations.

School Showcase: Appomattox Middle School

Appomattox Middle School (AMS) was featured in this month's School Showcase. Mrs. Cheryl Servis, AMS Principal, was pleased to introduce Alexis Corbin, Alexandria Bailey, Breanna Gilliam, Sontajia Richburg, and Mr. Ronnie Lankford, AMS Technology Assistant. These talented students, under the direction of Mr. Lankford, presented an excellent video that exemplified the AMS theme of "Don't Stop Until You're Proud".

Superintendent's Presentation of the Proposed 2017-2018 School Budget

Dr. Grasty, with the assistance of Mr. Bruce McMillan, Director of Finance and Human Resources, provided a detailed power point presentation concerning the Proposed 2017-2018 School Budget as follows: (See Attachment # 9)

- Striving for Excellence
- All Schools Fully Accredited Second Year in a Row
- Only School Division in Region 8 and Region 2000 with All Schools Fully Accredited

- ACPS Comprehensive Plan
- Demographics
- Virginia Code 22.1-92 – Statutory Responsibility
- Longitudinal ADM
- Maintenance Completions 2016-17
- Maintenance Summer Projects for 2017
- Maintenance Needs 2017-18
- Transportation Information
- 2017-18 Budget Goals
- Teaching Positions
- Percent of FY 2016 Actual Local Expenditures for Operation Above Required Local Effort (RLE)
- Cost of Living Employee Compensation Increases ACPS
- Budget 2017-18
- Various State Revenue Projections – All Are About $400,000 More Than This Year
- Original Budget Goals and Cost as of January 2017
- Budget with 2% Pay Increase for All Staff
- Budget with 3% Pay Increase for All Staff
- Next Steps

Board Members thanked Dr. Grasty and Mr. McMillan for their budget presentation.

Mr. Smith expressed his appreciation to the Appomattox County Board of Supervisors for working diligently to increase the amount of funding they are providing to our school division above the required local effort. He also congratulated the transportation department for traveling a total of 528,117 miles without any serious injuries to students.

Budget Work Session

The Board conducted a Budget Work Session by reviewing the three budget scenarios that were included in the superintendent's budget presentation.

Mr. Waddell noted the two percent salary increase was a reasonable request to submit to the Board of Supervisors. Mr. Smith stated the budget was conservative based upon our ADM and covered the budget goals adopted by the Board in January.

Dr. Grasty noted should the General Assembly approve a state budget on February 25, 2017, as they have announced, our School Board will be able to adopt a budget for 2017-2018 in March and submit it to the Appomattox County Board of Supervisors for approval of funding from the locality.

Business Update

Mr. Bruce McMillan presented an update on health insurance. He stated at a recent meeting with our health insurance company, PCHP, it was reported our claims are running higher than our premiums which will impact rates for the upcoming plan year unless the trend reverses during the next few months. Dr. Smith requested the report from PCHP be provided to Board Members. Mr. Waddell suggested the document be scanned into Board Docs and Mr. McMillan stated he would. (See Attachment # 10)

2017-2018 School Calendar Recommendation

Mrs. Annette Bennett, Director of Curriculum and Instruction, presented information from the following Calendar Committee Members concerning the 2017-2018 School Calendar:

Lara Peterson	-	Appomattox Primary School
Judy Johnson	-	Appomattox Primary School
Katie Driskill	-	Appomattox Elementary School
Carrie Thompson	-	Appomattox Elementary School
Gwen Rigney	-	Appomattox Middle School
Amanda Shappard	-	Appomattox Middle School
Brittany McLean	-	Appomattox County High School
Stephanie Tyree	-	Appomattox County High School

Mrs. Bennett stated this committee did an amazing job and completed a lot of work to narrow the choices down to two drafts. She presented the two draft calendars and highlighted the differences. (See Attachment # 11) The two draft calendars were submitted to parents and staff through a survey. Of the responses received, Draft #2, which establishes Tuesday, August 8, 2017 as the first day of school for students, was the favored calendar. The Board was requested to take action concerning the 2017-2018 School Calendar later during the meeting.

Report from Central Virginia Governor's School Board Meeting of February 1, 2017 – Mr. Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, reported on their February 1, 2017 meeting. He stated the cost is $4,500.00 per slot. Lynchburg City Schools had requested nine slots for next year but did not receive budget approval from their School Board. An additional fourteen students can be added without the need to hire another teacher. Mr. Smith was very appreciative of the six slots that ACPS currently has

at CVGS and welcomed future additions should our budget allow. The next meeting of the CVGS Board will be Wednesday, March 1, 2017 and their calendar for 2017-2018 will be finalized at that time. Mrs. Bennett also attends these meetings and stated we have received eleven applications for the three junior slots that will be filled for next year.

Report from LAUREL Board Meeting of February 1, 2017 – Ms. Hall

Ms. Cynthia Hall, Board Representative to the LAUREL School Board, reported on their February 1, 2017 meeting. She stated 142 students attend this school for children with special needs which includes five students from our division. Ms. Hall stated it has been very rewarding to see the progress students have made in the short period of time she has been on the LAUREL Board. The annual LAUREL budget for 2016-2017 is $3.7 million.

Report from STEM Board Meeting of February 7, 2017 – Dr. Smith

Dr. Wendy Hageman Smith, Board Representative to the STEM Board, reported she was unable to attend the meeting of February 7, 2017 due to her work schedule and Mr. Waddell had attended in her place. Mr. Waddell stated two important items were discussed at the meeting: they are adding a program for cybersecurity and enrollment will not be increased which costs over $5,000.00 per student. Currently two students from our division attend. The students have started their internships for the year with seven additional companies participating.

Request from ACHS After Prom Party Committee

The superintendent reported the prom for Appomattox County High School (ACHS) will be held Saturday, April 22, 2017 from 8:00 to 11:00 p.m. on the 20th Floor of the Bank of the James Building in Lynchburg. The Bowling Alley in Lynchburg is being considered for the After Prom Party from 11:30 p.m. to 2:00 a.m. For a number of years the Board has contributed $1,000.00 to this worthy event for our students. Dr. Grasty stated this was also included in the meeting agenda as an action item.

Discussion of March 23, 2017 Tour of School Facilities

The Board is scheduled to tour school facilities on Thursday, March 23, 2017 from 9:00 a.m. until 3:00 p.m., beginning at the School Administration Building. The superintendent requested the Board provide guidance regarding particular programs to be included in the tour. The following requests were received:

- Ms. Hall requested eating lunch at a different school from the last school tour.
- Mr. Waddell requested to see new programs.
- Mr. Smith requested they visit the Auto Mechanics Program at the high school.
- Dr. Grasty noted she would like to visit the greenhouses and the area where the horticulture program will be conducted.

The superintendent reminded the Board that elected officials would not be included in the March 23rd tour but will be invited to the half-day tour of school facilities in September, 2017.

ACTION ITEMS

Principal Michele West…

Dear APS Families,

Progress continues after the tornado on February 24, 2016. We find a silver lining. Clean up took months and looking back after a year that changed the lives of these homeowners, we remember one thing: support from the community around us. The outpouring of help was just heartwarming, it just was amazing. It's very nice to know that you're thought of.

We will be celebrating Dr. Seuss's Birthday the week of February 27, 2017. Each grade level will be celebrating Read across America and Dr. Seuss Birthday with our kids by reading.

Please mark your calendars for March 6, 2017. Our APS PTO Spring Fundraiser begins. Our APS PTO partners with APS in putting children first. This is not a door to door campaign. Our fundraiser will support our children's learning and resources for our teachers.

The end of the 3rd nine weeks is March 10, 2017. I know our teachers look forward to speaking with you during conferences. We have a teacher workday on Monday, March 13, 2017, APS Spring Pictures on March 15, 2017 and report cards will be sent home on Friday, March 17, 2017.

On March 20, 2017, you are in for a real treat. Our first grade students will be performing in the "The Principal and the Pea." Mrs. Morrison has been working with our children in learning speaking parts and music for our enjoyment.

I hope you will take time to visit during our Scholastic Book Fair during the week of March 20th. We are very proud to have an author visit our school on March 20th. She will be signing books right here at APS.

Upcoming Important Information:

Last, we as teachers and learners believe in a balanced literacy approach where we adapt our instruction every day to meet the needs of learners. We assist them in becoming fluent readers and writers. That being said, you will notice that we are paying close attention to Word Study as one important component to strengthen students' spelling, vocabulary, and phonic-word knowledge. Through handson learning, we build on what students already know and foster an appreciation and interest in word learning. Our instructional coach, reading specialists, and administrators have been conducting professional development that will help students acquire the skills and strategies they need to read and spell new words quickly and automatically as they read and write at school.

Volunteers are still needed for our school and APS Field Day. Please consider helping out either from home or by participating in our school academics/events. Thanks for being a partner in your child's education.

Yours sincerely, Ms. West,

Getting Excited about Quality Time

Below is an idea for you and your child to spend some creative quality time together that doesn't include screen time. What a great way to spend a March day!

Published on *Highlights for Children* (https://www.highlights.com)

Paper Plate Spin Art [1]

What You'll Need

- White paper plate
- Cardboard box, with top flaps removed
- Poster paint
- Paintbrush

What to Do

1. Place the paper plate in the cardboard box.
2. Drop small drips of watery poster paint from a paintbrush onto the plate.
3. Give the box a quick spin. Each time you spin, the picture will change.

Extend the Fun

Younger kids: Talk with your child about what the paint looks like before she spins the box. If you can, take a picture of the plate. Then, have her spin the box quickly. Ask her what the paint looks like now. How did it change? Use the photo to talk about what's the same and what's different before and after spinning the box.

Older kids: Encourage your child to turn one of the paper plates into a maze after it's been spun. See if he can get from one side of the plate to the other without going just along the edge. Challenge him to find different ways through the plate or specifically spin a paper plate maze.

Spinning a plate to make art? Yes! It's the unexpected that kids will love about this craft. Because how often do they get to add paint to something and then make it move? (Not that often.) So have fun with your kids changing it up and making some cool looking art.

Bright Beginnings News….

Bright Beginnings students kept busy in February celebrating Valentine's Day and Presidents Day. In March, students will be celebrating Dr. Seuss's birthday with lots of fun learning activities.

Finally, Bright Beginnings students are enjoying using Ipad minis in the classroom. Each class received Ipad minis equipped with great learning apps to enhance the students math and reading skills.

Kindergarten News….

Believe it or not, the 4th nine weeks is just around the corner! Our end of the 3rd nine weeks testing will begin soon. Please remember that it is important for your child to attend school on a regular basis. When they are not here, they miss vital instruction. When they come back, it takes a little bit of time for them to fall back into the routine of school.

Please make sure that you make time daily for reading practice and other homework tasks. Your child's kindergarten teacher is working very hard to prepare your child for the jump to first grade. We want our students to be as prepared as possible for what next school year has prepared for them. Attending school and completing homework are necessary to your child's success. Please keep this in mind as we head into spring sports and activities. What a great opportunity for our kids to be active, learn teamwork, and make new friends. It is also a great opportunity for your child to be reminded that you value their education as you continue to make school a priority during the busy spring season.

First Grade News……

March is going to be an exciting month in first grade. Read Across America Week is February 27-March 3. This month, first graders will be going on their spring field trip to Holiday Lake 4-H Center. Please be on the look-out for more information about the field trip. The first grade PTO performance is on March 20th at 7:00. If your child would like to participate and you have not already done so, please sign and return the permission slip that was sent home in February. The school book fair is in March. Spring Picture Day is coming up as well. Please remember to check your child's folder daily for information about all of the fun events planned for March as well as information about the upcoming Little Farmer's Day.

Second Grade News…..

At APS, our second graders have been busy! In March, we will be learning about money, shapes, maps and globes, and life cycles. Second graders will also be asking and answering questions about fiction and nonfiction, and we will be learning about prefixes and suffixes.

Do you want to spend time with your child and help build his/her reading skills? Here are ten tips:

1. Set aside a regular time to read to your children every day.
2. Surround your children with reading material.
3. Have a family reading time.
4. Encourage a wide variety of reading activities.
5. Develop the library habit.
6. Be knowledgeable about your children's progress.
7. Look for reading problems.
8. Get help promptly for reading problems.
9. Use a variety of aids to help your children.
10. Show enthusiasm for your children's reading.

Most importantly, have fun with books!

Second graders are Setting Sail for Success at APS!

Art News…..

March is Youth Art Month!

The following students have artwork representing Appomattox Primary in Annual Area Youth Art Exhibition at the Longwood Center for the Visual Arts.

Prek- Parker Hatch, Kindergarten- Cameron Slayton and Brooklynn Harris, 1st grade Leah Almond, Izaiah Bailey, and Jack York, 2nd grade Rylee Arrington, Khloe Brogden, MonTrevious Fitch, Autumn Harris, Kara Harris, and Steve Wells.

The Opening Reception was February 19th, 2017 from 2-4pm. We are sharing some pictures of this event and our Artists with this article.

The show is free and open to the public through March 26th 2017. Congratulations to all our Artists!

Library News…..

Our Book Fair is Coming…
We are excited about our upcoming Book Fair in March! An amazing selection of books is headed our way!

At the Book Fair you will find the newest and finest titles for children, as well as books of interest to parents. **There will only be one week for the Book Fair so that means students should bring their money to purchase books the same week their class visits the Book Fair.**

Fliers will be sent home for students to preview before then and a website will be listed in the March newsletter if you would rather purchase books online. **Our Book Fair Week is March 20-24. Mark your calendar for our Family Night Event where the whole family can join in the fun on PTO Monday night, March 20.** More details and a parent letter will be sent home at the beginning of March.

Music News….

Spring is on the way, I believe! A last big snowfall may have been fun, but I am now thinking I will just take this warmer weather!

Music is surging ahead as we have two grade levels preparing at one time for their PTO programs. Our First Grade program, "The Principal and the Pea", will be presented on Monday evening, March 20th @ 7:00 p.m... Please have your performer here and in the gym (all-purpose room) by 6:30. I will be sending home dialog for students with parts. Please keep this page handy to work on so your student is able to practice the words. I will also send a brief message about how those with speaking parts should dress.

Kindergarten is beginning to learn songs for their upcoming performance of "Prime Time Nursery Rhymes" to be held on Tuesday, May 2nd. I will send a permission letter home soon for you to sign and return to classroom teachers. Most performers will be singers. There may be a few little parts as nursery rhyme characters but not many and with minimal costuming. Lyric sheets with song words will be sent home, but most learning will be done in class and taught by rote, as we are not reading song lyrics yet. If you could read them to your child, it would be a great help. Time in class is limited and May 2nd. will be here before you know it! Thank you for helping and encouraging your student!

Second grade classes are winding up a unit on symphony orchestra instruments and playing games as teams to identify them this week. We have worked at the Promethean Board to identify instruments. We have watched videos of symphony orchestras. We have learned the characteristics of each family of instruments: Strings, Woodwinds, Brass, and Percussion.

One purchase this year for music class has been twelve student-sized xylophones. We have used them in conjunction with the student hand bells and had a great time! Keys of each xylophone are colored and match the bells used.

We have played them separately and together using bells AND xylophones. I hope that next year will bring another purchase of 12 more so that each student may work with a xylophone and learn to play little songs within an octave. So much fun!

Be sure to attend our upcoming PTO performances. We are delighted to be singing for you and entertaining you!

Happy - (almost) - Spring!

~LOST AND FOUND~

***Parents**, please put your child's name on book-bag, lunchbox, coats, jackets, caps, etc. If you are not comfortable with putting their name on, please put their initials. Every year I have 2 extra-large garbage bags of unclaimed clothes by the end of the year. I have teachers send clothing from their classrooms that the children don't even know that it is theirs! So, PLEASE put their names on their belongings! If your child is missing a jacket, etc. call the clinic, 352-8937 and I will be glad to check lost and found.*

School Counselor News…

Kelso's Choice

This month I am working with our First grader's and introducing them to Kelso and Lilly. Kelso helps Lilly and our students at APS learn the difference between a small problem and a big problem. A small problem is one that they are able to fix on their own and a big problem is one where they need to tell a trusted adult.

Below are some talking points for you to discuss with your child. Which ones are small problems and which ones are big problems?

- My friend won't play with me!
- She accidentally stepped on my toe!
- He poked me while I was in line!
- An older student hit me!
- He won't let me play with him!
- She keeps calling me names!
- He broke in front of me in line!
- She was running in the hall!
- He won't share his toys with me!

Our second grade teachers will continue to discuss Kelso's Choice throughout the remaining school year with their students. By the end of the school year, every classroom will have been introduced to Kelso's Choice. Every classroom will also have a poster with Kelso's Wheel of Choices. Our teachers will remind their students what to do if they have a small problem and what trusted adults they can talk to if they have a big problem.

Thank you for the opportunity to work with your children! If you have any questions about Kelso's Choice, please feel free to contact me at 352-0831.

"AES IS APPOMATTOX STRONG: *KNOWLEDGE IS OUR SUPERPOWER*"

Principal's News

We are "March-ing" into the last leg of our school year. Our third nine weeks ends in just a few short days, and it already has been feeling like spring for most of the winter! Who knows what our weather will look like for this month? We can't always predict the weather outside, but what we CAN know for sure is that there are quite a number of exciting things happening within our school building! Our students continue to learn new concepts every day, and they also are teaching us as well. For Mr. Bowyer and I, the best part of the day is when a child comes up to share something they have learned or to show us evidence of their successes in class. Parents, the smiles we see at those times take our breath away! Just recently, a young lady stopped in the office to share the good news of earning 100% on her geometry test! I am not sure if the grade was as important to her as knowing she had tackled a challenge and her hard work paid off the way she desired. In any case, she was proud, and so were we! Another treat for us is making a special phone call to parents when their child has earned a "Positive Behavior Referral" for going over and beyond the call of duty to help others. We are not only growing active learners, but we are building positive citizens as well, and we are thrilled when we see them making those choices that are going to help them be true everyday superheroes! As we enter into this last nine weeks, with Spring on the rise, please take time to remind your children that every day is important, and every day they need to come to school with the type of character and determination that will foster pride in their relationships with others and in their accomplishments.

Student Attendance---Every Day Matters

It's the time of year when colds and flu are rampant. Getting sick is out of the control of parents and students. However, it is so very important for students to be at school. There is so much happening each school day it is impossible to make up every activity when students are absent. Every day matters.

There are some days when sending your child to school is impossible due to illness. On those occasions, please send a note to school with your student on the next day back. This note lets us know that you are aware of the absence. Not all illnesses require a doctor's visit. However, if you visit the doctor, please ask for a note and send it to school the next day back.

Please try to avoid planning family trips/vacations during the time school is in session. Family time is very important, but March and April will be busy with SOL test preparations. Working together, we can help students be prepared for upcoming tests.

Thank you for your cooperation.

3rd Grade News

Students have been working on Simple Machines in Science and, in some classes, turned in some very creative projects. Projects included PowerPoint presentations and posters! Fractions have been fun! Students have learned how to identify equal parts of a fraction use mixed numbers, find fractions on a number line, and comparing fractions. We will continue by adding and subtracting fractions with like denominators.

4th Grade News

Thank you for being a part of your child's education by reinforcing the skills at home. Listed below are several suggestions to help develop their skills.

- Listen to your child read and ask questions about the story after every couple of pages.
- Read to your child and ask them questions about the story.
- Spend time in the local library together.
- Play a game of Charades to help with oral directions.
- Demonstrate how to use a compass to find a location.
- Encourage your child to write in a journal each night about their day.
- Listen to them read sentences they have written to check for a complete thought.
- Check every sentence for accurate punctuation and capitalization.

When reading a book:

"What do you think might happen next?"
"Does this remind you of anything from your life?"
"Can you tell me about what you read today?"
"Why did he/she act that way?"

When visiting an unfamiliar place:

"How is _____ similar to/different from _____?"
"Can you explain/show me that in another way?"

When making an important decision:

"How would you rank _____?"
"How do you imagine _____ would look?"
"What do you think a solution might be?"
"Why did you decide to choose _____ over _____?"

Explore math in everyday life:

- Counting out forks to set the table, pouring from a gallon of milk, telling the time when his favorite TV program begins. When kids realize that math is all around them, they begin to relax and see its meaning in their lives.
- Show how math is more than learning addition, subtraction, multiplication, and division. Math also teaches us to analyze, reason, and plan. These are useful skills that transfer over to reading and writing as well.
- Model analytical and mathematical thinking. Be a problem solver, pose questions, and find solutions.

Talk about likenesses and differences, and explain your reasoning.

- Encourage your child to explain his problem-solving process so you can understand his reasoning.
- When driving to school or the store, talk about how numbers help us determine how fast we drive, the distance traveled, the mileage the car gets per gallon of gas, and how long it will take to get home.
- Incorporate games involving numbers and math into playtime — from flash cards for learning basic math facts to board games involving money, time, and logic.
- Post a chart of math facts in your child's room. Some activities and games can help kids memorize math concepts.
- When helping your child, ask questions to guide him through the process, such as "Where do you begin?" "What do you need to find out?" "Can you show me in a drawing how you got the answer?"
- It's OK to say that you don't understand a problem. It gives you an opportunity to review the lesson together to see if you've missed an important piece of information.

5th Grade News

MARCH IS A HUGE SCIENCE MONTH HERE AT AES

Fifth graders are ramping up and getting ready for our exciting educational opportunity to visit the Virginia Aquarium and Marine Science Center on April 21st! We are currently studying about life processes and in particular invertebrate and vertebrate animals that we may encounter during this real life experience!

Just a final reminder that ALL money is due for this field trip on March 17, 2017.

Students have been building and maintaining a habitat for a certain "critter" that they have received by bringing in a small plastic container with air holes and a zip lock baggie with plain dry cereal. Measurements and certain fun lab experiment testing have been handled carefully by each student caregiver. Ask your child about his or her "critter".

This month fifth graders have the option of completing their final Science Fair Project while in elementary school! All project sheets are to be signed and turned in to Mrs. Ranson by March 3rd so they still have two weeks to think about this wonderful opportunity!!

Physical Education News

We are pleased to have with us, Mr. Andrew Lucas, from Longwood University. Mr. Lucas is from Vienna, Virginia. He has played soccer for 14 years, and is a Health and Physical Education major at Longwood. He loves all animals, and has two dogs, 14 fish, a bird and a snake at home. Mr. Lucas began his student teaching placement at AES on February 6th and will be with us until March 24th.

Our Jump Rope for Heart event was a success again this year, as of February 21st students of AES raised almost $3,000 for the American Heart Association! We had 86 students complete the American Heart Association's "Zoo Crew" challenge. We will report a final total of our fundraising efforts in our next newsletter. Thanks to the parents for your support in this worthwhile cause to help children and adults fight heart disease and stroke. We also appreciate you encouraging your child to give back to his/her community by actively participating in this event. Congratulations, AES, on a job well done!

A FEW THINGS YOU NEED TO KNOW ABOUT CYBERBULLYING...

The instant access that cell phones and the Internet provide means that children need to use common sense when it comes to cyber communication. This includes knowing how to handle cyberbullies who use text, email, voice, and instant messages, as well as photos to embarrass, insult, and unnerve kids.

A 2007 study of approximately 2,000 middle school students in grades 6 though 8 found that 42.9% of them had at least one of the following experiences in the last 30 days:

- received an email or an instant message that made them upset
- had something posted on a social networking site that made them upset
- had been made fun of in a chat room
- had something posted on a Web site that made them upset
- had something posted online that they did not want others to see
- were afraid to go on the computer

About the same number of students reported being victims of cyberbullying as being bullies—17%

REVIEW THESE ADDITIONAL TIPS WITH YOUR CHILD:

- Program family phone numbers into your phone for easy access.
- If there is an emergency, don't wait, call 9-1-1 (or your local emergency number).
- Remember that photos you send stay online forever and can be sent to anyone.
- Follow the rules about cell phone use. Cell phones shouldn't be used in some places.

CELL PHONE SAVVY

WHO IS YOUR CHILD TEXTING?
WHAT MESSAGES ARE BEING RECEIVED?
DO YOU KNOW?

The Wireless Foundation and the National Crime Prevention Council have teamed up with Weekly Reader to bring you important information about cell phone safety and cyberbullying. Your child is participating in a program on this topic at school. We hope you will reinforce what your son or daughter has learned with conversations at home about safety and courtesy on cellular devices.

Inside this pamphlet is a contract for you and your child.
It will help keep your child's cell phone use safe and constructive.

TIPS FOR TALKING, TEXTING, AND SENDING MESSAGES

- ***Send*** appropriate text, email, or picture messages only.
- ***Do not give out*** your address or other personal information on a phone call, text, or email to people you don't know, or if others can hear you.
- ***Do not respond*** to an email, text, picture, or voice message from someone you don't know.
- ***Tell an adult*** you trust if you receive anything on your phone—a call, a text message, an email, a picture, or voicemail message—that makes you uncomfortable.
- ***Be aware*** of your surroundings and understand when talking or texting is appropriate and when it is not.

The more advanced cellular devices become, the more functions they have available. Sending pictures over the Internet is something that children do all the time. Photo-messaging on cell phones is no different. Children need to be aware why all pictures are not appropriate to send. They also need to know that if they receive a message or image that makes them uncomfortable, they should immediately tell you or another trusted adult.

FAMILY CONTRACT FOR RESPONSIBLE CELL PHONE USE

CHILD:

I will follow all school rules about cell phones.

I will answer my phone if my parent calls, or return the call immediately if I'm in a restricted use area.

I will not use my phone to share photos that could embarrass me or others.

I will not share photos of other people without their permission.

I will not talk or send text messages about people in a way that hurts them or their reputation.

I will not pass along or give any other support to a hurtful message sent to me about someone else.

I will not download, add, or subscribe to anything on my phone without my parents'/guardians' permission.

I will not disable any parental controls on my phone.

If I'm uncomfortable with messages on my phone, I'll talk to my parents/guardians about it.

I will not talk or text with anyone I don't know; I will tell my parents if a stranger keeps trying to contact me.

I will not use my phone to arrange meetings with anybody I don't know.

I will stay within my plan's usage limits and review my usage with a parent/guardian if I go over those limits.

PARENT/ GUARDIAN:

I will periodically talk with my child about using a cell phone.

I will not take away my child's cell phone if my child comes to me about a problem concerning content or contact on a phone unless my child is in danger or has disregarded family rules. Instead, we will work together to try to solve the problem and to make sure my child makes good choices.

I will set reasonable consequences if any of the above rules are broken.

I will periodically revisit these rules as my child matures and cell phone technology evolves.

McGruff's 10 TIPS FOR KIDS To Stay Safe Online

1. When choosing a password, make sure it includes letters and numbers. This makes it harder for someone to guess.

2. Avoid free screensavers, smiley faces, and other free downloads unless you absolutely know the download is safe.

3. Use privacy settings on social networking sites to avoid having strangers see your profiles. Have a parent or adult you trust check your profile to make sure they're okay with what you've posted (even if only your friends can see it).

4. Ask your parents to install anti-virus, anti-spyware, anti-spam and personal firewall software.

5. Ask your parents if the installed software is up-to-date.

6. Ask your parents to help you find websites that are safe, fun, and kid friendly.

7. Avoid clicking on downloads from unfamiliar emails and websites.

8. If you come across an email or IM from someone you don't know, don't respond. Tell an adult about the message.

9. When using a browser such as Google or Yahoo, be careful what key words you type in. Avoid curse words; they may lead to risky sites.

10. Never give out personal information or send pictures to strangers or strange websites.

If your computer has security software installed and you follow my tips, you can enjoy all the games, music, knowledge, and fun the Internet has to offer.

Reading is Oh So Sweet!

- Find time to daily read with your child. Have your child read out loud to you!
- Books are amazing valentine's gifts! Find ones that focus on your child's interests.
- Reading and writing are the perfect match. ☺
  - Write valentine notes to each other (parent to child/child to parent)

Parents, please make a point to...

support & Compliment

Word-Solving

When an error is made **WAIT** to give your child a chance to work on it **independently**. When you are certain they are going to keep going, stop them saying something like, "Try that again," or "Make it match."

Comprehension

Ask questions that invite recall AND thinking, such as, "Why do you think __ happened?" or "What do you think __ means?" Urge re-reading to build comprehension as needed.

Fluency

Model expressive reading & have your child echo read. Encourage just-right pacing (not too fast, not too slow). Demonstrate how to attend to the punctuation (pausing at the end of sentences, adding expression based on the punctuation mark).

word-solving

- You used the first letter & checked the picture!!
- You tried more than one strategy on your own!!
- Nice job trying a different vowel sound!!
- Super work making your eyes go through the beginning, middle & end of that word!
- Lovely job sticking with it to work on solving!

comprehension

- You are self-monitoring & working on it when it does not make sense!
- Your expression is showing that you understand what you're reading.
- Wonderful job stopping to think about the text instead of reading to just get to the next page!
- You remember the details beautifully!

fluency

- You sounded just like the character would sound!
- I could hear you take a break after the punctuation marks!
- You are reading in phrases, not word-by-word!
- Your speed is just right! Not too fast or too slow!

RAIDER DIGEST

Volume 2, Issue 3 March 2017

PRINCIPALS POST

Happy Spring!!

It is very hard to believe that the third nine weeks is complete and we are just weeks now from spring break. Our students and teachers are working hard to finish their curricula and begin their review for SOL testing.

Eighth grade students will begin SOL testing with the Writing test administered March 22, 23, and 24. The rest of our student body will complete SOL testing during the month of May. You will receive dates and times as we get nearer to testing. Please help students perform their best by making sure they receive a good night's sleep, eat a filling and healthy breakfast, and get to school on time. Please remind students that while we want them to do their best, the SOL test is one test on one day. Their score has never and will never define them. We look forward to having our students amaze us during testing with all they have learned this year.

As you are working with your student at home, please remind them how important it is in life to have grit. Our students are amazing individuals. There's not much they can't accomplish if they believe in themselves and are willing to put in the hard work. Remind them that their teachers are here and willing to help them at any time. Encourage them to seek assistance when they feel they need it. And most importantly to never give up on themselves.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together.

We are the Raiders and we don't stop until we're proud!!

Sincerely,

Cheryl Servis

Principal

ALPS STUDENTS TOURED GOVERNOR'S SCHOOL

On February 22nd the 6th grade ALPs class toured the new facility of Central Virginia Governor's School (CVGS). The students had a scavenger hunt, sat in on a class, interviewed a current student about gear ratios and learned about the application procedure for admittance into CVGS.

The students then travelled to Randolph College for lunch in the college dining hall and a tour of the college. Students met with the Dean of Admissions learning the expectations of college applications and viewed college classrooms and dorms with the assistance of current students, learning the different classes, majors, clubs, activities and athletics offered by Randolph College.

AMS TUTORING PROGRAM

Every Wednesday and Thursday afternoon, Appomattox Middle School is holding a tutoring program for students seeking extra academic support. The tutoring program will last until May when SOL testing begins. Currently, 45 AMS students are enjoying the one-on-one or small group attention focused on areas of weakness in their individualized programs. Students are being tutored in math, English, science, and social studies at all grade levels, 6-8. When they gather in the library in the afternoon, all students are provided a snack and drink to get them jump-started for the extended study time. We are also fortunate to be able to provide much needed bus transportation to these students so they can take advantage of this program.

CALCULATING SURFACE AREA

Students in Mr. Lane and Mrs. Hawks 7th grade Math class are learning about surface area. As the students calculated the area of sheets of cardboard as review, they built a box around one of their peers, giving them a visual demonstration of surface area.

AMS SPELLING BEE

After eleven rounds of words, eighth grader Alexis Cheyanne Corbin won Appomattox Middle School's annual spelling bee. She won by spelling the word "avalanche" correctly. Seventh grader, Trevilyan Elliott Torrence was runner up in the contest.

HAPPY PI DAY!!!

AMS BAND SHINES AT STATE BAND ASSESSMENT

On Saturday, March 4, 2017, The Appomattox County Band Program traveled to Goochland High School to participate in the 2017 VBODA State Band Assessment. *The Virginia Bands and Orchestra Directors Association,* (Our SOL type test) have state assessments that score bands according to standards listed in the Music SOL Handbook. This weekend, both our middle school and our high school received a perfect score. All judges gave our bands a rating of superior. This rating is the highest score a band can receive. Out of the many bands that performed on Saturday only four were given this rating. After scoring all thirty-one bands from the weekend, nine bands including the two Appomattox Schools received this rating.

Musically,

Bryan Allgood

AMS BLACK HISTORY MONTH ACTIVITY

All AMS students watched the "I have a Dream Speech" by Martin Luther King, Jr. We discussed parts of the speech, paying close attention to the number of people in attendance and the parts of the speech where King mentions people working together. Students were asked to write their dream (for America, themselves, each other...student choice) on a strip of paper. We talked about how important it is to acknowledge our drams, write them down (which connects back to what was presented by Mr. Contartesi at our fall assembly), and work together to make our community and country better.

VSBA Hot Topic Conference
April 20, 2017

Holiday Inn
1901 Emmet Street
Charlottesville, VA 22901

Join us for the 2017 VSBA Hot Topic Conference in Charlottesville, VA. Members will hear from Phil Gore, Director of Leadership Team Services for the Texas Association of School Boards, on the hot topic issue of how school boards make a difference.

Research demonstrates that beliefs and actions of school boards affect student outcomes. Consider how the mindsets and dispositions of board members affect student achievement. Come learn how boards in high achieving districts govern differently than those in lower achieving districts. Participants will also practice board governance skills related to improving student outcomes and develop action plans your board can implement to improve student outcomes in your division.

We hope you will be able to join us for this informative conference!

2017 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2017 VSBA Southern Region Spring Network Forum on April 25, 2017, at Heritage High School. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Certificates will be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, March 9, 2017 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent. Dr. Wendy Hageman Smith was not present.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Budget Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided an update concerning the 2017-2018 School Budget. (See Attachment # 1) He stated the General Assembly passed a state budget the previous week which is now awaiting the Governor's signature to finalize. The General Assembly's budget provides $14,694,955.00 in state funding to our school division. It also provides for a two percent salary increase for staff; however, the increase is effective February 15, 2018 which is only four and one-half months of the 2017-2018 fiscal year. Mr. McMillian indicated he believed our school division could provide a 2% raise for our employees beginning July 1, 2017 and reviewed the following additional costs included in our FY2018 budget:

➢ Mandatory Proposed VRS Increase	=	$185,000.00
➢ 2% Salary Increase for All Employees	=	$250,000.00
➢ Horticulture Teacher/Benefits at ACHS	=	$ 50,000.00
➢ Tuition Assistance for Staff Recertification	=	$ 25,000.00
➢ Health Insurance Increase (Estimated)	=	$100,000.00
➢ One Additional Professional Position	=	$ 50,000.00
Total Additional Costs for 2017-2018	=	$660,000.00

Mr. McMillan reported we would need to request an additional $224,520.00 from the county for 2017-2018 than we requested for our current 2016-2017 budget which would be a total local request of $5,966,215.00. This amounts to $1,693,571.00 above our Required Local Effort (RLE) which equates to 39% above the RLE and compares to 24% above RLE for 2016-2017.

Dr. Grasty noted this information has been shared with the County Administrator as we are working collaboratively with the Appomattox County Board of Supervisors and do not want any surprises concerning the budget. She also noted unless we receive notification of changes from the state or county, the information Mr. McMillan has presented will also be presented at the Joint Board Meeting scheduled with the Supervisors and County Administrator on 8Thursday, March 16, 2017. Dr. Grasty stated she anticipates the School Board will adopt the 2017-2018 School Budget at the March 23, 2017 Regular Monthly Business Meeting and provide the county with a formal budget request the following day.

ACTION ITEM

Consideration of Adding One Slot at the Central Virginia Governor's School (CVGS)

It was moved by Mr. Smith and seconded by Rev. Jones to approve adding one (1) slot for the Junior Class for the 2017-2018 school year, and adding an additional slot for the Senior Class for the 2018-2019 school year; bringing the total Central Virginia Governor's School slot count to four (4) Juniors and three (3) Seniors for 2017-2018, and four (4) Juniors and four (4) Seniors for the 2018-2019 school year, to remain and account for our official Central Virginia Governor's School slots. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #64 and #400.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Rev. Jones, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 2)

APPROVAL OF PERSONNEL MATTERS

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 3)

DISCUSSION BY BOARD MEMBERS

Following her presentation, the superintendent called for questions and comments from the members of both boards.

Mr. Carter thanked the superintendent for her presentation and asked if any new school buses were included in the upcoming budget. She stated one or two new buses are included in the budget which is the plan to do each year going forward.

Mr. Carter also noted the Board of Supervisors was excited that Appomattox County Public Schools was no longer last in the Composite Index Required Local Effort comparisons. He stated they would like to be above midway and the current Board is committed to helping the schools as much as

possible. On behalf of the School Board, Mr. Waddell expressed appreciation to the Supervisors for this effort.

Mr. Smith also thanked the Supervisors for providing funding that is steadily increasing and reiterated we are the only school division in Region 8 and Region 2000 that is fully accredited. He suggested should the health insurance rates for next year come in lower than anticipated, perhaps the savings could be used toward providing a three percent increase in pay for employees. He noted our school division has been a good steward of the funds allotted by the locality. Mr. Smith also praised our school bus drivers for traveling 528,117 miles during the 2015-2016 school year with no serious student injuries.

Mr. Carter stated he met with Mr. Steven Harvey, aide for Senator Tom Garrett, earlier in the day and Mr. Harvey spoke of the excellent accreditation status of our school division.

Mrs. Carter reiterated the stance the Supervisors' took three years ago to target 50% above Required Local Effort (RLE) as a long-term goal in providing funding to the schools. She emphasized she is still committed to this goal. She was pleased the Supervisors have been steadily working toward this objective and complimented the school division for utilizing the additional funding for instruction as evidenced by being the only school division in Region 8 and Region 2000 to be fully accredited. Mrs. Carter emphasized adequately funding the school division is an economic development proposal as everybody benefits when the schools are reasonably funded. She also stated as long as we have a school district that is being so thoughtful about how that money is being spent it is really easy staying focused on the goal of providing funding at 50% above RLE. Mr. Waddell expressed his appreciation. Dr. Grasty emphasized the staff works really hard and any success takes team effort.

Mr. Hogan was in agreement and noted it was obvious the teachers are working hard, doing more with less, and it shows. He pointed out money doesn't always cure all of the ills but the dedication of staff makes a difference.

Mr. Millner stressed the school division has a success story to tell and he believed Appomattox County Public Schools will have more success stories to tell in the years to come.

Mr. Smith thanked Mrs. Adams and Dr. Grasty on how well they work together. Dr. Grasty noted we have great students and she was proud to be in Appomattox.

Mr. Waddell reiterated the sincere appreciation of the School Board concerning the support of the Supervisors and encouraged them to contact School Board Members or Dr. Grasty any time they may have questions. He

also stated Mrs. Adams is doing a wonderful job and it has been a pleasure to work with the two Boards.

Mr. Carter echoed Mr. Waddell's comments and stated he enjoyed the joint meetings.

ACTION

No action was taken at this meeting.

ADJOURNMENT

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty shared the following communication items with the Board:

Rev. J. Wesley "Wes" Williams, former Teacher and School Board Member with our school division, passed away March 14, 2017. Rev. Williams served as a School Board Member from the Wreck Island District for eight years, January 1, 2008 to December 31, 2015, serving as Chair for three years. Rev. Williams was also a teacher and drama coach at the high school for fourteen years, 1990 - 2004 and taught part-time during the 2004-2005 school year. His quick wit and contagious smile will long be remembered. On behalf of the School Board, a contribution was made to the Appomattox County Education Foundation in his memory and a card and flowers were sent to his family. We acknowledge the innumerable contributions Rev. Williams made to our school division and extend our deepest sympathy to his family.

The 2016-2017 ACHS Wrestling Team was very successful as depicted through a collage of newspaper articles submitted by Mr. Matt Wallin, Wrestling Coach. (See Attachment # 10)

A request was received to consider naming the auditorium at Appomattox County High School the "Wes Williams Memorial Auditorium". (See Attachment # 11)

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier in the Day

Mr. Waddell stated it was a great day with a lot of excellent instructional activities occurring. The students were very enthusiastic and thoroughly engaged in all aspects of technology. He pointed out our teachers and students are to be commended.

Rev. Jones was impressed with how engaged the students were and how education has changed with students taking more responsibility for their education. We saw students supporting other students in different activities and so much was going on in the classrooms. He noted the amount of enthusiasm in our schools and in the classrooms was very exciting.

Ms. Hall congratulated Dr. Grasty and her staff, teachers, and principals and noted everyone does a wonderful job. She was proud to state our school division is fully accredited.

Mr. Smith stated he did not get to go on the tour because he was involved in testing students in the Auto Mechanics Class for their State Inspection License.

He thanked the group for coming by to visit the Auto Mechanics Classroom and Dr. Moreno for scheduling the visit to view the testing process. Mr. Smith stated the written test is quite grueling.

Dr. Grasty thanked the phenomenal teachers for their hospitality and allowing the group to step into their classroom.

Report on LAUREL School by Director Dr. Donna Lewis

Dr. Donna Lewis, Director of the LAUREL Regional School, provided a report to the Board. The school provides educational services for students with severe multiple disabilities and/or autism. Currently fifty-six students from Lynchburg City, and the counties of Appomattox, Amherst, Bedford, Campbell, and Charlotte attend. The students range in age from five to twenty-two. Our school division currently has five students at LAUREL. (See Attachment # 12)

School Showcase – Appomattox Primary School

Appomattox Primary School (APS) was featured in the School Showcase. Ms. Michele West, principal, provided information concerning STEM (Science, Technology, Engineering, and Mathematics) Education at APS. She introduced Mrs. Jamie Davis and Mrs. Amy McConville, teachers, and the following students: Callan Shields, Madison Crews, Sam Detwiler, Colton Jones, Ryan Davis, Jackson Williams, Connor Elliott, Kendall Harris, Raegan Wells, Miranda Kidd, and Pierson Harvey. These talented students assisted each Board Member and the Superintendent during the Paper Tower Challenge to determine which team could build the tallest paper tower in an allotted amount of time without the aid of tape, clips, or glue. The competition was thoroughly enjoyed by the participants and those in the audience.

Membership Report

The superintendent provided the February 28, 2017 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,191 students. This compares to a budgeted ADM of 2,175. (See Attachment # 13)

VSBA and NSBA Activities

The VSBA Orientation for New School Board Members Part II which was scheduled to be held in Charlottesville on March 28, 2017, was canceled due to a low number of registrants. Ms. Hall was registered to attend and will move that registration to the Orientation for New School Board Members and Superintendents that will be held in Richmond, July 17, 2017.

VSBA will provide a Hot Topic Conference in Charlottesville on April 20, 2017. The registration fee is $160.00 and the deadline is April 6, 2017.

The VSBA Southern Region Spring Network Forum will be held April 25, 2017 at Heritage High School in Lynchburg. The registration fee is $27.00 per person and the deadline is April 14, 2017. All Board Members and Dr. Grasty requested to be registered for the meeting.

The annual VSBA Law Conference will be held June 2, 2017 in Richmond. The registration fee is $175.00 and the deadline is May 19, 2017. Mr. Waddell and Dr. Smith stated they would like to attend.

Budget and Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided an update concerning the 2017-2018 School Budget totaling $23,849,669.00. (See Attachment # 14) The budget included a request from the county in the amount of $5,966,215.00 which, if approved, would be 39% above the Required Local Effort. Mr. McMillan reviewed the budget figures which incorporated the following:

- State mandated VRS increase
- 2% salary increase for all employees
- Reinstatement of Horticulture teaching position
- Tuition assistance for recertification
- Health insurance cost increase
- One additional professional position (teacher or counselor)

Mr. McMillan stated the purchase of two school buses was included in the budget. He also mentioned should sufficient unspent money be left at the end of the current fiscal year to cover the cost of a bus that may be presented to the Board at that time.

Mr. McMillan noted the Governor is expected to sign the 2017-2018 state budget on April 5, 2017. We do not anticipate the signed document will change our figures but should that occur the Board would be informed.

Dr. Grasty stated once the School Board approves our 2017-2018 School Budget, she will send a letter to the County Administrator and the Appomattox County Board of Supervisors which will contain the requested local support. We should receive a response, once they have approved the county budget for the upcoming fiscal year.

Report from Central Virginia Governor's School Board Meeting of March 1, 2017 – Mr. Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, reported on their March 1, 2017 meeting. It was reported our school division would be increasing the number of student slots from three juniors and three seniors to four juniors and four seniors. The 2017-2018 CVGS calendar has not been finalized, but should be approved at the next meeting on April 5, 2017.

Mr. Smith expressed his appreciation to the ACPS Board for approving the two additional permanent student slots at the Governor's School. He requested the Board consider approving an additional temporary slot, if needed, which would be dependent on the budget and the number of ACPS students applying. He further stated, should this be considered as an action item at the April 6, 2017 Interim Board Meeting it would be imperative to have a quorum present.

Report on 2017 Tornado Drill, School Safety Walk-Throughs, and Annual School Online Safety Audit

Mr. Matt Wallin, School Psychologist, reported on the successful 2017 Tornado Drill, School Safety Walk-Throughs, and the Annual School Online Safety Audit. It was noted Lock-Down Drills will be forthcoming. (See Attachment # 15)

Schedule Date of Board Self-Evaluation

Dr. Grasty reported the School Board is required to complete a Self-Evaluation prior to the end of each school year. Last year it was conducted at the Regular June Board Meeting. Following discussion, it was determined the Board would conduct their Self-Evaluation on Thursday, June 8, 2017 during the Regular Monthly Business Meeting. Board Members were provided with the VSBA School Board Self-Assessment Form and asked to return the completed document to the Clerk of the Board by Thursday, May 25, 2017. The Clerk will prepare a compiled report prior to the June 8, 2017 School Board Meeting.

Review of Fall SOL Testing Data

Mrs. Annette Bennett, Director of Curriculum and Instruction, reviewed the 2016 Fall SOL Testing Data and was pleased to report all scores exceeded those of the 2015 Fall SOL Tests. (See Attachment # 16)

Review of Latest Dropout Report

Mrs. Bennett also reviewed the latest ACPS Dropout Report and was happy to inform the Board that our school division experienced only five dropouts during the 2015-2016 school year which was less than each of the three previous years. (See Attachment # 17) She stressed dropout prevention needs to begin with primary school age students and noted non-traditional ways of recovering credits are being addressed.

Report of February 20th Staff Development

Mrs. Bennett reported on staff development activities that were conducted on February 20, 2017. (See Attachment # 18) She also noted bus drivers received diversity training on February 13, 2017.

Principal Michele West…

Dear Parents,

Spring is here!

Our APS PTO, Book Fair, and 1st grade performance was better than ever! Thank you Ms. Johnson for facilitating our Book Fair and thank you for all that you do to support APS. Thank you to the author Kay Kay Roper for attending this event and signing copies of her book, *I Want to Have a Perfect Day*. It was a great experience for APS students and their families. Last, thanks to Mrs. Morrison and our 1st grade team for assisting our students with an awesome play performance, "The Principal and the Pea." Job well done!

On Tuesday, March 21, we participated in the statewide Tornado drill at APS. Hopefully, we never have to use this drill in a real situation but we feel it is important that everyone is well prepared in the event that a tornado passes through our area.

On March 23, our APS Superintendent, School Board Members and a news reporter toured our school. They moved from classroom to classroom visiting, observing, and communicating with students who were engaged in many learning tasks. We are proud of our academic classrooms and appreciate how involved our School Board members are in our children's education.

Fans, thank you to the Lynchburg Hillcats for visiting APS to promote the "Hit the Books" program. We all agree that teaming up with our community to promote reading supports our reading goals.

If you did not make it to our Getting Ready for Kindergarten workshop held on March 28, 2017, you missed a fabulous treat. Beginning kindergarten is a huge milestone for parents and their children. In order to help prepare your child for this huge transition, we encourage you to attend one of the Getting Ready for Kindergarten workshops. Our Title 1 reading specialists and assistants provided resources, ideas, strategies, and routines that will help your child be successful. The next workshop is scheduled for Tuesday, April 25, 2017. See you there!

Bright Beginnings Recruitment has begun. We are asking all parents to be sure to submit your child's application to APS's office as soon as possible.

Upcoming Important Information:

April 10th-April 14th Spring Break
April 18th-April 19th Kindergarten Registration- 9:00am-2:30pm
April 28th- Field Day

Important Announcement:

When you are signing in to have lunch or visit the classroom***, you must present your valid driver's license or proper identification*** to the secretaries in the main office.

This is a free preschool opportunity for qualifying families who have children that have reached the age of 4. The child must be four by September 30, 2017. Students will attend Monday through Friday from 8:25 am – 3:00 pm. Bright Beginning classes will begin in August. This early experience will assist in building your child's language, literacy, social and academic skills.

APS is continuously in need of volunteers for various activities and events. We are currently soliciting volunteers to assist with our APS Field Day. The students will be participating in many fun filled games on that day. In order to have a successful Field Day, parents are asked to assist the Physical Education Staff by helping with our game stations.

The students are super excited about April 10 – 14 which is Spring Break. We want to wish everyone a fun, safe, and restful time. Classes will resume on Monday, April 17, 2017.

Best Regards,

Michele West, Principal

Assistant Principal Allison Maxwell….

Attendance Works

Advancing Student Success By Reducing Chronic Absence

Help Your Child Succeed in School:
Build the Habit of Good Attendance Early
School success goes hand in hand with good attendance!

DID YOU KNOW?

- Starting in kindergarten, too many absences can cause children to fall behind in school.
- Missing 10 percent (or about 18 days) can make it harder to learn to read.

- Students can still fall behind if they miss just a day or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences can affect the whole classroom if the teacher has to slow down learning to help children catch up.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Good attendance will help children do well in high school, college, and at work.

WHAT YOU CAN DO

- Set a regular bed time and morning routine.
- Lay out clothes and pack backpacks the night before.
- Find out what day school starts and make sure your child has the required shots.
- Introduce your child to her teachers and classmates before school starts to help her transition.
- Don't let your child stay home unless she is truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home.
- If your child seems anxious about going to school, talk to teachers, school counselors, or other parents for advice on how to make her feel comfortable and excited about learning.
- Develop back-up plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Avoid medical appointments and extended trips when school is in session.

When Do Absences Become a Problem?

Note: These numbers assume a 180-day school year.

Bright Beginnings News….

We were so excited to have members from the school board visit Pre-K this month. Our guests observed a pre-k class working on the letter of the week. The children read the letter of the week story, brainstormed the letter of the week words, wrote the letter, and danced to the letter of the week song. This class ended their visit by singing the alphabet in sign language. We think everyone had a super fun time!

Pre-K would like to remind those in the community that if you know of someone who has a child who will be 4 by September 30th that we are accepting applications for the Bright Beginnings program. This wonderful program will help get your child ready for kindergarten. Bright Beginnings applications are available in the office at APS. Thank you!

Thanks to everyone who has helped with box tops this school year. With your help, we raised $1,306. Wow! Thank you all so very much. Please continue to send in box tops for the remaining of the school year. The class with the most box tops will win a prize at the end of the year. Thanks again for all your support.

Mrs. Turner

Pre-K Teacher\Box Tops Coordinator

Kindergarten News….

Your kindergarten student has grown by leaps and bounds this school year. The spring semester always shows amazing gains in their reading and spelling skills. We hope that you are noticing the growth and maturity at home as well. As we begin the 4th nine weeks, continue to help your child master their reading fluency skills by reading nightly and practicing sight words. Encourage your children to sound out difficult words and allow them to work through their struggles on their own.
We recently completed a unit on identifying the coins and their value in math. This is a tricky subject for many of our children as they do not have the opportunity to observe coins and paper money in action. If you have some coins at home, we encourage you to allow your child to play with them under your supervision. Talk about their names, their features, and their value. We focused on the penny, nickel, dime, and quarter. This is a difficult concept that begins in kindergarten but has SOLs in all the other grades as well. The better your child understands coins in kindergarten, the better they will do in years to come.

First Grade News……

March was a very busy and fun month for our first grade students with celebrating Dr. Seuss, stem activities in classrooms and our field trip. The month of April is going to be about the same! This month we have our Little Farmer's Day scheduled for April 6th where the students will get to walk around and learn different things about our county's FFA program, what the students learn and do in the program, and will get to meet and pet some of the livestock that is being raised in our county by local farmers.

This day is a fun learning experience for our first graders and a great way to have our high school students interact with our younger students! Please keep an eye out for information about this day and notify your child's teacher if he/she has an allergy that we need to know about before the event. Also on April 28th, we have our Field Day scheduled, which is also a very fun event for our students.

Second Grade News…..

Second grade is excited about their upcoming field trip to the Danville Science Museum! Be sure to wear comfortable walking shoes and your class t-shirt. In the last nine weeks, second graders will be

learning about life cycles, plant resources, shapes, and probability. We will also be reviewing concepts in math and language arts. Spring is a very busy time with sports and warm weather activities. Please be sure to set aside time in your busy schedule to read with your child nightly and review math facts regularly. Soon our second graders will be headed to third grade, and we want them to be prepared.

Art News…..

Permission slips will be going home for Artsonia soon. If you haven't signed your child up to join the online art gallery, please do so. Once you give your permission online, you do not have to repeat the process.

The following students were selected Art Students of the 9 weeks:

Angel Clark 2nd grade 2nd 9 weeks

Jayden Hubbard - Bright Beginnings 3rd 9 week

The following students joined us at the School Board Office to be recognized for outstanding achievement in Art for the month of March.

Bright Beginnings, Parker Hatch, Kindergarten, Brooklynn Harris, 1st grade Jack York, and 2nd grade Autumn Harris, and Kara Harris

We are gearing up for our school wide displays in April and May. Students have been painting animals, suns, rainbows, and flowers.

We still need tissues, paper plates, and baby wipes if you would like to donate.

Thank you for an incredible year in art so far.

Valerie York

Appomattox Primary School Art Teacher

Library News…..

The month of April is a busy month with many different activities to celebrate. A few of these are:
April Fool's Day - April 1
National Poetry Month
National Library Week - April 9-15
Easter - April 16
Earth Day - April 22

Some good books to read with these activities are:

It's April Fools' Day by Steven Kroll, Arthur's April Fool by Marc Brown
Poetry for Spring by Lillie Patterson, Where the Sidewalk Ends by Shel Silverstein
Earth Day by Robin Nelson, The Grass Patch Project by James Demski, Jr.
Easter Buds are Springing: Poems for Easter by Lee Bennett Hopkins, The Big Bunny and the Easter Eggs by Steven Kroll

We would also like to thank everyone for the great Scholastic Book Fair we had in March. The library will be able to order many new books and supplies.

Thank You!

Music News….

Springtime greetings from the APS music room! Warmer weather seems to be making a comeback! Yay! Musicians at APS are sailing through March and staying busy with several activities as April approaches.
Grade 1 students have their PTO performance of "The Principal and the Pea" behind them. All went well! Students braved the logistical snags at rehearsal as we worked on stage placement. They also tolerated a spell of sound system challenges ultimately solved by employees with lots more tech training than the music teacher! The show went on and the performers prevailed! I remain quite proud of each one of them! This grade level is completing the school year singing songs and reviewing learned rhythms in preparation for Grade 2. We have learned about quarter notes, quarter rests, single and paired eighth notes! We can count them and draw them by notating them on grid sheets. We are also finding out that music is definitely Math! We have had many conversations about half-beats so we are actually learning fractions! Good job, Grade 1!

Grade 2 students are in the midst of a unit on "Found Sounds", and have discussed video performances by the English theatre show group "STOMP"! STOMP uses no musical instruments for performances, simply using found items that make very similar sounds. Just everyday items found at

home. Students have been intrigued by this platform and are eager to try it in class. In the next couple of weeks, they will be searching at home for a "found" item to bring to class and use in a group to make rhythms. By then I will have sent a paper home for parents who will want to know how to help their student make a good choice. We are all looking forward to this activity!

Kindergarten students are hard at work on their May 2nd PTO program entitled "Prime Time Nursery Rhymes". We are more than half way through learning the songs. I have sent home music/lyric sheets for parents to use if they choose to help their student with the words to the songs.

These are worked on in class so your student should have a good grasp of the words by now. I DID encounter some strange words in the song about the "Little Old Woman Who Lived in a Shoe"!

This song has tongue-in-cheek lyrics asking why a mom would ever want to live in a shoe. It mentions that moms love shoes and then continues on listing "Wedges, Hi-top Sneakers, Clogs, Mules, and Spike High Heels"! Do not stress parents! I have made a chart showing each shoe type and listing the name. Already, your little folks understand what they are singing about and all is well! Cute, though!

Bright Beginnings Pre-K students are enjoying activities aligned with the spring season. They are also playing small, untuned percussion instruments. This year we have become very adept at singing call and response patterns. We sing our names without even batting an eye! It is amazing to me that none of them is the least bit hesitant to sing alone in front of their classmates! In fact, each has tried to do a better job every week so that the honor of best class singers will be theirs!

Enjoy the warm weather! Happy Spring to all!

Physical Education News….

Dear Parents,

Thank you to everyone that assisted in helping Jump Rope for Heart run smoothly for the 2016-2017 school year. The student prizes should arrive in the next few weeks and will be distributed as soon as they arrive. Only those that set up an account online are eligible for certain "online only" student prizes, donations collected online are posted and prizes will be distributed accordingly. Heart disease is the leading killer of Americans, so helping those at risk is a top priority, the American Heart Association encourages everyone to stay healthy by eating the right foods and drinking plenty of water.

…."Please keep an eye out for volunteer forms that will be coming home soon."

Clinic News…

~LOST AND FOUND~

***Parents**, please put your child's name on book-bag, lunchbox, coats, jackets, caps, etc. If you are not comfortable with putting their name on, please put their initials. Every year I have 2 extra-large garbage bags of unclaimed clothes by the end of the year. I have teachers send clothing from their classrooms that the children don't even know that it is theirs! So, PLEASE put their names on their belongings! If your child is missing a jacket, etc. call the clinic, 352-8937 and I will be glad to check lost and found.*

Thanks,
Thanks, Sue Waddell, School Nurse

School Counselor News…

Kelso's Choice

This month I am working with our First grader's and introducing them to Kelso and Lilly. Kelso helps Lilly and our students at APS learn the difference between a small problem and a big problem. A small problem is one that they are able to fix on their own and a big problem is one where they need to tell a trusted adult.

Below are some talking points for you to discuss with your child. Which ones are small problems and which ones are big problems?

- My friend won't play with me!
- She accidentally stepped on my toe!
- He poked me while I was in line!
- An older student hit me!
- He won't let me play with him!
- She keeps calling me names!

- He broke in front of me in line!
- She was running in the hall!
- He won't share his toys with me!

Our second grade teachers will continue to discuss Kelso's Choice throughout the remaining school year with their students. By the end of the school year, every classroom will have been introduced to Kelso's Choice. Every classroom will also have a poster with Kelso's Wheel of Choices. Our teachers will remind their students what to do if they have a small problem and what trusted adults they can talk to if they have a big problem.

Thank you for the opportunity to work with your children! If you have any questions about Kelso's Choice, please feel free to contact me at 352-0831.

Interim Meeting

The Appomattox County School Board met in regular session on Thursday, April 6, 2017 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent. Mr. Gregory A. Smith was absent due to his work responsibilities.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Dr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Rev. Jones moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #400, #64, #254, and #1617-02.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended.

Dr. Smith seconded the motion made by Rev. Jones. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Rev. Jones and seconded by Dr. Smith to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Rev. Jones made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 1)

APPROVAL OF PERSONNEL MATTERS

It was moved by Rev. Jones and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 2)

On behalf of the School Board, the Chairman presented Certificates of Special Recognition to the individuals listed above for their outstanding accomplishments.

Virginia Association of School Superintendents –

Dr. Dorinda G. Grasty – Recipient of the 2017 Education in Finland and Italy Professional Development Scholarship. The award was presented by Dr. Stephanie Lennon, with EF Education First, who stated Dr. Grasty is one of four Virginia Public School Superintendents to win a full travel scholarship to Helsinki, Finland and Milan, Italy in a national competition sponsored by Virginia Association of School Superintendents (VASS) in association with EF Education

First. Competition winners will explore the foundations and future of education while immersing themselves in Finnish and Italian culture with other educators.

This professional development program is organized by EF Education First in conjunction with their Global Leadership Summit, which includes students from all over the world and in which the superintendents will participate in Milan. During the Summit, the superintendents will hear from world-renowned speakers and attend workshops as they work together on problem-solving for this year's theme, the Future of Food.

The winners were selected on the basis of their interest in and commitment to global education initiatives within their state. Each contestant had to submit three 400-word essays addressing: how he/she prepares students to be successful in today's global society; how he/she promotes global competency and teach 21st Century skills in his/her school district; how he/she will use his/her travel experience to benefit his/her students and community; and how an international education program would benefit his/her school district.

On behalf of the School Board, the Chairman congratulated Dr. Grasty on this exceptional accomplishment and presented her with a Certificate of Special Recognition.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

School Showcase – Appomattox Elementary School

Appomattox Elementary School (AES) was featured in the School Showcase. Mrs. Karen Cyrus, principal, was pleased to present Ms. Olivia Atkins, teacher, and the following students who proved to be leaders during their participation in the AES After School Clubs: **Grant Howald, Laya Chidester, Tripp Canada, Cody Dennee, Lillian Dennee, Kayley Weekley, Hailey Mann, Bailey Hamilton, Reagan Swanberg,** and **Javen Alexander**. Each student reported on the club they participated in during the school year. Some were dressed in costume and shared completed projects. Mr. Jason Bowyer, Assistant Principal, presented a video of many of the After School Club activities that had taken place at AES for several years.

Report on Central Virginia Governor's School by Director Dr. Stephen Smith

Dr. Stephen Smith, Director of Central Virginia Governor's School (CVGS), provided a report to the Board with the assistance of Adam Vaughan and Zane Hall, two Appomattox County High School students who also attend CVGS. The Governor's School has been in existence since 1985 and focuses on math and science for gifted students from ten area high schools. The CVGS mission is to develop leaders who possess the research and technical skills, the global perspective, and the vision needed to address the challenges of a rapidly changing society. Currently, the Governor's School boasts seven faculty members, including the director, and 130 students. (See Attachment # 9)

Membership Report

The superintendent provided the March 31, 2017 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,195 students. This compares to a budgeted ADM of 2,175. (See Attachment # 10)

VSBA and NSBA Activities

The VSBA Southern Region Spring Network Forum was held April 25, 2017 at Heritage High School in Lynchburg. Mr. Waddell, Mr. Smith, Rev. Jones, Ms. Hall, and Dr. Grasty attended. Mr. Waddell enjoyed the speaker and the tour of the new school. He stated his anticipation of having an equally amazing facility in Appomattox at some point in the future. Mr. Smith noted it was good to visit with board members from the region.

The annual VSBA Law Conference will be held June 2, 2017 in Richmond. The registration fee is $175.00 and the deadline is May 19, 2017. Mr. Waddell, Dr. Smith, and Mr. Arbogast are registered to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the following information:

- Quarterly Financial Report – The March 31, 2017 Quarterly Financial Report was higher than the same timeframe last year. This was expected due to the purchase of three school buses and acceptance of the copier bid in July rather than the previous school year. The addition of five new staff members and a three percent salary increase for personnel also contributed. The end of year spending will be reduced to offset the increase. (See Attachment # 11)

- Health Insurance for Next Year – A meeting will be held in May with our health insurance carrier. If extremely high premium projections are anticipated for our plan year that begins October 1, we may pursue other options.

- Budget Update – The Board of Supervisors will approve the county budget next week. It is our hope the school budget, which incorporates a 2% salary increase for personnel, will be approved as submitted.

Report from STEM Board Meeting of March 29, 2017 by Dr. Wendy Hageman Smith

Dr. Wendy Hageman Smith, Board Representative to the STEM School Board, reported on their March 29, 2017 meeting which was attended by Mr. Waddell on her behalf. She stated no significant information was discussed and the next meeting will be held May 30, 2017.

Report from Central Virginia Governor's School Board Meeting of April 5, 2017 by Mr. Greg Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, reported on their April 5, 2017 meeting as follows:

- The additional slot for our school division was unanimously approved. This will allow us to have four juniors and three seniors for 2017-2018 and four juniors and four seniors for 2018-2019.
- A Recognition Reception will be held May 7, 2017 from 2:00 to 4:00 p.m. Mr. Smith plans to attend.
- Final exams were held April 20 and 24.
- Skylar Wilhoit received recognition for her science initiatives by placing first in the Central Virginia Regional Science Fair in the area of Behavioral Science. This qualified her to participate in the State Science Fair that was held March 24-25, 2017. She was also accepted into the Virginia Junior Academy of Science as a result of her project.
- Trevor Melton placed third in Chemistry in the Central Virginia Regional Science Fair and Melody Nash received Honorable Mention in the same category.

STEM Competition Team Grant Initiative – Drone Development for Search and Rescue Efforts

Dr. Annette Bennett, Director of Curriculum and Instruction, reported on the STEM Competition Team Grant Initiative - Drone Development for Search and Rescue Efforts. She stated Appomattox County High School has been awarded a Virginia Department of Education $5,000.00 grant with the purpose of building a

technology-focused, competition drone team. The goals of the two year project are to engage students in STEM related activities, promote an awareness of how problem-based learning can positively and directly impact our community, and create a philanthropic opportunity for our youth to work in partnership with our locality to provide a life-saving technology. This program will provide students the opportunity to design, build, and fly a drone with the real-world application of search and rescue. The STEM Competition Team, headed by Appomattox County High School teacher Mr. Jason Clark, will be partnering with our local law enforcement, fire, and rescue agencies to make available the same state of the art technologies more commonly used in larger localities to find missing persons, respond to Amber Alerts, collect evidence, intelligence, and other valuable information to respond to emergencies.

During this program's inaugural year, the focus will be on researching, engineering, building, and developing software for a drone and will collaborate closely with local public service agencies to plan the ideation, design, development, and implementation processes for the creation of a *Search and Rescue Drone*. In year two of the initiative, the team will realize the goal of launching the drone, fine-tuning, problem-solving, and refining its capabilities so the team will be ready to enter into its first round of competitions and successfully navigate emergency test simulations.

Discussion of Proposed Food Service Price Increases for 2017-2018

Mr. Matt Wallin, School Psychologist and Food Service Coordinator, presented information to support the proposed Food Service price increases for the 2017-2018 school year as well as comparative information for school divisions in Region 8 and Region 2000. (See Attachment # 12) This item was also included in the agenda as an action item.

Discussion of Cooperative Fuel Bid Process for 2017-2018

Dr. Grasty stated Mr. Matt Lair, Transportation Supervisor, and Mr. Timmy Garrett, Maintenance Supervisor, recommend we continue to participate in the Cooperative Fuel Bid Process for 2017-2018. They anticipate a meeting will be held in May or June to establish fuel prices for the upcoming school year. This item was also included as an action item.

ACHS 2017 Graduation

The superintendent noted graduation will be held Monday, May 22, 2017 at 7:00 p.m. at Liberty University's Vines Center. She stated a school division van has been reserved for transportation to graduation and will leave from the School Board Office parking lot at 5:30 p.m. Board Members who do not plan to travel

with the group and will need an individual parking pass, were asked to contact the Board Clerk by May 5, 2017.

Employee Recognition Banquet

Mr. McMillan reported the Employee Recognition Banquet will be held Monday, May 15, 2017 at 6:00 p.m. at the Appomattox Community Center. Mr. Waddell stated a number of employees are retiring and encouraged all Board Members to attend, if possible.

Discussion of Appomattox County School Board Governance Norms and Protocols

Dr. Grasty provided Board Members with the Appomattox County School Board Governance Norms and Protocols that were developed by Samantha Bosserman following the VSBA Board Training that was conducted January 13, 2017. (See Attachment # 13) Mr. Waddell noted this document is a good start and stated it should be updated every year. He suggested a three or four hour block of time be set aside in late fall or early winter to work on the revisions.

ACTION ITEMS

Consideration of Approval of Second Reading and Adoption of Revised Policies

It was moved by Mr. Smith and seconded by Rev. Jones to approve the second reading and adoption of the following revised policies presented and recommended by the superintendent:

1. BBFA - Conflict of Interests and Disclosure of Economic Interests (Option 2) - Customized
2. CBCA - Disclosure Statement Required by Superintendent
3. EEA - Student Transportation Services
4. EFB - Free and Reduced Price Food Services
5. GA - Personnel Policies Goals
6. GBM - Professional Staff Grievances
7. GCPF - Suspension of Staff Members
8. IJ - Guidance and Counseling Program
9. JFCC - Student Conduct on School Buses
10. JHC - Student Health Services
11. JHCF - Student Wellness - Customized
12. JHCH - School Meals and Snacks - Customized
13. JO - Student Records - Customized
14. KG - Community Use of School Facilities – Customized

15. LC – Charter Schools which includes LC-E - Charter School Application Addendum - Customized
16. LEB - Advanced/Alternative Courses for Credit

By unanimous voice vote, the motion was approved. (See Attachments # 14 - # 29)

Consideration of Approval of Second Reading and Adoption of New Policies

It was moved by Mr. Smith and seconded by Rev. Jones to approve the second reading and adoption of the following new policies as presented and recommended by the superintendent:

1. GAH - School Employee Conflict of Interests
2. JOA - Student Transcripts

By unanimous voice vote, the motion was approved. (See Attachments # 30 and # 31)

Consideration of Approval of First Reading of New Regulation JHCF-R – Student Wellness Regulations and Guidelines

It was moved by Mr. Smith and seconded by Rev. Jones to approve the first reading of new regulation JHCF-R - Student Wellness Regulations and Guidelines as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. The second reading and request for adoption will be presented to the Board at the May 25, 2017 meeting.

Consideration of Approval of Special Education Plan for 2017-2018

Mrs. Elizabeth Haught, Director of Remedial and Special Education, presented the Special Education Plan for 2017-2018. (See Attachment # 32) She stated monies from the grant will be used to fund eight of the current nineteen special education positions in our school division. Mrs. Haught also noted it has come to her attention we may have two students enrolling next year who will require full time interpreters. Interpreters are difficult to find and the additional cost would be in excess of $100,000.00.

Following discussion, it was moved by Mr. Smith and seconded by Rev. Jones to approve the Special Education Plan for 2017-2018 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved.

Consideration of Approval of Food Service Price Increases for 2017-2018

It was moved by Mr. Smith and seconded by Rev. Jones to approve the following food service price increases for the 2017-2018 school year: 1) primary and elementary school student lunch price increase from $1.80 to $1.95; 2) middle and high school student lunch price increase from $2.05 to $2.15; 3) breakfast a la carte entree items at all schools price increase from 50 cents to 75 cents; and 4) lunch a la carte entree items at all schools price increase from $1.00 to $1.25 as presented and recommended by the superintendent.

Mr. Smith requested Mr. Wallin track what is being sent to the landfill from the school cafeterias during the upcoming 2017-2018 school year. He also requested comparative information between a la carte entrée items vs. USDA meals. He stated should a la carte items prove to be the most popular and it is determined the school division can recover from the loss of state and federal funds which are received for the USDA meals, perhaps participation in the USDA meal program could be eliminated.

Dr. Smith requested additional information concerning the Food Service Program and how the calculations are determined regarding price increases. Dr. Grasty stated Mr. Wallin would be glad to follow-up with Dr. Smith.

Mr. Waddell stated the information Mr. Wallin presented was excellent. He suggested considering the student lunch price increase for 2017-2018 be ten cents for the primary and elementary schools and fifteen cents for the middle and high schools. This would result in the primary and elementary school lunch price increasing from $1.80 to $1.90 and the middle and high school student lunch price increasing from $2.05 to $2.20. His rationale was the greatest number of USDA meals served were at the primary and elementary schools.

Following a lengthy discussion, the Chairman called for a vote. Ms. Hall and Dr. Smith voted in favor of the motion. Rev. Jones, Mr. Smith, and Mr. Waddell voted against the motion. By voice vote, the motion was not approved.

Mr. Waddell requested Mr. Wallin run the calculations to make certain the price increases could be adjusted as he had suggested and bring this information back to the Board at the Interim Meeting scheduled for May 11, 2017.

Consideration of Approval to Enter into Cooperative Fuel Bid Process for 2017-2018

It was moved by Mr. Smith and seconded by Rev. Jones to approve participating in the cooperative fuel bid process with other Region VIII school divisions and authorize Mathew D. Lair, Transportation Supervisor, and/or

Timothy W. Garrett, Maintenance Supervisor, to enter into contract on behalf of Appomattox County School Board for diesel, unleaded gasoline, fuel oil, and propane at a fixed price to be determined for the period July 1, 2017 through June 30, 2018. By unanimous voice vote, the motion was approved.

Superintendent's Message

Dear Staff,

The 2016-17 school year is rapidly ending with the last day of school for students to be May 24. Across our school division, our students have experienced tremendous learning and much success this year. Our children have grown intellectually, cognitively, and physically. They have matured through daily teaching. This Digest is only a small snapshot of the many astounding learning opportunities occurring daily here in ACPS.

We expect to see 182 seniors receive their diplomas May 22. Our graduates will proudly head into the next stage of life to pursue additional education, vocational training, join the military, or the work force. We have provided them a solid educational underpinning. The next part will be up to them. It will be exciting to watch them become our future leaders.

ACPS students and staff have celebrated an array of awards this year. From local recognitions to state and national competitions academically and in athletics, ACPS students have excelled. This is due to your instruction, dedication, and care for the 2200 students of ACPS. All of our schools have been fully accredited again this year. This full accreditation is also because of the hard work and commitment of our staff.

Employee contracts have been issued to staff. The Appomattox County Board of Supervisors recently approved a 2% pay raise for 2017-18 for all school employees as requested by the School Board. We appreciate the locality's support for our staff.

The first day of school for students will be August 8, 2017 with returning teachers reporting August 1. Open House will be Thursday, August 3 from 2:00 – 6:30 p.m.

I wish you a relaxing and wonderful summer. I hope your summer is filled with many days of doing the things you love to do.

Thank you for being part of the ACPS team.

Sincerely,

Dorinda G. Grasty, Ed. D.
Division Superintendent

Psychologist Minute:

Matt Wallin, School Psychologist

Staff: Summer is approaching and you can surely see the light at the end of the tunnel! Thank you all for a wonderful school year! I am sure this year has been stressful on some, if not all of you. It is important to take time this summer to relax and unwind. I was browsing through some articles and found one that gave four great reasons to take a vacation this summer. Treat yourself!!!

Here are four science-based reasons you should book your next vacation today:

1. **Stress reduction.** A study released last year by the American Psychological Association concluded that vacations work to reduce stress by removing people from the activities and environments that they associate with stress and anxiety. Similarly, a Canadian study of nearly 900 lawyers found that taking vacations helps alleviate job stress. The effects last beyond the duration of the vacation, too: A small study from the University of Vienna found that after taking time off from work, vacationers had fewer stress-related physical complaints such as headaches, backaches, and heart irregularities, and they still felt better five weeks later.

2. **Heart disease prevention.** A host of studies have highlighted the cardiovascular health benefits of taking a vacation. In one, men at risk for heart disease who skipped vacations for five consecutive years were 30 percent more likely to suffer heart attacks than those who took at least a week off each year. Even missing one year's vacation was associated with a higher risk of heart disease. Studies find similar results with women: Women who took a vacation once every six years or less were almost eight times more likely to develop heart disease, have a heart attack, or die of a coronary-related cause than those who took at least two vacations a year. These statistics are not to scare you but to persuade you that time off is important to your health in the long run.

3. **Improved productivity.** In our perpetual rush to be productive, we often undermine our very ability to consistently perform at peak levels. Getting more done in less time allows us to get ahead and be more productive, but it takes consistent focus to be truly productive. Professional services firm Ernst & Young conducted an internal study of its employees and found that for each additional 10 hours of vacation time employees took, their year-end performance ratings improved 8 percent. What's more, frequent vacationers were significantly less likely to leave the firm. Another study by the Boston Consulting Group found that high-level professionals who were required to take time off were significantly more productive overall than those who spent more time working. When you're more productive, you're happier, and when you're happier, you excel at what you do.

4. **Better sleep**. Restless nights and disrupted sleep are common complaints--often stemming from the fact that we simply have too much on our minds. When we can't stop the chatter it affects our sleep, and a lack of sleep leads to less focus, less alertness, impaired memory, an increased likelihood of accidents and a decreased quality of life. Researchers say, that vacations can help interrupt the habits that disrupt sleep, like working late into the night or watching a backlit screen before bed. If you have stress from work and you find your sleep is disrupted because of anxiety or tension, take time off and learn to reset your sleep pattern.

In case you haven't heard, May is Better Speech and Hearing Month. You may have seen or heard Mary Ann Simpson and Jane Mills, our fantastic and creative Speech-Language Pathologists, promoting speech and hearing awareness at your schools. Effective communication is an essential component for every student's success so reinforcement of appropriate speech and language skills is a shared responsibility. Let's all celebrate Better Speech and Hearing Month!

As we wind down to the final days of the 2016-17 school year, take a few moments to reflect on the challenges and accomplishments that have been met. Now that you have reflected, it's time to turn our thoughts forward to Summer School. Students are scheduled to attend Summer School June 5-29, 8:30 a.m.-11:30 a.m. for APS/AES and 8:30 a.m.-11:45 a.m. for AMS/ACHS with staff working from 8:00 a.m.-12:00 p.m. APS and AES students will be housed at APS with AMS and ACHS students at AMS. Summer School this year will be offered four days per week for four weeks. Thank you to all who applied for positions with the Summer School Program! We are fully staffed and ready to get started. Coordinators will be contacting teaching staff soon in order to complete planning. We are all looking forward to another great summer session.
See you in a few weeks!

Summer Professional Development Opportunities

One of the biggest myths in education is that teachers just lounge around the pool all summer. Most teachers I know are using at least part of the summer months for some kind of continuing education and this summer will be no different. There are numerous opportunities offered through our division, our region, through several area colleges, and VDOE. Here is a list of opportunities we know about so far.

TOPIC	TARGET AUDIENCE	DATES	LOCATION
Creating Quality Performance-Based Assessments- Chris Gareis To improve the assessment literacy of teachers and instructional leaders in Region 8 in order to improve alignment between classroom-based assessments and the VA SOLs Development	Region 8 History and Science Teachers- Grades 3-12 – (Limited seats)	June 15- 16	Longwood

Returning Student Registration Online –

Returning student registration (which is updating current student parent/emergency contacts and medical information) used to occur on Open House/Fee Day. Previously, all updates were made in pencil and on paper. The school offices would then spend countless hours reviewing each student's paper record and making those corrections in PowerSchool, one changed piece of data at a time. As you can imagine, reviewing each card and manually changing data took a month or more to complete. This summer, updates will be completed online through InfoSnap. PowerSchool will be updated within the first two weeks of school.

Online Returning Student Registration will open for all returning students at the end of May. As parents update information, that updated information can be imported into PowerSchool starting in mid-June. Our goal is to have all students, with the correct contact information, in PowerSchool by the end of the second week of school. Two weeks is an awesome timeframe!

Reminder of Summer Clean-Up Items For Teachers -

1. Save all Desktop documents to your My Documents (all teacher stations will be reimaged this summer)

2. If your My Documents is full, please move documents to an external storage source

3. Please turn in your teacher iPad to your school tech aide – this includes your charger

4. If you have an iPad cart, please return it to the library on one of the two workdays at the end of school

License Renewals – If your license expires in **June of this year (2017)**, and you haven't met with your principal yet to go over your renewal form, you should plan to do so as soon as possible. Please keep me updated via email frequently.

If your license expires next year **(June 2018 or June 2019 for that matter)**, please begin thinking about how you have earned or will earn the 180 points to renew. For those of you thinking about taking a college class this summer, a 3 credit-hour college class counts as 90 recertification points. Whether you have a bachelor's or master's degree, the course work you take must provide you new information (i.e., cannot be a repeat of a course you have taken previously) and must assist you professionally as a teacher. (Please refer to the six Domains of Professional Competency on page 3 of the License Renewal Manual.) Additionally, the course work must be taken from a regionally accredited two or four-year college/university (Pass/Fail or letter grades are accepted.) Online course work is accepted as well as long as the college/university is a regionally accredited institution.

Transportation
Matt Lair, Supervisor

On April 29, 2017 five bus drivers from Appomattox County competed in the Region 8 School Bus Rodeo in Keysville, Virginia. There were ten counties competing with a total of thirty drivers. Each contestant had to take two written tests and complete eight driving obstacle tests. The driving obstacle tests included making a stop to pick-up children, driving through an offset alley, a 90 degree backing obstacle, stopping the bus with the front bumper as close to a line as possible without going over, a diminishing clearance alley, and parallel parking.

This was the drivers' first year competing. Each driver had to compete in a 65 passenger bus and this was the first year Appomattox has had these size buses in our fleet. The five drivers who competed were Bliss Wilmouth, Tom Adams, Randy Fish, Kenneth Richardson, and Tony Palendrano. Bliss Wilmouth, Tom Adams, and Kenny Richardson finished third in the team score. Tony Palendrano finished with the third highest individual score. We barely missed second place on the team score by a mere 18 points. Two third place finishes, having never seen the course or competed in this competition, was a great accomplishment. We are very proud of these drivers. We hope to win first place next year! Congratulations to our great drivers!

Maintenance
Timmy Garrett, Supervisor

Maintenance Department personnel have been working on air conditioners as they try to keep students and staff comfortable on these extra warm days.

Cafeteria Corner
Matt Wallin

First off, make sure to give a thank you to the hard working cafeteria staff for preparing all of our students a wonderful, healthy breakfast before their SOLS this month! Second, congratulations are in order for the APS Cafeteria Staff for being a Virginia Breakfast Challenge Winner and receiving a total of $6,500 in grant money. Can you say WOW?! Third, May 1st-5th was School Nutrition Employee Week. There is a lot that goes on behind the scenes of those lunch lines, so please show your gratitude from time to time. If you haven't done so this month, please thank your cafeteria staff for all their commitment and dedication throughout this school year. Lastly, the cafeteria staff here at ACPS wants to wish everyone a happy and healthy summer! See you next school year!

On May 11, 2017, the School Board approved lunch price increases and A La Carte item increases for the 2017-2018 school year.

2017-2018 School Lunch Prices

APS and AES lunch prices will increase from $1.80 to $1.90.

AMS and ACHS lunch prices will increase from $2.05 to $2.20.

Breakfast A La Carte items will increase from $0.50 to $0.75, and Lunch A La Carte items will increase from $1.00 to $1.25.

The A La Carte increases will occur at all schools.

Appomattox County Public Schools Names Mary Ann Bennett Teacher of the Year

Appomattox County Public Schools is proud to announce Mary Ann Bennett as the school division Teacher of the Year. Ms. Bennett is a Geometry and Computer Math teacher at Appomattox County High School (ACHS). Ms. Bennett has 12 years of math teaching experience. She is a graduate of Sweet Briar College. Ms. Bennett is the sponsor of the National Honor Society at ACHS, serves on the Building Leadership Team, Best Practices Team, and is the Math Department Chairperson. She serves as a teacher mentor and has prepared numerous staff development sessions.

Dr. Poldi Moreno, ACHS Principal, notes that Ms. Bennett differentiates instruction for all students and is well respected by her colleagues. She has maintained an impressive 95% pass rate on the Geometry Standards of Learning (SOL) test the last two years.

Ms. Bennett was surprised this past Wednesday during one of her Geometry classes with flowers, balloons, and a plaque. Dr. Dorinda Grasty, Division Superintendent, and ACHS staff, presented Ms. Bennett with the Appomattox County Public Schools Teacher of the Year Award.

Ms. Bennett will advance next to compete with other teachers in 11 surrounding counties to determine who will be the Region 8 Teacher of the Year. That person will then advance to competition at the state level for the 2018 Mary V. Bicouvaris Virginia Teacher of the Year Program.

We wish to congratulate Mary Ann Bennett on being named Appomattox County Public Schools Teacher of the Year. We are proud of you!

CONGRATULATIONS!!

AES NEWS

Appomattox Elementary School Celebrated "Hometown Heroes" during the month of March by hosting lunch guests from the Sheriff's Department, Virginia State Police, and Appomattox County Rescue Squad. These true heroes came to eat lunch with our students, who very much wish to show appreciation to them for their service to our community. This month-long celebration was sponsored by Knight's Dirt Diggers, who graciously funded the cost of meals for our guests.

The After School Club Academy at AES was a success this spring with over 120 students involved in ten clubs led totally by volunteers. A special "Thank You!" goes out to teachers Beth Frady and Olivia Atkins for organizing club activities this year. Community volunteers and school staff worked together to provide fun and creative after hours opportunities for our kids.

Embryology Comes to Fifth Grade

Written by Austyn Briceland, Bree Carrico, MaKenna Robertson and Kenadee McCullough

Did you know that a chicken can look like a chipmunk? Well, that's what we learned when we studied embryology. It went from a normal week to something to look forward to every day. Now we will tell you the exciting story of having chicks in Mrs. Jamerson's classroom.

It all began in March when Mrs. Tillotson, our 4-H Coordinator, taught us that embryology means the study of eggs. She taught us the parts of an egg and we labeled a picture. We then dissected a boiled egg and then an uncooked egg and identified the parts.

Mrs. Tillotson brought in an incubator, set it up, and we started checking it and getting it ready for the eggs to come. We waited with anticipation! On April 4th our 36 eggs arrived! Each day we analyzed temperature and humidity data to make sure our eggs were okay. The temperature needed to stay at 99 degrees Fahrenheit and the humidity around 60%. It was hard waiting for day 21 to get here. We learned about candleling the eggs to see if they had been fertilized and had embryos; one egg was not. Our number of eggs then decreased to 35. Chicken eggs having air sacks, embryos, cell membranes, and shells.

Finally, we walked into the classroom to the sound of peeps! Over a 3 day period, 23 chickens hatched from our total of 35 eggs! We had beautifully hatched chicks from yellow, to a "chipmunk" brown coloring along with gray and black (like a penguin). We really appreciate the hard work and dedication to our eggs by our guest educator, Mrs. Tillotson.

Fifth Grade Field Trip to VA Beach: by Zach Wallen

We went to an aquarium in Virginia Beach where we saw fish, sharks, jellyfish, catfish, turtles, otters, snakes, a model of the body parts of a shark, and an Imax movie about the Galapogos' Islands. We ate lunch outside and saw fighter jets fly over. We went on a boat ride and saw lots of dolphins and a drone flew over. The boat headed back to the dock so we could get on the buses to come to school. We stopped at McDonalds for dinner!

School Board Member, Rev. Alfred Jones, visited AES to share his program, "Appomattox in Blue Grey, Black, and White" to our fourth and fifth graders as part of our emphasis on Black History Month and as a follow-up to literacy units completed in both grade levels. During the 50 minute presentations, Rev. Jones shared stories upon stories of ancestors who grew up right here in Appomattox and made positive differences in the lives of our Appomattox County citizens and beyond!

ACHS News

Last year at the Choir's first time at assessment (since Mrs. Jarrett's arrival), 13 chorus students came home with an "Excellent" rating in Grade 3 performance and a "Superior" in High School Level 1 sightsinging. On March 16, 2017 at assessment, 18 chorus students (50% of which are freshman) came home with an "Excellent" rating in Grade 3 performance and a "Superior" in High School Level 2 sightsinging! We are proud of their ability to maintain the performance level with so many freshman members and the knowledge that there is always room to grow. We are overjoyed with their PERFECT SCORE in sight-reading, the aspect they were most nervous about since leveling up this year. They nailed it!

Senior, Brittany Klein, who garnered a selection to the All-Virginia Choir back in February, participated in a three-day event at Virginia Tech at the end of April. The concert was absolutely phenomenal as they performed for a full house. In fact, Brittany's choir was featured on the "Choir Buzz" Facebook page with their outstanding performance of, "Ain't No Grave" as the poster commented they "sang their faces off"!

On Saturday, March 11th, ten Theatre Class and Drama Club students attended the first annual Wolfbane Theatre Workshop sessions open to students from several area schools in the region and held at Heritage High School. The students rated their interest in sessions and were placed accordingly to attend Master Classes with Theatre professionals. Appomattox County High School students were assisted by Chorus teacher, Brenda Jarrett to select and prepare memorized monologues (both contemporary and Shakespearean) and musical songs to perform in their Masterclasses. Drama teacher, Renee Hounsell, joined the students for the day of workshops while Mrs. Jarrett assisted the Drama Club and Chorus in the Senior Vendor Event being held the same day. Those who had to prepare advanced material included:

Kelsey Boyd
Musical Prep – The Music of the Night – Phantom of the Opera
Shakespeare Prep – Juliet monologue

Josh Dickerson
Monologue Prep – Romeo monologue

Makayla Huff
Monologue Prep – Money Doesn't Grow On Trees – Mom monologue
Musical Prep – Tomorrow – Annie

Morrigan Thomas
Monologue Prep – Ferris Bueller

Autumn Frankart
Shakespeare Prep – Juliet monologue
Musical Prep – There Are Worse Things I Could Do – Grease

Carrie Franklin
Monologue Prep – He's Home monologue – Helen
Shakespeare Prep – Viola monologue

Krishon Preston
Monologue Prep – The Mummy monologue – Tuesday's with Mummy
Shakespeare Prep – Antony monolog

Brittany Klein
Monologue Prep – Beatrix monologue – Promedy
Musical Prep – Wishing You Were Somehow Here Again – Phantom of the Opera

Additional students who participated in other workshops (which did not require advanced preparation) were: Matthew Stevens and Miranda Phelps.

National Park Service Student Exchange Volunteer Program

The 2016-2017 National Park Service Student Exchange Program came to a successful conclusion with nine ACHS students completing their training as Park Service Guides for the 152nd Anniversary of the Surrender of Robert E. Lee and the Confederate Army of Northern Virginia to Lt. General Ulysses S. Grant. The students had to go through 100 hours of intensive training and job shadowing before serving as Volunteer Park Service Guides during April and May of this year.

Senior Nicholas Servis completed his third year in the program and Seniors Jaisen Williams, David Lutes, Ian Vesterlund, Shayla Thomas, and Sinead O'Neill completed their second year with the program. Juniors Hayley Kidd and Colleen Caldwell and Senior Harry Caldwell all completed their first year with the program.

After working the Anniversary Weekend, April 7th through 9th, the students spent three days touring National Parks in West Virginia and Maryland. The students spent the first day of the tour visiting Harpers Ferry, where John Brown attempted to start a massive slave uprising just before the Civil War. On day two the students visited the Harpers Ferry Center where the National Park Service designs and builds all of its signs and museum displays. Students talked with the designers and engineers who preserve and restore artifacts and create the displays used in every Park in the United States. The final day was spent touring the Antietam Battlefield in Maryland.

This summer four of the students will be working at Appomattox Court House National Historical Park. Sinead O'Neill, Nicholas Servis, and Shayla Thomas will work as Park Guides and Harry Caldwell will be employed in the "Living History" program where he will portray one of the Union soldiers who witnessed the surrender. The program will also be featured in the Virginia School Board Association "Showcase for Success" publication this month. The Park Service plans to continue the program in 2017-2018 and hopes to expand it to include a music program for student volunteers.

Putting Some STEAM in AFDA Computer Math Classes

Ms. Guy's and Ms. Bennett's AFDA and Computer Math classes had the opportunity to explore STEAM through the use of Ozobots, Scratch programming, and Makey Makeys. Ozobots are small robots that follow any black line. When color sequences are added, it tells it to do what is programmed by that sequence. For example, red-green-red-green tells the bot to zigzag. Color codes can be used to control speed, direction, and special "cool" moves.

Classes were given an Ozobot challenge. The challenge required that their course have certain elements like bridges and tunnels and a certain number of codes. Students worked for two days creating their course and designing bridges that the Ozobot could move up easily. For a look at their courses and Ozobots, check out these YouTube videos
https://youtu.be/DGla_YgBSaY https://youtu.be/2r_RAYZsPlc.

After this introduction to coding, students used Scratch programming to animate their name. Scratch is an online programming tool that uses drag-and-drop text coding. Students used this programming to animate their name, making some letters change colors, others spin, and others shrink and grow.

This learning was extended the next day when students, working in groups of four, had to create their own scratch game and controller using Makey Makey. Makey Makey makes any keyboard interactive. Using a Makey Makey, you can play a computer piano using bananas or by stepping on a large floor size controller. Students were given the task of creating their game and creating the controller for it. Student devised games where a cat chased a mouse, points were given when a ball was thrown in a basket, and a monkey moved using the Makey Makey controller.

Sports

Chris Dodge, Athletic Director

The following sports participated during the spring season: Varsity Baseball, Junior Varsity Baseball, Varsity Softball, Junior Varsity Softball, Varsity Boys Soccer, Junior Varsity Boys Soccer, Varsity Girls Soccer, Junior Varsity Girls Soccer, Boys Tennis, Girls Tennis, and Boys and Girls Outdoor Track.

This is the last week of the regular season for the Baseball, Softball, and Boys and Girls Soccer Teams. Many games have been rescheduled and some have been rescheduled more than once. Some have not been rescheduled due to a lack of availability in open dates as Conference playoffs begin next week.

The Courthouse Conference 37 playoffs will begin this week for certain sports (Tennis and Track) with all of the other sports tournaments starting the week of May 22nd. ACHS will be hosting the Outdoor Track Conference Championships on May 17th. The meet will begin at 3:00 p.m. The Track Team has qualified numerous athletes for the Regional Championships as well as the State Championships based on their times or distances. The Boys Tennis Team will be playing in the Combined Conference 37 and 38 playoffs which started May 15th. They hosted Floyd County in the first round of the team competition and ended up beating them 5-4. This qualified them for the semi-finals held at Martinsville on May 17th. The Girls Tennis Team played Buckingham for the Conference Championship on May 18th. The other Conference Championships (Boys Soccer, Softball, and Baseball) are being held at the higher seeded home sites. These have not been determined yet since the last regular season games are on May 19th. The Girls Soccer Team will be competing in a Combined Conference 37/38 Tournament. The first round will be played at the home school of the higher seeds on May 23rd, with the remainder of the tournament being held at the Smith River Sports Complex in Axton, Va.

The Spring VHSL Awards Ceremony is scheduled for Tuesday, May 23, 2017 at 7:00 p.m. in the ACHS Auditorium. This event is for the following spring activities: Baseball, Softball, Boys & Girls Outdoor Track, Boys & Girls Soccer, and Boys & Girls Tennis.

VSBA School Law Conference June 2, 2017

Short Pump Hilton
12042 West Broad Street
Richmond, VA 23233

Your school division needs **you**, **your superintendent,** and **your attorney** to be at the 2017 VSBA School Law Conference. Why? Because many of the decisions you make have legal implications that will impact your school division for years to come. Be informed and be prepared!

- Learn more about the new grievance regulations
- Listen to commentary on the federal legal issues for school boards
- Website accessibility and your school division
- Hear an update on General Assembly bills and how they impact your local division
